**EXECUTIVE SUMMARY
FOR THE CITY OF NEWPORT AND
THE NEWPORT URBAN RENEWAL AGENCY**

The development of the budget for the fiscal year beginning July 1, 2016 and ending June 30, 2017, was initiated in December 2015. Since that time, the Finance Director, department heads, Finance Department personnel, other staff, and the City Manager have been working on various aspects of the proposed budget for consideration by the Budget Committee. The City Council's first involvement with the budget process was through a goal setting session that was held on February 23, 2016. During this session, the City Council heard presentations from each of the department heads; reviewed various upcoming issues; and prioritized goals for the 2016-17 Fiscal Year. These goals were adopted following a public hearing March 21, 2016. In accordance with City Charter, the City Manager developed and submitted a proposed budget to the Budget Committee on Monday, April 20, 2016.

Total Resources

The 2016-2017 budget continues to levy the tax rate of \$5.5938 per \$1,000 of assessed evaluation for city operational purposes. In addition, the budget levies an amount to pay the 2016-2017 General Obligation Debt requirements for the city of \$2,406,369 for the wastewater refunding, water treatment plant issue, and the swimming pool bonds.

The City of Newport had previously adopted a schedule for various infrastructure rates that would have resulted in a 10% rate increase for water, a 15% rate increase for sewer, with 5% increases in storm water and infrastructure fees to fund major reconstruction of the city's utility systems. Based on Council action in 2014, the Council directed staff to develop a budget that would utilize revenue bonds instead of a "pay-as-you-go" method for financing infrastructure. This has allowed for a significant reduction in the proposed rate increases which has been incorporated in the 2016-17 Fiscal Year Budget.

In accordance with this plan, the proposed utility rate increase for the 2016-17 Fiscal Year was reduced from this original plan to a 5% increase in water rates, and a 4% increase in wastewater rates, from the original long-term financing plan. In addition, the budget proposed a 5% increase in storm water rates, and a 5% increase in the infrastructure fee for the next fiscal year. This will generate funding to support bonding for water and sewer projects in future years in order to continue meeting the critical need to rebuild the city's infrastructure to serve the residents of Newport today and well into the future. A rate study will be conducted prior to establishing utility rates in 2017.

The total requirement (revenues, transfers, reserves, and fund balances) for the budget is \$75,682,000 for the City of Newport, and \$6,889,179 for the Newport Urban Renewal Agency.

Total Requirements

The budget provides a continuation of existing types of expenditures for the new fiscal year. Included in the proposed budget is funding for four new positions. These include a Deputy City Recorder, a Finance Specialist position, School Safety Officer, and a three quarter time Parks Maintenance position, which has been upgraded to full time. A number of part time jobs have been consolidated to create a full time Parks Financial Specialist position. Also, part time positions have been added that are associated with Parks and Recreation.

The budget continues to provide a substantial commitment for reinvestment in the city's water and sewer infrastructure during the course of the fiscal year. This will be funded in part through revenue bonds and State Revolving Fund financing, with the future debt repayment coming from water and sewer rates. In addition, the construction of the pool project, as approved by vote in 2013, has a significant impact on funding levels. This budget represents an important continuation for focusing on rebuilding the City of Newport's aging infrastructure system.

Additionally, the budget continues to appropriate funding by individual projects for water and wastewater capital construction projects from the applicable operating funds to a Proprietary Capital Projects Fund (Fund 403) and other major projects in a Capital Projects Fund (Fund 402) and Capital Improvements (Fund 405) which are facility related upgrades.

The Newport Urban Renewal Agency budget proposes to continue using \$5.4 million in bonded funds during this next fiscal year in order to continue a number of major improvements in the South Beach area, particularly along the Highway 101 corridor, south of the Yaquina Bay Bridge.

The total requirements (appropriations, transfers, reserves, and ending fund balances) are \$75,682,000 for the City of Newport, and \$6,889,179 for the Newport Urban Renewal Agency.

Budget Committee Actions

The City of Newport/Newport Urban Renewal Agency Budget Committee met on April 26, 2016, to conduct a page by page review of the budget. Budget Committee members were asked to identify possible changes, questions, or concerns regarding the proposed budget. These issues were not debated on April 26, but were listed in a report with background information that was provided by the city administration to the Budget Committee for review at their May 10 Budget meeting. At the May 10 Budget meeting, the Budget Committee reviewed this report, which included 66 items that had been placed on the list for additional consideration. At this meeting, Budget Committee members discussed, debated and made changes to the proposed budget that were then voted on by the Committee to incorporate into a budget for approval.

The significant changes included in the 2016-17 Fiscal Year Budget include the following: the addition of a police detective position with off-setting adjustments to both expenses and revenues to cover this position, and corrections to add back equipment to the Library budget that was inadvertently deleted. Funding was also restored for marketing the swimming pool opening, \$46,000 was added as missed appropriation from the Room Tax Fund for capital outlay projects. Funding was transferred among several capital outlay projects to increase funding for a storm sewer repair west of SW 4th Street. This included taking funding from the NW 6th Street storm sewer/sidewalk project, which was replaced with funding from the Street Fund to allow this project to remain in the budget. The Budget Committee corrected the in lieu-of-fee expenses in the Water and Sewer Funds. In the Urban Renewal Budget, there was a correction with regards to the property taxes to be received in 2016-17, which increased those revenues by \$970,341. Throughout the budget, the contingency reserve for future expenditures and unappropriated ending fund balances were rebalanced in all the of the funds. Please note that in the General Fund, the Contingency and Unappropriated Fund balance is included at the target levels. However, the reserves for future expenditures is at 5%, but the policy target is between 8% and 15%.

On May 17, the Budget Committee unanimously approved the budgets for the City of Newport and the Newport Urban Renewal Agency, including approval of the tax rates, as well as a recommendation to approve the fee schedule for the fiscal year beginning July 1, 2016 and ending June 30, 2017.

June 20, 2016 Public Hearing Before the City Council

The public hearings and adoption of the 2016-17 annual budgets for the City of Newport and the Newport Urban Renewal Agency were held on Monday, June 20, 2016, at 6:00 P.M. The budget hearings were publicly noticed. Following a public hearing, the Urban Renewal Agency adopted the budget and tax increments as approved by the Budget Committee.

Following the public hearing on the budget for the City of Newport, the City Council made a \$300,000 adjustment to the Water Fund budget by eliminating fluoridation equipment, with those funds being held in a reserve for future expenditures in the Fund. With this change the Council adopted the budget, tax levies, fees and utility rates as otherwise recommended by the Budget Committee.

Spencer R. Nebel
City Manager
CITY OF NEWPORT

April 11, 2016

To: Members of the Budget Committee

Pursuant to the City Charter chapter VIII, section 34(d)(6,) it is the responsibility of the City Manager to prepare and administer the annual budget for the City of Newport and the Newport Urban Renewal Agency. Pursuant to Oregon law and the City Charter, it is my pleasure to present the proposed budgets for the City of Newport and the Newport Urban Renewal Agency for the fiscal year beginning July 1, 2016 and ending June 30, 2017.

BUDGET PROCESS

Budget Schedule

Work on the annual budget was initiated in December 2015. Since that time, the Finance Director, department heads and staff, finance department personnel, and I have been working on various aspects of the proposed budget for review by the Budget Committee. The City Council’s first involvement with the budget process was through a goal setting session that was held on February 23, 2016. During this session, the City Council heard presentations from each of the department heads; reviewed various upcoming issues; and identified those items of importance to be considered at budget time. In addition to the departmental goals, the Council prioritized goals for the FY 2016/17 fiscal year. Following a public hearing, the Council formally modified and then adopted goals for the FY 2016/17 fiscal year at the March 21, 2016, City Council meeting. A report on the disposition of the goals is included in the budget message.

The complete schedule for the preparation and approval of the FY 2016/17 fiscal year budget is as follows:

- *File Budget Document with County Recorder and Designated Agencies.*

The Budget Committee meetings will take place on Tuesday, April 26, at 5:00 P.M.; Tuesday, May 10, at 5:00 P.M.; and Tuesday, May 17, at 6:00 P.M. in the City Council Chambers. A public hearing is scheduled on the possible use of State Shared Revenues at the April 26 meeting. Furthermore, public comment will be taken by the Budget Committee at 6:00 P.M. on each of the meeting nights. The process for the budget review will include a complete overview of the budget at the April 26, 2016, meeting. At this time, any member may suggest specific changes to a proposed expenditure or revenue in the budget as the page-by-page budget review is being completed. The changes will not be debated or discussed by the Committee at the April 26, 2016, meeting. It is important for the Budget Committee to complete this review during the first meeting. Any items identified for further consideration by individual members of the Budget Committee will be presented with staff comments for the Budget Committee's consideration at the May 10,

2016 meeting. At this meeting, the Committee will discuss possible modifications to the proposed budget suggested by individual members of the Budget Committee, and determine, by a majority vote, which items shall be modified as part of an approved budget. In addition, department heads will participate in the May 10, 2016, meeting to further explain any of the items that have been identified for possible budget modifications by individual members of the Budget Committee. At the third Budget Committee meeting scheduled for Wednesday, May 17, 2016, the Budget Committee is scheduled to formally recommend approval of the budget to the City Council.

On June 20, 2016, the City Council will hold a public hearing on the proposed use of the state shared revenues, the city budget, the fee schedule and the Urban Renewal Agency will hold a public hearing on the Urban Renewal Agency budget. Immediately following the public hearings, final adoptions of the budgets for the fiscal year starting July 1, 2016 and ending June 30, 2017 will occur.

Budget Documents

The budget documents for the FY 2016/17 fiscal year will include a cover sheet for all operating funds showing a summary of revenues, expenditures, transfers, contingencies, and fund balance for that fund for FY 2013/14, 2014/15, the original budget for FY 2015/16, and the amended budget for FY 2015/2016. In addition, the summary sheet will show the eight month actuals and estimates for the current fiscal year, along with the original request from the department and the amount proposed by the City Manager for the FY 2016/17 fiscal year.

Following the summary sheet for each fund, the line item budget can be found showing detailed expenditures for each department or function. A listing of equipment purchases and capital outlay projects proposed for FY 2016-17 follows the detailed budget sheets in the back of the budget book along with personnel and salary information for funded positions in the city. In addition, we list full-time equivalent positions in each of the cost centers. We have also included tabs for the various funds based on previous comments from last year's Budget Committee. We are also showing additional detail in the budget documents regarding specific equipment, software and capital outlay expenditures.

Government Accounting

In order to understand the budget process, it is helpful to have some understanding of the requirements for local governments to use various types of funds for budgetary and accounting purposes. Many of the funds utilized by the City of Newport are required by the state. Other funds have been established to satisfy requirements of bond covenants or for financial management purposes. Finally, some funds are used for the convenience of the local government unit.

One of the goals of the City Council is for the City to participate in the Government Finance Officers Association (GFOA) Comprehensive Annual Financial Report (CAFR) Excellence in Reporting program. This program requires very strict adherence to nationwide standards set by GFAO for said program. The best place to begin is during the annual budget process thus the Budget document presented incorporates these standards.

Government funds, also known as Governmental Activities, are used to account for various governmental services provided by the city that are supported by taxes and other general revenues for the city. Revenues are recognized as soon as they are both measurable and available. Revenues are considered *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary funds are used to account for operations that are financed and operated in a similar manner to private business enterprise, known as Business-type Activities. Operating revenues and expenses generally result from delivering goods and providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sanitary sewer enterprise funds and the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the costs of services, administrative expenses, and depreciation on capital assets. In this fund type, fees charged are intended to support the overall business operation. These include the Water Fund (601) and Sewer Fund (602). In the audited financial report that is issued by the city's independent auditors each year, these proprietary funds are shown in separate schedules in business type activities. The balance of the funds are reflected on the balance sheets for governmental funds.

Furthermore, the State of Oregon requires that governmental accounting divide its financial operations into several types of operating funds which in turn follow the GFOA Standards. The General Fund (101) is the general operating fund for the City of Newport. Most of the general city services are included within this fund such as General Government, Police and Fire. The next level of funds is called the Special Revenue funds which are established to account for various revenues that are designated for a specific purpose.

The Special Revenue funds for the City are as follows:

- 201 Parks & Recreation
- 211 Public Parking
- 212 Housing
- 220 Airport
- 230 Room Tax
- 240 Building Inspection
- 251 Streets
- 252 Line Undergrounding
- 253 SDCs
- 254 Agate Beach Closure
- 270 Newport Urban Renewal Agency
- 701 Public Works

These funds are established since the city must ensure that funds collected for a specific purpose are spent on those purposes.

The next fund type are the Debt Service funds and they are noted as:

- 301 Debt Service - Water
- 302 Debt Service - Wastewater
- 303 Debt Service - General
- 304 Debt Service - Urban Renewal

Debt Service funds are used to account for the City's various debt type for both the Governmental and Business-type activities.

The city has also established a Reserve Fund (404) which is a fund being used to accumulate money for financing the cost of future property or equipment acquisitions. Finally, the city is utilizing a Capital Projects Fund (402) for government type activities and a second fund (403) for proprietary type capital projects activities.

The next type of funds are business type activities. These are funds, which are supported by fee based revenues. The City of Newport's business type funds include the Water Fund (601) and the Wastewater Fund (602). The related Debt and Capital Outlay funds are proprietary as well. Proprietary funds are budgeted on a cash basis, but are presented in the audited financial reports on an accrual basis reflecting capitalized assets and depreciation for those operations.

Finally, the Urban Renewal Agency budget activities are shown in fund 270. The Urban Renewal Agency is a separate blended component entity of the city but for purposes of the budget process are included in the joint City of Newport and Urban Renewal Agency budget documents.

Expense Codes Descriptions

The accounting code for each line item of the budget consists of a series of numbers. The first three digits are the fund number, the second four digits are the departments within the fund, and the last five digits are the object codes. Please note that the object codes cover the same expenses from fund to fund and department to department. A list of object codes and the typical types of expenses which are charged to these codes are as follows:

- 50110 WAGES AND SALARIES: Full time employee wages
- 50120 PART TIME/EXTRA HELP WAGES: Part time or temporary employee wages
- 50103 VOLUNTEER PAYROLL: Fire volunteers
- 50140 CERTIFICATION PAY: Additional pay for various optional certifications
- 50150 DETECTIVE PAY: Premium Pay for Police Detectives
- 50160 K-9 PAY: Premium pay for K-9 handler
- 50170 COMMUNITY SERVICE PAY: Premium pay for Police personnel involved in voluntary service
- 50180 LIEU OF HOLIDAY PAY: Pay for employees who are required to work on holidays
- 50190 FTO PAY: Premium pay for Police field training officers
- 50210 ORPAT PAY: Premium pay for voluntary compliance with certain physical fitness requirements
- 51110 OVERTIME: Time worked in excess of regular schedule
- 51120 ON-CALL: Pay received for hourly employees who are on call
- 52110 INSURANCE BENEFITS: Health insurance expenses
- 52120 FICA EXPENSES: Social Security expenses (city portion)
- 52130 RETIREMENT: Employees covered by the city's employee retirement system
- 52140 PERS RETIREMENT: Police and Fire employee's retirement
- 52150 WORKER'S COMPENSATION: Worker's compensation insurance
- 52160 UNEMPLOYMENT INSURANCE: Unemployment insurance
- 60100 PROFESSIONAL SERVICES: Expenses that should go here are; Architectural, title & real estate, Engineering, Environmental, Surveying, Laboratory and Grant Administration Services
- 60200 FINANCIAL PROFESSIONAL SERVICES: Audit, actuarial, banking, loan, and other similar professional services
- 60300 LEGAL PROFESSIONAL SERVICES: Legal and services of Bond Counsel
- 60400 EMPLOYMENT SERVICES: Temporary employees, personnel recruiting, union negotiations, Contract Employee, such as Services for Recreation Activities
- 60500 BUILDING INSPECTION SERVICES: Electrical, plumbing, and mechanical services Building Code Expenses & State Permit Surcharge Payment
- 60900 OTHER PROFESSIONAL SERVICES: Translation, election and other professional & technical services
- 61100 UTILITIES - ELECTRIC: Electrical and street light expenses
- 61110 UTILITIES - GAS HEATING: Gas and fuel oil heating
- 61140 UTILITIES - WATER & SEWER: Water & sewer expenses
- 61190 UTILITIES - OTHER: Alarm monitoring and cable

61200 BUILDING & GROUNDS EXPENSES: General repair, maintenance, inspections, supplies & materials, and paint supplies for City facilities

61300 PERMITS/LICENSES EXPENSES: Operating licenses, permits, legal notices, taxes, and fees paid

61400 OTHER PROPERTY SERVICES: Other.....

62100 CLEANING EXPENSES: Garbage, cleaning and disposal expenses

- 90000 Series - Transfers, contingency, ending fund balance and unappropriated reserves (Finance department only)

Having a general understanding of the accounting structure is helpful when reviewing the detailed budget for the city. The City of Newport has structured its accounting system consistent with the guidelines provided by the Government Finance Officers Association and with requirements of Oregon Local Budget Law.

ECONOMIC CONDITIONS FOR THE CITY OF NEWPORT & LINCOLN COUNTY

Local governments have been significantly impacted by the historic recession that began nearly eight years ago in the fall of 2008. Some of the impacts of this recession have been mitigated by a slowly recovering economy. Signs of recovery are evident in the City of Newport and Lincoln County. This economic activity can affect some revenues directly such as the city's room tax and local gas tax, while the impact on property tax is somewhat convoluted due to the various limitations the State of Oregon has placed on the collection of this tax. The City of Newport has seen a slow, but sustained growth in population since the 2000 census. The population trends during this time are as follows:

City of Newport Population Trends by the US Census Bureau	
Year	Population
1990	8,437
2000	9,532
2010	9,989
2014 (est.)	10,116

The Lincoln County Board of Commissioners conducted a ten-year update on the status of Lincoln County's, economy during 2014. This research was prepared by the research group, LLC of Corvallis, Oregon. The findings for the county indicate that 50% of net earnings came from the various economic sectors in the community including commercial fishing, timber, tourism, marine sciences and industrial employers. What is significant in this report is that 27% of the personal income is classified as transfers. Transfer payments include payments to individuals by Federal, State and local governments which would include Social Security, Medicare, Medicaid, Veteran's benefits, Bureau of Indian Affairs benefits, employment insurance, family assistance payments, food stamps, public pensions, etc. In addition, transfer payments include business payments to persons consisting primarily of liability payments for personal injury and corporate gifts. Furthermore, investments constituted 23% of the personal income in Lincoln County in 2012 with these types of payments including personal income from private investments such as rent, interest and dividends, and private pension payments as examples.

Lincoln County Sources of Total Personal Income 2012

Source: Report on the Lincoln County Economy Commissioned by the Lincoln County Board of Commissioners, Conducted by LLC of Corvallis, Oregon 2014

In reviewing the sources of personal income for Lincoln County's population, it is significant to note that just over a quarter of the income is the result of various transfer payments for things such as social security, Medicare, Medicaid, veteran's benefits, public pensions, unemployment insurance, family assistance payments, food stamps and other similar sources of income. Just less than 25% of income is investment earnings for individuals living in Lincoln County. The remaining half of personal income was related to commercial fishing at 10% of the remaining income, tourism at 8.0% of the remaining income and timber at 6.2% of the personal income for the county. One growing segment has been the area of marine science, which now counts for 3.7% of personal income received in Lincoln County. With the concentration of commercial fishing and marine science in the Newport area, one would speculate that the percentage of personal income earned within the City of Newport would be a significantly higher percentage than the overall county statistics based on the concentration of those activities in Newport.

The City of Newport is fortunate that its economy is relatively diverse and not dependent upon the success or failure of any specific component. Furthermore, with the continued growth and opportunities in the Marine Science sector, this promises to play a greater role in generating personal income in the years to come.

Another indicator of economic trends is the unemployment rate for a particular area. In reviewing the Lincoln County unemployment statistics over the past ten years for the month of February, it shows that 2016 (6.4%) had the second lowest unemployment rate during this ten-year window, with only 2008 having a lower rate (6.2%). While Lincoln County is lagging both the State and Federal unemployment rates Lincoln County has seen a significant reduction since the highest February rate of 12.3% in 2010. In evaluating a local economy, a review of the trends and issuance of building and land use permits are helpful. A summary of the building permits and construction values of those permits has been compiled for your review.

Lincoln County, Oregon Unemployment Statistics Month of February	
2016	6.4%
2015	7.5%
2014	8.5%
2013	9.7%
2012	11%
2011	11.2%
2010	12.3%
2009	11.8%
2008	6.2%
2007	6.6%

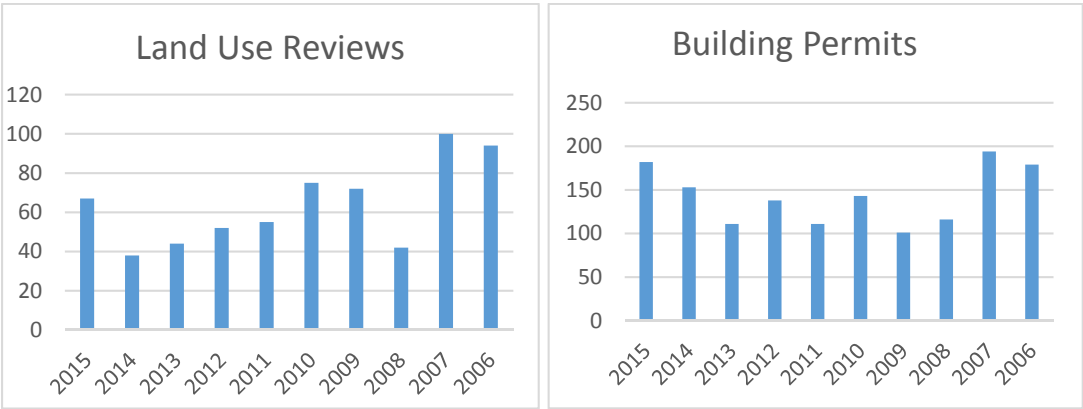

The State of Oregon Employment Department indicated in their March 2016 Central Coast Labor Trends that Lincoln County’s Non-farm payroll employment was 320 more than one year before, a growth rate of 1.9%. The private sector added 240 jobs over the year, and the total government employment rose by 80. The industries adding the most jobs over the last year were leisure and hospitality (plus 170), retail trade (plus 120) and State government (plus 50).

Please note that the State of Oregon Employment office also notes: “the number of working in Northwest Oregon has fallen by more than half since the turn” The total youth employment in Benton, Clatsop, Columbia, Lincoln, and Tillamook Counties was 3400 in 2000. In 2015 this number dropped to about 1600. This reduction seems consistent with our effects to hire seasonal employees.

The 2013 calendar year appears to be the low point for construction activity within the City of Newport with 111 building permits being issued and a total construction value of just over \$8,000,000. The building permits and construction value for 2015 is substantially higher with permitted construction valued at almost \$22,000,000.

	Building Permits	Construction Value
2015	182	\$21,957,649.11
2014	153	\$13,248,480
2013	111	\$8,131,772
2012	138	\$14,603,755

A longer look at the number of land use reviews and building permits issued over a ten-year period can be found below.

Construction activity is showing a rebound within in the City of Newport.

The Lincoln County Assessor’s office follows all transactions that occur within the county to determine the impact that sales have on market values for properties that are taxed within the county. In reviewing these statistics for the City of Newport, on the volume of sales, 2015, the number of sales continued to grow with 364 transactions taking place. This compares to a low of 175 transactions in 2008. While this is showing a good return of growth, it falls far below the peak number of transactions

**LINCOLN COUNTY ASSESSOR
VOLUME OF SALES NEWPORT**

NUMBER												NUMBER

Includes all transactions within Newport City Limits in all property categories.

The Lincoln County Assessor’s office also tracks the median sales price of all housing units within the county by taxing jurisdiction. While the volume of property transactions has substantially increased, the median sale price of all housing units in the City of Newport have remained relatively flat since 2010 with the median sales price of all housing units within the Newport city limits being approximately \$200,000 in 2015. The lowest median value of housing units was in 2013 at a \$190,000 with the highest value being in 2007 at \$289,000.

	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	
# of Sales	281	222	182	103	96	75	83	126	37	164	182	

Only includes sales of open market, arms length transactions. No duress sales. No unadvertised sales between relatives, friends, or neighbors. No bank foreclosure resales or short sales. No personal property manufactured homes.

Another indicator of economic activity relates to the market value of property that is used by the Lincoln County Assessor’s Office to determine property valuations from year to year. Please note that the market information used to determine these valuations typically lag by one year, since it is a sale’s study from the previous year that is used to calculate the current year values. The real market value valuation for the City of Newport had a significant drop from 2010 to 2011, and a smaller drop in 2012. However, 2014 was the first year where there was a slight increase in the market valuations.

City of Newport, Oregon Total Market Valuation of Taxable Property Lincoln County Assessor’s Office	
2015	\$1,512,554,088
2014	\$1,484,011,687
2013	\$1,454,951,775
2012	\$1,560,311,055
2011	\$1,649,057,216
2010	\$1,801,795,380

Based on sales information received by the Lincoln County Assessor’s Office, 2015 continues to see a small increase in the overall real market value of taxable property within the City of Newport, with a growth of just under 2% based on the sale studies of 2015. This indicates that while economic conditions have improved, the property values within the city are only slowly inching up to the 2010 market value of \$1.8 billion.

Finally, another measurable indicator of activity within in the community is data that has been collected in a consistent fashion by the Chamber of Commerce since 2006. Room occupancy in the City of Newport has been on a steady growth rate with 2015 exceeding all years of the survey with a 63.1% occupancy rate which exceeded the low rate of 53% in 2009.

In reviewing occupancy information, it appears that the off season for room stays has seen a significant growth over the ten-year period in which the Chamber has been collecting data. This is a good trend in that it helps even out the economic impact of tourism within the City of Newport.

City of Newport - Occupancy Report 2006 to 2015	
Accumulative % for all (8) participating hotel properties	
Year	Avg.
2006	60.30%
2007	59.80%
2008	53.79%
2009	53.00%
2010	53.64%
2011	54.25%
2012	54.95%
2013	56.45%
2014	60.46%
2015	63.09%

It should be noted that in the very rainy, stormy weather of November, December and January, occupancy was off from the previous year. However, the numbers were still above the ten year averages for those months despite the weather conditions. One issue that could impact occupancy rates in 2016 will relate to the intermittent closures of US Highway 20 as part of the completion of the multi-year reconstruction project that will ultimately reduce travel times and increase safety between Newport and Corvallis. The Chamber of Commerce, Lincoln County, Port of Newport, and the City of Newport are working closely with ODOT to minimize the impact that any intermittent closures would have on travel to Newport during the summer 2016. This work is estimated to be completed by November of 2016 when the new road is currently scheduled to open.

In reviewing the various economic indicators, it is clear the City of Newport and Lincoln County are seeing steady improvements in the overall economy following the great recession that began in 2008. From a financial forecasting standpoint, it would appear to be a reasonable conclusion the local economy will continue to incrementally strengthen over the next twelve-month period. Also with the opening up of OMSI's Camp Gray in South Beach; Oregon State University continuing to move forward with steps to create a marine studies curriculum for undergraduate students in Newport; the passage of a

\$57,000,000 bond issue by the Pacific Communities Health District to construct a new/renovated hospital facility for the City of Newport; the Central Lincoln Public Utilities District constructing a \$27.7 million dollar new operations center in north Newport, which will open up the potential reuse of the current facility in South Beach; and various potential future opportunities relating to off-shore energy production that may occur off of Newport, the greater Newport area and Lincoln County will see significant reinvestment and expansion of the work force currently in this area over the next few years. I believe that it is reasonable to assume that Newport is well poised to experience growth at a moderate, but more robust rate going forward in the next five-year period.

BUDGETARY TRENDS

Historic revenues and expenses have been compiled as part of the evaluation of past fiscal trends. This information helps to project future revenues and expenses for the city.

Property Taxes

The city's single largest source of revenue for the operation of the General Fund comes from property taxes. The city has seen a steady growth in this revenue over the past years, which is used to fund the major operations of the city, including police, fire, and general government. The State of Oregon has passed a number of initiatives that impact the amount of property taxes paid to local governments, including Measure 5 which passed in 1990, and Measure 50, which passed in 1996. Measure 5 imposes a limit of \$10 per \$1,000 of real market value for the overall payments of general government taxes. Please note that voter approved general obligation bonds are exempt from this calculation. Measure 50 placed permanent rate limits on taxes in districts and changed the concept of assessed values as used in calculating the tax rate. As a result of these changes, County Tax Assessors maintain two separate values for each parcel of property. The real market value is the value that is determined based on the sale of similar property in that neighborhood. The assessed value is used to calculate property taxes. The assessed valuation of individual properties is limited to a maximum increase of three percent increase per year. The assessed valuations cannot exceed the real market value for the property. Ownership changes do not affect the assessed value of the property.

The City of Newport has not been significantly impacted by compression, which results when the rate limits enacted by Measure 50 are exceeded on individual properties. Compression applies to the real market value of properties rather than the assessed valuation. If taxes being raised on an individual property exceed \$10 per \$1,000 for all general government uses, less general obligation debt, then the tax bill for that property is reduced or "compressed." As market values for property increase, compression becomes less of a concern. In the event of a major downturn in the economy that affects property values, then compression can be more of an issue. In understanding the future growth of property tax revenues, the impacts of Measure 5 and Measure 50 will need to be periodically examined. The history of the collection of current property taxes for the city is as follows:

Current Property Taxes		
Fiscal Year	Taxes Received	Percent Change
07-08	\$4,156,378	-
08-09	\$4,308,044	3.65%
09-10	\$4,410,253	2.37%
10-11	\$5,194,132	17.77%
11-12	\$5,489,776	5.69%
12-13	\$5,610,803	2.20%
13-14	\$5,697,050	1.54%
14-15	\$5,925,405	4.01%
15-16 (est.)	\$6,068,852	2.42%

Please note that in fiscal year 2010/2011, the city realized a 17.77% increase in its General Fund tax collections as a result of the closure of the Northside Urban Renewal District. Once this tax increment financing district was closed, all taxing units, including the City of Newport, began receiving the portions of the taxes that were captured for various redevelopment projects within the Northside Urban Renewal District area. Please note that these revenues lag economic conditions by about two years. The city should continue seeing a modest growth in property tax revenues for the foreseeable future.

Other Major Revenues

Other significant sources of revenues for the City of Newport include the transient room tax and local gas tax, state shared revenues, state gas tax and franchise fees, and line undergrounding fees from various utilities utilizing the city’s right-of-way or being granted an exclusive franchise within the city.

Two of these revenues that the city collects locally indicate tourism activity including the room tax and gas tax revenues. Ordinance No. 1984 authorizes the collection and use of a one cent per gallon motor vehicle fuel tax on motor vehicle fuel dealers that sell or distribute fuel in the city from November 1 through May 31 of each year. This tax increases to three cents per gallon from June 1 through October 31 annually. Since the gas tax is a fixed rate on gallons of gasoline sold in the city which is unaffected by inflation, it is a good indicator of tourism and economic trends in the community. Another important indicator of the tourism business is the collection of transient room taxes. The city collects a 9.5% tax on room rentals in the city. Please note that an increase in room taxes reflects several possible scenarios, including an increase in occupancy and in the prices of rooms. Both

of these occurrences are indicators of economic growth. A recent history of the transient room tax and gas tax collections follows:

Tourism Related Taxes		
Fiscal Year	Transient Room Tax	Newport Gas Tax
07-08	\$2,242,760	-
08-09	\$2,229,833	-
09-10	\$2,278,501	\$59,839
10-11	\$2,297,743	\$139,689
11-12	\$2,367,590	\$150,063
12-13	\$2,419,698	\$176,114
13-14	\$2,764,050	\$155,463
14-15	\$3,167,000	\$140,202
15-16 (est.)	\$3,550,000	\$150,000

Furthermore, three additional key revenues include:

Other Major Revenues			
Fiscal Year	State Gas Tax Fund 251	Franchise Fees Fund 101/252	State Revenue Share Fund 101
07-08	\$488,207	\$903,022	\$108,248
08-09	\$405,125	\$870,131	\$97,558
09-10	\$439,764	\$1,087,424	\$92,375
10-11	\$510,880	\$917,554	\$80,119
11-12	\$547,261	\$1,067,719	\$130,131
12-13	\$538,094	\$993,622	\$110,800
13-14	\$531,965	\$982,000	\$157,460
14-15	\$584,599	\$869,202	\$121,715
15-16 (est.)	\$574,687	\$992,500	\$125,366

A portion of the state gas tax, collected by the state, is returned to local units of government for maintenance of local streets. The franchise fees consist of the fees that are collected from various users of the city's right-of-way, or from companies that are

provided an exclusive franchise in order to serve Newport's citizens. In addition, the franchise fee revenues include line undergrounding fees that are paid by the electrical company, and are designated in a separate Line Undergrounding Fund (305). While these funds have varied over the years, a stronger economy generally provides more revenues to the city to fund various government operations.

Overall, the city has seen some variation in each of these revenues which have been caused by the impacts of the Great Recession with a gradual recovery occurring more recently.

Water, Sewer, and Infrastructure Fees

The City of Newport provides for the pumping and storage of raw water, the filtration of this water source into safe drinking water, and then distributes this filtered water throughout the city for the customer use in homes or businesses. The city also runs a completely separate system that collects wastewater from various homes and businesses and transports that wastewater through a series of lift stations to the wastewater treatment plant where the wastewater is cleaned and then discharged into the Pacific Ocean, and biodegradable sludge is deposited on land from the wastewater operation. With Newport's rugged terrain, the city has a significant number of lift stations to force sewage uphill into gravity systems that ultimately lead to the wastewater treatment plant. Each of these lift stations requires a significant amount of maintenance and many of the lift stations have to be replaced in order to avoid failures which cause untreated sewage to be discharged in area waters at various locations in the city. Maintaining safe drinking water at every home and business, and collecting the sewage that results from various homes and businesses, is a very complex and expensive operation, to assure that the drinking water is safe and that the wastewater discharged into coastal waters is clean so as not to minimize negative impact on the environment. Finally, the city maintains a system of ditches and storm sewers to collect rain water and transport it to appropriate outfalls which adds a third separate set of mains and pipes under many of the city streets.

The systems of water mains, sewer lines, and storm sewers in many areas of the city are reaching the end of their useful life. In recent years, the City Council has increased the utility rates to both eliminate operating shortfalls in these funds and to provide the necessary infrastructure funds to begin rebuilding portions of aging water and sewer lines and components in the city. The city has been undertaking a major evaluation of its infrastructure, and has prioritized various projects that need to be done in order to begin the process of rebuilding these utility systems. The City Council previously adopted a capital improvements surcharge to help facilitate various infrastructure replacements in the city. This surcharge is collected on the water bills. Furthermore, the city has increased water and sewer rates in order to generate sufficient funding for the safe operation of the water and sewer systems, as well as for capital needs to replace lift stations, water mains, booster stations, water tanks, and other parts of the infrastructure system, necessary to provide for a sound and safe system to continue serving the city into the future. The water and sewer charges collected by the city over the past years follows:

Water, Sewer, and Infrastructure Revenue			
Fiscal Year	Water User Charges Fund 601	Sewer User Charges Fund 602	Capital Improvement Surcharge Fund 402
07-08	\$1,717,891	\$2,227,673	-
08-09	\$1,888,891	\$2,394,222	-
09-10	\$1,816,018	\$2,414,461	\$410,172
10-11	\$1,969,600	\$2,485,945	\$424,871
11-12	\$2,220,881	\$2,642,935	\$458,286
12-13	\$2,745,603	\$3,208,295	\$513,425
13-14	\$3,254,281	\$3,537,325	\$517,495
14-15	\$3,523,479	\$3,832,265	\$558,797
15-16 (est.)	\$3,750,000	\$3,815,000	\$594,713

There has been a significant increase in revenue in order to be able to fund needed infrastructure improvements into the future for the city. The City Council established an Infrastructure Task Force to evaluate this strategy with a report being provided to the City Council on January 6, 2014. The report suggested that the City Council redirect this effort from utilizing a “pay as you go” approach which relies on utility rate increases to pay for immediate capital project needs to a process in which major segments of the work would be bonded and paid back over time. The impact of the alternative approach is for overall lower future utility rate increases for residents in exchange for allocating these costs over a 20-year period when the bonds would be paid back through utility rates. There is merit in considering this type of plan since the users of the water and sewer utility system over the next 20 years will be paying for improvements that they are enjoying during this time. Furthermore, with the typical life of underground utility systems, the rate payers will, at some point in the distant future, enjoy a period of lower rates and/or will establish replacement reserves once these debts are satisfied.

Please note that during the current fiscal year, the city has seen reductions in gallons of water and sewer sold through the course of the year. There are a number of explanations for this occurrence, which include continued efficiencies in newer appliances, toilets and other water users that will reduce the flows in individual households and businesses, added conservation based on the price of water and sewer, and fluctuations in the economy, particularly for those entities use a lot of water and sewage services. While we have seen increases in tourism, reports show that 2015 the commercial fish catch and

fish processing fell below last year's levels. A major user of water are the processing plants on the bay front.

In the current fiscal year, funds were appropriated to conduct a rate study of our water, sewer and infrastructure fees. This rate study will determine whether we are balancing the costs in a fair and appropriate way among the users of the water system. For example, if we have a high base rate and lower variable rates, the bigger burden is placed on the lower users of water to support the water and sewer utility system. If the base costs are reduced, and the variable rate increase then that pushes the burden on larger water and sewer users within the city. This will also be a good opportunity to review the balance between the water and sewer funds for the rates that are collected. As we go through the budget process, it appears that our sewer fees are not able to keep up with the demands for operations and capital outlay as well as the water fund is doing. It may be appropriate to shift some of the fee structure from the water to the sewer in order to balance that without causing a significant impact on our utility customers. The utility rate study will help balance that as well. We hope to have a contract to proceed with the rate study before the end of the fiscal year.

Expenditure Trends

Listed below are various expenditure trends within the city's General Fund including personal services, materials and services, and transfers to other funds. These are the most significant categories of expenditures from the General Fund. I have included the original budgeted amount, as well as an estimate of the year-to-date expenditures. Please note that the budget numbers are significantly higher than what we estimate will be expended this year. This is in part due to a number of vacancies that were budgeted but not filled in the fiscal year. Materials and services have been fairly stable over the past four years as well. Finally, the General Fund supports other funds such as the Airport Fund, the Recreation Fund, and Street Fund which are reflected as fund transfers in order to provide operating and capital outlay dollars for these operations. Listed below is financial information for the past three years broken down by these three categories:

General Fund						
	11-12	12-13	13-14	14-15	Amended Budget 15-16	Estimated 15-16
Personal Services	\$5,686,017	\$5,838,843	\$6,143,165	\$6,308,791	\$7,170,011	\$6,890,904
Materials & Services	\$2,400,925	\$2,794,323	\$3,252,868	\$2,649,783	\$2,867,577	\$2,682,612
Transfer to Other Funds	\$1,091,777	\$859,912	\$1,943,155	\$1,509,403	\$1,344,677	\$1,344,677

On reviewing expenditures, it is important to keep a balance between personnel costs and materials, services, and proper reinvestment in equipment, tools, special services and other activities necessary to continue keeping a city organization healthy and to meet the needs of the citizens of the community. During times of some economic uncertainty, I am always much more comfortable reinvesting in city facilities, buildings and infrastructure rather than adding to the city's payroll. When the city makes a decision to replace \$80,000 worth of playground equipment, that purchase represents a onetime capital investment that will be good for a decade or two. If the city considers adding a job as part of the budget process, and assuming that job with fringe benefits equals the same \$80,000 in the current fiscal year, the real result of that decision will cost the city not \$80,000 but \$800,000 over the next ten years without factoring any inflation. As the city looks for ways to meet the capital costs to sustain its buildings, parks and other facilities, the city also needs to be aware of the long term impacts of adding staffing to the city organization.

That being said, we also need to review the overall organizational needs of the city. Staffing issues can be forestalled for a period of time; however, unless the city is willing to reduce scope of services, then appropriate levels of staffing need to be considered.

REVIEW OF FINANCIAL ACTIVITY FOR THE 2015/16 FISCAL YEAR

In developing the budget for the 2016-17 Fiscal Year, it is critical to have a clear understanding of how the various funds will finish the current fiscal year. These estimates form the basis of the beginning fund balance for the next year. They also provide a look at where the revenues and expenditures are anticipated to end up as compared to the budget numbers projected last year at this time. The department heads are asked to project the expenses for each of the departmental budgets. The Finance Department typically does the projections for revenues for the City's funds.

In developing the current year budget, there were certainly limitations in interpreting the previous revenues and expenditures with the recent change of both the City Manager and Finance Director. We have been very fortunate to have the expertise and institutional knowledge of Assistant Finance Director, Linda Brown, to help us understand past history relating to financial matters. As we continue the transition with Finance Director, Mike Murzynsky, the financial understanding of the city is continuing to improve. This will help facilitate better budget estimates going forward into the next fiscal year. There are still some uncertainties with some of our financial estimates; however, I believe we will continue to err on being conservative in our estimates which will likely place the city in a stronger position than what is anticipated with the 2015-16 year estimates, as well as the projections for the next fiscal year.

General Fund (101)

In reviewing estimated general fund revenues for the fiscal year that will end on June 30, 2016, it appears overall that we are running ahead of our budgeted amounts by

approximately \$210,000. The room taxes in the general fund (54% of the collected amount) continue to outperform projections with an estimate of total revenues of \$1.9 million dollars by the end of the fiscal year. Property taxes are coming in slightly higher than anticipated. There are a number of revenues that will fall below the projected amounts; however, they are more than offset by revenues that will finish the year higher than anticipated.

Based on our eight-month projection, it appears our expenditures in the general fund will be running approximately \$900,000 under the appropriated amounts. The most significant reason for this that we have had a number of vacant positions that we were not able to fill during the course of the year. While from a budget standpoint, this certainly helps finish the year in a stronger position, these vacancies have also interfered with our abilities to get certain tasks completed throughout the course of this year. In reviewing individual cost centers within the general fund, it appears that IT is running significantly under budget for the course of this fiscal year. This is based on reduced costs of maintenance agreements and data processing leases as well as expenditures running under budget. The city's Safety Coordinator budget is anticipated to finish the year about \$25,000 under budget. The Police Department is running about \$80,000 under budget. The Emergency Coordinator position has not been filled at this point. Interviews are currently underway, but it is anticipated that this budget complete the year approximately \$80,000 under budget. The Library is running about \$70,000 under its budget. Facilities is projected to run about \$35,000 under budget, with grounds and operations running about \$60,000 under budget. In the Community Development budget, expenses appear to be running \$50,000 under budget. The significant reason for this is the filling of the Planning position has not occurred at this time. The projected ending fund balance for the general fund is estimated at \$3,524,708 as of June 30, 2016. The ending fund balance includes a net difference between the revenues obtained and expenses incurred during the fiscal year, plus folding in any unused contingency that is estimated to be in place by June 30. This fund balance is our beginning point for the next fiscal year.

Other City Funds

In the Parks & Recreation Fund (201), it is estimated that revenues will slightly exceed the appropriated amount by June 30. The total expenditures are estimated to run about \$100,000 under budget by the end of the fiscal year.

Revenues in the Airport Fund (220) are estimated to fall under the estimated amounts by approximately \$117,000. The area most impacted by this is the sale of both jet and av-gas at the Airport. Fortunately, this lost revenues is being more than off-set by a reduction in expenditures in operation of the Airport over the appropriated amounts of about \$160,000.

Revenues in the Room Tax Fund (230) are running \$369,000 over the amounts that were budgeted for current fiscal year. Expenditures are running approximately \$60,000 under the current year amended budget for this fund. Please note that when the room tax is received 46% of it goes directly to the Room Tax Fund (230), and 54% goes to fund General Fund activities (101). In 2013-14 100% of the tax was collected in the Room Tax

Fund with 54% of it being transferred to the General Fund. Direct deposit of the funds in each was initiated in 2014-15. The City Council determines whether expenditures out of the Room Tax Fund meet or serve the tourism needs of the City of Newport.

The Building Inspection Fund (240) is running ahead on projected revenues by about \$90,000, with expenses running within appropriations.

Revenues for the Street Fund (251) are anticipated to come in slightly higher than budgeted with total expenditures coming in approximately \$200,000 under what was projected at budget time.

Revenue in the Water Fund (601) are running behind budget amounts by about \$200,000. This corresponds with production records that show a decline in water usage during the current fiscal year. Fortunately, this is offset by the expenditures estimated to be below the budgeted levels by approximately the same amount.

In the Wastewater Fund (602), projected revenues are running about \$65,000 under the estimated amounts at budget time last year. Expenditures in the Wastewater Fund are estimated to run about \$180,000 under the appropriated amounts for this fiscal year.

Finally, the last key operating fund is the Internal Service Fund for Public Works. This fund includes the administrative functions of Public Works, Engineering, and Facility Maintenance. This fund is running significantly under budget due to vacancies that occurred throughout the course of this fiscal year. Estimated expenses will be approximately \$200,000 under the appropriated amounts for this fund.

Capital Outlay

The Capital Outlay projects are broken out into several specific funds. General Capital Outlay projects (402) cover various projects that are not funded by one of the city's business type funds (the Water and Sewer Fund).

The City of Newport began budgeting capital outlay projects on an individual basis last year. This is the second year of this process. This allows for tracking of the individual budgets for individual projects. Furthermore, it is our practice to appropriate funds for the entire project wherever possible, even though these projects will carry over into future fiscal years. This assures that the funding for those projects is specifically reserved in a capital outlay fund to avoid over committing capital funding from resources that are needed to complete these projects in future years.

For the General Capital Projects, the current amended budget is \$21,000,000. We are estimating at year end, that \$7,300,000 of this amount will be spent with the balance being carried over into the next fiscal year. A separate cost center has been set up for the Aquatic Center capital project. A total of \$8,381,165 is appropriated in the current fiscal year for this project. There will be additional appropriations in the 2016-17 budget for this project, as per the financing plan that Council adopted at the time of award. We are estimating that of this amount \$3,256,688 will be spent in this current fiscal year, with the balance being carried over to the next fiscal year.

For the Airport projects, there is still retainage that will be paid to the contractor as well as additional work as part of that original project. We are anticipating that a portion of this funding will be carried over into the next fiscal year as well.

For capital projects that are proprietary (water and sewer), the current year admitted budget is \$11,610,343. We anticipate that \$3,876,139 will be spent of that amount during this fiscal year, with the remaining being carried over into next fiscal year.

Urban Renewal

Revenues for Urban Renewal are running ahead of the estimated amount for the current fiscal year, with expenditures running under budget. This is primarily due to land acquisition funds that were allocated but not spent during the current fiscal year.

The good news is that the majority of the cost centers are performing at or better than what was projected in the development of the current fiscal year budget. The one practice that we need to continue to fine tune; however, is the danger of over appropriating funds that end up not being spent in that fiscal year. While over estimating expenditures is a good conservative way to budget, the problem is that certain programs, activities or projects that we would like to accomplish during the fiscal year cannot be funded since we are over projecting our expenditures in other areas at budget time. On the other hand, by budgeting conservatively and not spending the entire appropriations, it does allow the city to consider projects the following year from surpluses that occur in the previous year. There is always something to be said by spending “money in the bank” versus anticipated revenues. I certainly have a higher level of comfort leaning towards the more conservative side of budgeting to assure at the end of the fiscal year, the city is in sound financial shape.

GOALS FOR THE FY 2016/17 FISCAL YEAR

As part of the budget preparation process, the City Council met in a work session on February 23, 2016, beginning at 10:00 A.M. and concluding at 4:00 P.M. During this time, the Council heard various reports from departments on their goals for the coming year, and developed Council goals for consideration during the FY 2016/17 fiscal year. The draft goals were presented to the Budget Committee, and were scheduled for a public hearing before the City Council on March 21, 2016. Following the public hearing, the City Council unanimously adopted the goals after amending the original goals based on comments from the city advisory committees. Some of the goals that were adopted will have a budgetary impact on the upcoming budget while others will affect staff time and priorities during the course of the next year. Please note that the listing of goals includes 2015-16 goals carried over by the City Council into the next year, as well as goals that were identified for 2016-17. Please note that those goals started with 15.X.X are carried over and those that begin with 16.X.X are new goals. The complete FY 2016/17 Goals for the City of Newport can be found on the city’s website at www.newportoregon.gov.

City Operations

15.1.1 Create an online dashboard that would include the financial reporting on project costs and schedules for Public Works Projects.

It is our goal to establish a timely mechanism to report costs on various projects for the benefit of Engineering, Finance Department, City Management and the City Council. Once this is created, we will have this report available on the City's website on an ongoing basis. It had been our hope that we would have this up and running earlier this current fiscal year. Unfortunately, due to other challenges we have not been able to complete this goal at this time. Please note that I am recommending a new position in Finance that would work directly with Engineering and would be dedicated on a half time basis to improve this process and to provide timely reports for engineering, management, City Council, and the public.

Facilities & Infrastructure

15.2.1 Install streetlights for the Newport Library.

Funding has been included in the proposed budget for Library outdoor lighting.

15.2.2 Proceed with the replacement of the HVAC System at City Hall

A mechanical engineer has been retained to determine the best options of either enclosing a new VAC system or moving a new system under the roof at City Hall. Two hundred and seventy-five thousand dollars (\$275,000) has been appropriated in line item 101-1320-73200 for placement of the City Hall heating system.

15.2.3 Develop a long term financing plan for City facilities and begin funding that plan.

The City has established reserves for Police and Fire equipment needs, the City currently does not have any program to fund reserves for the replacement of buildings. In fact, the current funds available for capital outlay improvements to buildings is not sufficient on an ongoing basis. With completion of water, storm water and sewer master plans still underway, the earliest we could envision proceeding with this effort would be in 2017-18 unless directed otherwise by the Council. We are evaluating the creation of a facilities fund which would centralize the expenditures of all facilities into one fund as a precursor to this effort.

Community Development

15.3.1 Pursue City beautification

As part of the 2015-16 goals, there was a general "omnibus" a goal that dealt with various aspects of city beautification. In order to be able to address these items in a meaningful way, they are broken down into four separate issues.

15.3.1.1 Pursue City beautification with flower plantings.

There are no specific provisions in the budget to expand any flower plantings in the 2016-17 Fiscal Year. A critical part of this effort is to assure there is a method to maintain anything that is planted during the course of the year in various locations of the city including watering, weeding and any appropriate pruning. Until we can assure that we can properly maintain additional plantings within the city, I do not recommend we initiate any new efforts during this next fiscal year.

15.3.1.2 Implement stronger code enforcement.

This is a goal that needs further definition, I am going to schedule a work session on May 16 including Community Development, Police, and City Attorney to further discuss this goal to determine what type of specific actions the Council is interested in having the city pursue to improve code enforcement.

15.3.1.3 Proceed with annexation of certain South Beach properties.

I have scheduled a work session to discuss annexation issues for June 20, 2016. At this meeting, we will brief the City Council on the various aspects of annexation, which includes legal, financial and others, and seek direction as to how proceed in implementing this goal.

15.3.1.4 Make modifications to the billboard ordinance.

At the June 20 work session, we will be prepared to review the current billboard provisions within the City of Newport, and discuss what provisions the Council would be interested in changing.

15.3.2 Make a concerted local effort, involving the building owners and lot owners of the City Center to repair their buildings

With the adoption of the North Side Urban Renewal District, a refinement plan will be conducted in 2017-18 to review existing conditions and determine opportunities to address some of the basic problems with this neighborhood. Other than general code enforcement issues as outlined in 15.3.1.2, it would be difficult to address this issue in a meaningful way until those tools are in place.

15.3.3 Encourage economic development by being friendly to small businesses and finding ways to make Newport a better place for small businesses success.

The Community Development Department worked with key stakeholders to update the Nye Beach Design Guidelines, eliminating ambiguous language making it easier for business owners to understand the rules they need to follow for new development or when they are expanding businesses. The Community Development Department extended access to building services to five (5) days a week, and has assumed mechanical permitting from the County within the Newport City limits (providing one stop shopping for permits), and has gone live ePermitting this spring so that businesses can submit applications, and in some cases obtain permits online without having to drive to City Hall.

Lastly, the Community Development Department issued 182 building permits in calendar year 2015 with a total construction value of \$21,957,649. This is on par with pre-recession levels of permit activity (e.g. 2006/07) and is a 19% increase over the number of permits issued last year. Land use actions, where owners or businesses obtain approvals for new development, were similarly up over last year's numbers with 67 approvals being issued (a 76% increase). All of these permits were issued within established review timelines with only two appeals (one building and one land use), both of which were upheld. Finally, we will be proceeding with a study of development charges by June 2016.

15.3.4 Create a larger more prominent display for Coast Guard memorabilia within the City of Newport

The City of Newport has been designated as a "Coast Guard City USA" by Congress. An application for continuation of this status is currently being received by the U.S.C.G. Please note this designation is included on the City's entrance signs, as well as on city letterhead and in other ways within the community. I have heard suggestions of placing a maritime flag display on the grounds of City Hall to creating a display area within City Hall to recognize and celebrate the relationship between the City and the Coast Guard in Newport. It is my suggestion that the Mayor and City Manager meet with the local Coast Guard based Commander to discuss how this might best be accomplished with a report coming back to City Council by July 2016. This will enable the City Council to either consider appropriating funds out of contingency for project in the current fiscal year, or identifying funding for the next fiscal year in order to actually proceed with this recognition.

Public Safety

15.4.1 Jointly fund a School Resource Officer with Lincoln County Schools

I have included funding for this position contingent upon funding by the Lincoln County Schools. The contribution from the schools is reflected in 101-1900-44006 with the compensation being included in the personnel services for the Police Department 101-1070-50110 et al.

Personnel

16.1.1 Pursue funding to create a Deputy City Recorder position.

The proposed budget provides for a Deputy City Recorder position to be funded in the City Manager's office. Please note the various administration/records responsibilities of the office are proposed to be reconfigured as part of the 2016-17 Fiscal Year budget.

16.1.2 Pursue designation of a Police Officer as a canine officer and acquire a new Police dog.

The Police Department is proceeding with this effort, with funding be appropriated to address both the canine handler additional responsibilities to one of our Police officers, as well acquiring the new dog,

16.1.3 Maintain funding for an Assistant Planner in the Community Development Department.

This position is currently funded and is proposed to be funded for the 2016-17 Fiscal Year. Applications have been open for a Senior Planner for several weeks. There has been some discussion regarding modifying the requirements to allow for a greater pool of candidates to apply for this position.

16.1.4 Increase resources for the Finance Department to proceed with project management tracking.

A position has been authorized in Finance that would be designated to spend half their time to work with Engineering on tracking projects. Also, funding has been included in the budget to purchase Caselle's Management software that will greatly facilitate this effort. Please note, as described in the budget, the intent would be to shift the court responsibilities back to Finance with either this position or through an arrangement of other positions being responsible for court duties. This will allow greater focus on administrative responsibilities required between City Manager, Recorder and HR in the manager's office.

Human Resources

16.2.1 Conduct a comprehensive review of all job descriptions of city employees and then complete a salary study for employees of the city.

Human Resources has initiated this work with the Public Works Department to meet the obligations the city agreed to in the labor agreement with the Newport Employees Association. All other employees will follow in this process. The budget has been set up with allowances for adjustments to occur retroactively to July 1 in the 2016-17 Fiscal Year for employees where additional adjustments need to be made in accordance with the salary study. Please note, depending on the scope of changes identified in the salary study, salary adjustments may occur over a multiple year period in order to fully implement the findings of this study.

16.2.2 Pursue reorganization of the Public Works Department.

This effort does not have budget ramifications for the upcoming fiscal year. It is our intent to focus on Public Works during the course of the next nine months in order to develop a plan for how we want to proceed in the future with these very important services that are provided to the City of Newport. I anticipate this will follow the same tract that we did with the Finance Department in identifying specific roles and organizing staff accordingly. Any budgetary impacts from this reorganization would be reflected in the 2017-18 Fiscal Year budget.

Community Development

16.3.1 Complete a comprehensive parking study for the Bay Front, City Center and Nye Beach.

A consultant has been retained and various community meetings have been initiated regarding this effort. The study will be ongoing over the course of the next year. The conclusions of the study will be utilized to help frame any budgetary issues in the 2017-18 Fiscal Year.

16.3.2 Conduct a review of the System Development Charges for the City of Newport.

This is a currently budgeted project, and it is anticipated that the contract to proceed with this review will be initiated in June of 2016. We have frozen the SDC charges until after this study is complete.

16.3.3 Review the roles and functions of city advisory committees.

During the upcoming fiscal year, it is my intent to evaluate the roles of the various advisory committees, determine what type of training is necessary for committees, staff that supports the committees, and committee chair persons. We want to proceed with this effort to obtain the best value of our citizen's time to advise staff and the City Council on various issues going forward. This is an important item on my "to do" list. I hope to complete this effort before the end of the calendar year.

16.3.4 Secure the second half of funding for the Park's Master Plan to initiate this project in the 2016-17 Fiscal Year.

Partial funding is appropriated in the current fiscal year. In discussing this issue internally, it will be more meaningful to tackle the Park's Master Plan after our community visioning effort is completed. The community visioning process will help frame a number of critical issues that are important in the development of a Park's Master Plan. The visioning process could provide data that may reduce the cost of the Park's Master Plan since it will be new data that will not need to be recreated as part of the master planning process. Finally, from a staffing standpoint, it would be difficult for us to maintain the effort for a comprehensive community visioning effort and do a meaningful good job on the recreation plan as well. There are no additional funds appropriated in the 2016-17 Fiscal Year for the Master Plan. With the funds that were appropriated last year, and a commitment of funds in the 2017-18 Fiscal Year, this master planning process could start in the spring of 2017, or after the beginning of the fiscal year on July 1. The additional funding would not be necessary until the 2017-18 Fiscal Year.

16.3.5 Develop a mountain bike trail system on reservoir property that would also include a walking trail with disability/wheelchair access.

There are a number of significant issues that would impact this goal. First of all, the City Council is embarking on a feasibility study that could impact trails and access to trails on reservoir property. While the actual construction of a new dam, could be a number of years down the road, it will be important to understand the impact that this facility could have on any trail development at that location. Secondly, the mountain bike trail system and walking trail with disability/wheelchair access could be done as part of the recreational planning process that is likely to occur in 2017. Nothing has been budgeted

in the current fiscal year for this project. It would be appropriate to have Parks & Recreation begin to evaluate the scope, at a staff level, of how this would be developed. This report would then be provided to the City Council by December 2016 to determine the advisability of this project.

16.3.6 Investigate relocating the National Guard Armory to the Airport/South Beach.

This project is an interesting prospect based on a number of timing issues. First of all, with the creation of a North Side Urban Renewal District, there will be resources that may be available to help facilitate significant changes to this important part of the community. The National Guard facility occupies a significant piece of property on the south end of the city center. Furthermore, with the discussions that have been held regarding the role of the Airport as an emergency response facility, incorporating the National Guard into the Airport could potentially fit well with that long term goal. I will initiate communications with the National Guard to determine whether this would be a possibility they would be interested in pursuing. If there is an interest, it certainly is an appropriate time to discuss this with Airport master planning process to evaluate the feasibility of housing the National Guard at/or near the Airport from a Federal Aviation Administration standpoint. I will have a report back to the City Council in July on these initial discussions.

16.3.7 Promote housing for all income levels, incorporating the requirements for smart growth and livability.

Since the goal setting session has occurred, a work session was held on this matter with a number of strategies being presented to the City Council for their review. Following the public hearing, a number of strategies were presented for Council consideration at a regular City Council meeting. Council wanted to obtain some additional information prior to identifying specific strategies to go forward with the portable/work force housing initiatives. A number of City Council members participated in a work shop that involved a number of individuals involved in various aspects of housing in the region. It has further been suggested that a meeting of elected officials and key administrators from the various Lincoln County cities, as well as the county, meet to discuss a regional approach to the housing issues within Lincoln County. It is my intent to schedule a work session to continue the housing discussion on June 6 in order to continue our discussions on housing strategies that Council would like city staff to pursue going forward into the future.

16.3.8 Creation of a map/guide for a self-guided public art tour in the city.

This issue will be assigned by the City Council as a joint project between the Public Art Committee and Destination Newport.

16.3.9 Renovation of the Visual Arts Center doors.

\$2,500 dollars is in the current budget to match local fund raising efforts for renovation of the Visual Arts Center doors if these funds are not spent this year. They will be carried over into next year's budget.

16.3.10 Completion of the public art inventory.

There are no budgetary impacts with this effort. The Public Arts Committee working with City Recorder, Peggy Hawker, are continuing the efforts to develop a comprehensive public art inventory for the City of Newport.

16.3.11 Complete the percentage for arts project for the Aquatic Center.

This project is fully funded and under contract for completion during 2016.

16.3.12 Identification, Inventory and restoration of the Bay Front murals.

\$5,000 is appropriated in this year’s fiscal budget under room tax, and \$5,000 is also appropriated in 2016-17 for this effort. The inventory for the Bay Front murals is included in the city’s total public art inventory. This issue will be assigned to the Public Arts Committee to pursue these items.

Capital Outlay

16.4.1 Review operations and plan for the startup of the new Aquatic Center in conjunction with the Recreation Center.

Parks & Recreation staff, along with the Finance Department, Engineering and I have been meeting to be fully prepared for the startup of the new Aquatic Center pools at the Recreation Center. There are a number of staffing recommendations in the proposed budget to help facilitate a smooth transition to this expanded recreational opportunity. In addition, there has been discussion regarding the fee structure that will be used for the combined center.

16.4.2 Make improvements to the Betty Wheeler field to address drainage problems.

The Betty Wheeler field is a popular facility whose use can be limited to during wet weather because of drainage issues. Funding has been appropriated to address the drainage problems in this field from the Room Tax Fund.

16.4.3 Conduct a seismic study of the Airport runways and facilities.

Local match funding has been appropriated in the general capital outlay fund in the event the city is successful in obtaining a grant for this study.

16.4.5 Develop a parking for the City Hall campus to address the pool and other campus needs, including the Farmer’s Market

City staff has been pursuing discussions on the lease/purchase of a significant parking lot adjacent to the City Hall campus to expand parking for the City Hall campus and pool and for possible use for special events, such as the Farmer’s Market. I anticipate making a report to the City Council by June of our discussion/negotiations regarding this possibility.

16.4.6 Continue with reinvesting to renew the city’s infrastructure.

The 2016-17 proposed budget contains significant additional funding for the reconstruction of infrastructure within the City of Newport. In addition, the City Council has committed funding in the current and previous fiscal years for projects that are in various stages of design or construction. The city remains very committed to continuing its efforts at renewing critical infrastructure that services residents, visitors and businesses within the city.

Equipment

16.5.1 Install four security cameras at the Library.

This project is budgeted in the 2016-17 Fiscal Year budget.

Operations

16.6.1 Undertake a comprehensive sewer and water rate study.

This is currently a budget project. It is our hope that we will be able to award a contract on this work before the end of the current fiscal year.

16.6.2 Review and write comprehensive water and sewer policies.

This effort will be conducted internally by staff to coordinate with the rate study that will be conducted in 2016.

The above report identifies the planned disposition of the goals that have been developed by the City Council for the 2016-17 Fiscal Year. From a budgetary standpoint, if the Budget Committee or City Council believes something should be funded that is not proposed for funding as part of the proposed budget, then this is an item that can be added for consideration by the Budget Committee during the budget review. This is a long list of goals, but I believe that we can make a significant headway on a majority of these goals during the next fiscal year.

PROPOSED BUDGET FOR THE FY 2016/17 FISCAL YEAR

In developing a budget for the 2016-17 Fiscal Year, Finance Director, Mike Murzynsky, Assistant Finance Director, Linda Brown, and I have spent a good deal of time working through a number of budgetary issues to better understand the city’s financial needs through the course of the fiscal year. Also, we continue to work to make our budget process compliant with the Department of Revenue rules and guidelines. The State of Oregon has some very specific and detailed requirements for local units of governments to follow. One area that we will be discussing with the Budget Committee is in regards to the city’s fund balance policy. In 2014, the Council adopted a policy that Interim Finance Director, Bob Gazewood, and I developed. While the policy was reasonable from a cash flow standpoint for the city’s various funds, it was not consistent with various aspects of the Department of Revenue guidelines for local budgets.

The proposed 2016-17 budget is constructed around a draft policy that will be reviewed by the Budget Committee. The most significant change in this policy is that the unappropriated ending fund balance for each of the operating funds should only contain enough cash to meet cash flow requirements through the course of the fiscal year. For the General Fund, that means there needs to be sufficient cash preserved by the time the city reaches November when the property tax revenue is collected by the County and provided to the local government. The unappropriated ending fund balance cannot be appropriated during the fiscal year unless there is a declared emergency. The Department of Revenue provides that surplus funds in any fund for a local unit of government should be contained in a reserve for future expenditure. The 2016/17 proposed budget has been developed along these lines. The reserve for future expenditures are funds that are not intended to be spent during the fiscal year. However, if the need arises during the fiscal year. To utilize this money, a supplemental budget may be adopted to appropriate the expenditure.

The third category of funding is the general operating contingency. The general operating contingency is for the placement of funds that may necessitate spending during the year on items that cannot be specifically identified at the time the budget is being prepared. So unlike the reserve for future expenditure, there is general thought that contingency is likely to be used during the course of the year. Based on these new definitions, funding levels for the various operating funds for the city have been established in a draft financial policy for fund balance contingencies and reserves for the City of Newport for review by the Budget Committee and City Council.

The funding policies take into account that our budget uses conservative assumptions so that we normally have unspent appropriated funds at the end of the fiscal year. As a result, I believe it is appropriate not to tie up significant funding in fund balance, undesignated reserves for future expenditures or contingency in the budget. Based on my third go around with the budget process, I feel the proposed budget appropriate a comfortable level of expenditures in each of the operating funds.

In working with the departments, I encouraged them to consider various needs in preparing a recommended budget for consideration for the FY 2016/17 Fiscal Year. As you will see in reviewing the budget, there were a number of requests for additional positions, as well as various capital outlay and equipment needs, from the departments. I indicated that in the development of a proposed budget, I would review their needs for consideration in the development of a proposed budget for the fiscal year.

In evaluating the budget requests, and developing a proposed budget for the Budget Committee's consideration, it is clear that there is not enough resources to meet a number of important needs within the community. I have attempted to balance the city's significant capital needs with the operational needs of the various departments. While the city is making significant strides in various infrastructure type projects, the amount available for reinvesting into its parks and public buildings is not sufficient. As Finance Director, Mike Murzynsky, and I continue to develop a comprehensive working knowledge of the city's finances, we will be in a stronger position to make some specific recommendations as to

how to best utilize the limited resources available in order to balance the capital and operational needs of the City of Newport.

Recommended Revenues

The Finance Director has prepared an estimate of General Fund property taxes for the FY 2016/17 Fiscal Year. As you are aware, the City of Newport permanent tax rate is 0.0055938, which is multiplied against the assessed value for the city. The Finance Director has estimated the assessed value for the 2016/17 Fiscal Year as follows:

Assessed Value			
Fiscal Year	Assessed Value	Increased Over Prior Year	Percent Increased
15-16	\$1,280,355,385	\$36,994,034	2.89%
14-15	\$1,243,361,351	\$35,613,911	2.86%
13-14	\$1,207,747,440	\$12,280,130	1.02%
12-13	\$1,195,467,310	\$16,043,774	1.34%
11-12	\$1,179,423,536	\$13,291,232	1.14%

Utilizing the assessed valuation, the revenue received by the city during the first year of collections of property tax is estimated at \$6,102,448 assuming a collection rate of 93%. This calculation is as follows:

Property Tax Revenue	
Total Assessed Value @ October 2015	\$1,305,962,493
Deducted Urban Renewal (est.)	(\$132,918,810)
Net Value for Tax Computation	\$1,173,043,683
City of Newport Permanent Tax Rate	0.0055938
Estimated Tax Calculated	\$6,561,772
Estimated Discount & Uncollected (7%)	(459,324)
Estimated Taxes Received by the City	\$6,102,448,
Assumed Tax Collection Rate	93%

Furthermore, the city levies an amount of taxes to cover general obligation debt. The amount of debt that will be paid for by the debt fund will include: wastewater bonded debt; water treatment plant bonded debt; and the aquatic center bonded debt. Please note the proposed budget continues to spend down the surplus that accumulated in the debt fund over time. This will smooth the impact on the property tax millage for debt in accordance with the Budget Committee direction two years ago.

Finally, the Budget Committee, acting on behalf of the Urban Renewal Agency, will be required to approve a motion requesting the maximum amount of revenues that will be generated from the tax increment for the South Beach Urban Renewal District to cover proposed appropriations from the District for the coming year.

In addition to the property tax, the city's second largest source of revenue is from the city's room tax. Under Section 3.05.150 of the city code, at least 46% of the room tax revenues shall be used for tourism promotion and tourism related facilities. The City Council shall have the authority to determine which facilities are tourism related. The City Council may determine that some facilities are in part tourism related facilities, and funds reserved for tourism related facilities may be used to cover an equivalent portion of the cost for such a facility.

The room tax has seen significant growth over the last few years, which corresponds with occupancy reports from the Chamber of Commerce. In addition to increased occupancy, higher room rates will generate additional revenues. The city has also been successful with business license provisions in order to collect room tax from vacation rentals that occur within the city.

Please note, the proposed budget reflects a revenue of \$925,000 from a FEMA mitigation grant. These are funds that are provided by FEMA to assist the city in acquiring the property impacted by the slide on NE 70th Drive that occurred during the federally declared emergency this year. If this funding is received, then the abatement expenses shown in Fund 101-1900-6200 would be expended. If we do not get the grant, then that expense will not be incurred by the city.

Please note that in the General Fund (101), the fees in lieu of franchise are \$229,950 in the proposed year as paid by the Water (601) and Sewer (602) Funds to the General Fund. This is paid as a franchise fee to the general fund as has been the practice in the past. In accordance with the motion made by the Budget Committee last year, this amount has been reduced to 3% for the 2016-17 Fiscal Year.

Water, Sewer, and Infrastructure Rates

The City of Newport had previously adopted a schedule for various infrastructure rates that would have resulted in a 10% rate increase for water, a 15% rate increase for sewer, with 5% increases in storm water and infrastructure fees. The Council directed staff to develop a budget that would utilize revenue bonds instead of a "pay-as-you-go" method for financing infrastructure, as part of the recommendations from the Infrastructure Task Force in 2014. Based on preliminary numbers that were developed by Public Works and

Finance Departments, and reviewed by the Infrastructure Task Force, it was determined that the Council could consider a rate structure with an annual increase of 4% for wastewater instead of the 15% that would be required for the “pay-as-you-go” basis, and 5% for water instead of the 10% that would be required for the “pay-as-you-go” basis to reduce the overall impact on the ratepayers for these systems. In accordance with this plan, the proposed utility rates for the FY 2016/17 Fiscal Year calls for a 5% increase in water rates, 4% increase in wastewater, 5% increase in storm water rates, and a 5% increase in the infrastructure fee for the next fiscal year. This will generate funds that will be necessary to support bonding for \$4.5 million in both water and sewer projects for four (4) three year periods over the next 12 years to continue meeting the critical need to rebuild the city’s infrastructure to serve the residents of Newport today and well into the future. The proposed rates are as follows:

Utility Rates (3/4" Residential Meter)				
	Actual 13-14	Actual 14-15	Current 15-16	Proposed 16-17
Water-Monthly Base Rate (includes first 1000 gallons of water)	\$18.90	\$19.85	\$20.85	\$21.80
Water-Additional Usage/1000 gallons	\$3.45	\$3.65	\$3.85	\$4.00
Sewer-Monthly Base Rate	\$21.20	\$20.05	\$22.95	\$23.90
Sewer-Usage/1000 gallons	\$6.10	\$6.35	\$6.60	\$6.85
Infrastructure-Monthly Rate	\$6.25	\$6.60	\$6.95	\$7.30
Storm Drain-Monthly Rate	\$7.15	\$7.50	\$7.90	\$8.25

In reviewing the impact on the average utility customer, a family utilizing 7,000 gallons of water and sewer services will see the following changes in their utility bills. The impact of the “pay-as-you-go” is also illustrated to understand how this would impact utility bills in the city.

Utility Rates				
(3/4" residential meters for 7,000 gallons/month)				
	Actual	Actual	Current	Proposed
	13-14	14-15	15-16	16-17
Water	\$39.60	\$41.75	\$43.45	\$45.80
Sewer	\$63.90	\$64.50	\$69.15	\$71.85
Total Water & Sewer	\$103.50	\$106.25	\$113.10	\$117.65
Infrastructure	\$6.25	\$6.60	\$6.95	\$7.30
Storm Drain	\$7.15	\$7.50	\$7.90	\$8.25
Total Utility Bill	\$116.90	\$120.35	\$127.95	\$133.20

A residential water and sewer user utilizing 7,000 gallons of water per month is currently paying \$113.10. In the proposed budget, the amount that water customers would pay for water and sewer service would be \$117.65. If the City Council had maintained the originally proposed (pay-as-you-go) rates, the increase for the 2014/15 Fiscal Year would have been \$117.00 per month for water and sewer service based on this original plan. In the 2015/16 Fiscal Year, these costs would be \$132.37 for water and sewer, and in the 2016-17 Fiscal Year, the costs would be \$149.00 per month. The use of Revenue Bonds for capital outlay have resulted in a savings of \$31.35 per month for water and sewer along over the Councils original pay as you go plan. Please note the total utility bill, with the infrastructure fee and storm drain fee, are proposed to go from \$127.95 per month to \$133.20 per month for residential customers using 7,000 gallons of water per month. The increase in fees from water and sewer customers is essential in order to meet the demands that exist for the replacement of critical infrastructure to continue providing safe drinking water and to minimize discharges of untreated sewage in the creeks, bay, and coastal waters surrounding the city.

The city utility bill provides a place for customers to make a contribution to assist the emergency needs of our utility customers. This still is not a significant source to revenue to meet emergency needs within the community. The City Council could consider a more aggressive means of funding this emergency fund including rounding up bills and placing the difference within the emergency fund, include the emergency fund in the bill calculation and allow the customers to deduct that contribution from their bills or other similar methods.

Furthermore, the utility rate study for water, sewer, storm water and the infrastructure fee will occur during 2016. This review will evaluate the rate structure to determine whether the financial burden of the water, sewer, storm water and infrastructure fees are being fairly spread amongst the various types of customers within the city. Also we will review all of our various water and sewer policies. With the importance of generating revenue to rebuild the infrastructure system, and the burden these fees place on the various water and sewer utility users within the city, it is incumbent upon the city to make sure we have a fair and appropriate system for allocating the expenses among the various utility users. The rate study will also address the emergency fund and look at means to generate a more meaningful source of revenue to assist emergency needs within the community. The City Council will have the opportunity to implement any new rate structure during the year, or wait until the 2017-18 Fiscal Year to implement this study.

Comprehensive Fee Schedule

During the 2015-16 Fiscal Year, the City Council adopted its first comprehensive fee schedule. It is the intent that the fee schedule will be reviewed and modified each year as part of the city's budgeting process. The 2016-17 Fiscal Year will be the first time we incorporate the schedule into the budget discussions. Council will annually adopt a new fee schedule each June. By having a comprehensive fee schedule, it assures that various rates and charges are reviewed on an annual basis. It also allows staff to have one point of reference for fees that are charged to avoid inappropriately charging the wrong amount for a particular service. I would also expect over the years the fee schedule will continue to expand, both picking up fees we are currently charging that are not on the schedule, and adding new fees that are appropriate to offset the cost of certain services provided by the city. Please note that the city had a number of fees that were reviewed effective January 1, 2016. We have shifted that review for those fees to the July 1 fiscal year so they can be considered as part of the fee schedule. Fees for Parks & Recreation, and Community Development fees for various activities have a cost of living provision that has been set up by previous City Councils to make sure those costs remain sufficient as inflation creeps forward. You can see those changes in the Community Development fees, Parks & Recreation fees, etc. Also, there are new fees that have been established and restructured for building permits. This is to make the city's fee structure consistent with the State's fee structure in order to allow for e-permitting going forward.

Also please note that it is the recommendation from Parks & Recreation that the pool only fees be discontinued for new customers of the pool after the pool opens during this fiscal year. It is our recommendation that the current pool only customers will be grandfathered in till such time as they discontinue their membership of the pool. This has been a consistent approach by a number of recreational facilities that have both the pool and the recreation center as a combined facility. There is also an inflationary increase recommended in all of the other various rates. Furthermore, there is a recommendation to increase various parking fines. The fine structure currently in place has not been modified for many years. Basically, all improper parking tickets would be going to \$20 if

paid, in 0 to 10 days. The cost for various water and sewer services are included in the fee schedule, as are the storm water utility fees and infrastructure fees.

Overall, the fee schedule will be a continued work in progress.

Proposed Expenditures

As part of the budgeting process, I encouraged departments to outline their requested levels of personnel and support for departmental operations. I also encouraged the departments to identify capital projects that are needs without direct consideration for the funding that may be available to fund those projects. As part of developing a proposed budget, there are numerous discussions and meetings to refine the budget. The proposed budget expenditures represent my opinion as to how to best meet the organizations needs within the resources available for funding those needs during this upcoming fiscal year,

The departments requested a number of new positions within the city. A new position is one that was not budgeted in the current fiscal year. An existing position is one that was budgeted whether that position was filled or not.

I am proposing several staffing changes for the 2016-17 Fiscal Year. During the goal setting session, Council requested consideration for several staff positions, including an Assistant Recorder/Project Manager. This position would be put in place to facilitate transitional planning, as well as to fill current needs that are unmet with keeping up with various records and projects that occur out of this office. It is my intent to combine responsibilities between this new position and the Executive Assistant's position; eliminate existing part-time clerical positions for HR and Safety, and include those responsibilities with the reassigned jobs. As part of this reorganization, I also intend to shift court responsibilities back to Finance with this responsibility being combined with a capital projects tech position to assist in our capital projects tracking and monitoring. Please note the responsibilities in both of these offices may be shifted around to other individual employees; but I believe these positions will allow us to better meet the service level requested by the City Council for various projects and efforts conducted by the city.

I am also recommending that the Budget Committee consider adding a School Resource Officer. This request would require the school district to participate by providing 50% of the personnel costs for this officer position. This would be great collaborative effort between Lincoln County Schools and the city to increase our presence at the schools. This typically yields other dividends for a Police Department as well.

I am also recommending a part-time custodial position be replaced with a full-time position as a result of upcoming retirement.

Finally, I am recommending several staffing changes in the Parks & Recreation Department to help deal with existing backlogs of work, as well to prepare for the new Aquatic Center that will become part of the recreational facility by the end of 2016. Parks & Recreation staff was substantially reduced a number of years ago. It is my opinion these reductions are not sustainable going forward in the future. While there is a price to

pay by adding staffing in this department, I do believe it is critically important that we are properly staffed going forward with the new facility coming online by January of 2017.

NEW & REQUESTED CHANGES IN STAFFING				
Department	Position Requested	Proposed	Cost (Wages/Benefits)	
City Manager	Add Deputy City Recorder/Special Projects/ Miscellaneous Support	Yes	\$	80,460
Human Resources	Elimate 25% Part Time Postion	Yes	\$	(9,549)
	Add 25% Full Time Position	Yes	\$	15,837
Safety Coordinator	50% Safety Coordinator to Full Time	No	\$	40,503
	Elimate 25% Part Time Postion	Yes	\$	(10,801)
	Add 25% Full Time Position	Yes	\$	15,837
Court	Elimate 50% Court Clerk from City Manager Office	Yes	\$	(31,687)
Finance	Add 50% Capital Projects Tech	Yes	\$	40,226
Court	Add 50% Court Clerk from Finance Office	Yes	\$	40,226
Police	Detective	No	\$	105,562
	School Resource Officer	Yes	\$	83,548
Fire	Fire Prevention Officer	No	\$	113,071
Parks Maintenance/Custodial	Elimate 73% Part Time Position	Yes	\$	(24,453)
	Add Full Time Position	Yes	\$	58,273
Community Development	Change 50% Senior Planner to NURA	Yes	\$	(54,100)
South Beach URA	Add 50% Senior Planner from CDD	Yes	\$	54,100
Public Works	Engineer Tech	No	\$	66,001
Streets Department	Utility Worker I	No	\$	67,793
Wastewater Collections	Utility Worker III	No	\$	84,674
Parks & Rec/60+ Activity Center	Change Office Clerk from 50% to 73%	No	\$	947
	Add 50% Office Clerk	Yes	\$	12,609
	Elimate Driver	Yes	\$	(2,507)
Parks & Rec/Swimming Pool	Add Life Guard Full Time	No	\$	93,854
	Add Lead Life Guard 73% Part Time	Yes	\$	30,312
	Proposed (.73)			
Parks & Rec/Recreation Center	Change 73% Part Time Financial Admin Specialist to Full Time	Yes	\$	22,418
	Change 73% Part Time Control Desk to Full Time	No	\$	32,429
	Change 43% Part Time Control Desk to Full Time	No	\$	37,869
	Add New 50% Part Time Control Desk	Yes	\$	12,088
	Add New 50% Part Time Building Attendent	Yes	\$	12,088
Parks & Rec/Recreation Programs	Add New Full Time Program Coordinator	No	\$	64,812
	Add New 73% Part Time Program Coordinator	Yes	\$	29,886

certainly appropriate for the Budget Committee and the City Council to take a close look at the proposed staffing changes in the budget. These are always difficult decisions to make, since the cost of adding a new position to the city is more than one-year expenditure. It is important to have the ability to sustain that level of staffing in future. Furthermore, it is always critical to balance the capital needs of an organization with its personnel needs. I am always very hesitant to add positions to an organization, but I am also cognizant of the areas in which we are not able to provide the level of support that we would like to provide to the citizens of Newport. It is my opinion the recommended staffing changes are important to implement going forward.

Wage increases as provided in the labor contracts for Police and Fire have been included in the wages line items for those departments. A 2% cost of living increase has been provided non-union employees effective on July 1, 2015. In addition, a contingency allowance has been built into the budget for the Newport Employee's Association members who will receive an adjustment following the completion of the salary study, as negotiated. It is understood between the parties that if there are any significant increases in wages that will need to be accomplished over a period of multiple years for those position justifying that compensation. It is anticipated that the non-union wage study will be done sometime late in 2016. As indicated earlier, all non-union employees would receive a cost of living increase of 2% on July 1, 2016, and if the salary study warrants additional compensation, that compensation would be retroactive to July 1st. An additional allowance has been included in the budget for these adjustments. As in the case with the Newport Employee's Association, any substantial adjustments may be done over a period of years to bring those salaries up to market rates as determined by the salary study.

In other expenditure shifts in the budget, the audit and various retirement costs have been shifted to the Finance Department from the Mayor and Council budget and from Non-Departmental budget in this fiscal year. The Associated Cleaning expenses have been moved to the Custodial Operations budget. Also, the transfers from the General Fund have been increased to Parks & Recreation and to the Airport to cover budgeted expenses for this fiscal year. In addition, \$605,000 is being proposed to be transferred from the General Fund for various capital improvements funded from this source.

Please note, in the Housing Fund (212), \$30,000 has been appropriated in accordance with the memorandum of understanding with the Lincoln County Land Trust. Further, I am recommending a significant requested increase from Destination Newport in the Advertising and Marketing expenses in the Room Tax Fund (230). They have operated with basically the same budget for a number of years. I am recommending that the appropriation for Destination Newport be increased to \$425,000 in the 2016-17 Fiscal Year, with the significant growth in the room tax revenues. Also, I have appropriated \$50,000 for contracted services to maintain landscaped areas of the City from the Room Tax Fund.

In the Building Inspection Fund (240), the City of Newport is now providing all building permit services, including electrical and mechanical. This, along with increased activity, is resulting in a significant increase in revenues coming into this fund. We are working

with Lincoln County on a joint agreement so they can provide services that we cannot provide because of staffing limitations when necessary.

Proposed Equipment Purchases

A schedule of proposed equipment purchases follows the various City funds in the proposed budget document for your review. Again on this schedule, there is a list of items requested by departments and a list of items I am proposing to be funded out of the next year's fiscal budget.

Several of the more significant purchases include: three 2017 Police vehicles to replace existing vehicles; 21 Kenwood portable radios for the Police Department; purchase of another cardiac monitor for the Fire Department, as well as thermal camera; improve exterior lighting at the Library; purchase a van for facilities maintenance, and a van for custodial staff to replace existing vehicles; purchase various equipment needed for the opening of the new pool; purchase a new timing system for the pool; purchase new multi-sport scoreboards for the Recreation Center; purchase a command vehicle, and a used fire truck from the fire reserve. In addition, we have allocated funding to place permanent video cameras in the Council Chambers for the televising of Council meetings and other events. This service has been provided by the public schools; however, with personnel changes, this may not be available going forward in the future. Other equipment purchases can be found on the capital outlay-equipment listing towards the back of the budget.

Proposed Capital Outlay

The 2016-17 budget will be the third year the capital outlay projects have been budgeted by a project by project on a basis. Larger projects will often times overlap fiscal years. As part of the budget process we have estimated expenses that we expect to occur by the end of the fiscal year and carried over those revenues for the 2016-17 fiscal year for completing those projects. The proposed capital projects for this next year are broken up into these separate funds, which are: Fund 402 General Capital Projects, which are typically infrastructure and major building projects, and capital improvements, which are typically smaller projects related to existing facilities. Furthermore, the capital projects are broken down into several categories including: general projects, the aquatic center, airport, etc. Fund 403 includes proprietary fund projects for water and wastewater, and Fund 405 Capital Improvement, which includes upgrades to existing city facilities other than proprietary (water and sewer) facilities. Major projects anticipated in next fiscal year include the Fire Station Seismic Rehabilitation which is grant funded at \$1,461,000, \$408,000 budgeted for street overlay and improvements, \$200,090 for the completion of the Agate Beach Recreation and Wayside improvements, \$1,141,863 is being carried over for the SE 35th and Highway 101 signalization improvements. (Please note this is not a project that will occur in the next year however the budget is lining up local matches to this ODOT project in anticipation of the 2018 construction project.) \$500,000 has been appropriated for Ferry Slip Road utility line undergrounding. The budget proposes to add two more lighted signs at the 101 crosswalks at a cost of \$60,000 apiece (we would like

to add a couple of these each year until all the major crosswalks are signalized). Money has been put aside to work with ODOT on the signalization of Abbey and US 101. \$3.8 million has been allocated for the Bay Moore storm sewer improvements which are anticipated to go forward 2016. Additional monies are proposed for NW 6th Street Storm sewer and Nye Creek Storm sewer repair projects.

For the Aquatic Center the current funds appropriated that will be unspent by June 30th will be carried over for this project. Additional appropriations for the 2016-17 fiscal year include the Room Tax fund and the Agate Beach Fund as outline in the budgeting for this project when this project was awarded last fall. In addition, there is an additional \$100,000 of SDC funds that are available for this project. We believe that this will take care of the building and equipment needs for this project through completion.

In the capital project for the airport the final payments for runway 16-34 project will likely be mad in the 2016 -17 fiscal year as well as local matches for various grants.

Funding has been included for several projects at the VAC and PAC including repairs to the gutters in the VAC as well as exterior painting, and the PAC is prepared to go forward with their lobby and restroom expansion project in 2016. This is a project that was funded in part by the Tourism Facilities Grant and through private fundraising by the OCCA. This will be done as a city project with the funds being provided by OCCA to the city at the time this project is ready for award.

In the proprietary capital projects for water the NE 3rd Yaquina Heights Drive waterline installation is a proposed project along with the Candletree Pump Station replacement and Big Creek Preliminary Dam Design. An emergency generator has been included for the water filtration plant and funding has been made available for the demolition for the old water treatment plant facility. Funding has been appropriated for Golf Course Drive water improvement project and we have allocated funding for fluoridation equipment in the event that the ballot initiative passes in May. If the ballot initiative does not pass in May then these funds would be available for other projects.

In wastewater the single biggest project is the CWSRF funded Agate Beach wastewater improvement project. This project includes couple of lift stations, sanity sewage line improvements to continue the efforts to rebuild infrastructure north end of Newport. In addition, the Big Creek Water Lift Station replacement project continues into 2016 -17 fiscal year along with the Nye Beach Pump Station Screen and Grinder. Sanitary Sewer replacement is being proposed for Hurbert Street between 3rd and 6th. Funding is being appropriated from the Urban Renewal Agency for right-of-way acquisition at several potential locations including any additional land that may be necessary for the 35th and 101 intersection's future alignment, and NW 50th Street for extension of SE 62nd Street consistent with the Newport Transportation System Plan.

Also please note the capital improvement projects which are typically smaller renovation type projects are on a separate schedule included in the back of the budget for your review. Funding has been carried over for the City Hall heating system replacement. We are currently proceeding with mechanical engineering to determine options for this

system. We anticipate having a project ready to go by this fall for replacing this system. Funds have also been appropriated for replacing the City Hall campus generator. The current generator is on its last legs and should not be relied on for any long term services in the event of a major outage. I am also proposing to provide some additional funds for the Fire Hall Retrofit project to cover items that many not be eligible for funding that would be appropriate to take care of at the time the Fire Hall work is occurring. There are a number of other smaller projects included on the schedule.

Please review the capital outlay sheets which list many other projects for consideration by the budget committee for the 2016 -17 fiscal year. It is easier to review these projects on the capital outlay schedule towards the back of the budget, instead of within the Capital Outlay Funds 402, 403, and 405.

COMMUNICATIONS

Attached to my budget message are communication received regarding appropriation requests from the various organization requesting funding in 2016-17:

- Destination Newport Committee
- Lincoln County Transit
- Meals on Wheels
- Oregon Coast Council for the Arts
- Visual Arts Steering Committee

URBAN RENEWAL AGENCY

The City Council acts as the Urban Renewal Agency for the City of Newport on all matters of business. As part of the budget process, the Budget Committee will also review the Urban Renewal budget for the fiscal year beginning July 1, 2016, and ending June 30, 2017. While the Northside Urban Renewal District was closed several years ago, the City Council has appropriated those remaining funds to the General Fund for the specific purposes allowed in the original plan. It is the intent of the city to utilize these funds to replace the HVAC system for City Hall. These funds are showing up as a restricted fund in the General Fund balance with this activity center being closed.

The first activity center within the Urban Renewal Agency Fund (901) is the South Beach Urban Renewal District. This District is actively capturing taxes for various improvements through tax increment financing. Under tax increment financing, any operating taxes levied within the district continue going to each of the taxing entities for the property value when that district was originally established. Any taxes generated from within the established district from growth in assessed value through appreciation or new investment becomes the increment that can be utilized to fund debt for various improvements within the district. These improvements are part of the plan that has been previously adopted for completion of various projects within a fixed time period. The South Beach District has a number of significant projects which are occurring now and in the next fiscal year. These projects have been bonded utilizing tax increment financing from the District to repay

these bonds. The projects will significantly redevelop the corridor near the Yaquina Bay Bridge in the vicinity of Highway 101 in the South Beach area. Please refer to the capital outlay projects schedule under Urban Development for the detail of how these funds are spent.

In addition to the South Beach Urban Renewal District there are two new districts included in the budget this year. The first is the Northside Urban Renewal District Fund (271), and the second is McLean Point Urban Renewal District Fund (272). Both of those district will receive their first increment of taxes this next year. There will be limited activity with either of these urban renewal districts until the increments are sufficient to cover those cost. The first expenditures from these districts will likely be a refinement plan for the City Center area and the Agate Beach area that will provide details as to what type of projects should occur within the guidelines of the Urban Renewal Plan that has been adopted for those areas. The situation is a little different in the McLean Point District. This district will see a significant increment if the Port cancels its leases of private property on the point and that property is added to the tax roles. This will help kick start financing for significant investment in infrastructure in order to connect McLean Point with the rest of the city utility systems.

FUND BALANCE & CONTINGENCIES

As outline earlier in the budget message, the proposed budget has been developed around the draft of a new Fund Balance Contingencies Reserves Policy that has been drafted for review by the Budget Committee and approval by the City Council. As part of this draft policy, I am to report any situations in which the proposed budget falls outside of the policy guidelines. Those funds that are outside the perimeters of the Fund Balance Contingencies Reserves Policy are as follows:

	<u>Targeted Range</u>	<u>Proposed</u>
General Fund (101) Reserves	8% - 15%	7%
Building Inspector (240) Reserves	0% - 25%	76%
Street Fund (251) Reserves	0% - 25%	30%

Two funds exceed the targeted range for Reserves for Future Expenditures. The most significant variance is the Building Inspection Fund. This is a small fund and the proposed budget spends down this balance. The General Fund is proposed to be about one percent under the targeted range. This is not a material difference, although caution should be used in adding other requirements to the budget.

FUTURE BUDGETARY ISSUES

There is a significant amount of work that will be completed on various utility master projects in the next year regarding various infrastructure needs for the city. Once this is completed we will need to sit down and review the findings of the Infrastructure Task Force and update our financial strategies for addressing those needs. This effort is being done in an ad hoc way at this time, which is not the best way to manage facilities. As I indicated in the goal section, I do not believe that we will be able to meaningfully tackle this issue during this next fiscal year. I would like to consider a facilities plan in the following year if we can conclude the work that we have on our infrastructure plans during 2016-17.

The City Administration will also be exploring ways to account for all the operating expenses for city facilities. These expenses are spread to various funds (primarily the General Fund (101) and the Room Tax Fund (230)), and it is very difficult to see in our financial records the expense for operating the City Hall building, for example. This will be important as we look to do facility planning in the future.

On the revenue front, our major tax revenues (property taxes and room tax) continue to see some growth. This is critical to keep up with the day to day inflationary costs of operating a city government. Even though the city has made significant steps on controlling retirement costs for non-police and fire employees, the PERS Retirement system, which covers police and fire employees will be seeing substantial increases in the coming years due to the State Supreme Court rulings that determined that the reform steps taken by the State were not legal. Fortunately, a majority of our employees are not covered by the PERS system and since 2012 all new non-police and fire employees are covered by Defined Contribution Plan which eliminates future liability for the city for those employees. The other continued area of concern from a cost management stand point relates to the cost of health insurance. Even though the City of Newport has converted all of its employees to a high deductible plan with a Health Saving Account, the cost for healthcare continues to significantly exceed normal inflationary amounts. Furthermore, with the requirements that any employees who work more than 29 hours a week are covered by healthcare, the cost for what traditionally would have been a temporary or non-benefit paying job have gone up significantly. This is further compounded with the challenges that the city has had in attracting employees at a number of levels in the city including seasonal and part-time employees who are in short supply and readily leave their job with the city to take another job if a better opportunity comes along. In order to offer competitive wages based on similar cities our size, there will likely be some upward pressures on the cities payroll costs in the future based on the upcoming salary study that will be completed in 2016.

It is my hope in the next fiscal year to develop a more sophisticated projection of future revenues and expenses for the City of Newport. This process would be benefitted by the reports identifying infrastructure needs and trends in operational expenses to develop a longer term financial plan for the City of Newport.

BUDGET SUBMISSION

Pursuant to the City Charter, chapter VIII, section 34(d)(6), I have prepared and hereby submit to the Budget Committee, for the City of Newport, the proposed budget for the fiscal year beginning on July 1, 2015 and ending on June 30, 2016 for your review, modification, and approval.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "S. Nebel", is written over a faint, light blue circular watermark or stamp.

Spencer R. Nebel
City Manager

City of Newport
169 SW Coast Hwy.
Newport, OR 97365
thecityofnewport.net

Dear Spencer Nebel,

We are writing to formally request an increase in the budgeted marketing funds for the Destination Newport Committee.

Our request is as follows:

Current Budget - \$300,000 + \$25,000 contingency.

Proposed Budget - \$375,000 + \$50,000 contingency.

The justification for our proposed increase can be found in the attached presentation.

Thank you for your consideration.

Respectfully,
Destination Newport Committee

"They're your vacation days. Do something new."

Destination Newport Committee

Funding request for 2016 - 2017 fiscal year

I.II.16

Mission Statement

The purpose of the Destination Newport Committee is to promote the City by differentiating it from its competition and to market Newport as the all-season visitor destination.

Committee Members

- ❖ Lorna Davis - Newport Chamber of Commerce
- ❖ Carrie Lewis - Oregon Coast Aquarium
- ❖ John Clark - The Whaler
- ❖ Judy Kuhl - Best Western
- ❖ Ric Rabourn - Hallmark
- ❖ Steve Beck - Farmer's Insurance
- ❖ Dean Sawyer - Newport City Council
- ❖ Spencer Nebel - City Manager
- ❖ Dave Heater - Mariner Enterprises

Recent History of the Committee

- ❖ Decided in 2011 to part with Portland Advertising Agency, Grady - Britton.
- ❖ After parting with Grady-Britton, the committee decided to partner with the News-Times for all creative and production needs.
- ❖ The decision instantly freed up \$200,000+ in the committee's budget for media buys.
- ❖ From 2011-2014, the City of Newport has realized \$24m in total combined tourism spending increases.

Highlights 2011-2015

62

Here are just a few of the projects Destination Newport has commissioned over the past couple of years.

90-Foot Wallscape

- ❖ Key location that towered above the streets, creating a spectacular landmark.
- ❖ Accommodated an unusual creative size for our lighthouse.
- ❖ Achieved mass market awareness with high reach levels.
- ❖ Delivered high reach and frequency over an extended period of time.
- ❖ Provides dominance in key markets and areas.

Promotional Video

- ❖ +100,000 total Facebook views
- ❖ 6,217,603 Nielsen estimated campaign impressions
- ❖ 298,068 additional impressions for in-stream Campaign Delivery
- ❖ Used as international promotional video for the Oregon Coast.

OSU Football Stadium

- ❖ 71,915 total impressions (“reach”)
- ❖ 1,306 unique campaign visitors.
- ❖ 727 total sign ups (56% Conversion)
- ❖ 435 opt ins to receive more info. from Discover Newport.

“What an awesome offer!! I would love any one of the prizes!! Go Beavs!!”

Wendy Jaheman Schmidt

DISCOVER *Newport*

"I think when you grow up there you take it for granted. I've been crabbing with my dad and watched those fire works for so many years. When I go back now as an adult, I see it so differently. Love the video!"

—*Laurie Bruce-Takapu*

Target Markets and Positioning

Newport is an authentic Oregon coast experience offering an extraordinary variety of year-round activities.

Please see attached grid for this section on the presentation.

Target Audience

The consumer target audience varies by season. Typically, the target audience profile is a slight male skew, but female is key influence when children in household.

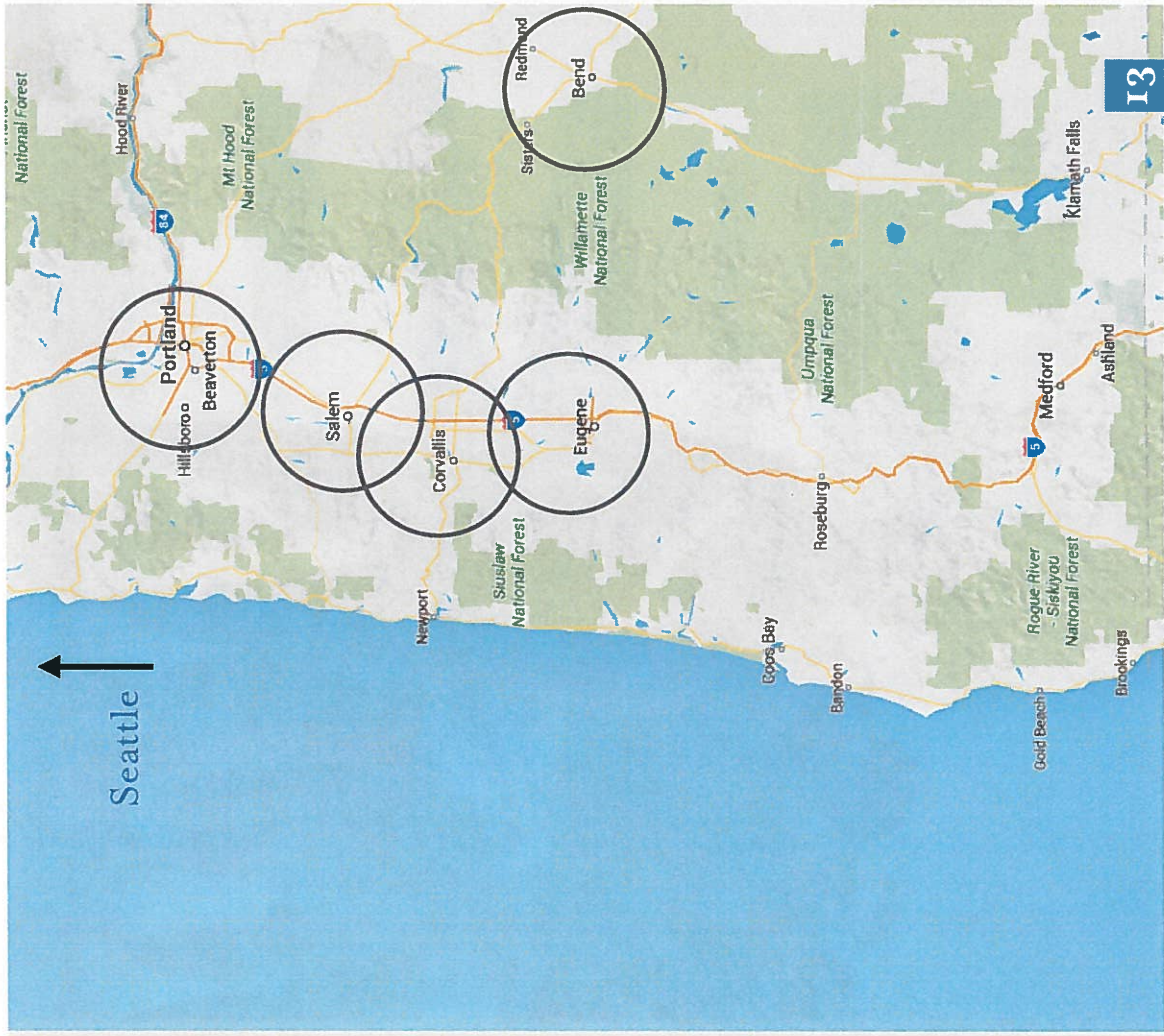

- ❖ Age 25-40
- ❖ Families
- ❖ Household income of \$50,000 to \$150,000
- ❖ Works full-time, generally white collar profession
- ❖ Owns residence worth \$100,000 to \$250,000

Target Markets

The consumer target market varies by season. Typically, the target markets include the following: Portland, Salem, Eugene, Corvallis/Albany, Bend, and Seattle.

The international market is managed by the Greater Newport Chamber of Commerce under their current contract.

Results

Total direct travel spending in Newport was \$150.9 million in 2014. This represents an 8.3 percent increase over the preceding year in current dollars and follows a 7.4 percent increase the prior year. Employment and earnings were also up. The growth in travel spending and related impacts has been driven by an increase in lodging sales.

Total Tourism Spending for Newport (in the millions)

\$27

Total combined tourism spending increase
in the millions from 2000-2010.

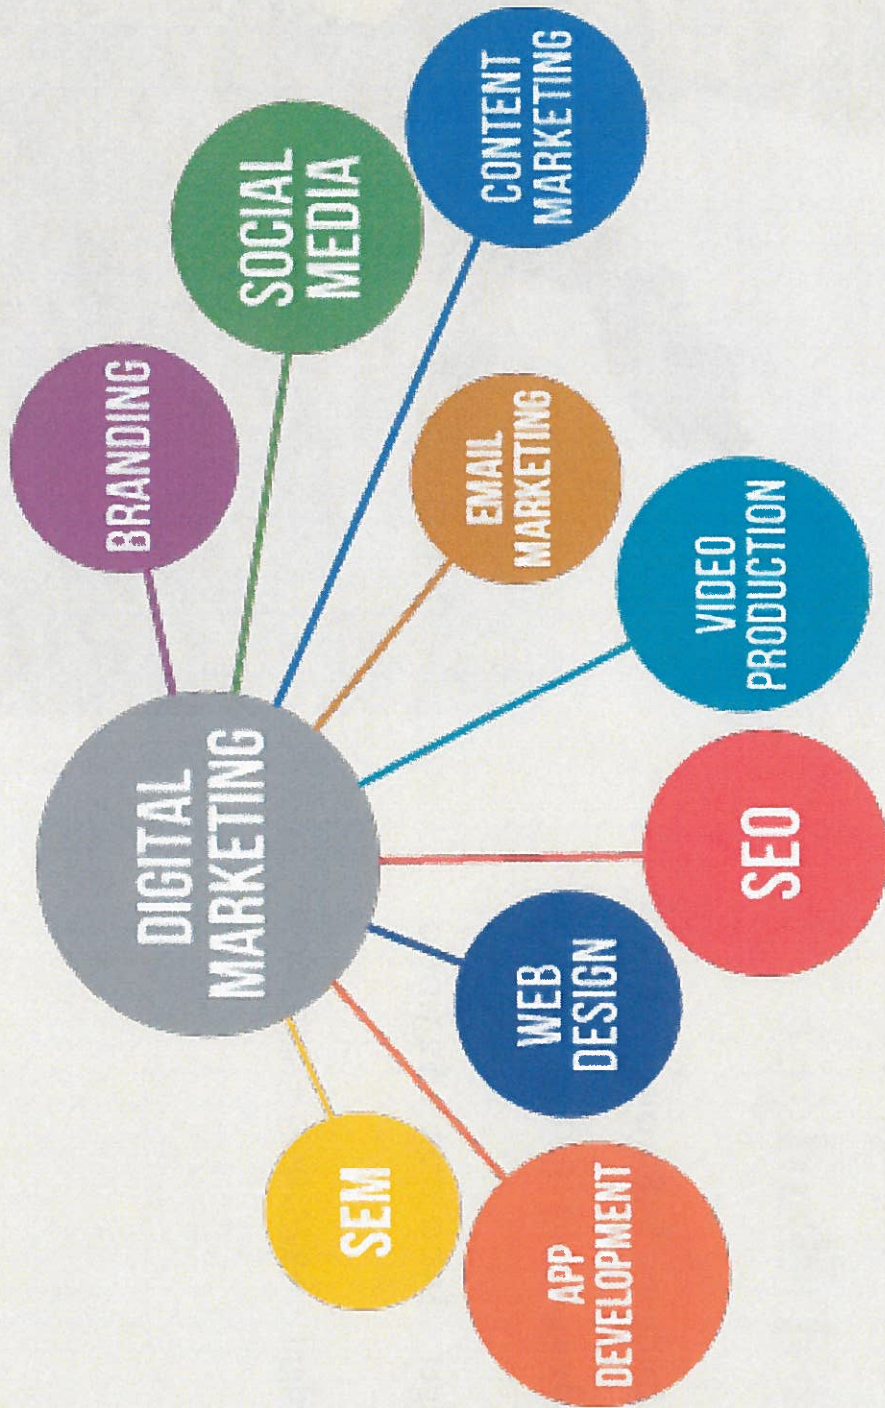

\$24

Total combined tourism spending increase
in the millions from 2011-2014.

Past, Current, and Proposed Budget

- ❖ 2003-2004 Budget - \$385,000
- ❖ 2007-2008 Budget - \$415,000 + \$25,000 contingency.
- 74 ❖ Current Budget - \$300,000 + \$25,000 contingency.
- ❖ Proposed Budget - \$375,000 + \$50,000 contingency.

March 29, 2016

Spencer Nebel, Newport City Manager

Mayor Sandra Roumagoux

Newport City Council Members

Newport Budget Committee Members

169 SW Coast Highway

Newport, OR 97365

Greetings Mr. Nebel, Mayor Roumagoux and City Council Members,

You will find a copy of Lincoln County Transportation Service District's annual report to the City of Newport as outlined in the Terms of our Intergovernmental Agreement with the City of Newport. The following are attached:

- **Copy of the District's proposed budget, including breakdown by source of revenues;**
- **Copy of the most recent audit (FY 2014/15);**
- **Daily ridership, hours, miles, fuel and fare statistics for the Newport Loop service;**
- **Cost per rider;**
- **Marketing materials;**
- **Other miscellaneous information.**

I am taking this opportunity to thank the City of Newport for appointing a representative to participate on the transit advisory committee. This committee meets on a quarterly basis with additional special meetings being called as needed. The Transit program is currently working on three separate and distinct planning projects. Having a representative from the City of Newport to provide input on the direction of our Transit District over the next 5-10 years will be mutually beneficial for the City and Transit District. Your representative is your liaison between the City of Newport and Lincoln County Transit. If there are issues or concerns that you would like to see addressed make sure your representative (Wendy Engler) is aware of them so they can be brought to an advisory committee meeting to be addressed.

Regards,

Cynda Bruce

Cynda Bruce, Program Director

COST PER RIDER

NEWPORT CITY LOOP

COST PER RIDE NEWPORT CITY LOOP

Cost to operate Newport City Loop = \$286,542

10 hours per day 7 days per week = 70 hours per week

Newport City Loop Fares = \$11.25

NET COST = \$286,542

Number of Riders = 25,538

Unsubsidized Cost Per Rider:

\$286,542 divided by 25,538 = \$11.22

City of Newport Subsidized Cost Per Rider:

\$30,000 divided by 25,538 = \$1.17

Lincoln County Transit Subsidized Cost Per Rider:

\$196,542 divided by 25,538 = \$7.70

COST PER RIDER

NEWPORT CITY LOOP

Cost to operate Newport City Loop = \$298,480

10 hours per day, 7 days a week

Newport City Loop Fares = \$ 11,935

NET COST = \$286,545

Number of Riders – 25,538

Unsubsidized Cost Per Rider:

\$286,545 divided by 25,538 = \$11.22

City of Newport Subsidized Cost Per Rider:

\$90,000 divided by 25,538 = \$3.52

Lincoln County Transit Subsidized Cost Per Rider:

\$196,545 divided by 25,538 = \$7.69

As you read through the marketing plan for Lincoln County Transit you will note that the emphasis has been on reaching people from the Valley over to our beautiful Coastal areas to visit. This is being achieved by focusing our radio and print advertising in the Valley and directing their residents to our coastal communities. We have also been advertising in the Oregon State University (OSU) Daily Balometer. This is a planner used by over 8,000 students on a regular basis. Great exposure for school breaks including spring vacation and summer break! We continue to offer our 3 day (\$25) and 7 day (\$30) passes for one trip to and from the Valley with unlimited bus rides up and down the coastline from Yachats to Astoria.

Marketing Strategy for FY 2015/16

As you read through the marketing plan for Lincoln County Transit you will note that the emphasis has been placed on getting people from the Valley over to our beautiful Coastal areas to visit. This is being addressed by focusing our radio and print advertising in the Valley and directing their residents to our coastal communities. We have also been advertising in the Oregon State University (OSU) Daily Barometer. This is a planner used by over 8,000 students on a regular basis. Great exposure for school breaks including spring vacation and summer break! We continue to offer our 3 day (\$25) and 7 day (\$30) passes for one trip to and from the Valley with unlimited bus rides up and down the coastline from Yachats to Astoria.

LINCOLN COUNTY – BENTON COUNTY

Coast-to-Valley Express

2015-16 MARKETING PLAN

The 2015-16 marketing plan for the Coast-to-Valley service will consist of implementing the following major components (not necessarily listed in priority order):

1. Custom CTV Posters in Linn/Benton/Lincoln County buses and selected locations:
 - a. Linn County to Newport
 - b. Adair Village to Newport
 - c. OSU to Newport
 - d. Newport to Corvallis
2. Radio Spots – 15 second Coast-to-Valley plugs:
 - a. Develop customized radio spot thru Maverick Media
 - b. Free public service radio announcements using Benton/Lincoln Co. PIO's
 - c. Paid targeted radio spots as affordable thru Maverick Media:
 - i. KLOO FM - Classic Rock target audience is 18-49 skews male
 - ii. KLOO AM - News/Talk target audience is 35-64
 - iii. KRKT FM - Contemporary Country target audience skews female 25-54
3. OSU AroundCampus Media Advertisements:
 - a. Quarter-page full color ad on back page of Faculty/Staff Directory
 - b. Full-page full color ad inside Faculty/Staff Directory
 - c. Full-page full color ad inside Student Planner/Day-minder
 - d. Multiple-search-criteria listing on AroundCampus website
http://www.aroundcampus.com/listing/1290278?cid=337077&bln=2&aid=3462&b_name=Coast+to+Valley+Connector
 - e. Multiple-search-criteria listing on AroundCampus smartphone app with direct tap-to-dial connection
4. Coast-to-Valley links and maps on the new, updated Northwest Connector website:
<http://www.nwconnector.net/>
5. OSU-Targeted Marketing:
 - a. Posters and brochures at OSU Memorial Student Union and other campus locations.
 - b. Tabling at University-sponsored events
 - c. Bundled brochures for distribution at OSU student dormitories using OSU Hospitality Services
 - d. Presentations at OSU Marine Sciences classes and/or events

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Lincoln County Transportation Service District
Newport, Oregon

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the general fund of the Lincoln County Transportation Service District ("District"), a component unit of Lincoln County, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the general fund of the District as of June 30, 2015, and the changes in its financial position and the budgetary comparison of the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

An Independently Owned Member
McGLADREY ALLIANCE

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Report on Other Legal and Regulatory Requirements

In accordance with the Minimum Standards of Audits of Oregon Municipal Corporations, we have issued our report dated February 8, 2016 on our consideration of District's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT
Governmental Funds Balance Sheet / Statement of Net Position

June 30, 2015

	General Fund	Adjustments	Governmental Activities
ASSETS			
Due from Lincoln County Receivables	\$ 2,367,973	\$ -	\$ 2,367,973
Capital assets:	146,956	-	146,956
Equipment	-	1,087,948	1,087,948
Total assets	<u>\$ 2,514,929</u>	<u>1,087,948</u>	<u>3,602,877</u>
LIABILITIES			
Accounts payable	\$ 23,600	-	23,600
Payroll and related accruals	28,472	-	28,472
Compensated absences	-	102,308	102,308
Total liabilities	<u>52,072</u>	<u>102,308</u>	<u>154,380</u>
DEFERRED INFLOWS OF RESOURCES			
Unavailable revenue - property taxes	48,069	(48,069)	-
FUND BALANCE / NET POSITION			
Fund balance:			
Unassigned	2,414,788	(2,414,788)	-
Total liabilities, deferred inflows of resources, and fund balance	<u>\$ 2,514,929</u>		
Net position:			
Net investment in capital assets		1,087,948	1,087,948
Unrestricted		<u>2,360,549</u>	<u>2,360,549</u>
Total net position		<u>\$ -</u>	<u>\$ 3,448,497</u>

Fund balances of the governmental fund have been adjusted and reported differently than the net position of the governmental activities because:

- Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.
- Property taxes that are accrued, but not collected within 60 days following year end are not recognized as revenues in the governmental funds and are reported as deferred inflows of resources on the balance sheet.
- Compensated absence liabilities are not due and payable in the current period and therefore are not reported in the governmental fund balance sheet.

The notes to the financial statements are an integral part of this statement

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT

Statement of Governmental Fund Revenues, Expenditures, and Changes in Fund Balance / Statement of Activities

For the Year Ended June 30, 2015

	<u>General Fund</u>	<u>Adjustments</u>	<u>Governmental Activities</u>
REVENUES			
Taxes and land sales	\$ 643,407	\$ (3,303)	\$ 640,104
Intergovernmental revenues	1,208,902	-	1,208,902
Charges for services	616,850	-	616,850
Investment earnings	12,174	-	12,174
Miscellaneous	7,702	-	7,702
Total revenues	<u>2,489,035</u>	<u>(3,303)</u>	<u>2,485,732</u>
COMMUNITY SERVICE EXPENDITURES / EXPENSES			
Personal services	1,122,723	6,443	1,129,166
Materials and services	637,352	-	637,352
Capital outlay	474,212	(474,212)	-
Depreciation	-	274,902	274,902
Total community service expenditures / expenses	<u>2,234,287</u>	<u>(192,867)</u>	<u>2,041,420</u>
Net change in fund balance / net position	254,748	189,564	444,312
Fund balance / net position:			
Beginning of year	<u>2,160,040</u>	<u>844,145</u>	<u>3,004,185</u>
End of year	<u>\$ 2,414,788</u>	<u>\$ 1,033,709</u>	<u>\$ 3,448,497</u>

Amounts reported for governmental activities are different than those of the General Fund because of the following:

- Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.
- Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds, instead they are reported as deferred inflows of resources.
- Expenses related to the change in compensated absences are reported in the statement of activities and do not require the use of current financial resources, therefore, they are not reported as expenditures in the governmental funds.

The notes to the financial statements are an integral part of this statement

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT

Notes to the Financial Statements

June 30, 2015

Note I - Description of the District and summary of significant accounting policies

A. Organization

The Lincoln County Transportation Service District ("District") was funded in November 1996. The District provides a comprehensive transportation program. Services include a scheduled-stop bus-system (the "Central Coast Connection") along the Highway 101 corridor, outlying cities and communities, and ancillary feeder lines available to all residents of the County. A "dial-a-ride" service is also provided for the transit disadvantaged and senior and disabled members of the County, enabling them to obtain medical and other services.

The District had no potential component units. Since Lincoln County is financially accountable for and significantly influences the operations of the District and the County Board of Commissioners also serves as the District's Board, the District is included as a blended component unit in the Comprehensive Annual Financial Report of Lincoln County for the year ended June 30, 2015.

B. Basis of presentation

Government-wide financial statements

The Statement of Net Position and Statement of Activities display information about the primary government ("District"). These statements include all the financial activities of the District. Governmental activities are supported by taxes and operating grants.

The Statement of Activities presents a comparison between direct expenses and revenues for the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

When both restricted and unrestricted net position are available, restricted net position is used first and then unrestricted resources are used as needed.

Fund financial statements

The fund financial statements provide information about the District's only fund, the General Fund. This fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the District.

C. Basis of accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes and intergovernmental revenues are the major source of nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental funds are recorded using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property tax revenues are recognized in the fiscal year for which they were levied, provided they are due and collectible within 60 days following year end. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences and claims, and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT

Notes to the Financial Statements

June 30, 2015

Note 1 - Description of the District and summary of significant accounting policies, continued

D. Receivables

Property taxes receivable in the governmental fund types, which have been collected within 60 days following year end are considered measurable and available and are recognized as revenues. Real and personal property are assessed and property taxes become a lien against the property as of July 1 each year. Property taxes are payable in three installments, following the lien date, on November 15, February 15, and May 15. Taxes unpaid and outstanding on May 16 are considered delinquent. Grant receivables will be recognized as revenue in the current period if they are material, measurable, and the related expenditures have been incurred.

All property taxes receivable are due from owners of property within the County.

Receivables for the state shared revenue are recorded as the revenue is earned.

E. Capital assets

Capital assets are recorded at historical cost or at estimated historical cost if actual historical cost is unavailable. Contributed capital assets are valued at their estimated fair market value on the date contributed. The District defines capital assets as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Capital assets used in operations are depreciated using the straight-line method over their estimated useful lives in the government-wide statements. The estimated useful lives are as follows:

Equipment	3 to 15 years
-----------	---------------

F. Compensated absences

Compensated absences and related taxes are not recorded as expenditures in the governmental funds until paid. Sick leave does not vest, except in the following two cases: employees who reach the age of 55 or older; and employees who are represented by the Lincoln County Employee's Association - Transit, and have been a member of the union for at least five years. In both of these circumstances, the sick leave is 50 percent vested upon their retirement. Sick leave accumulates at the rate of 8 hours per month for the employees who qualify for vested sick leave.

All benefit-eligible employees (after six months of continuous service) earn vacation leave. The amount earned per pay period is determined based upon length of service and representation. Accumulation limits of vacation leave differ by length of service.

Certain employees earn paid leave for personal holidays with a maximum accumulation of 8 hours. All non-exempt benefit-eligible employees are eligible for compensatory time with a maximum accumulation of 80 hours for most employees with the exception of employees who work 24 hour shifts, in which case the maximum accumulation is 120 hours.

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT

Notes to the Financial Statements

June 30, 2015

Note I - Description of the District and summary of significant accounting policies, continued

G. Fund balance

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The fund balance classifications are:

Nonspendable - resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Resources in nonspendable form include inventories, prepaids and deposits, and assets held for sale.

Restricted - constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grants, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed - the County Commissioners pass an ordinance that places specific constraints on how the resources may be used. The County Commissioners can modify or rescind the ordinance at any time through passage of an additional ordinance.

Assigned - resources that are constrained by the District's intent to use them for a specific purpose, but are neither restricted nor committed. Intent is expressed when the County Commissioners approve which resources should be "reserved" during the adoption of the annual budget.

Unassigned - resources that have not been restricted, committed, or assigned within the General Fund.

H. Budget policies and budgetary control

Generally, Oregon Local Budget Law requires annual budgets to be adopted for all funds except agency funds. The modified accrual basis of accounting is used for all budgets. All annual appropriations lapse at the fiscal year end.

The District begins its budgeting process by appointing Budget Committee members in the fall of each year. Budget recommendations are developed by management through early spring, with the Budget Committee meeting and approving the budget document in late spring. Public notices of the budget hearing are generally published in May or June and the hearing is held in June. The Board of County Commissioners adopts the budget, makes appropriations, and categorizes the tax levy no later than June 30. Expenditures appropriations may not be legally over-expended, except in the case of grant receipts and bond sale proceeds which could not be reasonably estimated at the time the budget was adopted.

The resolution authorizing appropriations sets the level at which expenditures cannot legally exceed appropriations. The District established the levels of budgetary control at the personal services, material and services, capital outlay, operating contingencies, debt service, and all other requirement levels.

I. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

Note II - Amounts due from Lincoln County

Amounts due from Lincoln County are comprised of funds held and invested by the Lincoln County Treasurer. Interest earnings are allocated from the Treasurer based on the proportion of the District's funds to total County funds. Reference should be made to the County's Comprehensive Annual Financial Report for the year ended June 30, 2015 for compliance with Oregon Revised Statutes relating to the collateralization of deposits and the County's policies related to custodial credit risk. The District's cash and investments are maintained in the name of the County.

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT

Notes to the Financial Statements

June 30, 2015

Note III - Receivables

Receivables for the year ended June 30, 2015 are as follows:

Taxes		\$ 55,017
Grant receivable		91,939
Total receivables		\$ 146,956

Note IV - Capital Assets

Capital asset activity for the year ended June 30, 2015 was as follows:

<u>Governmental Activities</u>	<u>Balances</u> <u>July 1, 2014</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balances</u> <u>June 30, 2015</u>
<i>Capital assets being depreciated:</i>				
Equipment	\$ 1,938,068	\$ 474,212	\$ (54,204)	\$ 2,358,076
<i>Less accumulated depreciation for:</i>				
Equipment	1,049,430	274,902	(54,204)	1,270,128
Total capital assets being depreciated, net	\$ 888,638	\$ -	\$ -	\$ 1,087,948

Note V - Defined contribution plan

The District contributes to the Lincoln County Retirement Plan ("Plan"). The Plan is a defined contribution pension plan 401(k) established by the County to provide benefits to substantially all County and District employees. At June 30, 2015, there were 466 Plan members. Required contributions are made by the District monthly, based upon 11 percent of eligible employees' salaries. The District's contribution for each employee and interest allocated to the employee's account are fully vested after four years of membership. District contributions for, and interest forfeited by, employees who leave employment before four years of service are placed in a forfeiture account. This account is used to pay current charges for administration of the plan and may be used to reduce the District's contribution requirement. County-wide employer contributions were \$1,986,451 and employees contributed \$485,558 for the year ended June 30, 2015. Investments are self-directed by the employees between a fixed income account and a number of equity funds. The Plan is administered by the Board of County Commissioners. All Plan provisions and contribution requirements are established and may be amended by the Board of County Commissioners.

Note VI - Deferred compensation plan

The District's employees can contribute to the Lincoln County deferred compensation plan created in accordance with the Internal Revenue Code Section 457(g) ("457 Plan"). The 457 Plan is administered by independent plan administrators through administrative service agreements. The 457 Plan is available to substantially all employees of the County. Employees may defer a portion of their salary until future years. Deferred compensation is not available to employees until termination, retirement, death, or financial hardship. The 457 Plan's assets are held in a custodial account for the exclusive benefit of participants and beneficiaries, and are not subject to claims of the County's creditors, nor can they be used by the County for any purpose other than the payment of benefits to the plan participants. Accordingly, these plan assets and related liability are not recorded on the accompanying statement of net assets. Employee contributions to the 457 Plan for the year ended June 30, 2015, were \$309,454 for all County employees.

LINCOLN COUNTY TRANSPORTATION SERVICE DISTRICT

Notes to the Financial Statements

June 30, 2015

Note VII - Risk Management

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; torts; errors and omissions; injuries to employees; and natural disasters. The District is covered against such risks of loss through the commercial insurance purchased by the County. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

COMPLIANCE SECTION

Re: [Illegible]

The District is pleased to receive your letter and to have the opportunity to respond to your concerns. The District is committed to providing a fair and equitable process for all parties involved. The District is currently reviewing your letter and will respond to you as soon as possible. We appreciate your patience and understanding.

Lincoln County Transportation Service District
Newport, Oregon

We have audited the basic financial statements of Lincoln County Transportation Service District, Oregon ("District") as of and for the year ended June 30, 2015, and have issued our report thereon dated February 8, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- **Deposit of public funds with financial institutions (ORS Chapter 295)**
- **Budgets legally required (ORS Chapter 294)**
- **Insurance and fidelity bonds in force or required by law**
- **Programs funded from outside sources**
- **Authorized investment of surplus funds (ORS Chapter 294)**
- **Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)**

In connection with our testing nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report is intended for the information of management, the County Commissioners and the Secretary of State, Audits Division, of the State of Oregon. However, this report is a matter of public record and its distribution is not limited.

Miscellaneous Information

Lincoln County Transit recognizes the importance of maintaining a cleanliness of the bus shelters. It was recently brought to my attention that the shelters at Newport City Hall were not receiving the attention needed. Cleaning of the shelters has been increased from once monthly to every other Tuesday to ensure this goal continues to be met.

I am currently working on a report for the City of Newport. The report will be completed by the end of next fiscal year. I am still looking for assistance from the City of Newport with this project within the city boundary.

MISCELLANEOUS INFORMATION

Lincoln County Transit is in the process of working on three planning projects supported by DOT Public Transit Division, Lincoln County and the Transit District. At a 2013 meeting that I gave a report on, concern was voiced by Mr. Webster regarding the District's "Business Plan". This plan will be our business plan and our outlook for the District over the next 5-10 years.

3) CONNECTOR VAN SERVICE - This plan is being done to assist our County TRANSIT program moving forward in a well thought out, deliberate style. We are working on various connections (coordinated activities have been challenging). Working on all stops are safe and ADA accessible, agreeing on a lead agency for grants funding to flow through and other issues our CONNECTOR group currently faces. Lincoln County Transit plays a major role in this project through our Coast to Valley service connections with Tillamook Transit going to Tillamook and on to Grand Ronde and Salem. All of these services have connections with AMTRAK, with others connecting to Greyhound and the Portland Airport. These services not only get our residents their out of county destinations but just as important bring travelers to our tourism destination county.

Miscellaneous Information

- **Lincoln County Transit recognizes the importance of maintaining cleanliness of the bus shelters. It was recently brought to my attention that the shelters at Newport City Hall were not receiving the attention needed. Cleaning of the shelters has been increased from once monthly to every other Tuesday to ensure this goal continues to be met.**
- **I am currently working with our Fleet Manager to order buses discussed in last year's annual report to the City of Newport. We will be purchasing a total of six new buses with two being purchased for services provided within the city of Newport (one city loop bus and one dial-a-ride bus).**
- **Lincoln County Transit have received the funding for our bus stop signage project previously discussed with the city. This project will begin shortly and will be completed (county wide) by the end of next fiscal year. I am still looking for assistance from the City of Newport with this project within the city boundary.**
- **Lincoln County Transit is in the process of working on three planning projects supported by ODOT Public Transit Division, Lincoln County and the Transit District.**
 - 1) **Transit Development Plan: At a 2013/14 meeting that I gave a report at, concern was voiced by Ms. Webster regarding the District's "Business Plan". This plan will be our business plan and our roadmap to guide the District over the next 5-10 years.**
 - 2) **Human Service Coordinated Plan: This plan is a needs assessment, among other things, and is required to continue receiving specific funding through the Public Transit Division. Public forums will be held shortly as we are nearing the end of this planning and public involvement process.**
 - 3) **CONNECTOR Management Plan: This plan is being done to assist our 5-county CONNECTOR program moving forward in a well thought out, deliberate style. We are working on seamless connections (coordinated schedules have been challenging), assuring all stops are safe and ADA accessible, agreeing on a lead agency for grant funds to flow through and other issues our CONNECTOR group currently faces. Lincoln County Transit plays a major role in this project through our Coast to Valley service, connections with Tillamook Transit going to Tillamook and on to Grand Ronde and Salem. All of these services have connections with AMTRAK, with others connecting to Greyhound and the Portland Airport. These services not only get our residents to their out of county destinations but just as important bring travelers to our tourism destination county.**

Meals On Wheels

Our Table or Yours

1400 Queen Avenue SE, Albany, OR 97322
888-251-8392 Fax 541-924-4544

RECEIVED

MAR 18 2016

CITY OF NEWPORT

March 15, 2016

Sandra Roumagoux, Mayor
City of Newport
169 SW Coast Hwy
Newport, OR 97365

Dear Mayor Roumagoux,

Few programs are as well-loved and recognized as the Oregon Cascades West Council of Government's (OCWCOG) *Meals on Wheels* program. Friendly volunteers deliver nutritious food to homebound seniors and people with disabilities or serve meals to seniors in community-based dining rooms. *Meals on Wheels* also encourages volunteerism in your community and lowers utilization of emergency, medical, and long-term senior care services.

However, being well-loved and recognized is not enough to feed all the seniors and citizens with disabilities in our communities. The growing number of eligible residents in our communities, declining state and federal resources, and slow economic recovery of the region have made it impossible for Senior and Disability Services to continue to meet the need for requested meals.

At the Newport meal site, which serves your community, between July 2014 and June 2015:

- The meal site operated 3 days per week
- 126 people came to the meal site and ate a total of 3,267 meals
- Residents receiving home delivered meals increased to 74, with 11,564 meals delivered
- The total cost of providing meals to area participants was \$141,488
- Donations by meals participants only covered 7% of the total cost of providing these meals

As Mayor of the City of Newport, you understand the need for continued support of the *Meals on Wheels* program from the communities where people who benefit reside. We appreciate your past support and **this year are requesting a donation of \$3,500 from the City of Newport.** Your donation will provide 367 hot meals to meal recipients in your area.

A program of Senior & Disability Services
Meal sites serving the communities of Albany, Corvallis, Lebanon, Lincoln City, Mill City
Newport, Siletz, South Linn County, Sweet Home, Toledo and Waldport

Your contribution is truly an investment in the health of your citizens and community. A healthy hot meal at their door enables your constituents to live in their homes and in your city while also providing an opportunity for a volunteer to check on their safety and welfare. 100% of your donation goes to providing meals to the most vulnerable residents in your community.

I would be happy to talk with you more and share information about *Meals on Wheels*. Thank you for your consideration and for your support.

Sincerely,

Dave Toler
Director, Senior & Disability Services
Oregon Cascades West Council of Governments

More about the *Meals on Wheels* program

Meals on Wheels is a program of the Senior & Disability Services of the Oregon Cascades West Council of Governments. *Meals on Wheels* is designed for homebound seniors 60 years of age or older and people with disabilities under 60 who qualify. For those that are homebound, meals are delivered by volunteer drivers. For more information, to donate, or become a volunteer, please contact the Senior & Disability Services office in your county: Benton 800-508-1698, Lincoln 800-282-6194, and Linn 800-638-0510.

More about the Oregon Cascades West Council of Governments

As an Oregon intergovernmental entity, OCWCOG can provide for, or on behalf of, its member governments any service that they are authorized to provide. Whether it is helping a business find appropriate capital, helping seniors and persons with disabilities plan for independent living, or coordinating local roads improvement priorities, OCWCOG offers these and many other innovative services to the local governments and residents of Benton, Lincoln, and Linn counties. More information is available at OCWCOG's website, www.OCWCOG.org.

OREGON COAST COUNCIL FOR THE ARTS Contract Agreement

March 11, 2016

Spencer Nebel, City Manager
City of Newport
169 SW Coast Highway
Newport, Oregon 97365

Dear Spencer,

Pursuant to the Oregon Coast Council for the Arts' (OCCA) Agreement with the City of Newport, we respectfully submit our budget request for 2016-2017. We are requesting funds totaling \$119,481 (PAC = \$72,883 and VAC = \$46,598) for next year's management of the Newport Performing Arts Center (PAC) and the Newport Visual Arts Center (VAC). (This represents a 2.6% increase from the current fiscal year's management fee of \$116,453: PAC = \$71,036 and VAC = \$45,417).

FY '14-'15: The OCCA provided experienced staff that knows the city's two facilities and ran them in a professional and fiscally responsible manner. This past fiscal year actual expenses were \$234,067 for managing the PAC and VAC and represented the services that OCCA contracted to the City to provide. The City's contribution of \$115,300 meant the OCCA made up the difference of \$118,767 from its earned and contributed income.

CURRENT facilities upgrades PAC: To date OCCA has raised over \$1.5M for the PAC "Entertain the Future" Capital Campaign that includes Sound, Meyer Constellation Acoustic System, Alice Silverman Lighting and Signage. OCCA implemented upgrades to the PAC security system in excess of \$2,500.

CURRENT facilities upgrades VAC: A recent grant for \$15,000 from the Ford Family Foundation was secured by OCCA and VAC capital improvements in the Runyan Gallery flooring, front stairs, 2nd floor hallway, etc., were completed. The VAC Steering Committee, started by the OCCA, is made up of community members, VAC building partners, OCCA board and staff and the City of Newport and meets bimonthly to help govern the building and to raise funds.

RECENT past facilities upgrades PAC: Upgraded PAC Box Office to on-line ticketing for \$2,600 that makes the Box Office available 24/7. Through a generous donation of \$30,000 to OCCA, the PAC now has the capabilities to receive and broadcast Live HD events, such as Metropolitan Opera, National Theatre London and other HD events via dual satellites, receivers and hard drives installed on site. (The PAC is one of only eight venues in the state of Oregon to present Met Opera Live in HD.)

(Over, please)

RECENT past facilities upgrades VAC: OCCA contributed \$10,000, via writing a grant, for the second floor Coastal Oregon Visual Artists Showcase (COVAS) at the VAC for mid-career Oregon artists. Additionally, OCCA through community donations raised \$4,459 for interior paint of the second and third floor classrooms and the third floor stairway and a new flooring strip in the second floor classroom.

Over seven years and more infrastructure improvements PAC & VAC: OCCA purchased an energy saving, HVAC timing system for the PAC, for \$19,000. In the summer of 2008, OCCA upgraded the PAC lighting to make it more energy efficient/green. That project of \$14,409 was funded in part by Central Lincoln PUD, Oregon Department of Energy and with OCCA monies. We have made repairs to the stage and miscellaneous technical equipment. OCCA provides ongoing patching and repairs of the walls in the Runyan and Upstairs Galleries.

Ongoing expenses: PAC & VAC liability insurance and staffing, and PAC utilities continue to be major expenses. These ongoing expenses have increased by over 2.6%.

Thank you for your consideration of our FY 2016-2017 budget request and the opportunity to manage two outstanding community resources and tourist attractions. OCCA has always experienced a good relationship with the City and we thank you for the public/private partnership.

Sincerely,

Catherine Rickbone
Executive Director

RE: OCCA Capital Campaign—City of Newport

There are several items that are ripe for discussion pertaining to the PAC and pending projects and issues.

1. Signage.

- We still have a request in for shortening the time frame on the messaging on our electronic signs. Do we need to restart this process or change our request?
- The County is working on an event sign at Harney and Hwy 20, is there still any movement on a community event sign along 101 in front of City Hall?
- Since the City Center Merchants have disbanded—is there still funding available for community event signage?

2. Lobby and Restroom Project

- Building Permit application is in process.
- Bidding process and timeline need to be established.
- Acceptance of bid process.
- Financial arrangements.
- Construction timeframes and issues.
- HVAC

3. Studio Theatre / Backstage Expansion – East Side

- Street Infrastructure and Utilities Relocation
- Parking Lot Development on Upper Coast Park and along Dolphin Street
- Don Davis Park and undeveloped land there- potential parking.
- RFP for Conceptual Design Architectural Services –
See Memorandum from Cascadia Consulting dated January 6, 2016.

4. Security

- Issues and opportunities

5. Equipment / Building Inventory

- Who owns what
- Insurance coverage
- Ongoing maintenance

6. Grant Agreement Update Needed

450,000 16-17

450,000 P.A.C.

NEWPORT VISUAL ARTS CENTER

Report to the Newport City Council from the Oregon Coast Council for the Arts and the Newport Visual Arts Center (VAC) Steering Committee April 18, 2016

1. Summary

a. Purpose of Report

- i. This report is the Year 1 update to the full report submitted by the Newport Visual Arts Center Steering Committee and the Oregon Coast Council for the Arts (OCCA) board of directors, and unanimously adopted by the Newport City Council on March 16, 2015. The 2015 report included three primary focus areas: Governance, Finances (including a 5-Year Financial Plan) and Building Usage. This 2016 report reflects the original report's focus areas, and includes: recent accomplishments, recommendations to the Newport City Council, and six attachments. The original March 16, 2015 report can be obtained from the City Recorder.

b. VAC Steering Committee

- i. The VAC Steering Committee continues to meet regularly and to operate effectively in collaboration with the OCCA board of directors and the VAC's primary building partners. The VAC Steering Committee includes representatives from the Newport City Council, the OCCA board and staff, the Coastal Arts Guild and the Yaquina Arts Association, as well as community members serving as at-large committee members. Mike Kloeck is the current chair of the VAC Steering Committee. City Council member Mark Saelens serves as the City Council liaison to the VAC Steering Committee. (See attachment A for the current VAC Steering Committee roster.)

2. Recent Accomplishments (FY 15-16, to date)

a. Governance

- i. The VAC Steering Committee continues to meet on a monthly and as-needed basis. In the current fiscal year, the VAC Steering Committee has held 10 meetings at the Newport Visual Arts Center. The VAC Steering Committee meetings are held at 10am on the first Tuesday of the month. City Council members, community representatives and the general public are welcome to attend meetings.
- ii. The VAC Steering Committee has filled vacancies on the committee and has invited community participation.

b. Building Usage

- i. The VAC hosted 20 exhibitions during FY15-16 to date, drawing over 12,515 visitors.
- ii. The VAC hosted 41 rental partners during FY15-16 to date.
- iii. OCCA and the VAC Steering Committee have successfully created the new "Art Fridays" youth-arts program on site at the VAC, drawing over 130 students during the fall 2015 and winter 2016 sessions. Nine instructors have been recruited to the program. The spring session has been finalized and the summer session is in planning. As part of the Art Fridays program development, extensive outreach was conducted to Newport principals and staff at Newport High School, Newport Middle School, Sam Case Elementary and Yaquina View Elementary.
- iv. A new "Youth Arts Advisory Group" was established as a subcommittee of the VAC Steering Committee. Community member Janet Webster serves as the chair of the new advisory group. A community survey is being developed to gather further information on youth-arts education opportunities and challenges in Newport and greater Lincoln County.
- v. The VAC Steering Committee entered into a new partnership with the "Honoring Our Rivers" program, a statewide effort to encourage and

recognize student artwork and writing related to rivers and watersheds. The VAC presented an exhibit of Honoring Our Rivers student artwork. Students from the Art Fridays program submitted work to the 2016 project, with 5 Newport Middle School students chosen for publication and future exhibition. The OCCA partnered with the Honoring Our Rivers program to submit a foundation grant for teacher-training workshops to be held at the VAC for Oregon coast teachers.

- vi. A new annual "Mayors' Show" juried exhibition was created, based on the annual PushPin exhibition in December, and curated by Newport's sitting mayor, an additional Lincoln County mayor and the VAC's director. The inaugural Mayors' Show included Newport Mayor Sandy Roumagoux and Waldport Mayor Susan Woodruff.
- vii. The VAC hosted a number of summer gallery tours, open to the public during Saturday afternoons, during August and September, 2015. Additional school and community gallery tours were provided as well.
- viii. OCCA staff and the VAC Steering Committee have overseen the completion of the VAC Capital-Improvement Project, including new flooring, and wall restoration, in the VAC's Runyan Gallery, new flooring in the VAC's entry stairway and 2nd-floor hallway, and the conversion of existing dark room and storage area into a new classroom and media room. A ribbon-cutting ceremony for the project's completion was held on December 5 at the VAC. Attendees included Mayor Sandra Roumagoux, City Manager Spencer Nebel, City Council members Mark Saelens, Wendy Engler and Laura Swanson, and representatives from the OCCA board and staff, and building partners the Coastal Arts Guild and the Yaquina Art Association. The Ford Family Foundation was recognized for their lead grant on the project.
- ix. A new 2nd-floor classroom/media room will increase the VAC's program space by 350 square feet.
- x. Existing storage areas have been reconfigured to meet building and safety needs.
- xi. The OCCA has increased public exposure to VAC programming through social media and other marketing efforts.
- xii. VAC Steering Committee and architect Bob White are drafting a building survey and long-range planning document.
- xiii. A new marketing brochure is near completion to better conduct community outreach for the rental rooms at the VAC.
- xiv. The OCCA hired a new associate manager to support building operations at the VAC, including building rentals and community outreach, partner and volunteer relationships, exhibition support and day-to-day building activities. (New position is currently on interim basis.)

c. Finances

- i. VAC-related budgets provided by the City have been reviewed by the VAC Steering Committee on a quarterly basis. The VAC director regularly meets with the City's chief financial officer to review budgets and activity reports.
- ii. The VAC Steering Committee has worked with the City's finance department to better consolidate OCCA and City finances. (The FY15-16 Combined Revenue & Expenditure Summary for OCCA and the City remains a work in progress.)
- iii. The VAC Steering Committee and OCCA board have approved new room rental rate fees for FY16-17. (See Attachment C), based on the 5-year plan's recommendations approved in the March 16, 2015 report.
- iv. The VAC Steering Committee has reviewed year-1 results in context of the 5-Year Financial Action Plan.
- v. New funding has been secured through the VAC maintenance fund.
- vi. New funding has been secured through the OCCA Youth Arts-Learning Fund and the new Nancy Jane Reid Fund for Youth-Arts Learning.
- vii. Private giving to the VAC has increased with the use of new donation boxes.
- viii. As listed in the OCCA's FY14-15 report, the VAC generated \$124,601 in total economic impact to the City of Newport's economy.

3. Recommendations

–See Attachment B for updates to FY15-16 recommendations

a. Governance

- i. Develop a better process to coordinate building improvements to the VAC between the Steering Committee and the City.
- ii. Change name of "VAC Maintenance Fund" to "VAC Building Fund."

b. Finance

- i. Continue financing the VAC under the current shared responsibilities for the FY 2016-17 (July 1, 2016–June 30, 2017) and gain a higher confidence level in the financial statements for the VAC.
- ii. Accept updated rental fees for FY 2016-17, as directed by VAC 5-Year Financial Plan (approved by City Council, March 16, 2015). (See Attachment C)
- iii. Accept update on 5-Year Financial Action Plan (See Attachment E)

c. Building Usage

- i. Accept updated rental policies and guidelines.(See attachment D)
- ii. Accept updates to March 16, 2015 recommendations regarding building usage. (See Attachment B)

d. Capital-Improvement Recommendations

- i. Continue funding capital-improvements from FY2015-16 (VAC art doors)
- ii. Encourage support to formal recommendation by Department of Public Works for weatherization of the VAC (addressing the root cause of water intrusion into the building) and painting of VAC's exterior.
- iii. Encourage the Department of Public Works to develop and present a scheduled maintenance plan for the VAC.

4. Attachments

- a. VAC Steering Committee roster
- b. VAC Steering Committee updates to 2015-16 recommendations
- c. VAC FY16-17 rental fees
- d. VAC updated rental guidelines and policies
- e. VAC Steering Committee update to "VAC 5-Year Financial Action Plan"
- f. VAC Steering Committee and building partners FY15-16 in-kind donations

Attachment B

Update on 2015 Recommendations to the Newport City Council from the OCCA and VAC Steering Committee

(Originally submitted March 16, 2015)

(Updated April 18, 2016)

GOVERNANCE

G1) The Newport City Council should accept the attached by-laws for the VAC Steering Committee, as approved by the Steering Committee and the OCCA board of directors, to guide ongoing Steering Committee governance. **Action: By-Laws Approved**

G2) The VAC will establish “Friends of the VAC” to raise funding for major capital expenses to offset a portion of the City’s share of building improvements that will be needed to maintain this facility in good shape with the goal of raising \$10,000 per year for these purposes through private fundraising, grants and other means. Currently, the “VAC Maintenance Fund,” an account held through OCCA, accepts such private donations to support smaller capital expenses. The “VAC Maintenance Fund” will be renamed “Friends of the VAC.” **Action: “VAC Maintenance Fund” name will be changed to “VAC Building Fund.”**

G3) The VAC Steering Committee will continue to investigate establishing an account with the Lincoln County Community Foundation, so as to maintain flexibility in receiving larger grants and private donations for larger public buildings. **Action: VAC Steering Committee decided not to set up account with Lincoln County Community Foundation at this time.**

G4) The Steering Committee will review and evaluate the use of the VAC by its key stakeholders to determine whether sufficient financial support is being provided toward the operation of the VAC by these key component groups, including the services provided by these organizations free to the public, and will report this evaluation on an annual basis as part of the budget request. **Action: This review is ongoing.**

G5) The Steering Committee will continue to track in-kind volunteer hours provided toward the professional operation and maintenance of the VAC, as well as educational opportunities provided through the VAC, and include this information with the required budget requests as outlined above. **Action: The VAC Steering Committee continues to track in-kind volunteer hours, as well as in-kind discounted services.**

G6) The Newport City Council should accept the attached Proposal Form as the method for the VAC Steering Committee to communicate building improvement needs to the City. **Action: Proposal Form remains in use.**

FINANCE

F1) Continue financing the VAC under the current shared responsibilities for the FY 2015-16 (July 1, 2015—June 30, 2016) in order to gain a higher confidence level in the financial statements for the VAC. **Action: A higher confidence level in the financial statement for the VAC was attained and continues.**

F2) The City will provide the VAC Steering Committee with quarterly reports of expenditures tracked by activity code. **Action: Quarterly reports of expenditures have begun to be provided by the City and reviewed by the VAC Steering Committee on a regular basis.**

F3) OCCA will provide the VAC Steering Committee with quarterly financial reports for expenditures incurred by the VAC. **Action: OCCA has provided financial reports upon request of the VAC Steering Committee.**

F4) In addition to the OCCA management report to the City, it is the goal of the VAC Steering Committee to submit an annual budgetary request with a focus on capital improvements to the OCCA and the City in April 2015 for the 2015-16 fiscal year and in accordance with City and OCCA budget schedules in future fiscal years. **Action: The VAC Steering Committee submitted budgetary requests for capital improvements for FY2015-16 (VAC art doors) and has submitted budgetary requests for capital improvements in April 2016 for FY16-17.**

F5) The VAC Steering Committee in conjunction with the City and the OCCA will submit a simplified financial structure to the City Council and OCCA Board in February 2016 with the intent of simplifying, updating and improving the financial model for the VAC, which would likely include, for example, having OCCA collect rents and the City reduce its building expenses at the VAC, and other similar modifications once there is a higher level of confidence in the financial reporting by the City for the VAC. **Action: Ongoing review.**

F6) The Steering Committee will work to increase the rental revenue through increased usage of the VAC by 10% per year over the next five years. **Action: See Attachment E (“Update on 5-Year Financial Action Plan”)**

F7) The Newport City Council should accept the attached new rental rates as approved by the VAC Steering Committee and the OCCA board of directors. Changes in rates will take effect upon acceptance. **Action: Rental rates were increased for FY15-16.**

F8) The Steering Committee will annually evaluate the rental rates with the goal of increasing rates by 12% per year for 5 years. **Action: Rental rates for FY16-17 have been submitted to City for approval. See Attachment C.**

F9) The Steering Committee recommends that the rental rates for the VAC be increased in 2015-16 and reviewed as part of budgetary processes in subsequent fiscal years, indicating current and recommended rental rate increases. **Action: The VAC Steering Committee has submitted new rental rates for 2016-17 to the City's Finance Office.**

F10) The City may authorize the OCCA to collect rents and submit them collectively to the City to avoid VAC customers writing multiple checks as is the current practice. **Action: The VAC Steering Committee did not make a recommendation to collect building rental checks.**

F11) The City should accept the VAC Steering Committee's attached Financial Action Plan, as approved by the OCCA board of directors, as a set of goals with which to work toward greater financial sustainability. **Action: See Attachment E ("Update on VAC 5-Year Financial Action Plan")**

F12) The VAC Steering Committee supports, in partnership with the City, the development of a building capital plan and survey. **Action: A building survey has been drafted and has been submitted for pending review and adoption by the VAC Steering Committee.**

BUILDING USAGE

B1) The Newport City Council should accept the attached VAC Building Usage Handbook table of contents as a draft outline for the final Building Usage Handbook under development. **Action: The VAC Building Usage Handbook has been started but not completed.**

B2) The Newport City Council should accept the attached Rental Guidelines and Policies, as approved by the Steering Committee and OCCA board, as the current and ongoing policies related to building usage by outside renters. **Action: Rental Guidelines and Policies were adopted and put into use.**

B3) The Newport City Council should accept the attached Punch List as a reference to building improvements during FY14-15. **Action: A VAC punch list for building improvements has been maintained.**

B4) The Newport City Council should accept the attached List of Accomplishments to recognize the scope and quality of work performed by the Steering Committee and OCCA to make building and planning improvements during FY14-15. **Action: None required.**

Notes: These rates reflect 12% increase from FY15-16 to FY16-17, as outlined in the VAC 5-Year Financial Action Plan (approved by City Council on March 16, 2015. Rates to take effect July 1, 2016. Rates submitted to City Finance Office on March 15, 2016. New classroom/media room (Room 207) is not currently being marketed and rates are based on Room 302.

Attachment D: Note: New Items, "Smoke/Fire Alarm" and "Trash/Recycling" in red. No other changes.

**OREGON COAST
COUNCIL FOR THE ARTS**

NEWPORT VISUAL ARTS CENTER RENTAL GUIDELINES AND POLICIES

The Newport Visual Arts Center (VAC) is owned by the City of Newport ("City") and managed by the Oregon Coast Council for the Arts (OCCA). These rental guidelines and policies are designed to ensure the safe usage of the VAC and to protect the City's investments in the building.

KEYS: Before acceptance of entry key, renters must sign a rental application form or an invoice and arrange for key pick up prior to event. All keys must be returned as instructed. A replacement fee of \$50 will be charged for unreturned keys.

ACCESS and rental of a VAC classroom provides access to the room and second floor rest rooms. Rental does not provide access to the first floor or other rooms in the building. Access the building through the second- or third-story entrances and do not provide access through the first-floor entrance. Access through the first-floor entrance is prohibited. The exterior door that provides access to your rental room may remain unlocked during your rental period; all other doors must remain locked. Rental of Room 205 (2W) includes use of 12 8x3 tables, and 3 6x3 tables, up to 75 chairs, white board, projector screen and access to kitchen for counter space and making coffee. Rental of Room 302 (3W) includes use of 4 5x2.5 foot tables, 14 chairs, a projector screen and a small kitchen for making coffee.

PAYMENT PRIOR TO EVENTS: Rental payments must be received before actual event(s). Rentals are not considered confirmed until time of payment.

CHECK-OUT LIST: See attached check-out list and follow closely. Return signed check-out list with keys in the envelope provided.

ROOM CAPACITY: Renters are responsible for not exceeding room capacity, so as to provide for the safety of all users and to meet fire codes. The total capacity for Room 205 is 75 persons; capacity for 302 is 25 persons.

SMOKE/FIRE ALARM: In the case of a smoke or fire alarm being activated, renters must exit the building immediately through the nearest exit and await confirmation that the building is safe before re-entering.

FIRE EXITS: Do not block any fire exits (doors with exit signs above them).

DECORATIONS, WALLS, WINDOWS AND MIRROR: Free-standing decorations are preferred. Do not affix anything to ceiling, walls, doors or columns. Only masking tape (blue painters tape preferred) may be used to affix items to windows. No pushpins. Candles or open flames are prohibited. Do not move hanging mirror without prior permission.

SMOKING: Smoking is prohibited inside all rooms and within 10 feet of entry doors and windows.

TRASH/RECYCLING: The building trash/recycling area is south of the exterior entrance to Room 205 (second floor) and is unlocked. Green bins are for trash; blue bins are for recycling. Glass items are not recyclable at this location and must be taken by renters upon leaving the building. Please limit your use of trash bins to one large trash bag and one bag of recyclables (provided).

NOISE: Renters are responsible for following local noise ordinances. After 10pm, restrict noise outside the building.

WEAPONS AND CONTROLLED SUBSTANCES: Weapons and controlled substances are strictly prohibited.

ALCOHOL: Alcohol must be served responsibly in accordance with the Laws, Rules Regulations of the State of Oregon Liquor Control Commission. Alcoholic beverages may not be sold without proper permits. Alcoholic beverages cannot be served to any person who is under the age of 21. Alcoholic beverages cannot be served to any person who is visibly intoxicated.

MINORS: Renters must be 18 years of age or older. Activities for minors, age 17 and under, must be supervised by adults.

SCHEDULING, CANCELLATIONS AND REFUNDS: Rooms will be scheduled on a first-come, first-served basis. Reservations may be made up to a maximum of twelve (12) months prior to the desired date and are preferred at least 24 hours prior to the rental. The date is reserved when application and payment are received. Full refunds will be granted one calendar week before rental date; 50% refund will be granted 72 hours before rental date; and no refunds will be granted without 72-hour notice. Refunds will not be made for events not utilizing the full rental time period.

DISRUPTIVE USES: Users of the rental rooms may be asked to leave if use is deemed disruptive or in any way contrary to OCCA policy. OCCA staff may enter and remain in a meeting room during a scheduled event.

GENERAL LIABILITY: All rental rates are based on regular and normal wear and tear. Usage beyond regular and normal use will result in extra charges. Any property damage beyond normal wear and tear may be replaced or repaired at the option of the City or the OCCA Board of Directors at the user's expense. Liability will be the actual repair or replacement cost. The applicant holds the City and OCCA, their employees, and agents harmless from any claim, loss, or liability arising out of or related to the applicant's use of the premises, or from any condition of the used premises, including any such claim, loss or liability which may be caused by or contributed to in whole or in part by the City or OCCA, their employees and agents. The applicant indemnifies the City and OCCA, (1) for any damage to the City's or OCCA's property occurring during the use thereof, whether or not the applicant is responsible therefore and (2) for expenses and costs, including attorney's fees, incurred by the City or OCCA or its employees and agents, in defending against any claims or demands for losses or liability arising from or related to the applicant's use of the premises.

Signature _____ Printed Name _____

FAILURE TO FOLLOW THESE GUIDELINES AND ATTACHED CHECK-OUT LIST COULD RESULT IN FORFEITURE OF ROOM DEPOSIT OR FUTURE USE PRIVILEGES.

If you have special needs or questions, please contact Emily Saunders, 541-265-6540, or Tom Webb, 541-265-6569, to make arrangements.

VAC Five-Year Action Plan
Year 1 Update

March 31, 2016

Revenue	FY14-15 (Base Goal)	FY14-15 (Actual)	FY15-16 Goal	FY15-16 (To date)	FY15-16 (Projected)
Operating Revenue					
Room Rentals	\$10,000	\$12,274	\$12,200	\$7,309	\$9,745
Donations & FoV	\$1,200	\$1,592	\$1,380	\$3,206	\$4,274
Building (Maintenance) Fund	\$2,500	\$4,575	\$2,625	\$1,084	\$1,445
Art Sales (30-40% commission)	\$3,700	\$3,403	\$4,070	\$3,476	\$4,634
Paper Arts Festival	\$5,000	\$8,570	\$5,500	\$8,570 (estimated)	\$8,570 (estimated)
New Arts Festival	\$0	\$0	\$3,000	\$0	\$0
Total Operating Revenue:	\$22,400	\$30,414	\$28,775	\$23,645	\$28,668
Capital-Improvement Revenue					
Foundations and sponsors	\$0	\$16,700	\$4,000	\$0	\$0
In-Kind Contributions (for general building operations, goal: 10%)					
	\$38,500	\$38,500	\$42,350	\$38,485	\$51,478

Notes:

1. Room Rentals paid to City; goals: 12% rate increase, 10% usage increase
2. Donations and Friends of VAC paid to OCCA; goal: 15% increase
3. VAC Building Fund paid to OCCA for building improvements; goal: 5% increase
4. Art Sales Commission paid to OCCA; goal: 10% increase. OCCA sales commissions increased in FY15-16 from 30% to 35% (OCCA members) and 35% to 40% (non-OCCA members)
5. Capital-Improvement revenue through Foundations and Sponsors received in FY14-15 and spent in FY15-16 (carryover not included above)
6. Newport Paper Arts Festival paid to OCCA, goal: 10% increase. Estimated net revenue based on current sales (festival to be held April 22-24, 2016)
7. New arts festival revenue paid to OCCA. New arts festival is still being considered.
8. In-kind contribution base year is actual in-kind contributions for FY14-15. Goal: 10% increase

CERTIFICATION— You must check one box if you are subject to Local Budget Law.

- The tax rate or levy amounts certified in Part I are within the tax rate or levy amounts approved by the budget committee.
- The tax rate or levy amounts certified in Part I were changed by the governing body and republished as required in ORS 294.456.

PART I: TAXES TO BE IMPOSED

	Subject to General Government Limits		
	Rate	— or — Dollar Amount	
1. Rate per \$1,000 or total dollar amount levied (within permanent rate limit) ... 1	5.5938		
2. Local option operating tax 2	0		Excluded from Measure 5 Limits
3. Local option capital project tax 3	0		
4. City of Portland Levy for pension and disability obligations 4	0		Dollar Amount of Bond Levy
5a. Levy for bonded indebtedness from bonds approved by voters prior to October 6, 2001 5a			0.00
5b. Levy for bonded indebtedness from bonds approved by voters after October 6, 2001 5b			2,406,369.00
5c. Total levy for bonded indebtedness not subject to Measure 5 or Measure 50 (total of 5a + 5b) 5c			2,406,369.00

PART II: RATE LIMIT CERTIFICATION

6. Permanent rate limit in dollars and cents per \$1,000 6	5.5938
7. Election date when your new district received voter approval for your permanent rate limit 7	
8. Estimated permanent rate limit for newly merged/consolidated district 8	

PART III: SCHEDULE OF LOCAL OPTION TAXES— Enter all local option taxes on this schedule. If there are more than two taxes, attach a sheet showing the information for each.

Purpose (operating, capital project, or mixed)	Date voters approved local option ballot measure	First tax year levied	Final tax year to be levied	Tax amount — or — rate authorized per year by voters

PART IV: SPECIAL ASSESSMENTS, FEES, AND CHARGES

Description	Subject to General Government Limitation	Excluded from Measure 5 Limitation
1		
2		

If fees, charges, or assessments will be imposed on specific property within your district, you must attach a complete listing of properties, by assessor's account number, to which fees, charges, or assessments will be imposed. Show the fees, charges, or assessments uniformly imposed on the properties. If these amounts are not uniform, show the amount imposed on each property. The authority for putting these assessments on the roll is ORS _____. (Must be completed if you have an entry in Part IV.)

(see the back for worksheet for lines 5a, 5b, and 5c)
File with your assessor no later than JULY 15, unless granted an extension in writing.

A public meeting of the City of Newport will be held on June 20, 2016 at 6:00pm at City of Newport Council Chambers, 169 SW Coast Highway, Newport, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2016 as approved by the City of Newport Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at City of Newport Finance Department, between the hours of 9:00 a.m. and 5:00 p.m. or online at www.newportoregon.gov. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING *

The budget provides a continuation of existing types of expenditures, included in the budget is funding for four new positions which include a Deputy City Clerk position, Finance Specialist position, Parks Finance Specialist, and a Detective position in the Police Department. There have also been upgrades to other positions in the Recreation Department in anticipation of the new pool being completed in the next fiscal year. Also, the budget continues to provide a substantial commitment for reinvestment in the City's water and sewer infrastructure plus the final phases of the construction of the pool project.

CITY OF NEWPORT
RESOLUTION NO. 3754

A RESOLUTION IMPOSING AND CATEGORIZING AD VALOREMI TAXES FOR THE
CITY OF NEWPORT, FISCAL YEAR 2016-2017

THE CITY OF NEWPORT RESOLVES that the City Council for the City of Newport hereby imposes the taxes provided for the City's adopted budget for Fiscal Year 2016-2017 at the rate of \$5.5938 per \$1,000 of assessed value, plus an amount of \$2,406,369 for the debt fund and that these taxes are hereby imposed and categorized up the assessed value of all taxable property within the City for the tax year 2016-2017. The following allocations constitute and above aggregate levy.

General Fund	\$5.5938 / \$1,000
Water Treatment Plant Bonded Debt	\$964,450
Wastewater Bonded Debt	\$937,400
Swimming Pool Bonded Debt	\$504,519

THE CITY OF NEWPORT FURTHER RESOLVES that the City Council of the City of Newport hereby categorized the imposed taxes for the Fiscal Year 2016-2017 follows

Subject to the General Government Limitation: General Fund \$5.5938 / \$1,000

Excluded from the General Government Limitation: Debt Fund \$2,406,369

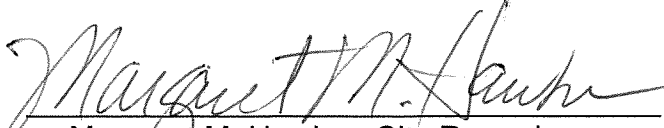

This resolution will become effective July 1, 2016.

Adopted by the Newport City Council on June 20, 2016.

**CITY OF NEWPORT
RESOLUTION NO. 3759**

**A RESOLUTION ADOPTING A COMPREHENSIVE SCHEDULE OF FEES AND
CHARGES FOR THE 2016-17 FISCAL YEAR**

Whereas, the City of Newport enacted Resolution number 3715 for the 2015-16 Fiscal Year which established the City fees and charges for different departments and activities; and

Whereas, the City desires to provide all of its miscellaneous fees and charges in a comprehensive schedule so citizens can easily determine the costs of miscellaneous fees and charges with one resolution for convenience of its citizenry and to better administer such fees and charges by city departments; and

Whereas, other fees and charges not considered as miscellaneous fees and charges are identified and incorporated into the Comprehensive Schedule of Fees and Charges in Section 9 of such Schedule for informational purposes.

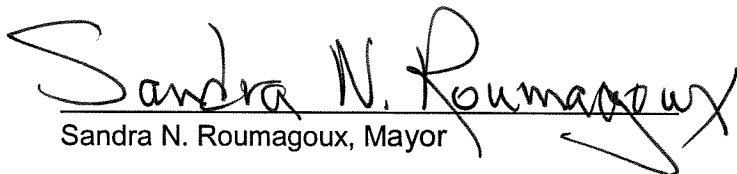

THE CITY OF NEWPORT RESOLVES AS FOLLOWS:

SECTION 1. The Comprehensive Schedule of Fees and Charges, which is attached hereto and incorporated herein by this reference, is hereby approved and establishes the fees and charges for City services.

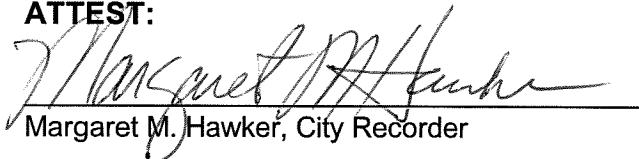

SECTION 2. Resolution number 3715 is repealed in its entirety.

SECTION 3. This resolution will become effective on July 1, 2016.

Approved by the Newport City Council on June 20, 2016

****Plus appraisal cost and damages.						
Consistent with NMC Chapter 14.60, the fees established herein, shall be reviewed and						
The applicant requiring notification under ORS 227.186 shall pay, in addition to the land use application fee, the cost of preparing and mailing the notification. The estimated cost shall be paid within five (5) business days after notification of such cost determination or the application shall be subject to dismissal.						
The appeals of land use actions, the appellant shall pay the actual cost of preparing a verbatim written transcript up to \$500. If there is more than one appellant, each such appellant shall pay an appeal fee and the cost of preparing a written transcript. All of the appellants shall be jointly and severally liable for the cost and charges of such transcripts, and any or all appeals pending in any matters may be dismissed by the Newport City Council in the event of failure to make payment of the transcript fees. The estimated cost of the appeals transcript shall be paid within five (5) business days after notification of such determination, or the appeal shall be subject to dismissal.						
In addition to the filing fee for withdrawal of annexations, the owner of each parcel of property to be so withdrawn shall, as a condition of such withdrawal action and prior thereto, pay or make arrangements satisfactory to the city for the payment of any bonded indebtedness or any other charges attributable to such property which may become a debt, obligation, or liability of the City of Newport by reason of such withdrawal.						
All previously adopted resolutions or enactments establishing fees for land use actions are repealed to the extent that their provisions conflict with the fees set by this comprehensive fees and charges resolution.

A. One & Two Family						
I. Appliances						
a. Air conditioner		\$20.00	20.00			240-4410-46450
b. Air handling unit						
1. Up to 10,000 cfm		\$5.85	5.85			240-4410-46450
2. 10,001 cfm and over		\$9.75	9.75			240-4410-46450
c. Appliance or piece of equipment regulated by code but not classified in other appliance categories		\$9.50	9.50			240-4410-46450
d. Attic/crawl space fans		\$7.40	7.40			240-4410-46450
e. Boiler/compressor/absorption system						
1. Up to 3 HP or 100,000 BTU		\$7.80	7.80			240-4410-46450
2. Up to 15 HP or 500,000 BTU		\$14.30	14.30			240-4410-46450
3. Up to 30 HP or 1,000,000 BTU		\$19.50	19.50			240-4410-46450
4. Up to 50 HP or 1,750,000 BTU		\$29.25	29.25			240-4410-46450
5. Over 50 HP or 1,750,000 BTU		\$48.75	48.75			240-4410-46450
f. Barbeque		\$11.00	11.00			240-4410-46450
g. Chimney/liner/flue/vent		\$5.85	5.85			240-4410-46450
h. Clothes dryer exhaust		\$5.85	5.85			240-4410-46450
i. Decorative gas furnace		\$5.85	5.85			240-4410-46450
j. Evaporative cooler other than portable		\$5.85	5.85			240-4410-46450
k. Floor furnace, including vent		\$7.80	7.80			240-4410-46450
l. Flue vent for water heater or gas fireplace		\$11.00	11.00			240-4410-46450
m. Furnace						
1. Up to 100,000 BTU		\$7.80	7.80			240-4410-46450
2. Greater than 100,000 BTU		\$9.75	9.75			240-4410-46450
3. burner including duct work/vent/liner		\$19.00	19.00			240-4410-46450
n. Gas or wood fireplace/insert		\$11.00	11.00			240-4410-46450
o. Gas fuel piping outlets (\$2.60 first 4 outlets, \$0.65 for each additional)		Varies	Varies			240-4410-46450
p. Heat pump		\$7.80	7.80			240-4410-46450
q. Hood served by mechanical exhaust, including ducts for hood		\$5.85	5.85			240-4410-46450
r. Hydronic hot water system		\$11.00	11.00			240-4410-46450
s. Installation or relocation domestic-type incinerator		\$9.75	9.75			240-4410-46450
t. Mini split system		\$25.00	25.00			240-4410-46450
u. Oil tank/gas/diesel generators		\$22.00	22.00			240-4410-46450
v. Pool or spa heater, kiln		\$5.85	5.85			240-4410-46450
w. Radon mitigation		\$22.00	22.00			240-4410-46450
x. Range hood/other kitchen equipment		\$11.00	11.00			240-4410-46450
y. Repair, alteration, or addition to mechanical appliance including installation of controls		\$7.80	7.80			240-4410-46450
z. Suspended heater, recessed wall heater, or floor mounted unit heater		\$22.00	22.00			240-4410-46450
ab. Ventillation fan connected to single duct		\$3.90	3.90			240-4410-46450
ac. Ventilation system not a portion of heating or air-conditioning system authorized by permit		\$11.00	11.00			240-4410-46450
ad. Water heater		\$11.00	11.00			240-4410-46450
ae. Wood/pellet stove		\$5.85	5.85			240-4410-46450
af. Other heating/cooling		\$5.85	5.85			240-4410-46450
ag. Other fuel appliance		\$5.85	5.85			240-4410-46450
ah. Other environment exhaust/ventilation		\$5.85	5.85			240-4410-46450
ai. Appliance vent installation, relocation, or replacement not included in an appliance permit		\$28.60	28.60			240-4410-46450

Municipal Court Fees and Charges						
	Services Description	2015-2016 Fee	2016-2017 Fee	Changed	2016-2017 Anticipated Revenue	GL Account
Payment plan fees - section 4-1						
	A. \$25.00 collection fee if amount owing is less than \$150.00.					101-1900-46004
	B. Fifteen percent (15%) of any amount owing above \$150, with a collection fee of \$125.00.					101-1900-46004
Collection referral fee - section 4-2						
	Twenty-five percent (25%) of the monetary obligation imposed by the court without the addition of the costs of collection, but shall not exceed \$250.00.					101-1900-46004

Airport Fees and Charges					
Services Description	2015-2016 Fee	2016-2017 Fee	Changed	2016-2017 Anticipated Revenue	GL Account
Airport Landing Fees - section 5-1					
1. A landing fee of \$0.50 per thousand pounds gross aircraft weight shall be paid for each landing of any aircraft with a gross weight in excess of 3,500 pounds.					220-4210-48001
2. Aircraft operated by the federal and state governments are exempt from the landing fees.					
3. The City may agree with tenants that the rent paid by the tenant shall include a component to cover the landing fees. The monthly rent shall be calculated to include a component for landing fees in an amount reasonably estimated to cover the estimated average landing fees expected to be incurred per month. A tenant that pays rent that includes a landing fee component shall be deemed to have paid the landing fees for all operations of the tenant during the month, regardless of the number of actual landings, and shall not be entitled to any refund based on the number of actual landings.					
Airport Fuel Flow Fees - section 5-1					
Fuel Flow Fee ...per gallon	0.15	0.15	0		220-4210-45001
Fuel deliveries to airplanes of less than 5,000 pounds gross weight are exempt from the fuel flow fee.					
Lease Rates for T-Hangars Space - section 5-2					
1. Basic Rate for Non-Commercial Aircraft T-Hangar Ground Lease @ \$180.00 per month	180	180	0		220-4210-46002
(Basic Rate of \$180.00 effective in year 2006, and leases commencing on or after January 1, 2007, shall be determined based on the CPI change).					220-4210-46002
2. A security deposit equal to one month's lease payment shall be paid upon entering into a lease for a T-hanger.					220-4210-46002

Airport Fees and Charges						
	Services Description	2015-2016 Fee	2016-2017 Fee	Changed	2016-2017 Anticipated Revenue	GL Account
	3. The lease terms shall be adjusted from the initial lease term, and any renewal or extension term(s), and commencing every year thereafter from January 1 to July 1. The Basic Rent shall be increased in the event there shall be any increase using the Bureau of Labor Statistics Consumer Price Index for Urban Consumers (CPI-U). The Base CPI shall be the CPI as determined for the month ending January 31, 2015. Each year, prior to the September 1st adjustment date, the City shall obtain the CPI-U increase determined for the end of the month of January preceding the July 1 adjustment date (the "Adjustment CIP"). In any year in which the Adjustment CPI is less than or equal to the Base CPI, the Basic Rent shall continue at the rate in effect on the date the lease term commenced or the adjusted rate in effect at the commencement of the renewal term. In no event shall the Basic Rent be reduced to an amount less than the original Basic Rent or previously adjusted Basic Rent, whichever is greater. Base Rates shall be adjusted after giving a 30 day notice, approximately August of each year.					220-4210-46002
	4. Each lease shall be for a term of five (5) years, with an option for renewal, subject to reasonable modification of the terms and provisions of such lease at the time of any such renewal.					220-4210-46002
Lease Rates for Hangars Space other than T-Hangers - section 5-2						
	1. Non-Commercial Aircraft Hangar Ground Lease: \$0.22 per square foot per year (base rate), based upon the area designated in the lease or as referenced on the City's "hangar layout plan." The Base Rate shall be annually adjusted on September 1st to reflect the percentage increase, if any, in the CPI-U from the index available for January 31, 2015. Base Rates shall be adjusted after giving a 30 day notice, approximately August of each year.					220-4210-46002
	2. Commercial Aircraft Ground Lease: \$0.015 per square foot per year (Base Rate), upon the area designated in the lease or as referenced on the City's "hangar layout plan." The Base Rate shall be annually adjusted on September 1st to reflect the percentage increase, if any, in the CPI-U from the index available for January 31, 2015. Base Rates shall be adjusted after giving a 30 day notice, approximately August of each year.					220-4210-46002
Off-Street Parking Space - section 5-3						
	1. Unpaved: \$175.00 per year (Base Rate). The Base Rate shall be annually adjusted on July 1 to reflect the percentage increase, if any, in the CPI-U from the index available for January 31, 2015. Base Rates that were not annually adjusted pursuant to Resolution No. 3290 shall be adjusted accordingly.					220-4210-48001
	2. Paved: The City shall determine the amortized cost of the pavement and add that figure to the unpaved amount.					220-4210-48001

Airport Fees and Charges					
Services Description	2015-2016 Fee	2016-2017 Fee	Changed	2016-2017 Anticipated Revenue	GL Account
Limited Aeronautical Activities - section 5-4					
A. Mobile Mechanics: Limited Activities Licenses for Mobile Mechanic services shall pay a license fee determined by either of the following, at the licensee's election:					220-4210-48001
1. \$120.00, which license shall then be valid for a period of 120 days from the date of issuance of the license, in which event the mobile mechanic may perform aircraft mechanical services on one or more aircraft at the Newport Airport.					220-4210-48001
	120	120	0		
2. \$25.00, which license shall then be valid for a period of 14 days from the day of issuance of the license; provided however, that the licensee shall only be permitted to work upon one aircraft (which the licensee shall declare prior to commencement of work). If licensee wishes a license to work upon another aircraft, an additional license fee shall be paid by the licensee in accordance with this section.					220-4210-48001
Limited Aeronautical Licenses other than Mobile Mechanics - section 5-4					
Persons holding a limited aeronautical activity license other than for mobile aircraft mechanic services shall pay a fee of \$150.00 per year, which shall include the fee for one activity authorized under the terms of the license. An additional fee of \$35.00 per year shall be charged for additional commercial activity/activities as set forth in each of the following subsections permitted under the activity license, (e.g., conducting two activities under subsection (b) would be a total additional fee of \$35.00, conducting one activity under subsection (b) and one activity under subsection (c) would be a total additional fee of \$70.00):					
a) Charter					
b) Sightseeing, Advertising and/or Photography					
c) Flight Training and/or Aircraft Rental					
d) Sales					
e) Aircraft Repair (except Mobile Aircraft Mechanic)					
f) Sales of Aircraft Parts and Avionics					
Fire Department Standby Fee - section 5-5					
A fee of \$199.00 for each hour, or any part thereof, during which a City Fire Truck is on standby at the Airport for non-governmental aeronautical operations.					220-4210-48001
A Fire Department Standby Fee for scheduled airlines and municipal, state and federal agencies may be set by resolution or agreement.					220-4210-48001
The City Council may, upon request, waive fees resulting from Fire Department standby at non-profit public events at the Newport Airport.					220-4210-48001
Vegetation - section 5-5					
Any person wishing to obtain to harvest or remove any vegetation upon the Airport premise shall pay a fee of \$200.00 per year. The Airport Manager shall determine the areas within the Airport premise that contain harvestable vegetation or vegetation that may be removed; the license shall be limited to the harvestable/removable vegetation as set forth in the license.					220-4210-48001

Airport Fees and Charges

Plan Review and Right-of-Way Fees - See Section 2							
Water Utility Rates and Charges							
Connection Fee and Street Opening Fee - section 8-1							
A. The fee for a new connection to the water system is based on the size of service. The fees for new connections are:							
Service Size	Connection Fee	Connection Fee			601-3320		
5/8" x 3/4"	\$1,725.00	\$1,802.65	\$77.64		45503		
1 inch	\$2,007.00	\$2,097.30	\$90.30		45503		
Larger than 1 inch	Actual cost plus 10%	Actual cost plus 10%			45503		
B. If cutting and restoration of asphalt streets is necessary, actual costs of the repair plus 10% will be added to the above costs.							
Deposit - section 8-2							
The amount of deposit required under NMC 5.10.020 is based upon meter size and is generally equal to two months of average usage. Deposits will not be refunded prior to discontinuation of service except in extenuating circumstances and then only by authorization by the city Finance Director. Deposits for new utility accounts are:							
Service Size	Deposit	Deposit			601-3310		
5/8" x 3/4"	\$240.00	\$250.80	\$10.80		45501		
1 inch	\$295.00	\$308.30	\$13.30		45501		
1 1/4" X 1 1/2"	\$1,145.00	\$1,196.55	\$51.54		45501		
2 inch	\$1,500.00	\$1,567.50	\$67.50		45501		
3 inch and larger	\$2,215.00	\$2,314.70	\$99.69		45501		
Miscellaneous Charges - section 8-3							
A. The charge for a normal reconnection or additional connection is \$20.00, in addition to any connection fee established under Subsection 1.							
B. The reconnection fee following a for-cause (delinquent payment or other cause) disconnect is \$44.00.							
C. The charge for opening a connection in violation of NMC Chapter 5.10 is \$100.00.							
D. The fee for late payment is \$20.00.							
E. The fee for a non-payment notice is \$20.00.							
Rates for Water Service within the City - section 8-4							
The rates in this Subsection 4 apply to all service areas.							
The minimum monthly charge shall be based on the size of each meter except as otherwise defined within this section.							
The minimum charge for unmetered fire suppression systems shall be based upon the size of the service line entering the property.							
A. The charges in this Subsection 4.A apply within the City of Newport.

Water Purchased and Privately Transported - section 8-7									
The amount charged for water purchased and transported by the purchaser directly from any authorized city facility is \$6.30 per 1,000 gallons.									
Wastewater Utility Rates and Charges									
Metered Rates - section 8-8									
The charges imposed in this Subsection 1 apply to properties that have sanitary sewer service.									
A. Single-Family Residences and Duplexes within City Limits									
									602-3410

Public Works Fees and Charges									
Services Description	2015-2016 Fee		2016-2017 Fee		Changed	2016-2017 Anticipated Revenue	GL Account		
The charge for sewer service for single-family dwellings and duplexes within city limits shall be \$22.90 per month, plus \$6.60 per 1,000 gallons of water usage. Sewer user charges for the months of June, July, August, and September shall not exceed the highest monthly sewer user charge for the first four months of the calendar year.	\$22.95 plus \$6.60/thousand		\$23.90 plus \$6.85/thousand					45505	
B. Multi-Family Residences, Commercial Properties, and Single-Family Residences and Duplexes outside of City Limits									
The basic charge for service for residential properties with three or more dwelling units, for all commercial properties, and for single-family residences and duplexes outside of City limits shall be \$22.90 per month plus \$7.55 per 1,000 gallons of water usage.	\$22.9 per month plus \$7.55/thousand water use		\$23.80 per month plus \$7.85/thousand water use					45505	
An "Extra Strength Charge" of \$0.30 per pound of biochemical oxygen demand applies to commercial properties users when the biochemical oxygen demand exceeds 300 parts per million.	\$0.30 per pound		.31 per pound					45505	
The charges for monitoring sewage discharge shall be \$15.80 per combined sample and \$8.25 per test.	\$15.80 per combined sample & \$8.25 per test		\$16.45 per combined sample & \$8.60 per test					45505	
Individually Determined Rate - section 8-9									
Commercial customers that are legally disposing of all or part of their processing wastewater to an acceptable waterway in conformance with applicable federal, state, and city laws, regulations and permits shall have a sewer user charge established by the City Manager based on an individual determination of the impact of the property on the sewer system. The City Manager shall take into account, when establishing the sewer rate, the estimated quantity in gallons, as well as, any adverse treatment or maintenance costs that may be incurred by the city handling extra strength wastewater that is being returned to the city sanitary sewers.									
Septage - section 8-10									
The rate for disposal of septage at the city's wastewater treatment plant shall be \$0.18 per gallon.								46502	
Class A Sludge Sales - section 8-11									
Class A sludge manufactured at the city's wastewater treatment plant may be purchased for \$2.00 per cubic yard. The transportation of the sludge is the responsibility of the customer.	\$2.00 per cubic yard		\$2.10 per cubic yard					48001	
Utility Infrastructure Improvement Fees									
Utility Infrastructure Fee - section 8-12									
A. The charges imposed in this Subsection 1 apply to properties that have metered city water service.									
Each customer shall pay a monthly infrastructure improvement fee. The fees are set as follows:									

Public Works Fees and Charges								
Services Description	2015-2016 Fee	2016-2017 Fee	Changed	2016-2017 Anticipated Revenue	GL Account			
Water Meter Size	Monthly Infrastructure Improvement Fee	Monthly Infrastructure Improvement Fee			402-6110			
3/4"	\$6.95	\$7.30	\$0.35		45504			
1"	\$13.85	\$14.55	\$0.70		45504			
1 1/2"	\$27.75	\$29.15	\$1.40		45504			
2"	\$48.35	\$50.80	\$2.45		45504			
3"	\$124.25	\$130.45	\$6.20		45504			
4"	\$193.20	\$202.85	\$9.65		45504			
5" and larger	\$441.70	\$463.80	\$22.10		45504			
Irrigation-only meters will be exempt from the Monthly Infrastructure Improvement Fee.								
Stormwater Utility Fees								
Stormwater Utility Fee - section 8-13								
A. The charges imposed in this Subsection 1 apply to properties that have metered city water service.								
Each customer shall pay a stormwater utility fee. The fees are set as follows:								
Water Meter Size	Monthly Stormwater Utility Fee				251-3220			
All meter sizes	\$7.90	\$8.25	\$0.35		46701			
Irrigation-only meters will be exempt from the stormwater utility fee.								
Street Fees - section 8-14								
Installation of Banners and Signs that Promote Attractions and Events								
A. A fee of \$17.75 is established for City crews to install promotional banners.								
B. A fee of \$34.00 is established to remove each sign								
C. Banner and sign installation fees automatically increase or decrease a percentage based on the Personal Services category within the Streets budget. Said increase or decrease shall be rounded to the nearest quarter.								
D. The City Manager is authorized to waive fees related to signs the City owns or for which the event is City Sponsored.

Notice to Assessor of Permanent Increase in Frozen Value. Beginning tax year 2016-17, permanently increase frozen value to:

Plan Area Name	New frozen value
	\$
	\$

*All Plans except Option Three: Enter amount of Increment Value to Use that is less than 100 percent or check "Yes" to receive 100 percent of division of tax. Do NOT enter an amount of "Increment Value to Use" AND check "Yes."
 **If an Option One plan enters a Special Levy Amount, you MUST check "Yes" and NOT enter an amount of "increment to Use."
 ***Option Three plans enter EITHER an amount of "Increment Value to Use" to raise less than the amount of division of tax stated in the 1998 ordinance under ORS 457.435(2)(c) OR the "Amount from Division of Tax" stated in the ordinance, NOT both.
 ****If an Option Three plan requests both an amount of "Increment Value to Use" that will raise less than the amount of division of tax stated in the 1998 ordinance and a "Special Levy Amount," the "Special Levy Amount" cannot exceed the amount available when the amount from division of tax stated in the ordinance is subtracted from the plan's Maximum Authority.

A public meeting of the Newport Urban Renewal Agency will be held on June 20, 2016 at 6:00pm at City of Newport Council Chambers, 169 SW Coast Highway, Newport, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2016 as approved by the City of Newport Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at City of Newport Finance Department, between the hours of 9:00 a.m. and 5:00 p.m. or online at www.newportoregon.gov. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

Total FTE	0.25	0.25	0.75

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING *
 The budget proposes to continue using \$5.4 million in bonded funds during this next fiscal year in order to pay for a number of major improvements in the South Beach area, particularly along the Highway 101 corridor, south of the Yaquina Bay Bridge. Also, two new Renewal areas were approved and next fiscal year will be there first year in operations.

STATEMENT OF INDEBTEDNESS		
LONG TERM DEBT	Estimated Debt Outstanding on July 1.	Estimated Debt Authorized, But Not Incurred on July 1
Other Borrowings	\$10,721,000	
Total	\$10,721,000	

**NEWPORT URBAN RENEWAL AGENCY
RESOLUTION NO. 3757**

**A RESOLUTION ADOPTING THE 2016-2017 BUDGET,
MAKING APPROPRIATIONS AND DECLARING A TAX INCREMENT**

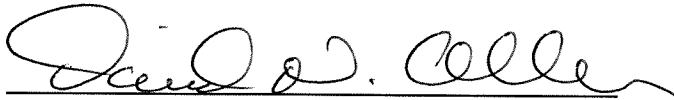

THE NEWPORT URBAN RENEWAL AGENCY RESOLVES that the Newport Urban Renewal hereby adopts the budget for the Fiscal Year 2016-2017 in the sum of \$6,889,179, now on file at City Hall.

THE NEWPORT URBAN RENEWAL AGENCY FURTHER RESOLVES that the amounts for the fiscal year beginning July 1, 2016, and for the purposes shown below are hereby appropriated as follows:

Newport South Beach Operations	393,271
Newport Northside Operations	1,100
McLean Point Operations	100
Contingency	381,750
Total Operations	<u>776,221</u>
Newport Urban Renewal Debt Service	<u>1,517,950</u>
Total Appropriations	<u>2,294,171</u>
Reserve for Future Expenditures	90,000
Reserve for Debt Service	785,463
UEFB - Debt Fund	3,719,545
Total Non-Appropriations	<u>4,595,008</u>
Total Uses of funds	<u><u>6,889,179</u></u>

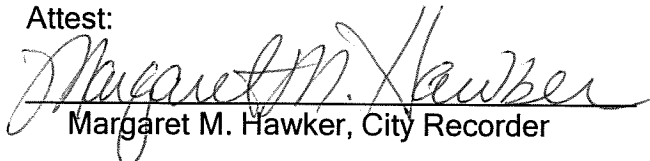

THE NEWPORT URBAN RENEWAL AGENCY FURTHER RESOLVES that the Agency will certify to the County Assessor the Newport South Beach Operations, Newport Northside Operations, and McLean Point Operations a request for the maximum amount of revenue that may be raised by dividing the taxes under Section 1 Article IX of the Oregon Constitution, and no amount to be raised by the imposition of a special levy.

Adopted by the Newport Urban Renewal Agency on June 20, 2016.

David Allen, Chairman

Attest:

Margaret M. Hawker, City Recorder
