Details: Newport Police Officers responded to Spice Adult Video regarding an adult male offering to pay female patrons there for sexual contact. On 05/12/2010 at about 7:45 p.m., two adult females were at Spice Video when they noticed that a male subject had entered the building and was following them throughout the store. Both females told the officer that a man had tried to make eye contact with them, but they had ignored him. The man then followed them outside the store. He approached them and asked if they wanted to “make forty dollars?” They tried to ignore him but he persisted in speaking to them, describing verbally and physically their performing masturbation on him. This act frightened both women; they quickly went back into the store and called police.

The suspect was just leaving the area when officers arrived. They determined he was the person described, and detained him for questioning. Toney denied soliciting the women for sex or offering to pay them for any sexual act. Officers learned that he had entered the store to view sexually explicit video, but had not actually watched any.

Toney was taken into custody and transported to Lincoln County Jail where he was lodged and charged with Prostitution, a class A Misdemeanor.
