June 6, 2025

To: Mayor and City Council:

Pursuant to Chapter VIII, Section 34(d)(6) of the City Charter, it is the responsibility of the City Manager to prepare and administer the annual budget for the City of Newport and the Newport Urban Renewal Agency. In accordance with Oregon law and the City Charter, it is my pleasure to present the proposed budgets for the City of Newport and the Newport Urban Renewal Agency for the fiscal year beginning July 1, 2025 and ending June 30, 2026 (FY 2025-2026).

Sincerely,

Nina Vetter
City Manager

Budget Schedule

Work on the annual budget began in December 2025. Since that time, the Leadership Team has been working on various aspects of the proposed budget for review by the Budget Committee. The City Council's first direct involvement with the budget process was through the February goal-setting session when the City Council and the City's leadership team discussed goals for the next fiscal year.

The City's Budget Committee met three times to discuss the City's proposed FY 2025-2026 budget. The Budget Committee recommended approval of the proposed FY 2025-2026 budget with some minor administrative adjustments.

Budget Documents

The budget documents for FY 2025-2026 include a description of the fund, a cover sheet showing a summary of revenues, expenditures, transfers, contingencies, reserves for future expenditures, and fund balance for that fund for FY 2022-2023, FY 2023-2024, the original budget for FY 2024-2025, and the amended budget through February 2025 for FY 2025-2026. For each fund the eight-month actuals and estimates are shown for the current fiscal year, along with the original request from the department, and the amount proposed for FY 2025-2026.

A listing of equipment purchases and capital outlay projects proposed for FY 2025-2026 follows the detailed budget sheets in the back of the budget book along with personnel and salary information for funded positions in the city. Also, a list of full-time equivalent positions is provided in each of the cost centers. Additional detail in the budget documents regarding specific equipment, software, and capital outlay expenditures are also included under certain budget line items for additional explanation.

Government Accounting

It is important to have an understanding of the requirements for local governments to use various types of funds for budgetary and accounting purposes. In essence, the Budget Committee is not reviewing a "City budget", but reviewing the budgets for a variety of funds that, when taken together, make up the City budget. Many of the funds used by the City of Newport are required by the state. Other funds have been established to satisfy requirements of bond covenants or for financial management purposes. Finally, some funds are used for the convenience of the local government unit. There are limitations in transferring revenues collected for one purpose to pay for services provided by other funds. Appendix A provides a detailed description of the government accounts used by the City of Newport.

Long-Term Financial Sustainability

The City continues to work on long-term financial sustainability, as the cost of providing services continues to increase at a pace annually that exceeds the increase in revenue. Due to the size of the City's budget and the need to fund ongoing operating expenses, the City has not been able to invest in infrastructure needs over the last several decades, which has resulted in significant deferred maintenance and infrastructure issues.

In the fall of 2024, the City launched a seven-year financial strategy project, which will provide recommendations and a plan for City Council consideration to ensure that the City can continue to provide services while also addressing critical infrastructure and capital needs. City staff has been collecting data and conducting research on revenue options and will be doing stakeholder outreach and engagement as a next step.

Highlights of the Fiscal Year 2025-2026 Budget

Overall Strategy

The City's budget process began with Council goal setting in February of 2025. The City Council established the following goals, which drive the City's proposed budget.

- Ensure the City's long-term financial sustainability and make critical, needed investments in the City's infrastructure
- Build collaborative, interactive relationships with community members and stakeholders through robust and inclusive community engagement programs and communications
- Broaden the City's technology infrastructure and online presence, providing transparent access to information and modern paths to community services provided by the City
- Enhance beautification efforts in the City's streets, buildings, and green spaces with community partners through programs that add public arts and cleanliness to better support Newport as a tourist destination, increase community pride, and stimulate economic growth and development.
- Strengthen recruitment and retention programs for City employees, City Council, and Committee members; creating a strong foundation for the future.
- Enhance Newport's emergency preparedness programs to strengthen prevention methods and awareness for the community.
- Improve livability through increasing the supply of affordable and workforce housing and addressing homelessness.

The City's approach for the FY 2025-2026 budget was:

- 1) Complete urgent and important projects
- 2) Be strategic and think long-term
- 3) Continue revenue increases to keep pace with rising costs & not fall behind

This approach was informed by the trends and information discussed above, relating to long-term financial sustainability. The City also prepared the FY 2025-2026 budget with the following trends and issues in mind:

- Costs are uncertain moving forward
- The City is expected to experience fairly flat revenue growth
- The City is building a long-term financial strategy
- The City has a lot of funded, existing capital improvement projects that we need to complete

Key Revenue Changes

Based on historical data, the City projects a 2.7% increase in property tax revenue for the FY 2025-2026 budget. This data helped inform the City's General Fund budget balancing process.

As part of our due diligence and continuous improvement efforts, the City researched other utility billing best practices. As a result, the City will be eliminating the initial utility deposit set-up fee in the FY 2025-2026.

The Water Fund, Wastewater and Stormwater Funds, like several of the City's other funds, are funded by charges for services. All three funds have been unable to sufficiently fund critical infrastructure and capital projects, in part due to the fact that rates were not increased for a long period of time. In order to keep these services operational and to begin to fund key infrastructure projects, the FY 2025-2026 budget includes rate increase of 6% for residential and 10% for commercial in all three funds.

Key Expense Changes

The proposed FY 2025-2026 budget includes a 3% Cost of Living assumption for all personnel and an increase of only 2.17 FTE.

General Fund Budget Highlights

For FY 2025-2026, in order to accommodate the increases in costs for providing services, in particular a 3% anticipated cost of living increase for staff, we had to eliminate transfers to reserve accounts and reduce new General Fund funded-projects. In addition, the leadership team did reduce some operating expenses, where possible. As a result, the City will still meet its financial policy for minimum fund balance reserves in the General Fund.

REPORT ON BALANCES

Resolution No. 3748 provides guidance to the City administration, the Budget Committee, and the City Council regarding the maintenance of unappropriated ending fund balances, reserves for future expenditures, and contingencies for the various operating funds. ORS 294.388 requires that funds not specifically appropriated be kept in an operating contingency for the amount reasonably expected to be spent on unidentified operating expenses and unappropriated ending fund balance. The unappropriated balance is an amount set aside in the budget to be carried over to the next year's budget to cover cash flow, with remaining funds being placed in a reserve for future expenditure which is available for future years use. Please note that the reserve for future expenditure and the operating contingency can be appropriated by the City Council through the course of the fiscal year as part of a supplemental budget in accordance with ORS requirements. The unappropriated ending fund balance can only be used when an emergency has been declared by the City Council. Resolution No. 3748 also establishes thresholds for balances in each of the operating funds. As part of the policy, the Budget Officer is to advise the Budget Committee and City Council when these funds fall more than 10% under the established parameters for the various types of funds.

One further note, the City should evaluate the need to provide for reserves for future expenditures in the utility funds. This was not accomplished in the proposed budget due to the significant needs for capital funding to make improvements to the utility funds. This does leave the utility funds a bit

vulnerable where funding from other sources could be required if a major problem occurred during the course of the fiscal year. Resolution No. 3748 does not currently require a fiscal reserve for utility funds.

APPENDIX A: GOVERNMENT ACCOUNTING

Government Accounting

In order to understand the budget process, it is helpful to have some understanding of the requirements for local governments to utilize various types of funds for budgetary and accounting purposes. Many of the funds utilized by the City of Newport are required by the state. Other funds have been established to satisfy requirements of bond covenants or for financial management purposes. Finally, some funds are used for the convenience of the local government unit.

The City participates in the Government Finance Officers Association (GFOA) Annual Comprehensive Financial Report (ACFR) Excellence in Reporting program. This program requires very strict adherence to nationwide standards set by GFAO for said program. The best place to begin is during the annual budget process thus the Budget document you will be presented to as the Budget Committee will incorporate these standards.

Government funds, also known as Governmental Activities, are used to account for various governmental services provided by the city that are supported by taxes and other general revenues for the city. Revenues are recognized as soon as they are both measurable and available. Revenues are considered *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary funds are used to account for operations that are financed and operated in a similar manner to private business enterprise, known as Business-type Activities. Operating revenues and expenses generally result from delivering goods and providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water, wastewater, and stormwater enterprise funds and the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the costs of services, administrative expenses, and depreciation on capital assets. In this fund type, fees charged are intended to support the overall business operation. These include the Water Fund (601), Wastewater Fund (602), and Stormwater Fund (603). In the audited financial report that are issued by the City's independent auditors each year, these proprietary funds are shown in separate schedules in business type activities. The balance of the funds is reflected on the balance sheets for governmental funds.

Furthermore, the State of Oregon requires that governmental accounting divide its financial operations into several types of operating funds which in turn follow the GFOA Standards. The General Fund (101) is the general operating fund for the City of Newport. Most of the general city services are included within this fund such as General Government, Police, Fire, Library, and

Community Development. The next level of funds is called the Special Revenue funds and these are established to account for various revenues that are designated for a specific purpose. The Special Revenue funds for the City are as follows:

- 201 Recreation
- 211 Public Parking
- 212 Housing
- 220 Airport
- 230 Room Tax
- 240 Building Inspection
- 251 Street
- 252 Line Undergrounding
- 253 SDC (System Development Charge)
- 254 Agate Beach Closure

These funds are established since the city must ensure that funds collected for a specific purpose are spent on those purposes.

The next fund types are the Debt Service funds and they are noted as:

- 301 Debt Service – Water
- 302 Debt Service – Wastewater
- 303 Debt Service – Governmental
- 305 Debt Service – Stormwater
- 351 GO Debt Service – Proprietary
- 352 GO Debt Service – Governmental

Debt Service funds are used to account for the City’s various debt types for both the Governmental and Business-type activities.

The city has also established reserve funds which are funds being used to accumulate money for financing the cost of future property or equipment acquisitions. The city is utilizing a reserve fund for governmental type activities (404) and a reserve fund for proprietary type activities (406). Finally, the city is utilizing a Capital Projects Fund (402) for government type activities, (403) for proprietary type capital projects activities and (405) for capital improvements related to City facilities.

The next type of funds are the business-type activities. These are funds, which are supported by fee-based revenues. The City of Newport’s business-type funds include the Water Fund (601), Wastewater Fund (602) and Stormwater Fund (603). The related Debt and Capital Outlay funds are proprietary as well. Proprietary funds are budgeted on a cash basis, but are presented in the audited financial reports on an accrual basis reflecting capitalized assets and the depreciation for those operations.

Internal Service funds provide services to other departments in the City. These funds include the Public Works Fund (701) and the City Facilities fund (711).

Finally, the Urban Renewal Agency budget activities are shown in fund 270, 271, 272, and 304. The Urban Renewal Agency is a separate blended component for the city but for purposes of the budget process these expenditures are included in the joint City of Newport and Urban Renewal Agency budget documents.

- 270 Urban Renewal Agency-South Beach
- 271 Urban Renewal Agency-North Side
- 272 Urban Renewal Agency-McLean
- 304 Debt Service – Urban Renewal Agency

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

The City of Newport is anticipating higher material, service, and labor costs due to inflation (3% to 7%) and other economic uncertainties. Only two new full-time positions are proposed in the budget and minor adjustments to part-time positions. A decrease in capital outlays of \$11.7M is budgeted for 2025-2026 to concentrate on current projects in progress. Sources of financing for capital projects include proposed urban renewal funds, federal grants, and state grants. Annual transfers to reserves is not budgeted for 2025-2026. In order to cover increased costs in operating and capital expenses, water and wastewater rates are being increased by 6% for residential customers and 10% for commercial customers. Stormwater rates are being increased by 6%. Property taxes are expected to grow by 2.7%.

NEWPORT
OREGON

General Fund - 101

The General Fund is the chief operating fund for the City of Newport. Property taxes (except those levied for general obligations debt), room taxes used for general operating purposes, state shared revenues, and various miscellaneous funds are deposited in the General Fund. The General Fund directly supports General Government, Police, Fire, Library and Community Development. Through transfers, it indirectly supports Recreation, Parks, and City Facilities.

Mayor & Council - *The City Council is established by City Charter. The Council consists of the Mayor and six Councilors nominated and elected from the city at large. The Mayor and Council members do not receive compensation. Costs included in this activity include various memberships and dues, travel and meeting expenses, training, and other miscellaneous expenses.*

City Manager - *The City Manager is established by City Charter. The City Manager activity cost center includes expenses for the City Manager, Recorder, Deputy Recorder, Executive Assistant, and 2040 Vision activities. The City Manager is the administrative head of the city government. The City Manager makes reports and recommendations to the Council to address needs of the city, appoints, supervises, and removes city employees, prepares the annual budget, and promotes cooperation among the Council, staff, and citizens in developing City policies, and building a sense of community. The City Recorder manages the City's archives, maintains the Newport Municipal Code, coordinates public records requests, and maintains all city contracts and agreements.*

Information Technology - *This department provides administrative support equipment, maintenance, and software support for all the departments and public, including telephones, computers, computer networks, security systems, and GIS.*

Court - *The Municipal Court is established by the City Charter and has jurisdiction over violations of the city ordinance. The Court may impose penalties for violations of ordinances. The Court has jurisdiction over violations of state statutes to the extent allowed under state law.*

City Attorney - *The City Attorney is established by City Charter as the chief legal officer of the city government. The City Attorney advises both Council and staff on various legal issues relating to the operation of the city. The City Attorney may seek expert legal service on issues as deemed necessary to properly advise the City on legal matters.*

Finance - *This department supports the City Manager in developing the budget, and maintains the City's financial records which are audited annually by an independent audit firm. In addition, Finance handles payroll, accounts payable, accounts receivable, administers business licensing, the collection of room tax, utility billing, and rents. Finance tracks all revenues and expenditures and oversees purchasing for the City.*

Human Resources - *This department includes expenses for all aspects of Human Resources, including hiring, background checks, managing personnel files, compliance issues, assists with discipline, manages various benefits, and provides and monitors training for all employees and volunteers.*

Police - The Police Department services include patrol, detective, traffic, and emergency response. In addition, the Police Department handles ordinance violations, short-term rental violations, and other similar issues.

Fire - The Fire Department cost center includes expenses for the operation of the department, including fire suppression, emergency and medical response, wildland fire response, and other fire activities.

Emergency Coordinator - This department develops community emergency response plans, and facilitates any responses that are necessary due to impending emergencies.

Library - This department cost center includes the operation of the Newport Municipal Library, remote Library services, access to data and other information, and loans other things besides books.

Community Development - This department provides general government planning, zoning, sight plan review, administration of programs to benefit the general community, staff, also provides support to building inspection and urban renewal, with a portion of their time charged to those activities.

Administrative Programs - This cost center supports general activities provided by the General Fund, including abatement of hazards, funding for various city-wide programs such as homelessness, Lincoln County Transit, and the Low-Income Assistance Program for qualified water and sewer customers.

Recreation Fund - 201

The Recreation Fund is a special revenue fund that collects user fees related to recreational services such as the Aquatic Center, Recreation Center, recreational programs, sports programs, and the 60+ Center for use to provide these services. This fund receives a subsidy from the General Fund to cover expenses not covered by the collection of fees.

Recreation Administration - This activity includes the Parks and Recreation Director and general expenses that support recreational services provided through this fund.

60+ Center - This cost center includes wages, facility costs, and programming for the operation of the 60+ Center.

Aquatic Center - This cost center includes wages, facility cost, and programming for the operation and maintenance of the Aquatic Center.

Recreation Center - This activity includes all the expenses, including staffing, supplies, and facility costs for the operation of the Newport Recreation Center.

Recreational Programs - This cost center covers the wages and costs for various recreational programs for adults, youth, and childcare offered at the Recreation Center and other locations

Sports Programs - This cost center provides for wages and program costs for a variety of sports programs offered by the Recreation Department.

Public Parking Fund - 211

The Parking Fund is a special revenue fund that collects revenues from parking tickets, fees in lieu of parking, and is proposed to collect metered parking fees to support the cost of public parking and enforcement of parking within the various business districts in the City of Newport. The City's individual parking districts were combined into one parking district beginning in Fiscal Year 2020-2021.

Room Tax Fund - 230

The Room Tax Fund is a special revenue fund that is funded by a 12% tax on transient stays of less than 30 days in the City of Newport. A portion the room tax, 46%, is deposited in this fund and is used for tourism purposes from the original 9.5% tax, and the increased tax of room tax, 2.5%, is divided with 70% of the revenue deposited in this fund. This increase in tax rate went into effect September 2021. The balance of room tax collected supports general governmental activities in the General Fund. This Room Tax Fund supports tourism promotion and tourism related facilities. Activities include the Visitor's Center at the Greater Newport Chamber of Commerce, Destination Newport advertising, local event marketing, the public arts program, Sister City expenses, and community celebrations, including the 4th of July fireworks and holiday lighting events. These funds are also used for the operation of various facilities based on the percentage of those facilities that are used for tourism purposes through fund transfers as determined through the budgeting process.

Street Fund - 251

The Street Fund is a special revenue fund that is funded by revenue from the Newport gas tax, as well as the state-shared gas tax revenues. These funds are used to pay for labor, equipment and facility costs for street maintenance, non-motorized improvements, and road rehabilitation/reconstruction projects.

Line Undergrounding Fund - 252

The Line Undergrounding Fund is a special revenue fund. A portion of the franchise fee collected from Central Lincoln PUD is deposited in this fund on an annual basis. These funds accumulate over time and are utilized for placing overhead utilities underground, typically as part of other infrastructure projects. Funding for projects is transferred from Fund 252 to the appropriate capital projects fund when a project is identified.

System Development Charge (SDC) Fund - 253

The SDC Fund is a special revenue fund that collects a fee resulting from the construction of new buildings and additions to buildings. This fee is collected to offset, the impact of the construction and the increased demands on public services it will have, in accordance with NMC Chapter 12.15. Projects that can be funded with SDC funds are included in the adopted SDC project lists. SDC funds are transferred to help cover the cost to meet capacity needs for utility, parks, and other qualified public improvements to the appropriate capital outlay fund. SDC cost centers include: Streets, Water, Wastewater, Parks, Storm Water and Administration.

Agate Beach Closure Fund - 254

The Agate Beach Closure Fund is a special revenue fund that originally collected a surcharge on solid waste collection bills to fund the maintenance of the closure of the Agate Beach Landfill. The City stopped collecting the surcharge when the City's fund exceeded the requirements as determined by the DEQ. The City has used a portion of the surplus reserve for interfund loans for specific projects. The landfill closure is maintained by a consortium of prior users and is managed by Lincoln County

Capital Projects - Governmental Fund - 402

The Capital Projects Governmental Fund is used to pay for projects that are funded through governmental funds (General Fund, Street Fund, Line Undergrounding Fund, Room Tax Fund, Recreation Fund, Parking Fund, etc.) through a transfer from these funds to cover project costs. In addition, bond funds or grants for governmental projects to support the capital projects are accounted for in this fund. Funding not used for a designation project will revert back to the original source of funding.

Capital Projects Proprietary - 403

The Capital Projects Proprietary Fund used to pay for projects that are funded under the Proprietary Fund (water, wastewater, and storm water) through a transfer from these funds to cover expenses for that project. In addition, bond funds or grant funds received for a project are accounted for in this fund. The capital projects fund will retain the funding until the project is completed or closed out. Any remaining funds will revert back to their original source.

Capital Improvements Fund - 405

The Capital Improvements Fund receives transfers from the City Facilities Fund - 711 and from the General Fund -101 for capital improvements to city facilities. Any grants or bond funds used to support a project are accounted for in this fund. This funding for projects remains until the project is completed and/or closed out. Any remaining funds revert back to the original fund source.

Water Fund - 601

The Water Fund is a self-supported proprietary fund which collects fees for services relating to the treatment, distribution, and administration of the water system within the City of Newport. The expenses of this fund are entirely supported by water charges billed to customers, as well as fees charged for new meters and other various water services. The expenditures include all operational expenses (labor, equipment, facilities, licensing, etc.), transfers for capital outlay projects to Fund 403 and for principle, interest, and fee payments on water-related debt which are transferred to Fund 301 and 351 for payment.

***Water Plant** - This cost center covers all labor, equipment, facility expenses, and licensing, related to the operation of the reservoirs, Siletz pump station and transmission line, and the water treatment plant.*

***Water Distribution** - This cost center includes the labor, equipment, materials to provide maintenance and repairs of water lines, water storage tanks, pump stations, shut offs, meter reading, the operation of various pressure districts, and other similar activities for the city's water system.*

***Water Administrative Programs** - This cost center covers the services provided by the General Fund for the Water Fund, including water utility billing and collection, and oversight provided by the Public Works Fund for direct supervision of the water crews. This cost center also accounts for the in-lieu-of franchise fees and insurance costs related to the Water Fund.*

Wastewater Fund - 602

The Wastewater Fund is a self-supported proprietary fund which collects fees for services relating to the treatment, distribution, and administration of operating a wastewater system within the City of Newport. All expenses of this fund are supported from wastewater charges billed to customers, as well as fees charged for new meters and other various wastewater services. The expenditures include all operational expenses (labor, equipment, facilities, and licensing, etc.), and transfers for capital outlay projects to Fund 403 and for principle, interest, and fee payments relating to long-term wastewater debt which are transferred to Fund 302 for payment.

***Wastewater Plant** - This cost center covers all labor, equipment, facility expenses, and licensing relating to the operation of the wastewater treatment plant, the North pump station, the influent pump station, the booster pump station, and the North Side lift station*

***Wastewater Collections** - This activity includes the operation of the wastewater collection system, including 24 sewage lift stations, forced mains, gravity, sewer lines, and lateral connections to the wastewater collection systems.*

***Wastewater Administrative Program** - This activity covers the in-lieu-of franchise fees, the services provided by the General Fund, including utility billing and services provided by Public Works Fund, which covers the supervisory expenses for wastewater and costs supported by the General Fund. In addition, funds are transferred from the administrative account to cover debt service with other miscellaneous transfers from the Wastewater Fund.*

Storm Water Fund - 603

The Storm Water Fund is a proprietary fund supported entirely through charges billed to utility customers relating to the operation and administration of a storm water system within the City of Newport. The expenditures include all operational expenses (labor, materials, and equipment) and long-term debt for the storm water projects necessary for the operation of the storm water system.

Public Works Fund - 701

The Public Works Fund is an internal service fund that is supported through a service fee from the Street Fund, Water Fund, Wastewater Fund, and Storm Water Fund. This pays for Public Works Administration and the Engineering Department. These general services are charged against the ones benefitting from these services.

Public Works Administration - This cost center includes labor, support, and materials for the Public Works Director, support staff, Operations Superintendent, and Administrative Assistant.

Engineering - This cost center supports the labor, materials, training, and other expenses related to the operation of the Engineering Department.

City Facilities Fund - 711

The City Facilities Fund, an internal service fund, was created to house expenses for city facilities funded primarily from the General Fund and Room Tax Fund. These include City Hall, Fire, Library, Parks Maintenance, Custodial, piers and boardwalks, Performing Arts Center, Visual Arts Center, and municipal street lights. In addition, the Facilities Maintenance and Safety staff is funded from this fund, as well. Please note that facilities that are operated by a special revenue fund such as the airport, Recreation Center, or facilities that are operated by a proprietary fund, such as Water, Wastewater, and Storm Water, are funded directly through those funds. The resources for this fund include an internal rent that is charged to the appropriate cost centers, as well as the transfers from the General fund and Room Tax Fund.

*All Plans except Option Three: Enter amount of Increment Value to Use that is less than 100 percent or check "Yes" to receive 100 percent of division of tax. Do NOT enter an amount of "Increment Value to Use" AND check "Yes."

**If an Option One plan enters a Special Levy Amount, you MUST check "Yes" and NOT enter an amount of "Increment to Use."

***Option Three plans enter EITHER an amount of "Increment Value to Use" to raise less than the amount of division of tax stated in the 1998 ordinance under ORS 457.435(2)(c) OR the "Amount from Division of Tax" stated in the ordinance, NOT both.

****If an Option Three plan requests both an amount of "Increment Value to Use" that will raise less than the amount of division of tax stated in the 1998 ordinance and a "Special Levy Amount," the "Special Levy Amount" cannot exceed the amount available when the amount from division of tax stated in the ordinance is subtracted from the plan's Maximum Authority.

Urban Renewal Agency (URA)- South Beach Fund - 270

The URA-South Beach Fund is a tax increment fund. Tax increment districts freeze the tax base of a described geographic area, and capture the revenue stream for any increases in valuation over the frozen base. The increment from taxes that would otherwise go to the City, County, School District, and other taxing organizations, are used to help fund capital improvements within the geographic area as provided by an approved plan which is intended to grow the tax base within that District. When the URA expires, all of the taxing entities will begin collecting their full taxes from the retired District. The South Beach District is set to expire in 2027.

The Urban Renewal funds are either transferred to a capital outlay fund as part of an appropriation for a capital project, or to the Debt Service Urban Renewal Fund (304) to cover principal and interest for projects that have been paid for through borrowing supported by that fund. In addition, there are administrative expenses directly paid by this fund.

Urban Renewal Agency (URA) - North Side Fund - 271

The Urban Renewal North Side Fund is a tax increment fund. Tax increment districts freeze the tax base of a described geographic area, but capture the revenue stream for any increases in valuation over the frozen tax base. The tax increment from taxes that would otherwise go to the City, County, School District, and other taxing organizations, are used to help fund capital improvements as provided by an approved plan within the geographic area, with the intent to grow the tax base within that District. When the URA expires, all of the taxing entities will begin collecting their full taxes from the retired District. The District is set to expire in the Fiscal Year 2038-2039.

Urban Renewal funds are either transferred to a capital outlay fund as part of an appropriation for a capital project or to a debt service fund to cover principal and interest for projects that have been paid for by that fund. In addition, there are administrative expenses directly by the fund.

Urban Renewal Agency (URA) - McLean Fund - 272

The McLean Point Fund is a tax increment fund that freezes the tax base of a described geographic area. Taxes collected on the assessed value above the frozen tax base year are directed to fund projects within the District instead of funding the City, County, School District, and other taxing organizations for capital improvements within the geographic area that will further grow the tax base within that District. When the URA expires, all of the taxing entities will begin collecting their full taxes from the retired District. The District is set to expire in the Fiscal Year 2030-2031.

Urban Renewal funds are either transferred to a capital outlay fund as part of an appropriation for a capital project or to a debt service fund to cover principal and interest for projects that have been paid for through borrowing supported by that fund. In addition, there are administrative expenses paid directly by the fund.
