ONGOING OPERATIONAL LIMITATIONS

No vendor shall:

- A. Vend within 500 feet of the grounds of any elementary or secondary school during the period commencing one-half hour prior to the start of the school day and ending one-half hour after dismissal at the end of the school day.
- B. Vend within the Nye Beach, City Center, or Bayfront parking districts, the boundaries of which are defined in NMC Section 14.14.100, unless they have obtained a fixed or mobile business vending endorsement specifically for that purpose.
- C. Vend between the hours of 9:00 P.M. and 6:00 A.M.
- D. Leave any stand unattended.
- E. Sell food or beverages for immediate consumption along rights-of-way or public property that front an eating or drinking establishment or in areas where a litter receptacle is not available within 25 feet of the vendor.
- F. Leave any location without first picking up, removing and lawfully dispersing of all trash or refuse remaining from sales made by the vendor or otherwise resulting from the vendor's activities.
- G. If vending is from a stand, allow any items relating to the operation of the vending business to be placed anywhere other than in, on, or under the stand.
- H. If the license includes a stand, expand the stand beyond what is described in the application and allowed in the permit.
- I. Vend anything other than that which the vendor is licensed to vend;
- J. Violate any city ordinance regulating sound or noise.
- K. Vend within any portion of a vehicle travel lane within a street other than at times when the street is closed to allow vending. This prohibition does not prohibit the use of mobile stands legally parked and selling to persons not within the vehicle travel lane of a street. For the purpose of this subsection, "legally parked" means the vehicle is located within a striped parking stall or other area designated for vehicle parking.
- L. Operate a stand without displaying a copy of the business license with the vending endorsement on the stand or engage in other vending activity without having the business license with vending endorsement immediately available for inspection.
- M. If other than a fixed stand, vend at any location where the sidewalk is not at least 8-feet in width, or within 10-feet of an entrance way to any building or within 20-feet of any crosswalk or intersection.
- N. Allow his or her stand or any other item relating to the operation of the vending business to lean against or hang from any building or other structure without the owner's permission.
- O. Block pedestrian use of a sidewalk. Pedestrian use is considered blocked if two persons cannot pass each other walking in opposite directions.
