**CITY OF NEWPORT ANNOUNCES
TRAFFIC CONTROL CHANGE
AT THE INTERSECTION OF NE HARNEY AND NE 7th STREETS**

In the next few weeks the City of Newport will be changing the traffic control at the intersection of NE Harney Street and NE 7th Street adjacent to the Newport Intermediate School and County Fairgrounds. This intersection will be changed to an “All Way” stop condition.

This change is a result of increased traffic and pedestrian activity at this intersection. Advanced warning signs, “STOP” pavement markings, and flags on the top of the stop signs will be added to this intersection to increase awareness of this change. Please pay special attention when traversing this intersection in the next few weeks to ensure a safe traffic control transition.

Questions may be directed to Tim Gross, Public Works Director, at 541.574.3369 or t.gross@newportoregon.gov.
