

Youth Programs Scholarship Application

The Newport Parks and Recreation Youth Scholarship Program has been developed to provide scholarships for Child Care programs. Scholarships cover 100% of the cost for a child to participate in one of our Child Care programs. There is no residency requirement. Funds are limited: scholarships will be awarded to qualified individuals on a first-come, first-served basis. Because of the limited funding of this program, this form must be completed each month you require assistance.
