BASED UPON the quotes submitted in response to a request for quotes for installation of two, dual port level 2 electric vehicle chargers at the above locations, as issued and administered by City of Newport (City), City and Aboveboard Electric Inc. All terms of the following exhibits are hereby incorporated by reference into this Contract, and Contractor agrees to comply with each:

1. Exhibit A – Request for Quotes
2. Exhibit B – Contractor Quote
3. Exhibit C – Oregon Public Contracting Requirements

To the extent there are any inconsistencies or conflicts between this document and Exhibit B, this document shall control and prevail.

1. Term. The term of this Contract shall extend from its execution to project completion, unless extended for additional periods of time upon written mutual agreement of both parties. Notwithstanding this Term, City reserves the right to terminate this Contract as outlined in this Agreement.

2. Scope of Work. Contractor shall provide all materials, labor, equipment, and all other services and facilities necessary for the services specified in the attached Exhibits A and B (Project). Work shall be completed within 180 days of the date given in the Notice to Proceed.

3. Compensation.

3.1 Basis of Payment. Contractor shall complete Project as defined above and in the attached exhibits for the prices in Exhibit B, with an estimated total fee of $81,760.

3.2 Invoices. Payments shall be based upon Contractor’s invoices submitted to City, detailing the previous month’s fees and costs.

   a. City will review Contractor’s invoice and within ten (10) days of receipt notify Contractor in writing if there is a disagreement or dispute with the invoice or Project. If there are no such disputes, City shall pay the invoice amount in full within thirty (30) days of invoice date, subject to a five percent (5%) retainage to be paid only after full performance and acceptance by City.
b. If City fails to make any payment due Contractor for services and expenses within thirty (30) days of the date on Contractor’s invoice therefore, late fees will be added to amounts due Contractor at the rate of 1.0 percent (1%) per month from original invoice date. Invoices in dispute are not subject to such late fees until such time as they are no longer in dispute.

4. **Permits.** City will be responsible for obtaining all permits, approvals and authorizations necessary for Contractor’s performance.

5. **Termination for Convenience.** This Contract may be terminated by mutual consent of the parties upon written notice. In addition, City may terminate all or part of this Contract upon determining that termination is in the best interest of City by giving seven (7) days’ prior written notice of intent to terminate, without waiving any claims or remedies it may have against Contractor. Upon termination under this paragraph, Contractor shall be entitled to payment in accordance with the terms of this Contract for Contract work completed and accepted before termination less previous amounts paid and any claim(s) City has against Contractor. Pursuant to this paragraph, Contractor shall submit an itemized invoice for all unreimbursed Contract work completed before termination and all Contract closeout costs actually incurred by Contractor. City shall not be liable for any costs invoiced later than thirty (30) days after termination unless Contractor can show good cause beyond its control for the delay.

6. **Termination for Cause.** City may terminate this Contract effective upon delivery of written notice to Contractor, or at such later date as may be established by City, under any of the following conditions:

   6.1 If City funding is not obtained and continued at levels sufficient to allow for purchases of the indicated quantity of services. The Contract may be modified to accommodate a reduction in funds.

   6.2 If federal or state regulations or guidelines are modified, changed, or interpreted in such a way that the services are no longer allowable or appropriate for purchase under this Contract or are no longer eligible for the funding proposed for payments authorized by this Contract.

   6.3 If any license or certificate required by law or regulation to be held by Contractor to provide the services required by this Contract is for any reason denied, revoked, or not renewed.

7. **Termination for Default.** Either City or Contractor may terminate this Contract in the event of a breach of the Contract by the other. Prior to such termination, the party seeking termination shall give to the other party written notice of the breach and intent to terminate. If the party committing the breach has not entirely cured the breach
within fifteen (15) days of the date of the notice, then the party giving the notice may terminate the Contract at any time thereafter by giving a written notice of termination.

If Contractor fails to perform in the manner called for in this Contract or if Contractor fails to comply with any other provisions of the Contract, City may terminate this Contract for default. Termination shall be affected by serving a notice of termination on Contractor setting forth the manner in which Contractor is in default. Contractor shall be paid the Contract price only for equipment installed and services performed in accordance with the manner of performance as set forth in this Contract.

8. **Remedies.** In the event of breach of this Contract, the parties shall have the following remedies:

8.1 If terminated under paragraph 7 by City due to a breach by Contractor, City may complete the work either itself, by agreement with another contractor, or by a combination thereof. If the cost of completing the work exceeds the remaining unpaid balance of the total compensation provided under this Contract, then Contractor shall pay to City the amount of the reasonable excess.

8.2 In addition to the above remedies for a breach by Contractor, City also shall be entitled to any other equitable and legal remedies that are available.

8.3 If City breaches this Contract, Contractor's remedy shall be limited to termination of the Contract and receipt of Contract payments to which Contractor is entitled.

8.4 City shall not be liable for any indirect, incidental, consequential, or special damages under the Contract or any damages arising solely from terminating the Contract in accordance with its terms.

8.5 Upon receiving a notice of termination, and except as otherwise directed in writing by City, Contractor shall immediately cease all activities related to the services and work under this Contract.

9. **Standard of Care.** Contractor warrants that the work to be performed pursuant to this Contract shall be done in a good and workmanlike manner and will conform to the highest standards prevalent in the industry or business most closely involved in providing the equipment and services City is purchasing.

fair and equitable cost and, if required, additional time for such changes. All such changes shall be ordered and agreed to in writing by both parties.

12. **Confidentiality.** Contractor shall maintain the confidentiality, both external and internal, of any confidential information to which it is exposed by reason of this Contract. Contractor warrants that its employees assigned to this Contract shall maintain necessary confidentiality.

13. **Security and Substance Check.** Contractor agrees that each of its employees and subcontractor’s employees involved in this Project may, at the option of City and in compliance with Contractor policy, be subject to a security background check and/or substance abuse testing.

14. **Access to Records.** For a period of not less than three years after City’s final payment to Contractor, Contractor shall permit the City, the State of Oregon and the Federal Government (if State or Federal funding is involved) to have access to all books, documents, papers and records of Contractor which are pertinent to the Services provided hereunder for purposes of audit, examination, excerpts and transcripts. Contractor shall retain those records for at least three years, or until litigation is resolved if litigation is instituted.

Out-of-state employers must provide Oregon workers’ compensation coverage for their workers who work at a single location within Oregon for more than 30 days in a calendar year. 17.6. **Certificates of Insurance**

As evidence of the insurance coverage required by the Agreement, the Contractor shall furnish a Certificate of Insurance to the City. This Agreement shall not be effective until the required certificates have been received and approved by the City. The certificate will specify and document all provisions within this Agreement. A renewal certificate will be sent to the City 10 days prior to coverage expiration.

17.7. **Primary Coverage Clarification**

The parties agree that Contractor’s coverage shall be primary to the extent permitted by law. The parties further agree that other insurance maintained by the City is excess and not contributory insurance with the insurance required in this section.

17.8. **Cross-Liability Clause**

A cross-liability clause or separation of insureds clause will be included in all general liability, professional liability, pollution and errors and omissions policies required by this Agreement.

The procuring of required insurance shall not be construed to limit Contractor’s liability under this Agreement. Notwithstanding said insurance, Contractor shall be obligated for the total amount of any damage, injury, or loss caused by negligence or neglect connected with this Agreement.

18. **Indemnity.** To the extent permitted by law, Contractor shall protect, defend, indemnify and hold the City harmless from and against all claims, demands, damages, costs, actions and causes of actions, liabilities, fines, penalties, judgments, expenses and attorney fees, resulting from the injury or death of any person or the damage to or

Contractor's indemnification shall also cover claims brought against the City under state or federal workers' compensation laws. If any aspect of this indemnity shall be found to be illegal or invalid for any reason whatsoever, the illegality or invalidity shall not affect the validity of the remainder of this indemnification.

19. **Force Majeure.** This section applies in the event that either party is unable to perform the obligations of this Agreement because of a Force Majeure event as defined herein, to the extent that the Agreement obligation must be suspended. A Force Majeure event is an event that prohibits performance and is beyond the control of the party. Such events may include natural or man-made disasters, or an action or decree of a superior governmental body which prevents performance. Should either party suffer from a Force Majeure event and be unable to perform, such party shall give notice to the remaining party as soon as practical and shall do everything possible to resume performance. Upon receipt of such notice, the parties shall be excused from such performance as it is affected by the Force Majeure event for the period of such event. If such event affects the delivery date or warranty provisions of this Agreement, such date or warranty period shall automatically be extended for a period equal to the duration of such event.

20. **Independent Contractor.** It is the intention and understanding of the parties that Contractor is an independent contractor and that City shall be neither liable for nor obligated to pay sick leave, vacation pay or any other benefit of employment, nor to pay any social security or other tax that may arise as an incident of employment. Contractor shall pay all income and other taxes as due. Industrial or other insurance that is purchased for the benefit of Contractor shall not be deemed to convert this contract to an employment contract. It is recognized that Contractor may or will be performing work during the term for other parties and that City is not the exclusive user of the services that Contractor provides.

21. **Assignment.** Contractor shall not assign or subcontract any of its obligations under this Agreement without City's prior written consent, which may be granted or withheld in City's sole discretion. Any subcontract made by Contractor shall incorporate by reference all the terms of this Agreement. City's consent to any assignment or subcontract shall not release Contractor from liability under this Agreement or from any obligation to be performed under this Contract, whether occurring before or after such consent, assignment, or subcontract.

22. **Non-Waiver.** The failure of City to insist upon or enforce strict performance by Contractor of any of the terms of this Agreement or to exercise any rights hereunder
should not be construed as a waiver or relinquishment to any extent of its rights to assert or rely upon such terms or rights on any future occasion.

23. **Non-Discrimination.** Contractor agrees to comply with all applicable requirements of federal and state civil rights and rehabilitation statutes, rules, and regulations. Contractor also shall comply with the Americans with Disabilities Act of 1990, ORS 659A.142, and all regulations and administrative rules established pursuant to those laws.

25. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Oregon, without regard to conflict of law principles.

26. **Consent to Jurisdiction.** Any action or suits involving any question arising under this Agreement must be brought in the appropriate court of the State of Oregon, and the parties hereby consent to venue in Lincoln County Circuit Court, Oregon, unless exclusive jurisdiction is in federal court, in which case venue shall be in federal district court for the District of Oregon.

27. **Public Contracting Requirements.** Contractor shall comply with all federal, state and local laws and ordinances applicable to the work under this agreement, including, without limitation, applicable provisions of the Oregon Public Contracting Code including ORS 279B.020, 279B.220, 279B.230, and 279B.235, as more particularly set forth in Exhibit C, attached hereto and incorporated herein by this reference.

28. **Arbitration.** If any disputes, disagreements, or controversies arise between the parties pertaining to the interpretation, validity, or enforcement of this Agreement, the parties shall, upon the request of City, submit such dispute to binding arbitration under the Oregon Uniform Arbitration Act, ORS 36.600 et seq. Arbitration shall be requested by delivering to the other party a written request for arbitration. Within five (5) days of receipt of such request, the parties shall select a mutually agreeable arbitrator and designate mutually agreeable rules of arbitration. If the parties cannot agree upon an arbitrator within five (5) days, an arbitrator may be appointed by the presiding judge of the Lincoln County Circuit Court, upon the request of either party submitted in accordance with ORS 36.645. If the parties have not designated mutually agreeable rules of arbitration at such time as the arbitrator is appointed, the arbitrator shall adopt rules for the arbitration. The arbitrator’s decision shall be binding upon the parties.

29. **Attorney Fees.** If suit, action or arbitration is brought either directly or indirectly to rescind, reform, interpret or enforce the terms of this Agreement, the prevailing party shall recover and the losing party hereby agrees to pay reasonable attorney’s fees.

incurred in such proceeding, in both the trial and appellate courts, as well as the costs and disbursements. Further, if it becomes necessary for City to incur the services of an attorney to enforce any provision of this Agreement without initiating litigation, Contractor agrees to pay City's attorney's fees so incurred. Such costs and fees shall bear interest at the maximum legal rate from the date incurred until the date paid by losing party.

30. **Severability/Counterparts.** In the event any provision of this Agreement is unenforceable as a matter of law, the remaining provisions will stay in full force and effect. This Agreement may be executed in counterparts and a signed copy transmitted by facsimile or other electronic means, each of which will be deemed an original, but all of which taken together will constitute one and the same agreement.

31. **Entire Agreement.** This Agreement shall be the exclusive agreement between the parties with respect to the included terms and for the Project. No modification of this Agreement shall be effective unless in writing and signed by an authorized representative of both parties, except as otherwise authorized herein.

Good morning,

The City of Newport is seeking quotes from qualified contractors to install two dual port, level two electric vehicle charging stations, one at City Hall and the other at the Ernest Bloch Memorial Wayside. Attached is a set of construction plans outlining the scope and extent of the project. The City will be selecting a contractor based upon price, availability, and ability to complete the project as outlined.

The Ernest Bloch Wayside is under the Oregon Department of Transportation’s jurisdiction, and a permit has been obtained from that Agency (attached). Work at that location will need to be conducted in accordance with the terms of their permit. Meters will need to be installed at both locations, and the contractor will be expected to coordinate with Central Lincoln PUD on those installations. Costs associated with the meter installation should be accounted for in your quote, should you choose to provide one.

The two, dual port chargers have been ordered and are scheduled for delivery on March 1\textsuperscript{st}. The City selected Blink’s IQ 200 Dual Port triangular pedestal units. Attached is a copy of the manufacturer’s specification sheets, instruction manual, and installation diagram. The units work with a range of circuit breaker options; and our preference is to go with a 100A breaker for each.

Ideally, we would like the units to be installed prior to spring break (March 21-25); however, our City Council is most concerned about having them up and running in advance of the summer tourist season.

Please let me know if you are interested in providing a quote and, if so, when we might expect it from you. Also, feel free to contact me if you have questions or need additional information.

The BUSINESSOWNERS LIABILITY COVERAGE FORM is amended as follows:

A. With respect to the additional insured described in Paragraph B. of this endorsement, the following exclusions are added to Paragraph 1. **Applicable To Business Liability Coverage** under Section B. **Exclusions**:

This insurance does not apply to:

1. "Bodily injury" or "property damage" for which the additional insured(s) is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the additional insured(s) would have in the absence of the contract or agreement.

2. "Bodily injury" or "property damage" occurring after:
   a. Your ongoing operations at the location of covered operations other than service maintenance or repairs performed by you or on your behalf have been completed; or
   b. The portion of your ongoing operation out of which the "bodily injury" or "property damage" arises has been put to its intended use by any person or organization.

But in no event shall this insurance apply to "bodily injury" or "property damage" arising out of your operations that were completed prior to the effective date of this endorsement.

3. "Bodily injury" or "property damage" arising out of any act or omission of the additional insured(s) or any of its "employees", agents or contractors other than you, except for general supervision by the additional insured(s) of your ongoing operations performed for that additional insured.

4. "Property damage" to:
   a. Property owned, used or occupied by or rented to the additional insured(s);
   b. Property in the care custody or control of the additional insured(s) or over which the additional insured(s) exercise physical control; or
   c. Any work including materials, parts or equipment furnished in connection with such work which is performed for the additional insured by you.
B. Section C. Who Is An Insured is amended to include as an insured the person(s) or organization(s) shown in the Schedule, but only to the extent that the additional insured(s) is held liable for "bodily injury" or "property damage" caused in whole or in part by:

1. Your ongoing operations performed for such person or organization at the location designated above;
2. The acts or omissions of your subcontractors acting on "your" behalf on the scheduled project in the performance of your ongoing operations for the additional insured(s) which start and are completed within the effective period of this endorsement; or
3. The acts or omissions of such additional insured(s) in connection with its general supervision of such operations.

C. With respect to this endorsement, "wrap up policy" means an Owner or Contractor Controlled Insurance Program providing one or a series of policies designed to cover a specific construction project that insures all of the persons and entities working on such project.

The BUSINESSOWNERS COMMON POLICY CONDITIONS are amended as follows:

A. With respect to the additional insured described in Paragraph B. of this endorsement, Section H. Other Insurance is replaced by the following:

H. Other Insurance

1. Primary and Noncontributory Insurance
   The coverage provided to an additional insured under this endorsement shall be primary and noncontributory ONLY to any insurance issued directly to the additional insured if:
   a. The Named Insured agreed in a written contract or written agreement to provide the additional insured coverage on a primary and noncontributory basis;
   b. Such written contract or written agreement referenced in a. above was executed prior to the issuance of this endorsement;
   c. The additional insured designated herein has a policy with an Other Insurance provision making that policy excess; and
   d. There is no "wrap up policy" in effect for the work performed at the location designated in the Schedule of this endorsement.

2. Excess Insurance
   If there is other valid and collectable insurance available to the additional insured(s) as an additional insured under other policies covering the work performed at the location designated and described in the schedule of this endorsement, this insurance will be excess over those policies.

This endorsement is part of your policy. It supersedes and controls anything to the contrary. It is otherwise subject to all the terms of the policy.

Hi Randy... do you have time for a brief call tomorrow to coordinate? My schedule is pretty flexible, and I am usually in the office around 7:30 am.

Update on City Hall parking lot. We have ordered locates for the parking lot. I would like to discuss getting the chargers from you here at some point. I will be in a meeting most of today, but I just wanted you to be aware of all the paint marks that are going to be showing up in the parking lot. I haven’t scheduled any trenching yet. I will need to discuss that with you, because we will need to close part of the parking lot for that day.

Thank You,

Randy
