EXECUTIVE SUMMARY

The development of the budgets for the City of Newport and the Newport Urban Renewal Agency for the fiscal year beginning July 1, 2015 and ending June 30, 2016, was initiated in January 2015. Since that time, the Finance Director, department heads, Finance Department personnel, other staff, and the City Manager have been working on various aspects of the proposed budget for consideration by the Budget Committee. The City Council's first involvement with the budget process was through a goal setting session that was held on February 23, 2015. During this session, the City Council heard presentations from each of the department heads; reviewed various upcoming issues; and prioritized goals for the 2015/2016 fiscal year. These goals were adopted following a public hearing on March 16, 2015 and were incorporated in the budget. In accordance with City Charter, the City Manager developed and submitted a proposed budget to the Budget Committee on Monday, April 27, 2015.

Revenues

The 2015/2016 proposed budget for the City of Newport continues to levy the tax rate of \$5.5938 per \$1,000 of assessed valuation for city operational purposes. In addition, the budget levies an amount to pay the 2015/2016 General Obligation Debt requirements for the city of \$2,329,169 for the wastewater refunding, water treatment plant issue, and the swimming pool bonds.

The City of Newport had previously adopted a schedule for various infrastructure rates that would have resulted in a 10% rate increase for water, a 15% rate increase for sewer, with 5% increases in storm water and infrastructure fees to fund major reconstruction of the city's utility systems. Based on Council action in 2014, the Council directed staff to develop a budget that would utilize revenue bonds instead of a "pay-as-you-go" method for financing infrastructure. This has allowed for a significant reduction in the proposed rate increases which has been incorporated in the 2015/2016 Fiscal Year Budget.

In accordance with this plan, the proposed utility rate increase for the 2015/2016 fiscal year have been reduced to a 5% increase in water rates, 4% increase in wastewater rates, from the original long-term financing plan. In addition, the budget proposed a 5% increase in storm water rates, and a 5% increase in the infrastructure fee for the next fiscal year. This will generate funding to support bonding for water and sewer projects in future years in order to continue meeting the critical need to rebuild the city's infrastructure to serve the residents of Newport today and well into the future.

Expenditures

The budget provides a continuation of existing types of expenditures for the new fiscal year. Included in this budget is funding for three new positions which include an Emergency Coordinator position, a Senior Planner position and a position in wastewater collections.

The budget continues to provide a substantial commitment for reinvestment in the city's water and sewer infrastructure during the course of the fiscal year. This will be funded in part through revenue bonds and State Revolving Fund financing with the future debt repayment coming from water and sewer rates. In addition, the construction of the pool project, as approved by voters in 2013, has a significant impact on funding levels. This budget represents an important continuation that focuses on rebuilding the City of Newport's aging infrastructure system.

Additionally, the budget continues to appropriate funding by individual capital projects including water and wastewater capital construction projects from the applicable operating funds transferred to either a Proprietary Capital Projects Fund (Fund 403) or a Capital Projects Fund (fund 402).

The Newport Urban Renewal Agency budget proposes to continue using \$5.4 million in bonded funds during this next fiscal year in order to pay for a number of major improvements in the South Beach area, particularly along the Highway 101 corridor, south of the Yaquina Bay Bridge.

Budget Committee Actions

The City of Newport/Newport Urban Renewal Agency Budget Committee met on April 29, 2015 to conduct a page by page review of the budget. Budget Committee members were asked to identify possible changes, questions, or concerns regarding the proposed budget. These issues were not debated on April 29, but were listed in a report with background information that was provided by the city administration to the Budget Committee for review at the May 13 meeting. In addition, the Budget Committee held a public hearing on receiving state revenues. No public comments were received.

On May 13, the Budget Committee reviewed this report which included 61 items that had been placed on the list for additional consideration during the April 29 meeting. At this second meeting, Budget Committee members discussed, debated, and made changes to the proposed budgets that were then voted on by the Committee to incorporate into each of the budgets in preparation of approval by the Committee.

As a result, several changes were made to the proposed budget for the City of Newport for the 2015/2016 fiscal year. These changes included the addition of \$5,000 from the Room Tax Fund for mural preservation on the Bayfront; a correction of an error regarding the amount of revenue anticipated in the General Fund from donations; elimination of the newly proposed School Resource Officer due to Lincoln County School District not being able to participate in funding this position; the creation of an Emergency Coordinator position and cost center; elimination of funding for the proposed Library lighting project and replacing it with the renovation of the Library elevator; the addition of \$10,000 for temporary employees for park maintenance; funding for a Senior Planner position at mid-year subject to the city's financial performance leading up to that time; elimination of an

appropriation for membership and dues in the amount of \$3,600 from the Housing Fund which was placed in the budget in error; addition of a 1% increase for the Oregon Coast Council for the Arts agreement for operation of the VAC and PAC; \$10,000 added for a shared lane marking project on Bay Blvd.; the transfer of revenue sharing funds toward the Lucky Gap Trail at Agate Beach; the inclusion of the VAC and PAC projects in the Capital Outlay Fund to recognize those projects that are being funded primarily by volunteer donations but will be completed as city projects; and the reduction of the appropriation for the Nye Beach Turnaround leaving only planning dollars instead of the full resurfacing project for this fiscal year.

On May 20, the Budget Committee unanimously approved the budgets for the City for Newport and the Newport Urban Renewal Agency including approval of the tax rates for the fiscal year beginning July 1, 2015 and ending June 30, 2016.

In addition, the Budget Committee recommended that the City Council review the appropriation of \$90,000 that has been included in the approved city budget for Lincoln County Transit District prior to budget adoption and after a presentation is made by the District to the Council on services that are being provided for these funds.

The budget for the City of Newport, as approved by the Budget Committee on May 20, 2015, proposed expenditures in the amount of \$ 71,389,790, unappropriated ending fund balances and reserves of \$4,787,619 for total requirements of \$76,177,409 for the 2015/2016 fiscal year.

The budget for the Newport Urban Renewal Agency as approved by the Budget Committee on May 20, 2015, proposed expenditures in the amount of \$2,722,842, unappropriated ending fund balances and revenues of \$3,288,822 for total requirements of \$6,011,664 for the 2015/2016 fiscal year.

June 15, 2015 Public Hearings Before the City Council

The public hearings for the 2015/16 annual budgets, tax levies, utility rates, and receiving State Shared Revenues for the City of Newport and Newport Urban Renewal Agency were publicly noticed and held on Monday, June 15, 2015, at 6:00 P.M. in the Council Chambers. Following the appropriate public hearings, the Urban Renewal Agency and City Council adopted budgets, establish tax levies and approved utility rates for the fiscal year beginning July 1, 2015 and ending June 30, 2016 as approved by the City of Newport Budget Committee on May 20, 2015.

Spencer R. Nebel
City Manager
CITY OF NEWPORT
169 S.W. Coast Hwy.
Newport, OR 97365
s.nebel@newportoregon.gov

April 24, 2015

To: Members of the Budget Committee

Pursuant to the City Charter chapter VIII, section 34(d)(6,) it is the responsibility of the City Manager to prepare and administer the annual budget for the City of Newport and the Newport Urban Renewal Agency. Pursuant to Oregon law and the City Charter, it is my pleasure to present the proposed budgets for the City of Newport and the Newport Urban Renewal Agency for the fiscal year beginning July 1, 2015 and ending June 30, 2016.

BUDGET PROCESS

Budget Schedule

Work on the annual budget was initiated in January 2015. Since that time, the Finance Director, department staff, finance department personnel, and I have been working on various aspects of the proposed budget for review by the Budget Committee. The City Council's first involvement with the budget process was through a goal setting session that was held on February 23, 2015. During this session, the City Council heard presentations from each of the department heads; reviewed various upcoming issues; and identified those items of importance to be considered at budget time. In addition to the departmental goals, the Council prioritized goals for the 2015/2016 fiscal year. The goals were presented to the Budget Committee at the March 18, 2015, preliminary Budget Committee meeting for further comment. Following a public hearing, the Council formally adopted goals for the 2015/2016 fiscal year at the March 16, 2015, City Council meeting. A report on the disposition of the goals is included in the budget message.

The complete schedule for the preparation and approval of the 2015/2016 fiscal year budget is as follows:

Budget Calendar for 2015/2016 Fiscal Year

- *File Budget Document with County Recorder and Designated Agencies.*

The Budget Committee meetings will take place on Wednesday, April 29, at 5:00 P.M.; Wednesday, May 13, at 5:00 P.M.; and Wednesday, May 20, at 5:30 P.M. in the City Council Chambers. Public comment will be taken by the Budget Committee at 6:00 P.M. on each of the meeting nights. The process for the budget review will include a complete overview of the budget at the April 29, 2015, meeting. At this time, any member may suggest specific changes to a proposed expenditure or revenue in the budget as the page-by-page budget review is being completed. The changes will not be debated or discussed by the Committee at the April 29, 2015, meeting. Any items identified for further consideration by individual members of the Budget Committee will be presented with staff comments for the Budget Committee's consideration at the May 13, 2015 meeting. At this meeting, the Committee will discuss possible modifications to the proposed budget suggested by individual members of the Budget Committee, and determine, by a majority vote, which items shall be modified as part of an approved budget. In addition, department heads will participate in the May 13, 2015, meeting to further explain any of the items that have been identified for possible modifications by individual members of the Budget Committee. At the third Budget Committee meeting scheduled for Wednesday, May 20, 2015, the Budget Committee will formally recommend approval of the budget to the City Council.

On June 10, 2015, the City Council will hold a public hearing on the proposed use of the state shared revenues and the city budget, and the Urban Renewal Agency will hold a public hearing on the Urban Renewal Agency budget. Immediately following the public hearings, final adoptions of the budgets for the fiscal year starting July 1, 2015 and ending June 30, 2016 will occur.

Budget Documents

The budget documents for the 2015/2016 fiscal year will include a cover sheet for all operating funds showing a summary of revenues, expenditures, transfers, contingencies, and fund balance for that fund for fiscal years 2012/2013, 2013/2014, the original budget for fiscal year 2014/2015, and the amended budget for fiscal year 2014/2015. In addition, the summary sheet will show the eight month actuals and estimates for the current fiscal year, along with the original request from the department and the amount proposed by the Budget Officer for the 2015/2016 fiscal year.

Following the summary sheet for each fund, the line item budget can be found showing detailed expenditures for each department or function.

A listing of equipment purchases and capital outlay projects proposed for fiscal year 2015-16 follows the detailed budget sheets in the back of the budget book along with personnel and salary information for funded positions in the city.

Please note by fund that we have also included various subtotals for expenses to help review their relationship to revenues. In addition, we are now listing full-time equivalent positions in each of the cost centers as recommended by the Oregon Department of Revenue. Finally, we have changed the reference at the end of each fund which includes expenditures, contingencies and unappropriated balanced from "Total Fund Expenditures" to "Total Fund Requirements", since this line includes more than expenditures. We have also included tabs for the various funds based on the comments from last year's Budget Committee. We are also showing more detail in the budget documents regarding specific equipment and capital outlay expenditures by fund.

Government Accounting

In order to understand the budget process, it is helpful to have an understanding of the requirements for local governments to utilize various types of funds for budgetary and accounting purposes. Many of the funds utilized by the City of Newport are required by the state. Other funds have been established to satisfy requirements of bond covenants or for financial management purposes. Finally, some funds are used for the convenience of the local government unit.

One of the goals of the Finance Department is for the City to participate in the Government Finance Officers Association (GFOA) Comprehensive Annual Financial Report (CAFR) Excellence in Reporting program. This program requires very strict adherence to nationwide standards set by GFAO for said program, with this in mind the

City is beginning the process of meeting these criteria. The City will meet these requirements by 1) realigning the fund numbers into the various funds type (General, Special, Debt Service, Capital Project and Proprietary/Internal Service Funds); 2) consolidate the unusual high number of expenditure line items into a more manageable and understandable lineup of line items, and 3) the current revenue sources will be expanded to report more line items. The best place to begin this is during the annual budget process. The document presented to the Budget Committee has these changes within the pages. The realignment of the funds can be explained by noting how they are used in the City's Operations which consist of two activities, explain below, Governmental and Business-type.

Governmental funds, also known as Governmental Activities, are used to account for various governmental services provided by the city that are supported by taxes and other general revenues for the city. Revenues are recognized as soon as they are both measurable and available. Revenues are considered *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary funds are used to account for operations that are financed and operated in a similar manner to private business enterprise, known as Business-type Activities. Operating revenues and expenses generally result from delivering goods and providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sanitary sewer enterprise funds and the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the costs of services, administrative expenses, and depreciation on capital assets. In this fund type, fees charged are intended to support the overall business operation. These include the Water Fund (601), Sewer Fund (602), and Public Works Fund (701). In the audited financial report that are issued by the city's independent auditors each year, these proprietary funds are shown in separate schedules in business type activities. The balance of the funds are reflected on the balance sheets for governmental funds.

Furthermore the State of Oregon requires that governmental accounting divide its financial operations into several types of operating funds which in turn follow the GFOA Standards. The General Fund (101) is the general operating fund for the City of Newport. Most of the general city services are included within this fund such as General Government and Police and Fire. The next level of funds are called Special Revenue funds and they are established to account for various revenues that are designated for a specific purpose. The Special Revenue funds for the city are as follows:

201	Parks & Recreation
211	Public Parking
212	Housing
220	Airport
230	Room Tax
240	Building Inspection
251	Streets
252	Line Underground
253	SDCs
254	Agate Beach Closure

These funds are established since the city must ensure that funds collected for a specific purpose are spent on those purposes.

The next fund type are the Debt Service funds and they are noted as:

301	Debt Service - Water
302	Debt Service - Wastewater
303	Debt Service - General
304	Debt Service - Urban Renewal

Debt Service funds are used to account for the City’s various debt type for the both the Governmental and Business-type activities.

The city is utilizing a Capital Projects Fund (402) for government type activities and (403) for proprietary type capital projects activities. Finally, the city has also established a Reserve Fund (404) which is a fund being used to accumulate money for financing the cost of future property or equipment acquisitions.

The Urban Renewal Agency budget activities are shown in fund 270. The Urban Renewal Agency is a separate component for the city but for purposes of the budget presentation these expenditures are included in the joint City of Newport and Urban Renewal Agency budget documents.

ECONOMIC CONDITIONS FOR THE CITY OF NEWPORT & LINCOLN COUNTY

Local governments have been significantly impacted by the historic recession that began in the fall of 2008. Some of the impacts of this recession have been mitigated by a slowly recovering economy. Some of these signs of this slow recovery are evident in the City of Newport and Lincoln County. This economic activity can affect some revenues directly such as the city’s room tax and local gas tax, while the impact on property tax is much more convoluted due to the various limitations the State of Oregon has placed on the collection of this tax. The City of Newport has had relatively stable population since the 2000 census. The population during this time is as follows:

City of Newport Population Trends by the US Census Bureau	
Year	Population
1990	8,437
2000	9,532
2010	9,989
2014 (est.)	10,095

Lincoln County Board of Commissioners conducted a ten-year update on the status of Lincoln County, Oregon's economy during 2014. This research was prepared by the research group, LLC of Corvallis, Oregon. There are a number of interesting findings in this report that evaluate what the sources of personal income are for families in Lincoln County. It also compares those sources by looking at the 2003 data and comparing it with 2012 data. The findings for the county indicate that 50% of net earnings comes from the various economic sectors in the community including the commercial fishing, timber, tourism, marine sciences and industrial employers. What is significant in this report is that 27% of the personal income is classified as transfers. Transfer payments include payments to individuals by Federal, State and local governments which would include Social Security, Medicare, Medicaid, Veteran's benefits, Bureau of Indian Affairs benefits, employment insurance, family assistance payments, food stamps, public pensions, etc. In addition, transfer payments include business payments to persons consisting primarily of liability payments for personal injury and corporate gifts. Furthermore, investments constitute 23% of the personal income in Lincoln County in 2012 with these payments including personal income from private investments such as rent, interest and dividends, and private pension payments as examples.

Lincoln County Sources of Total Personal Income by Sectors in 2003 and 2012

	2003		2012		Percent Change
	Income	%	Income	%	
Total Personal Income	1,495.2	100.0%	1,678.7	100.0%	123%
Net Earnings	814.4	54.5%	839.0	50.0%	30%
1. Commercial fishing, including distant water, and aquaculture	120.5	8.1%	165.5	9.9%	37.4%
2. Agriculture	2.8	0.2%	4.2	0.3%	50.5%
3. Timber	75.9	5.1%	104.9	6.2%	38.1%
4. Tourism	113.6	7.6%	135.0	8.0%	18.7%
5. Other identified	100.8	6.7%	148.5	8.8%	47.4%
a) Marine science			62.0	3.7%	
b) Other	100.8	6.7%	86.5	5.2%	
i. Paper and paperboard mills	76.2	5.1%	47.7	2.8%	
ii. Water transportation and marine cargo	0.9	0.1%	0.1	0.0%	
iii. Shipbuilding, steel fabric., other heavy cons.	1.0	0.1%	2.3	0.1%	
iv. Misc. (state/fed. govt., military, comm.)	22.6	1.5%	36.4	2.2%	
6. Other not identified	400.8	26.8%	280.9	16.7%	-29.9%
Transfers	340.4	22.8%	454.2	27.1%	33.4%
Investments	340.3	22.8%	385.5	23.0%	13.3%

	2003	2012	Change
Total Employment	16,589	17,118	3.2%
Unemployment Rate	9.0	9.3	3.3%
Per Capita Personal Income	33,659	36,374	8.1%
Population	44,421	46,151	3.9%

- Notes:
1. Personal income in millions of 2012 dollars, adjusted using the GDP price deflator developed by the U.S. Bureau of Economic Analysis.
 2. Personal income generated by identified sectors includes direct as well as indirect and induced income. The economic sectors dependent upon the identified sectors, such as retail and service businesses, are included in the identified sectors. This means the "multiplier effect" is included.
 3. The "fishing" sector is commercial fishing and includes the distant water fisheries economic contributions. The "tourism" sector includes economic contributions from recreational saltwater and freshwater fishing.
 4. Marine science and research subsector was added in 2012 because of its emerging prominence. There were economic contributions from this subsector in 2003, but the included activity was scattered in mostly the "other identified" sector categories. The marine science and education subsector includes the Hatfield Marine Science Center (HMSC); Oregon Coast Aquarium; other science spending such as wave energy, community college, and cooperative fishery research; MOC-P, and ocean observing.
 5. Transfers and investment personal income are only direct income, although research shows that the multiplier effect may be more than one for both of these sectors.

Source: Study for sources of personal income in 2012 and TRG (2006) for 2003. Total and per capita personal income, and population from U.S. Bureau of Economic Analysis. Unemployment and covered employment from U.S. Bureau of Labor Statistics.

In addition, the report provided an analysis of intra-county distributional differences in both income and poverty for the years 2000 and 2012. This information is as follows:

**Lincoln County, Oregon, Income/Poverty by City
From the Ten Year Update on Lincoln County, Oregon’s Economy**

	Population		Median Income		Families Poverty		Portion of Households(2012)			
	2000	2010	2000	2012	2000	2012	Earnings	SS	Retirement	SNAP
Oregon	3,421,399	3,831,074	\$53,659	\$50,036	7.9%	10.8%	77%	30%	18%	17%

Yachats	644	690	\$42,370	\$42,396	12.8%	2.0%	66%	54%	34%	12%

- Notes: 1. Median income for 2000 Census is for 1999 adjusted to 2012 dollars, and for 2012 is ACS based on 2008-2012 aggregations in 2012 dollars.
2. Poverty proportions are from 2000 Census and ACS 2008-2012 aggregations. Poverty thresholds based on family status in both Census and ACS data sources, but methods differ and comparison caution is suggested. Example poverty threshold for a two children and two adult family is about 50 percent median income.
3. Sources of income are from ACS 2008-2012 aggregations (SS – social security, SNAP – food stamp).

Source: Decennial Census 2000 and 2010, and ACS aggregations for 2008-2012.

Please note that the City of Newport has the highest median income in Lincoln County at \$47,270. The lowest median income in Lincoln County is in Lincoln City at \$29,686. In 2012, Newport’s families living at, or below the poverty level was 13.6%. This fell in the middle of the range with Siletz having a high of 22.5% and Yachats having the low of 2% at or below the poverty level.

The unemployment statistics for Lincoln County have been on a steady decline since 2010 when unemployment was at 10.7%. Please note, in the latest month (February) the unemployment rate for Lincoln County is now at 6.9%.

Lincoln County, Oregon Unemployment Statistics	
2015 (Feb)	6.9%
2014	8.0%
2013	8.2%
2012	9.4%
2011	10.1%
2010	10.7%

Another indicator of economic activity is construction occurring within the community.

The City of Newport Construction Activity	
Fiscal Year	Construction Value
2009-10	\$10,240,000
2010-11	\$49,611,234
2011-12	\$17,983,719
2012-13	\$7,899,097
2013 -14	\$10,514,890
2014-April 15, 2015	\$11,099,380

As you can see from the information above, the 2012-13 fiscal year appears to be the recent bottom of construction activity within the City of Newport. The 2013-14 fiscal year showed a slight rebound and so far in the 2014-15 fiscal year, the construction activity has already outpaced the total construction activity for the 2013-14 fiscal year. Based on current level of permits that have been issued or are under review, the city is experiencing an upward trajectory with respect to new development. On the housing front, the city had 10 housing starts in calendar 2013, which is the recent low point for housing starts within the City of Newport. In 2014, the city had 28 new starts in the first three and a half months, and of the current year, we have issued permits for 10 new homes as well.

Listed below is the total market valuation of taxable property within the City of Newport over the past five years. Please note that the market information used to determine these valuations typically lag by one year, since it is a sale's study from the previous year that is used to calculate the current year values. The assessed valuation for the City of Newport had a significant drop from 2010 to 2011. However, 2014 is the first year where there is a slight increase in the market valuations. Based on sales activity that has been occurring so far in 2015, it appears the assessed valuations will continue to see growth based on preliminary sales information received by the Assessor's Office to date.

City of Newport, Oregon Total Market Valuation of Taxable Property Lincoln County Assessor's Office	
2014	\$1,484,011,687
2013	\$1,454,951,775
2012	\$1,560,311,055
2011	\$1,649,057,216
2010	\$1,801,795,380

In working with the Lincoln County Assessor's Office, I requested several reports, which have been provided on the volume of sales recorded through the Assessor's Office for the City of Newport, as well as the median sales price for all housing units within the City.

VOLUME OF SALES NEWPORT											
NUMBER OF SALES	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	NUMBER OF SALES
600											600
575	584										575
550											550
525											525
500											500
475											475
450											450
425		424									425
400											400
375											375
350											350
325			320							318	325
300											300
275								275	272		275
250											250
225						214	218				225
200					186						200
175				175							175
150											150
	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	

Includes all transactions within Newport City Limits in all property categories.

Please note the volume of sales, recorded in the City, has been growing from a low of 175 transactions in 2008, to 318 transactions during the 2014 calendar year. Also, the current activity is about the same level of sales that was occurring prior to the 2008 crash. However, the peak in transactions occurred in the 2005 with 584 transactions occurring within the city.

Also included in this report is statistical information, compiled by the Lincoln County Assessor's Office, on the median sales of all housing units in Newport's city limits. As is the case with the other indicators, the value of the housing units sold declined to a low of \$190,000 in 2013. These values have been rebounding at a fairly brisk rate with the value of homes sold in 2014 being \$218,500, and the value of homes so far sole in 2015 averaging \$235,000. These values are still significantly lower than the peak value in 2007 of \$289,000, but exceed the 2005 median sales and are very close to the 2006 sales in the average value of housing units sold within the City of Newport.

MEDIAN SALES PRICE OF ALL HOUSING UNITS IN NEWPORT CITY LIMITS												
MEDIAN												MEDIAN
PRICE	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	PRICE
\$290,000			\$289,000									\$290,000
\$285,000				\$287,500								\$285,000
\$280,000												\$280,000
\$275,000												\$275,000
\$270,000												\$270,000
\$265,000												\$265,000
\$260,000												\$260,000
\$255,000												\$255,000
\$250,000												\$250,000
\$245,000		\$244,500			\$247,500							\$245,000
\$240,000												\$240,000
\$235,000											\$235,000	\$235,000
\$230,000												\$230,000
\$225,000												\$225,000
\$220,000										\$218,500		\$220,000
\$215,000												\$215,000
\$210,000												\$210,000
\$205,000	\$204,500											\$205,000
\$200,000						\$200,000	\$200,000					\$200,000
\$195,000								\$197,000				\$195,000
\$190,000									\$190,000			\$190,000
	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	
# of Sales	281	222	182	103	96	75	83	126	37	164	27	

Only includes sales of open market, arms length transactions. No duress sales. No unadvertised sales between relatives, friends, or neighbors. No bank foreclosure resales or short sales. No personal property manufactured homes.

Finally another measurable indicator of activity within in the community is data that has been collected in a consistent fashion by the Chamber of Commerce since 2006. Room occupancy in the City of Newport has been on a steady growth rate with 2014 exceeding all years of the survey with a 60.4% occupancy rate which exceeded the low rate of 53% in 2009.

City of Newport - Occupancy Report 2006 to 2015	
Accumulative % for all (8) participating hotel properties	
Year	Avg.
2006	60.30%
2007	59.80%
2008	53.79%
2009	53.00%
2010	53.64%
2011	54.25%
2012	54.95%
2013	56.45%
2014	60.46%
2015 (Jan/Feb/March)	57.41%

In reviewing occupancy information, it appears that the off season for room stays has seen a significant growth over the ten year period in which the Chamber has been collecting data. This is a good trend in that it helps even out the economic activity from tourism within the City of Newport. Also it should be noted that the occupancy survey has indicated that January and March of 2015 have set records over the ten year period with March experiencing a phenomenal occupancy rate of 65.91%. Obviously a significant portion of this can be credited to the Seafood & Wine Festival that is held by the Chamber. Also part of this statistic is likely related to the outstanding weather that has been experienced on the Coast this winter.

Overall, in reviewing these various economic indicators, it is clear the local economy for the City of Newport and Lincoln County is seeing a very measurable recovery from the great recession that occurred in 2008 with the impact of that recession lingering to this present day. This is good news for the region and the City of Newport. With the various issues that are on the horizon including the expansion of OMSI, Oregon State University's announcement of creating a Marine Studies curriculum for undergraduate students in Newport and other private developments that are underway it is my belief that the city can expect the current recovery to continue for the near term foreseeable future.

BUDGETARY TRENDS

Historic revenues and expenses have been compiled as part of the evaluation of past fiscal trends. This information helps to project future revenues and expenses for the city. It is my plan that for next year's budgeting, various revenues and operating expenses will be projected out for a number of year to determine the city's capacity to either expand or contract services and/or revenues over time. For the development of the budget for the fiscal year beginning July 1, 2015, a general review has been completed of the historic revenues and expenditures incurred by the city in each fiscal year. In the future, this will serve as a basis for projecting longer term trending information that will be considered by the management team, Budget Committee and the City Council in developing future budgets. Time did not allow for this level of analysis to be done in preparation of the proposed budget for the fiscal year beginning July 1, 2015.

Property Taxes

The city's single largest source of revenue for the operation of the General Fund comes from property taxes. The city has seen a steady growth in this revenue over the past years, which is used to fund the major operations of the city, including police, fire, and general government. The State of Oregon has passed a number of initiatives that impact the amount of property taxes paid to local governments, including Measure 5 which passed in 1990, and Measure 50, which passed in 1996. Measure 5 imposes a limit of \$10 per \$1,000 of real market value for the overall payments of general government taxes. Please note that voter approved general obligation bonds are exempt from this calculation. Measure 50 placed permanent rate limits on taxes in districts and changed the concept of assessed values as used in calculating the tax rate. The assessed evaluations of individual properties are limited to a three percent increase per year.

The City of Newport has not been significantly impacted by compression, which results when the rate limits enacted by Measure 50 are exceeded on individual properties. Compression applies to the real market value of properties rather than the assessed valuation. If taxes being raised on an individual property exceed \$10 per \$1,000 for all general government uses, less general obligation debt, then the tax bill for that property is reduced or "compressed." In understanding the future growth of property tax revenues, the impacts of Measure 5 and Measure 50 will need to be periodically examined. The history of the collection of current property taxes for the city is as follows:

Current Property Taxes		
Fiscal Year	Taxes Received	Percent Change
07-08	\$4,156,378	-
08-09	\$4,308,044	3.65%
09-10	\$4,410,253	2.37%
10-11	\$5,194,132	17.77%
11-12	\$5,489,776	5.69%
12-13	\$5,610,803	2.20%
13-14	\$5,697,050	1.54%
14-15 (est.)	\$5,731,838	0.61%

Please note that in fiscal year 2010/2011, the city realized a 17.77% increase in its General Fund tax collections as a result of the closure of the Northside Urban Renewal District. Once this tax increment financing district was closed, all taxing units, including the City of Newport, began receiving the portions of the taxes that were diverted for various redevelopment projects within the Northside Urban Renewal District area. During the past two fiscal years, the growth in property tax revenue has flattened out. Please note that these revenues lag economic conditions by about two years. The city should continue seeing a modest growth in property tax revenues for the foreseeable future.

Other Major Revenues

Other significant sources of revenues for the City of Newport include the transient room tax and local gas tax, state shared revenues, state gas tax and franchise fees, and line undergrounding fees from various utilities utilizing the city’s right-of-way or being granted an exclusive franchise within the city. An historic review of revenues from these significant sources of funds follows:

Two statistics that the city collects locally that indicate tourism activity include the room tax and gas tax revenues. Ordinance No. 1984 authorizes the collection and use of a one cent per gallon motor vehicle fuel tax on motor vehicle fuel dealers that sell or distribute fuel in the city from November 1 through May 31 of each year. This tax increases to three cents per gallon from June 1 through October 31 annually. Since the gas tax is a fixed amount on gallons of gasoline sold in the city, this is a good indicator of tourism and economic trends in the community. Another important indicator of the tourism business is the collection of transient room taxes. The city collects a 9.5% tax on room rentals in the city. Please note that an increase in room taxes reflects several possible scenarios, including an increase in occupancy and in the prices of rooms. Both of these occurrences are indicators of economic growth. A recent history of the transient room tax and gas tax collections follows:

Tourism Related Taxes		
Fiscal Year	Transient Room Tax	Newport Gas Tax
07-08	\$2,242,760	-
08-09	\$2,229,833	-
09-10	\$2,278,501	\$59,839
10-11	\$2,297,743	\$139,689
11-12	\$2,367,590	\$150,063
12-13	\$2,419,698	\$176,114
13-14	\$2,764,050	\$155,463
14-15 (est.)	\$2,813,781	\$180,000

Furthermore, three additional key revenues include:

Other Major Revenues			
Fiscal Year	State Gas Tax Fund 302	Franchise Fees Fund 101/305	State Revenue Share Fund 101
07-08	\$488,207	\$903,022	\$108,248
08-09	\$405,125	\$870,131	\$97,558
09-10	\$439,764	\$1,087,424	\$92,375
10-11	\$510,880	\$917,554	\$80,119
11-12	\$547,261	\$1,067,719	\$130,131
12-13	\$538,094	\$993,622	\$110,800
13-14 (est.)	\$531,965	\$1,015,000	\$112,000

Overall, the city has seen some variation in each of these revenues which have been caused by the impacts of the Great Recession with a gradual recovery occurring more recently.

A portion of the state gas tax, collected by the state, is returned to local units of government for maintenance of local streets. The franchise fees consist of the fees that are collected from various users of the city's right-of-way, or from companies that are provided an exclusive franchise in order to serve Newport's citizens. In addition, the franchise fee revenues include line undergrounding fees that are paid by the electrical company, and are designated in a separate Line Undergrounding Fund (305). While these funds have varied over the years, a stronger economy generally provides more revenues to the city to fund various government operations.

Water, Sewer, and Infrastructure Fees

The City of Newport provides for the storage of raw water, the filtration of this water source into safe drinking water, and then distributes this filtered water throughout the city for the customer use in their homes or businesses. The city also runs a completely separate system that collects wastewater from various homes and businesses and transports that

wastewater through a series of lift stations to the wastewater treatment plant where the wastewater is cleaned and then discharged into the Pacific Ocean, and biodegradable sludge is deposited on land from the wastewater operation. With Newport's rugged terrain, the city has a significant number of lift stations to force sewage uphill into gravity systems that ultimately lead to the wastewater treatment plant. Each of these lift stations requires a significant amount of maintenance and many of the lift stations have to be replaced in order to avoid failures which cause untreated sewage to be discharged in area waters at various locations in the city. Maintaining safe drinking water at every home and business, and collecting the sewage that results from various homes and businesses, is a very complex and expensive operation, and assures that the drinking water is safe and that the wastewater discharged into coastal waters is clean so as not to negatively impact the environment. Finally, the city maintains a system of ditches and storm sewers to collect rain water and transport it to appropriate outfalls which adds a third separate function under many of the city streets.

The systems of water mains, sewer lines, and storm sewers in many areas of the city are reaching the end of their useful life. In recent years, the City Council has increased the rates to both eliminate operating shortfalls in these funds and to provide the necessary infrastructure funds to begin rebuilding portions of aging water and sewer lines and components in the city. The city has undertaken a major evaluation of its infrastructure, and has prioritized various projects that need to be done in order to begin the process of rebuilding these utility systems. The City Council previously adopted a capital improvements surcharge to help facilitate various infrastructure replacements in the city. This surcharge is collected on the water bills. Furthermore, the city has increased water and sewer rates in order to generate sufficient funding for the safe operation of the water and sewer systems, as well as for capital needs to replace lift stations, water mains, booster stations, water tanks, and other parts of the infrastructure system, necessary to provide for a sound and safe system to continue serving the city into the future. The water and sewer charges collected by the city over the past years follows:

Water, Sewer, and Infrastructure Revenue			
Fiscal Year	Water User Charges Fund 303	Sewer User Charges Fund 304	Capital Improvement Surcharge Fund 601
07-08	\$1,717,891	\$2,227,673	-
08-09	\$1,888,891	\$2,394,222	-
09-10	\$1,816,018	\$2,414,461	\$410,172
10-11	\$1,969,600	\$2,485,945	\$424,871
11-12	\$2,220,881	\$2,642,935	\$458,286
12-13	\$2,745,603	\$3,208,295	\$513,425
13-14	\$3,254,281	\$3,537,325	\$549,103

There has been a significant increase in revenue in order to be able to fund needed infrastructure improvements into the future for the city. The City Council established an Infrastructure Task Force to evaluate this strategy with a report being provided to the City

Council on January 6, 2014. The report suggested that the City Council redirect this effort from utilizing a “pay as you go” approach which relies on utility rate increases to pay for immediate capital project needs to a process in which major segments of the work would be bonded and paid back over time. The impact of the alternative approach is for overall lower future utility rate increases for residents in exchange for allocating these costs over a 20-year period when the bonds would be paid back through utility rates. There is merit in considering this type of plan since the users of the water and sewer utility system over the next 20 years will be paying for improvements that they are enjoying during this time. Furthermore, with the typical life of underground utility systems, the rate payers will, at some point in the distant future, enjoy a period of lower rates and/or will establish replacement reserves once these debts are satisfied.

Expenditure Trends

Listed below are various expenditure trends within the city’s General Fund including personal services, materials and services, and transfers to other funds. These are the most significant categories of expenditures from the General Fund. I have included the original budgeted amount, as well as an estimate of the year-to-date expenditures. Please note that the budget numbers are significantly higher than what we estimate will be expended this year. This is in part due to a number of vacancies that were budgeted but not filled in the fiscal year. Materials and services have shown a significant growth over the past three years as well. Finally, the General Fund supports other funds such as the Airport Fund, the Recreation Fund, and Street Fund which are reflected as fund transfers in order to provide operating and capital outlay dollars for these operations. Listed below is financial information for the past three years broken down by these three categories:

General Fund				
	11-12	12-13	Amended Budget 14-15	Estimated 14-15
Personal Services	\$5,686,017	\$5,838,843	\$6,540,704	\$6,170,025
Materials & Services	\$2,400,925	\$2,794,323	\$3,260,101	\$2,963,321
Transfer to Other Funds	\$1,091,777	\$859,912	\$1,479,403	\$1,479,403

On reviewing expenditures, it is important to keep a balance between personnel costs and materials, services, and proper reinvestment in equipment, tools, special services and other activities necessary to continue keeping a city organization healthy and to meet the needs of the citizens of the community. During times of some economic uncertainty, I am always much more comfortable reinvesting in city facilities, buildings and infrastructure rather than adding to the city’s payroll. In the event the city makes a decision to replace \$80,000 worth of playground equipment, that purchase represents a onetime capital investment that will be good for a decade or two. If the city considers adding a job as part of the budget process, and that job with fringe benefits equals the same \$80,000 in the current fiscal year, the real result of that decision will cost the city

not \$80,000 but \$800,000 over the next ten years without factoring any inflation. As the city looks for ways to meet the capital costs to sustain its buildings, parks and other facilities, the city also needs to be aware of the long term impacts of adding staffing to the city organization. As Finance Director, Mike Murzynsky, and I become more confident in our understanding of Newport's finances, we will be able to do the types of projections that can help guide these decisions in the future. Good data is critical to make good projections.

REVIEW OF FINANCIAL ACTIVITY FOR THE 2014/2015 FISCAL YEAR

In developing the budget for the 2015-16 Fiscal Year, it is critical to have a clear understanding of how the various funds will finish the current fiscal year. These estimates form the basis of the beginning fund balance for the next year. They also provide a look at where the revenues and expenditures are anticipated to end up as compared to the budget numbers projected last year at this time. The department heads are asked to project the expenses for each of the departmental budgets. The Finance Department typically does the projections for revenues for the City's funds.

Last year we were transitioning from budgeting major capital outlay items in general line items to budgeting these projects on an individual basis. This was to improve both the ability to understand what has been budgeted as well as to increase transparency for the City's budget process. In order to create a point of beginning, last year I had asked department heads to project that we would expend the entire project amounts if a project was going to be initiated prior to the end of the fiscal year. This enabled us to transfer out of the various operating funds sufficient appropriations to designated capital outlay funds. During the first five months of the fiscal year, the City Council appropriated through budget amendments the amount of funds that were unexpended as of June 30th for each of these capital projects. This established a specific appropriation for each project that got carried over to the new fiscal year, as well as specific appropriations for those projects that were budgeted as part of the 2014-15 budget year. This practice has placed us in a much better position to understand the funds that are both available and necessary to complete various projects.

In attending this year's budget updates by the Oregon Department of Revenue, I explained the process that we utilized last year for capital outlay projects that would carry over into the next fiscal year. The Oregon Department of Revenue has indicated this practice is not consistent with Oregon Budget Law, which requires an estimate to be made of the anticipated expenditures for projects that are carried over into the next fiscal year. As a result of this conversation, and with good budgetary information on our various capital outlay projects, this year we are providing an estimate of what the expenditures may be in the current fiscal year, and will carry over the amount anticipated that will be necessary for the next fiscal year in the budget document. Since these are only good faith estimates, it will still likely require budget amendments at some point in the next fiscal year for these carry-over projects where our estimates need to be adjusted. This practice will better meet the intent of Oregon Budget Law.

In developing last year's budget, there were certainly limitations in interpreting the previous year's budget with the change of both the City Manager and Finance Director during that fiscal year. Interim Finance Director, Bob Gazewood, did an excellent job in trying to pull together information to make good decisions for the current fiscal year budget. As we continue the transition with new Finance Director, Mike Murzynsky, the financial evaluation of the current fiscal year is continuing to improve. This will help facilitate better budget estimates going forward into the next fiscal year. There are still some uncertainties with some of our financial estimates; however I believe we will continue to be conservative in our estimates which will likely place the city in a stronger position than what is anticipated with the 2014-15 year estimates, as well as the projections for the next fiscal year.

General Fund

Overall General Fund revenues and transfers are expected to exceed the original projected funds by \$175,000. Transient Room taxes are running about \$192,000 ahead of what was projected in the last year's budget. In reviewing the revenues, you may note that franchise fees appear to be well ahead of the budget amount. Part of this increase is a shifting of some of the franchise fees that had been included in the miscellaneous sales and services line. You will note that the miscellaneous line item is falling below projections with this adjustment. Please note that the budget anticipated receiving \$196,000 in FEMA funds. These FEMA funds are now anticipated to be received in the 2015-16 Fiscal Year.

In reviewing the expenditures, one significant change you will see throughout the General Fund and several other funds was a reduction in the appropriation amount for contracted legal services in various departmental funds. These line items were reduced in the current fiscal year once an in-house attorney was hired by the City Council, and a separate City Attorney cost center was established. A new City Attorney cost center can be found under legal (1040). This cost center includes approximately one-half a year of expenses for the City Attorney. Please note that some costs for preparing the City Attorney's offices were allocated to various existing accounts prior to establishing this cost center.

The Human Resources cost center (1052) is coming in significantly under budget. This was due to the position being vacant for a portion of the fiscal year. The Safety budget (1053) which was a new cost center last year, is anticipated to be significantly below the appropriated budget by nearly \$30,000. The Police budget (1070) is also anticipated finishing approximately \$200,000 under the appropriated amount for the current fiscal year. Please note that there were multiple vacancies in the Police Department during the course of this past fiscal year that led to significant lower personnel expenses that projected. Likewise, the Fire Department (1090) is projected to finish the year over \$200,000 under budget. Again a significant portion of these savings were the results of vacancies within the department. However, please note that overtime costs were significantly higher than projected. This was necessary to cover the times from the vacancies within the department.

The Library cost center (1100) is expected to finish under the current year amended budget. There was a significant adjustment in the building and grounds line item to account for the work that was being paid for by the Library Foundation to the Library building. This amendment was off-set by the \$80,000 budget amendment that was approved by the Council reflecting the contribution from the Library Foundation.

Facilities cost center (1310) appears to be finishing significantly under budget. While the facilities capital projects cost center (1320) is appearing run over budget for this fiscal year. These two should off-set.

The cost center for custodial operations (1350) was not staffed during this fiscal year. It was anticipated that a new RFP would be issued for custodial services for the city, which would exclude maintenance of the city's standalone restrooms. This RFP was not issued during the fiscal year, and is currently out now. Again it is anticipated the city would take over maintenance of the exterior restrooms as part of this new custodial agreement requiring staffing of this position, which is divided between the General Fund, and the Water Fund.

Non-department cost center is appearing to run about \$90,000 ahead of budget. This is due to a capital projects transfer to Wastewater in the amount of \$96,621. This item will need to be picked up in a budget amendment prior to year end if the overall cost center requires adjusting.

The projected fund balance for the General Fund at the end of the 2014-15 Fiscal Year is projected to be \$2,595,000. This ending fund balance includes a net difference between revenues obtained and expenses occurring during the fiscal year, plus folding the remaining contingency that is anticipated to remain at the end of the fiscal year.

Other City Funds

The Parks & Recreation Fund (201) will appear to finish the year ahead of the budgeted revenues and transfers by a little over \$34,000 with expenditures projected by the department to run \$436,000 under the appropriated amount by June 30th of this year.

The Public Parking Fund (211) had limited activity through the course of this fiscal year. These funds are being reserved for future projects to improve the city's parking system in Nye Beach, the City Center and the Bayfront. Likewise the Housing Fund-212 had limited activity during the course of the year. The single biggest expenditure being the appropriation to the Lincoln County Land Trust of \$30,000 to facilitate work force housing.

The Airport Fund (220) revenues are expected to run ahead of the projected amounts by \$200,000, while expenditures are projected to fall approximately \$87,000 below the amount appropriated. Part of this was the vacancies throughout the fiscal year one full-time funded position at the Airport with the rest of this amount occurring in expenditure for various supplies under the appropriated amounts.

In the Room Tax Fund (230) revenues are projected approximately \$178,000 above the projected amounts. This is primarily the increase collection of room tax funds as a result of a robust tourism year. Expenditures in the Room Tax Fund are running significantly below the appropriated amount. This will allow some funding for tourism related capital projects going forward in the 2015-16 fiscal year.

In the Building Inspection Fund (240), the revenues are running at anticipated amounts for this fiscal year, with expenses running below the appropriated amount by \$68,000 at the end of the fiscal year. This was due to the funded position that was not filled until later in the fiscal year.

In the Street Fund (251) revenues are coming in as projected with expenditures coming approximately \$333,000 below the appropriated levels.

In the Line Undergrounding Fund (252) revenues were about \$20,000 below what was anticipated. However, there was no construction activity impacting the fund with the only operation being the scheduled contribution to Debt Service for previous line undergrounding work done in the city. These funds are accumulated and then used to place electrical lines underground.

Revenues for the SDC Fund (253) fell below the anticipated amount by \$160,000 with a limited amount being appropriated to capital outlay projects during the 2014-15 fiscal year.

Revenues for the Agate Beach Closure Fund ran slightly behind projections; however, the expenses projected for the fiscal year will fall substantially below the amount appropriated.

In the various city Debt Funds (funds within the 300 range) revenues and expenditures are running as projected.

The Reserve Funds (400 series) are all running within appropriated parameters.

Revenues are appearing to run ahead of the projected revenue by over \$400,000, in the Water Fund (601). This increase appears to be tracking the higher occupancy rate in our area hotels as well as general water usage during this past fiscal year. Expenditures appear to be running \$340,000 below the appropriated amounts in this fund.

In the Wastewater Fund (602) revenues are running a little over \$80,000 ahead of the projected revenues. Expenditures appear to be running \$176,000 below the amount appropriated for the fiscal year.

In the Public Works Fund (702) revenues are running at appropriated levels with expenditures running significantly below the appropriations by \$175,000. This represented two positions that were budgeted but not filled within this fund during this fiscal year.

The good news is that the majority of the cost centers are performing at or better than what was projected in the development of the current fiscal year budget. The one practice that we need to continue to fine tune; however, is the danger of over appropriating funds that end up not being spent in that fiscal year. While over estimating expenditures is a good conservative way to budget, the problem is that certain programs, activities or projects that we would like to accomplish during the fiscal year cannot be funded since we are over projecting our expenditures in other areas at budget time. On the other hand, by budgeting conservatively and not spending the entire appropriations, it does allow the city to consider projects the following year from surpluses that occur in the previous year. There is always something to be said by spending “money in the bank” versus anticipated revenues. As Finance Director, Mike Murzynsky, and I continue to familiarize ourselves with the various financial trends with the city, we can continue fine tune efforts to make sure the proposed budget for the city will more reasonably match the financial needs of the operations of each of our city departments. I certainly have a higher level of comfort leaning on the more conservative side of budgeting to assure at the end of the fiscal year, the city is in sound financial shape.

GOALS FOR THE 2015/2016 FISCAL YEAR

As part of the budget preparation process, the City Council met in a work session on February 23, 2015, beginning at 9:00 A.M. and concluding at 3:30 P.M. During this time, the Council heard various reports from departments on their goals for the coming year, and developed Council goals for consideration during the 2015/2016 fiscal year. The draft goals were presented to the Budget Committee, and were scheduled for a public hearing before the City Council on March 16, 2015. Following the public hearing, the City Council unanimously adopted the goals. Some of the goals that were adopted will have a budgetary impact on the upcoming budget while others will affect staff time and priorities during the course of the next year. The complete 2015/2016 Goals for the City of Newport can be found on the city’s website at www.newportoregon.gov.

City Operations

1.1 Create an online dashboard that would include the financial reporting on project costs and schedules for Public Works Projects.

It is our goal to establish a timely mechanism to report costs on various projects for the benefit of Engineering, Finance Department, City Management and the City Council. Once this is created, it should not be too difficult to have this report be available on the City’s website on an ongoing basis. It had been our hope that we would have this up and running during this current fiscal year. With the realities of the changes that the Finance Department has undergone under new leadership, I am pushing that date back to October 1, 2015, with our intent to have online version of this program by January 1, 2016. There are sufficient operating funds to cover the anticipated costs to implement this goal.

1.2 Proceed with discussions of reorganization of the Newport Municipal Airport with various stakeholders.

The Airport Committee has been exploring the possibility of contracting the operations and FBO services at the Airport out to a private contractor. They anticipate forwarding a report to the City Council following their June 2015 meeting. In addition, the City Council will be convening an Airport Stakeholders group to discuss the regional role that the Newport Municipal Airport should be playing. These discussions may have an impact on the regionalization of the Newport Municipal Airport. It is anticipated this group will be convened before the end of the current fiscal year with these discussions being concluded before the end of the calendar year. Please note that this is timely and that the Airport is anticipating proceeding with the Airport Master Plan over the course of the next year. The findings from the Regional Task Force will be very timely as part of that master planning effort. Also the Airport has been budgeted with three full-time employees through the course of the fiscal year.

Facilities & Infrastructure

2.1 Install streetlights for the Newport Library.

Account 101-1100-7200 has \$50,000 included in the proposed budget for Library light pole installation.

2.2 Proceed with the replacement of the HVAC System at City Hall

Two hundred and seventy-five thousand dollars (\$275,000) has been appropriated in line item 101-1320-73200 for placement of the City Hall heating system.

2.3 Move forward with Stage 2 of the Library Strategic Redevelopment Plan.

One hundred and fifty thousand dollars (\$150,000) has been appropriated in line item 101-1100-71200 for the creation of a teen space area within the Library facility. Of this amount, 101-1900-44004 can be found as a revenue from Library Foundation which has committed a grant of \$100,000 with the understanding that the City would cover \$50,000 of this project.

2.4 Develop a long term financing plan for City facilities and begin funding that plan.

The City has established reserves for Police and Fire equipment needs, the City currently does not have any program to fund reserves for the replacement of buildings. In fact, the current funds available for capital outlay improvements to buildings is not sufficient on an ongoing basis.

The Infrastructure Task Force spent a fair amount of time reviewing water, sewer and storm sewer needs of the City, and initiated a cursory review of facilities. It is premature to establish a funding mechanism in this current fiscal year. It is my intent to bring a report back to the City Council in February 2016 on strategies that could be implemented to better address the capital needs of city facilities.

Community Development

3.1 Pursue City beautification with flower plantings, stronger code enforcement, annexation of certain South Beach properties, and billboard ordinance modifications.

This goal has multiple aspects that relate to improving the aesthetic beauty of Newport. The majority of the items listed in this goal are regulatory in nature. It is my intent to have staff develop a report on stronger code enforcement, billboard ordinance modifications and potential annexation of South Beach properties that will be presented to the City Council in a work session in August 2015. This work session would explain what level of enforcement we are currently providing and discuss alternatives that could be considered relating to enforcement activities. Following this work session, the City Council can provide further direction as to Council expectations in the future. The proposed budget anticipates the same level of staffing for regulatory issues in the coming fiscal year. With the issue of other forms of beautification such as flower planting, there are a number of current limitations that exist. The City's current level of staffing is minimal when it comes to addressing various areas that are currently landscaped and expanding flower planting on public property will require additional personnel resources if they are to be maintained by the city. Furthermore, long term commitments from volunteers to maintain certain planted areas are difficult to sustain. While volunteer groups do a great job of planting the flowers, there is less enthusiasm about the weeding, watering and maintaining flower beds throughout the city utilizing volunteer groups. The curb appeal of the community can; however, be significantly improved through well maintained plantings. This may be an area that an ad hoc group could be formed to explore what types of improvements could be planned and adequately maintained to enhance the community. It is my intent to present a report to the City Council on beautification issues at the same time we discuss the regulatory aspects of improving the aesthetics of the City of Newport.

3.2 Proceed with an update of the City of Newport's Parks Master Plan

In the SDC account 253-3650, partial funding has been allocated to complete this task. From a staff standpoint, it would be better to undertake this effort after the completion of the municipal pool project. This will free up staff time in order to make the most out of this planning process. Furthermore, we will be able to obtain the balance of the funds necessary to complete this work in the 2016-17 fiscal year budget.

3.3 Make a concerted local effort, involving the building owners and lot owners of the City Center to repair their buildings

City staff will work with the City Center Committee to discuss approaches that could be taken in order to create a climate for reinvestment in City Center buildings. There is potential for the North Side Urban Renewal District to play a role in this process as well. It may be possible to combine additional enforcement with some financial incentives to improve the aesthetics of these buildings. It is my intent to bring back a report to the City

Council in November of 2015 discussing potential strategies for addressing this goal. There are no financial implications with the proposed budget relating to this goal.

3.4 Encourage economic development by being friendly to small businesses and finding ways to make Newport a better place for small businesses success.

City's play a variety of roles that relate to the business community, which includes streets, water mains, storm sewers, sidewalks and other types of infrastructure; public safety services from Police and Fire; marketing to attract tourists to the area; providing arts, culture and recreational facilities to make cities a good place to live, work and play. In addition, cities are regulators to protect the health and safety of the people that visit this community through the enforcement of building codes, blight enforcement and other similar efforts. The city is a regulator in creating rules as determined by the governing body to create and develop the type of community that the people of Newport collectively wants. Finally, the city has the obligation to collect revenues to support infrastructure regulations and impacts that developments have on the taxpayers of the community. In my observations, I think the City of Newport has done a good job of balancing these various roles in order to adequately address community concerns with the need to allow businesses to sustain, grow and diversify within the City of Newport. I believe it is incumbent upon a city organization to provide clear expectations for the business community and to deal with regulatory issues on an equitable basis for the entire business community.

Two new initiatives that are addressed in the upcoming budget include the intent for the city to take over electrical inspections from the County with our new full-time building official. This will create one stop shopping for all building permits and land use permits with the Community Development office. Furthermore, the budget proposes to utilize funding from the SDC administrative fund to evaluate our current formulas for determining impact fees on projects. Impact fees are intended to address various capacity needs that are impacted by new developments. In the State of Oregon, it has been determined that projects should bear the financial burden for setting up a structure, instead of the individual taxpayers. It is certainly appropriate; however, to review the current allocation methods for these charges to determine that they are reasonably addressed on the impact that various types of projects will have on various aspects of the City's infrastructure.

3.5 Create a larger more prominent display for Coast Guard memorabilia within the City of Newport

The City of Newport has been designated as a "Coast Guard City USA" by Congress. Please note this designation is included on the City's entrance signs, as well as on city letterhead and in other ways within the community. I have heard suggestions of placing a maritime flag display on the grounds of City Hall to creating a display area within City Hall to recognize and celebrate the relationship between the City and the Coast Guard in Newport. It is my suggestion that the Mayor and City Manager meet with the local Coast Guard based Commander to discuss how this might best be accomplished with a report

coming back to City Council in December 2015. This will enable the City Council to either consider appropriating funds out of contingency for project in the current fiscal year, or identifying funding for the next fiscal year in order to actually proceed with this recognition.

Public Safety

4.1 Pursue the hiring of Fire Prevention Officer/Emergency Management Manager

During the first rounds of my draft budget, I included funding for this position based on the priority that the Council had placed on trying to fill this position. As I was reviewing available resources, I eventually eliminated the recommended funding for this position in the proposed budget despite the value it would bring to the city organization. The city is currently filling the position of Deputy Fire Chief in the Fire Department. I believe there needs to be more internal discussion as to how the emergency services function can best be handled within the organization. At a staff level we will discuss these options in conjunction with the budget process and I may bring back an alternative recommendation on this particular issue. I am always very cautious about adding new positions to an organization that has its challenges supporting its current obligations from both a personnel standpoint as well as reinvesting in buildings, parks and other infrastructure with limited tax dollars. Creating a new position has a commitment beyond the one year salary and benefits reflected in the current year for that position. The financial impact of this position would be nearly a million dollars over the next decade on city finances. The proposed budget does not contain funding for this requested position.

4.2 Assign new Police Officer to the Lint Team

Police Chief Mark Miranda has indicated there are sufficient funded positions in order to commit an officer to the LINT Team. The problem that the department has encountered is the high rate of turn over that we have recently had within the department, which has prevented us from naming a person to this position. Perhaps if there was an additional position funded and staff was designated to the LINT Team, then we may be able to better guarantee our involvement with this program. I have not included a new position designated specifically for LINT in the proposed budget and do not believe we could support an additional position at this time. We are committed to naming one of our existing positions to the LINT Team once our staffing situation has stabilized, and if the LINT Team continues to operate.

4.3 Jointly fund a School Resource Officer with Lincoln County Schools

I have included funding for this position contingent upon funding by the Lincoln County Schools. The contribution from the schools is reflected in 101-1900-44006 with the compensation being included in the personnel services for the Police Department 101-1070-50110 et al.

This covers the disposition of items identified during the City Council Goal Setting session in February of this year. If the Budget Committee wishes to change any of these

recommendations, then an item could be added or deleted as part of the budget review on the April 29th budget meeting.

PROPOSED BUDGET FOR THE 2015/2016 FISCAL YEAR

The development of a proposed budget for the 2015/2016 fiscal year is the second budget that I have prepared for the City of Newport, and is our current Finance Director, Mike Murzynsky's first budget for the City of Newport. As a result, my philosophy in developing the proposed budget is using a fair amount of caution in the recommendations that I have made to the Council. As we continue to improve the timeliness and reliability of our various financial reports, we will be able to continue fine tuning this process in the future. One thing that is typically happening, particularly in our larger departments is that appropriated funds are not being spent during the course of the fiscal year. The most significant reason for this is vacancies that remain unfilled through the course of the fiscal year. It may make some sense to project vacancies, particularly in the larger departments, reducing those appropriations so that funding is available for other activities. On the other hand, it also makes sense to utilize unspent appropriations in the next fiscal year for much needed capital improvements and other types of projects that the city has difficult time in financing. I do, however, appreciate the responsibility of the departments not to spend the appropriated amounts that remain at the end of the fiscal year.

In working with the departments, I encouraged them to consider various needs in preparing a recommended budget for consideration for the 2015/2016 fiscal year. As you will see in reviewing the budget, there were a number of requests for additional positions, as well as various capital outlay and equipment needs, from the departments. I indicated that in the development of a proposed budget, I would review their needs for consideration in the development of a proposed budget for the fiscal year.

In reviewing the budget requests, and developing a proposed budget for the Budget Committee's consideration, it is clear that there is not enough resources to meet a number of important needs within the community. I have attempted to balance the city's significant capital needs with the operational needs of the various departments. The end result of this is that there many important things that I do not believe the city is in a position to pursue at this time. While the city making significant strides in various infrastructure type projects, the amount available for reinvesting into its parks and public buildings is not sufficient. As Finance Director, Mike Murzynsky, and I work to continue to develop a comprehensive a working knowledge of the city's finances, we will be a position to make some specific recommendations as to how to best utilize the limited resources available in order to balance the capital and operational needs of the City of Newport.

Recommended Revenues

The Finance Director has prepared an estimate of General Fund property taxes for the 2015/2016 fiscal year. As you are aware, the City of Newport permanent tax rate is 0.0055938, which is multiplied against the assessed valuation for the city. The Finance Director has estimated the assessed valuation for the 2015/2016 fiscal year as follows:

Assessed Value			
Fiscal Year	Assessed Value	Increased Over Prior Year	Percent Increased
15-16 (est.)	\$1,255,794,965	\$12,433,614	1.00%
14-15	\$1,243,361,351	\$35,613,911	2.95%
13-14	\$1,207,747,440	\$12,280,130	1.03%
12-13	\$1,195,467,310	\$16,043,774	1.36%
11-12	\$1,179,423,536	\$13,291,232	1.14%

Utilizing the estimated assessed valuation, the revenue received by the city during the first year of collections of property tax is estimated at \$5,892,089 assuming a collection rate of 93%. This calculation is as follows:

Property Tax Revenue	
Assessed Value (est.)	\$1,255,794,965
Deducted Urban Renewal (est.)	(\$123,187,478)
Net Value for Tax Computation	\$1,132,607,487
City of Newport Permanent Tax Rate	0.0055938
Estimated Tax Calculated	\$6,335,580
Deducted Uncollectible in First Year	(\$443,491)
Estimated Taxes Received by the City	\$5,892,089
Assumed Tax Collection Rate	93%

Furthermore, the city levies an amount of taxes to cover general obligation debt. The amount of debt that will be paid for by the debt fund will include: wastewater bonded debt; water treatment plant bonded debt; and the aquatic center bonded debt. Please note the proposed budget continues to spend down the surplus that accumulated in several debt funds over time. This will smooth the impact on the property tax millage for debt in accordance with the Budget Committee direction last year.

Finally, the Budget Committee, acting on behalf of the Urban Renewal Agency, will be required to approve a motion requesting the maximum amount of revenues that will be generated from the tax increment for the South Beach Urban Renewal District to cover proposed appropriations from the District for the coming year.

The proposed budget continues for a second year to recognize revenue from the transient room tax in a different fashion than previous years. The City of Newport allocates 46% of this tax to tourism activities, while 54% of this tax is utilized for general government operations. Previously, this tax was collected entirely in the Transient Room Tax Fund (230) then transferred from the Transient Room Tax Fund (230) to the General Fund

(101). Since the schedule was being done by budgeted amounts, the actual percentage being transferred to the General Fund would vary somewhat from the 54% that is required. In order to avoid problem, the transient room tax was split 54%/46% and allocated directly to either the General Fund or to the Room Tax Fund as collected in order to assure compliance with this allocation during the current fiscal year. Please note the elimination of the transfer from the Transient Room Tax Fund to the General Fund for both last year and this year since the General Fund is receiving its share directly as it's received.

Please note that in the General Fund (101), the fees in lieu of franchise are \$383,250 in the current year as paid by the Water (601) and Sewer (602) Funds to the General Fund. This is paid as a franchise fee directly to the city as has been the practice in the past. In accordance with the motion made by the Budget Committee last year, this amount has been reduced to 4% for the 2015-16 Fiscal Year.

Water, Sewer, and Infrastructure Rates

The City of Newport had previously adopted a schedule for various infrastructure rates that would have resulted in a 10% rate increase for water, a 15% rate increase for sewer, with 5% increases in storm water and infrastructure fees. The Council directed staff to develop a budget that would utilize revenue bonds instead of a "pay-as-you-go" method for financing infrastructure, as part of the recommendations from the Infrastructure Task Force in 2014. Based on preliminary numbers that were developed by the Public Works and Finance Departments, and reviewed by the Infrastructure Task Force, it was determined that the Council could consider a rate structure with an annual increase of 4% for wastewater instead of the 15% that would be required for the "pay-as-you-go" basis, and 5% for water instead of the 10% that would be required for the "pay-as-you-go" basis to reduce the overall impact on the ratepayers for these systems. In accordance with this plan, the proposed utility rates for the 2015/2016 fiscal year calls for a 5% increase in water rates, 4% increase in wastewater, 5% increase in storm water rates, and a 5% increase in the infrastructure fee for the next fiscal year. This will generate funds that will be necessary to support bonding for \$4.5 million in both water and sewer projects for four (4) three year periods over the next 12 years to continue meeting the critical need to rebuild the city's infrastructure to serve the residents of Newport today and well into the future. The proposed rates are as follows:

Utility Rates (3/4" Residential Meter)			
	Actual 13-14	Actual 14-15	Proposed 15-16
Water-Monthly Base Rate (includes first 1000 gallons of water)	\$18.90	\$19.85	\$20.65
Water-Additional Usage/1000 gallons	\$3.45	\$3.65	\$3.80
Sewer-Monthly Base Rate	\$21.20	\$20.05	\$21.05
Sewer-Usage/1000 gallons	\$6.10	\$6.35	\$6.70
Infrastructure-Monthly Rate	\$6.25	\$6.60	\$6.90
Storm Drain-Monthly Rate	\$7.15	\$7.50	\$7.90

In reviewing the impact on the average utility customer, a family utilizing 7,000 gallons of water and sewer services will see the following changes in their utility bills. The impact of the “pay-as-you-go” is also illustrated to understand how this would impact utility bills in the city.

Utility Rates (3/4" residential meters for 7,000 gallons/month)			
	Actual 13-14	Actual 14-15	Proposed 15-16
Water	\$39.60	\$41.75	\$43.45
Sewer	\$63.90	\$64.50	\$67.95
Total Water & Sewer	\$103.50	\$106.25	\$111.40
Infrastructure	\$6.25	\$6.60	\$6.90
Strom Drain	\$7.15	\$7.50	\$7.90
Total Utility Bill	\$116.90	\$120.35	\$126.20

A residential water and sewer user utilizing 7,000 gallons of water per month is currently paying \$106.25. In the proposed budget, the amount that water customers would pay for water and sewer service would be \$111.40. If the City Council had maintained the originally proposed (pay-as-you-go) rates, the increase for the 2014/2015 fiscal year would have been \$117.00 per month for water and sewer service based on this original plan, and in the 2015/16 fiscal year, these costs would be \$132.37 for water and sewer. Please note the total utility bill with the infrastructure fee and storm drain fee are proposed

to go from \$120.35 per month to \$126.20 per month for residential customers using 7,000 gallons of water per month. The increase in fees from water and sewer customers is essential in order to meet the demands that exist for the replacement of critical infrastructure to continue providing safe drinking water and to minimize discharges of untreated sewage in the creeks, bay, and coastal waters surrounding the city.

Also in accordance with the Infrastructure Task Force recommendations, work has continued throughout this fiscal year to finalize the Wastewater System Master Plan and the Storm Water Master Plan, which will help refine the work needed to be done to these systems in the future. It was also recommended by the Infrastructure Task Force that a description of the various fees be placed on the utility bills for customer awareness of how these funds are utilized from their water bills. This will be something we explore as we review the fee structure. We have tried to make the voluntary contributions into the emergency fund more evident on the utility bills. This still is not a significant source to revenue to meet emergency needs within the community. The City Council could consider a more aggressive means of funding this emergency fund including rounding up bills and placing the difference within the emergency fund, include the emergency fund in the bill calculation and allow the customers to deduct that contribution from their bills or other similar methods.

Please note that during the 2015/16 Fiscal Year, we will be reviewing the assumptions made as part of the recommendations that were accepted by the City Council from the Infrastructure Task Force. While using bonding for financing, water utility improvements appears to be sufficient to address issues over time as projected by the Infrastructure Task Force, there are some concerns that the plan that was adopted may not sufficiently accelerate the work that will be required within the city's wastewater system. The increases are as recommended by the Infrastructure Task Force in the 2014 report to the City Council. This will be an issue that will require review during this next fiscal year.

Furthermore, I am proposing that the City Council conduct a formal utility rate study for water, sewer, storm water and the infrastructure fee during the 2015/16 Fiscal Year. This review will evaluate the rate structure to determine whether the financial burden of the water, sewer, storm water and infrastructure fees are being fairly spread amongst the various types of customers within the city. Also, this would give the city an opportunity to review all of its various water and sewer policies. It is my understanding there has not been a comprehensive review of the rate structure and policies in the institutional memory of the city. With the importance of generating revenue to rebuild the infrastructure system, and the burden these fees place on the various water and sewer utility users within the city, it is incumbent upon the city to make sure we have a fair and appropriate system for allocating the expenses among the various utility users. The rate study could also address the emergency fund and look at means to generate a more meaningful source of revenue to assist emergency needs within the community.

Comprehensive Fee Schedule

During the course of the budget development schedule, former Interim Finance Director, Robert Gazewood, has been working with city staff in developing a comprehensive fee

schedule for the City of Newport. Due to the timing of this work, we were not able to include the fee schedule as part of the regular budget development processes for this year; however, it is our intent to present a draft fee schedule to the Budget Committee at the May 13th meeting for review. A comprehensive fee schedule will take all the fees that are charged for various city services and place them in one comprehensive resolution. As part of a normal budget review process, it would be my intent to have the departments make specific recommendations for any changes to fees as part of their overall budget review and submissions. Based on the timing on getting the fee schedule completed, it will now be my intent to have the City Council implement a comprehensive fee schedule as part of the budget adoption process in June, then formally incorporate a fee schedule in the budget development process for the 2016-17 Fiscal Year.

Proposed Expenditures

During the development of the 2014-15 Fiscal Year budget, I indicated there was evidence of a structural budget deficit within the City of Newport. In reviewing the estimated expenditures and revenues for the current fiscal year, it appears the revenues will exceed expenditures in the General Fund. One of the difficulties in evaluating a structural deficit from budget numbers is the degree to which budget numbers exceed the amounts actually expended during the course of the fiscal year. Based on review of the current year's data and to the extent possible looking back at previous years, it appears that the actual expenditures during the course of the fiscal year typically fall significantly below the appropriated amounts. As we develop a better understanding of the departmental budgeting practices, we can better project these impacts in each future year's budget.

Based on the limited information that we currently have, I believe it is prudent to be conservative in proposing recommended operational expenditures for the City of Newport. I do believe that at the end of the 2015-16 Fiscal Year the actual expenditures will again be significantly below the appropriated amounts.

As part of the budgeting process, I encouraged departments to outline their requested levels of personnel and support for their departmental operations. I also encouraged the departments to identify capital projects that are needs without direct consideration for the funding that may be available to fund those projects. Those are discussions we have after the requests are submitted as a proposed budget is developed.

The departments requested a total of twelve (12) new positions within the city. A new position is one that was not budgeted in the current fiscal year, whether that position was filled or not. Please note, there are several examples of positions that were funded but not filled in the current fiscal year including Senior Project Engineer, Mechanic and Custodial Maintenance position. In addition, vacancies have occurred in the Fire and Police Departments during the current fiscal year. Filling these existing vacancies are not considered new positions. It should be noted that if all these positions were filled, the city's added expenses would be just over \$900,000. The city is not in a position to support this type of expansion in personnel, particularly considering the unmet needs the city has in maintaining its existing buildings, parks and other capital needs.

In the proposed budget I am recommending that two of these positions be filled. The first is the School Resource Officer, which would be contingent upon the Lincoln County School District participating in half of these expenses. The second position I am proposing to fill is in the Wastewater Collection System for Utility Worker I. This position would be supported by the Sewer Fund and is required for various maintenance and repair activities in the streets. This was determined to be Public Works Director, Tim Gross', highest priority of the new positions requested this year.

Please note there are two other positions that I initially had included in the proposed budget, but ended up removing in order to keep the General Fund budget relatively balanced. These two positions include the Fire Prevention/Emergency Manager, who was to be housed in the Fire Department, and the Senior Planner for the Community Development Department. The Fire Prevention/Emergency Manager position is one identified as a priority by the City Council at a goal setting session. I do believe there is a need to have someone designated at least on a part-time basis on emergency management issues. At a staff level we will discuss alternatives in more detail in preparation for the May 13th Budget Committee meeting. The second position that is significantly needed is the Senior Planner position. As the city embarks on discussions on establishing a North Side Urban Renewal District, as well an uptick in economic activity that will require more effort and the current work load that is currently handled by the Community Development Director, there is lots of justification to go forward with this position. This will be something I would like to provide additional information for the Budget Committee as part of the deliberative processes on the upcoming budget. The detail of significant staffing changes is outlined below for your review.

New Staffing Report			
Department	Position Requested	Proposed	Cost (Wages/Benefits)
Finance	Financial Specialist II	No	\$65,835
Police	Detective Sergeant	No	\$109,724
	School Resource Officer	Yes	\$95,866
Fire	Fire Prevention/Emergency Manager	No	\$99,457
Parks Maintenance	Parks Maintenance Worker	No	\$68,727
Community Development	Senior Planner	No	\$104,611
Public Works	Engineering Tech	No	\$73,334
Street Department	Utility Worker I	No	\$70,392
Waste Water Plant	Plant Operator II	No	\$76,730
Waste Water Collections	Utility Worker I	Yes	\$68,976
Parks & Recreation	Administrative Assistant (.5)	No	\$17,323
	Program Coordinator	No	\$59,575

Staffing Changes Requested			
Department	Change Requested	Proposed	Cost
Information Technician	Junior System Administrator changed from 62% funded in IT to 100% funded in IT	Yes	\$25,426
Public Works	Eliminates 32% of Junior System Administrator	Yes	(\$25,426)
Safety Coordinator	Full-time Safety Coordinator from Half-time	No	\$39,150

Please note there are a few other changes (some recommended and others not) relating to part-time staffing levels that can be seen in the budget.

Another significant change in this year’s budget is the creation of a City Attorney cost center. Previously these services were all provided on a contractual basis allocated across the various funds based on the use of contracted attorneys. Throughout the budget you will see a decrease in contracted legal fees in individual cost centers reflecting the filling of this position. Also, please note that the services provided by the General Fund to other funds have been increased in order to reflect the fact that those legal expenses are now being supported by the General Fund and not directly by the individual funds as was the case with contracted legal services last year.

Finally, the city is in negotiations with three of its bargaining units. Please note that the salary and benefit items only reflect the anticipated step increases for all city employees. For each fund that has city employees, a second contingency reserve has been established that would be available to make any of these cost adjustments as these contracts are settle, and any cost of living adjustment is made to nonunion personnel.

Proposed Equipment Purchases

A schedule of proposed equipment purchases follows the various funds in the proposed budget document for your review. Again on this schedule, there is a list of items requested by departments and a list of items I am proposing to be funded out of the next year’s fiscal budget. Some of the more significant items include e-ticketing for the Police Department, replacement of a detective’s vehicle, replacement of one patrol vehicle, cardiac monitor for the Fire Department as well as turnout gear, helmets and boots, replacement of six Dell servers in the IT Department, Caselle support and software upgrades, replacement of a Ford F450 (or similar unit) pickup truck for park’s maintenance, as well as replacement of a fork lift funded from three separate sources. The total request in the General Fund was for \$1.2 million with approximately \$481,000 proposed in the budget to be purchased in this next fiscal year.

In other funds, we are looking at replacing exercise equipment in the Recreation Center, replacing conference tables and chairs in the pilot lounge table at the Airport, replacing a vehicle in the water distribution department with a F550 (or similar unit) XL crew cab with a utility box and crane for \$75,000, purchasing a new caterpillar (or similar unit) frontend loader for the Wastewater Plant, as well as a F350 (or similar unit) Ford pickup. Furthermore, the equipment budget carries over the necessary funding in the Fire Reserve Fund for the purchase of a new fire apparatus for the Fire Department. Other projects can be found on the detailed equipment sheets in the back of the budget.

Proposed Capital Outlay

As you may recall, last year was the first year that capital outlay was budgeted on a project by project basis in a number of years. Following the operating budget funds, you will find the capital outlay projects that were requested and are being proposed for this coming year. Several of the more major projects include the creation of a Library teen space at \$150,000 with the Library Foundation providing \$100,000 of that investment. Replacement of the city's HVAC system, which was a priority of the Council, has been funded in the amount of \$275,000. \$1,490,000 has been recommended for the Fire Station seismic rehabilitation. Please note this is funded through a one hundred percent (100%) grant. A Newport gas tax is anticipated to support \$264,000 of street overlays and improvements during the course of the fiscal year with \$15,000 being appropriated from the State gas tax for sidewalk and bicycle improvements.

A number of projects are slated for South Beach, including SE Ferry Slip Road improvements, South Beach tsunami improvement, and SW Abalone/Brant Street improvement project. Furthermore, the Agate Beach Recreation and Wayside Improvements are slated to go forward. Based on the Engineer's estimate this project is running slightly ahead of the available funds. This will be an issue we will be evaluating prior to the end of the fiscal year.

Funding is proposed for the Nye Beach Turnaround pavement rehabilitation; as well as sidewalk and multi-use projects that are recommended for Harbor Way between Nye Street and the hospital, and the Agate Beach State Park to Highway 101 Trail Connector Projects. \$500,000 is being appropriated for placing utility lines underground for the Ferry Slip Road Project. Funding is being carried over for the Highway 101/Pedestrian crossing improvements to cover the City's share of those projects that will be incurred this next fiscal year.

Funding has been appropriated for the Sam Moore Creek Water Quality and Trail improvements, as well as the Bay Boulevard, SE Moore Drive, SE Fogarty Street and SE Fourth Street storm sewer project. Both of these projects are anticipated to be funded by a DEQ/SRF Nonpoint source loan. The NW 6th Street storm sewer and slip lining of the storm sewer on NE 7th and Harney are slated for funding.

A major project that will be taking place throughout the fiscal year will be the construction of the Aquatic Center. Please note that in addition to the bonding of for this project, the Waste Water Fund is slated to pay for sewer modifications that have been problematic for

the Recreation Center, and would likely be compounded by the pool project. With the addition of the pool, it is important that this change be made to the wastewater system in order to prevent backups in the Recreation Center. In addition, the budget proposes to use \$150,000 in Room Tax funds to address parking issues surrounding the pool and City Hall. These parking issues are primarily to accommodate events that would occur at the Recreation Center, the pool and City Hall grounds. Please note we are monitoring increasing estimates as the pool project is moving forward with final design. A report will be forthcoming to the City Council during the next 30 days outlining the status of the construction estimates and the available funding for this project. Funding has been appropriated and carried over for the FBO building repairs at the Airport with funding being carried over for the rehabilitation project for Runway 16-34 to cover costs that will overlap into the next fiscal year.

In addition, the proprietary capital projects includes water and sewer projects for the city for this coming year. These projects include: Big Creek dams preliminary design, NE 71st Street water tank and pump station, Yaquina Heights Drive and water line installation, including the necessary road work, Candletree pump station replacement implementing a fixed base metering system, provided a water smart grant is awarded to the city, installation of an emergency generator at the Water Filtration Plant and other projects. In Wastewater, the bigger projects include: the Big Creek Wastewater lift station replacement; gravity sanitary sewer upgrade on NW 48th to Big Creek and the Schooner Creek Wastewater lift station forced main replacement along with the replacement of a sanitary sewer on NE 7th and Douglas and Hurbert between 3rd and 6th. Other projects can be found on the capital outlay list towards the back of the budget.

COMMUNICATIONS

Attached to the budget message are two communications that were received regarding requests for appropriations from the City of Newport for your review. Those requests were received from the Greater Newport Chamber of Commerce and the Oregon Coast Council for the Arts.

URBAN RENEWAL AGENCY

The City Council acts as the Urban Renewal Agency for the City of Newport for all matters of business. As part of the budget process, the Budget Committee will also review the Urban Renewal budget for the fiscal year beginning July 1, 2015, and ending June 30, 2016. While the Northside Urban Renewal District was closed several years ago and has not been receiving new tax revenues, the residual funds have remained within the cost center for the Northside Urban Renewal District through the last fiscal year. The City Council has appropriated those remaining funds to the General Fund for the specific purposes allowed in the original plan. It is the intent of the city to utilize these funds to replace the HVAC system for City Hall. These funds are showing up as a restricted fund in the General Fund balance with this activity center now being closed.

The second activity center within the Urban Renewal Agency Fund (901) is the South Beach Urban Renewal District. This District is actively capturing taxes for various

improvements through tax increment financing. Under tax increment financing, any operating taxes levied within the district continue going to each of the taxing entities for the original base value when that district was originally established. Any taxes generated from within the established district from growth in assessed valuation through appreciation or new investment becomes the increment that can be utilized to fund debt for various improvements within the district. These improvements are part of the plan that has been previously adopted for completion of various projects within a fixed time period. The South Beach District is gearing up for significant projects which will occur in the next fiscal year and beyond. These projects have been bonded utilizing tax increment financing from the District to repay these bonds. These projects will significantly redevelop the corridor near the Yaquina Bay Bridge in the vicinity of Highway 101 in the South Beach area. See the capital outlay projects under Urban Development for the detail of how these funds are spent.

FUND BALANCE & CONTINGENCIES

As part of last year's budget development processes, a fund balance and contingency policy was recommended by the Budget Committee and adopted by the City Council to apply to future budget years for the City of Newport. Throughout this process, we have reviewed the policy guidelines for contingencies and fund balances and have made every attempt to keep our funds within the parameters of those guidelines. Please note, that in general, our funds are following within the parameters outlined in this policy with several exceptions. Please note that final adjustments to the proposed budget have impacted a few of these balances, but not in a significant way. The policy provides that any funds not materially in compliance requires review by the Budget Committee and City Council. Those funds are as follows:

The Room Tax Fund is under the recommended unappropriated ending fund balance. This could be corrected by eliminating one of the larger capital projects from this fund. However, based on the timing, I am not concerned about this lower fund balance since the capital projects would likely not take place until after the first of the year when we can reassess the condition of the fund. If the fund is not performing, then we would have the option of postponing projects into the 2016 fiscal year. The Building Inspection Fund is over its fund balance limit. This fund is being drawn down on an annual basis now that we have a full-time Building Inspector in place. Based on the current revenues to this fund, these funds should get drawn down over the next four or five years. The Street Fund is over the unappropriated ending fund balance policy as well. These funds can be used for capital projects in future years and does not pose a problem at this time. The Public Works Fund is also above the recommended unappropriated ending fund balance. Again I anticipate this amount being drawn down over the next two or three years with the vacant positions being filled in this fund. Finally, the Wastewater Fund is running a little lean as well. Please note; however, there are a number of projects being appropriated from this fund so there will be opportunities to delay a project. Furthermore, it is likely that some of these projects will, based on current workloads, not occur within this next fiscal year, as well.

Mike Murzynsky and I plan to review the fund balance policy during the course of this year as we are becoming more familiar with the city's finances. We will likely suggest some simplifications to this policy to the Budget Committee and City Council as part of the development of the 2016-17 Fiscal Year budget.

FUTURE BUDGETARY ISSUES

As Interim Finance Director, Bob Gazewood, and I reviewed the city finances for preparation of the 2014-15 budget, and Mike Murzynsky and I do the same this year, we are developing a better foundation of financial information that we can begin developing some longer term projections. For discussion at the May 13th Budget Committee meeting, Finance Director, Mike Murzynsky and I will develop multi-year projections to help guide the Budget Committee and City Council in various decisions relating to the proposed budget for the 2015-16 Fiscal Year and beyond. Once we had developed this model it will be something that we can easily update from year to year to give a longer term look as to where the city is heading with various financial issues. I believe during this past year we have made significant headway in creating the necessary building blocks that can create meaningful projections.

Finally, it is also important to realize this is Mike Murzynsky's first budget for the City of Newport, and my second for the city. As we go through these processes, it certainly helps us better understand what is and is not working with the city's finances. We will continue to make progress addressing some of the weaknesses of our current system, so that we can provide a better financial management process for our departments, city administration and the City Council going forward. I do believe it is a conservative budget that will leave the city in good financial standing through the course of this upcoming fiscal year.

BUDGET SUBMISSION

Pursuant to the City Charter, chapter VIII, section 34(d)(6), I have prepared and hereby submit to the Budget Committee, for the City of Newport, the proposed budget for the fiscal year beginning on July 1, 2015 and ending on June 30, 2016 for your review, modification, and approval.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "S. R. Nebel", is written over a faint, light blue circular stamp or watermark.

Spencer R. Nebel
City Manager

A public meeting of the City of Newport will be held on June 15, 2015 at 6:00pm at City of Newport Council Chambers, 169 SW Coast Highway, Newport, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2015 as approved by the City of Newport Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at City of Newport Finance Department, between the hours of 9:00 a.m. and 5:00 p.m. or online at www.newportoregon.gov. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

Contact: Mike Murzynsky

CITY OF NEWPORT
RESOLUTION NO. 3711

A RESOLUTION IMPOSING AND CATEGORIZING AD VALOREMI TAXES FOR THE
CITY OF NEWPORT, FISCAL YEAR 2015-2016

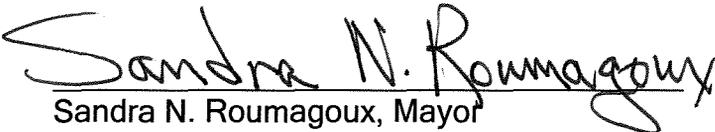

THE CITY OF NEWPORT RESOLVES that the City Council for the City of Newport hereby imposes the taxes provided for the City's adopted budget for Fiscal Year 2015-2016 at the rate of \$5.5938 per \$1,000 of assessed value, plus an amount of \$2,329,169 for the debt fund and that these taxes are hereby imposed and categorized up the assessed value of all taxable property within the City for the tax year 2014-2015. The following allocations constitute and above aggregate levy.

General Fund	\$5.5938 / \$1,000
Water Treatment Plant Bonded Debt	\$904,825
Wastewater Bonded Debt	\$935,925
Swimming Pool Bonded Debt	\$488,419

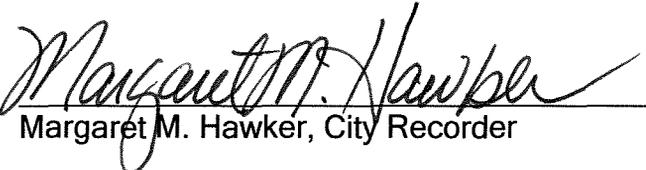

THE CITY OF NEWPORT FURTHER RESOLVES that the City Council of the City of Newport hereby categorized the imposed taxes for the Fiscal Year 2015-2016 follows

Subject to the General Government Limitation: General Fund \$5.5938 / \$1,000

Excluded from the General Government Limitation: Debt Fund \$2,329,169

5c.	Total levy for bonded indebtedness not subject to Measure 5 or Measure 50 (total of 5a + 5b)	5c.	2,329,169	

PART II: RATE LIMIT CERTIFICATION

6.	Permanent rate limit in dollars and cents per \$1,000	6	5.5938
7.	Election date when your new district received voter approval for your permanent rate limit	7	N/A
8.	Estimated permanent rate limit for newly merged/consolidated district	8	N/A

PART III: SCHEDULE OF LOCAL OPTION TAXES - Enter all local option taxes on this schedule. If there are more than two taxes, attach a sheet showing the information for each.

Purpose (operating, capital project, or mixed)	Date voters approved local option ballot measure	First tax year levied	Final tax year to be levied	Tax amount -or- rate authorized per year by voters

Part IV. SPECIAL ASSESSMENTS, FEES AND CHARGES

Description	Subject to General Government Limitation	Excluded from Measure 5 Limitation
1		
2		

If fees, charges, or assessments will be imposed on specific property within your district, you must attach a complete listing of properties, by assessor's account number, to which fees, charges, or assessments will be imposed. Show the fees, charges, or assessments uniformly imposed on the properties. If these amounts are not uniform, show the amount imposed on each property.

The authority for putting these assessments on the roll is ORS _____ (Must be completed if you have an entry in Part IV)

CITY OF NEWPORT
RESOLUTION NO. 3720

A Resolution Setting Rates for
Water Utility Charges, Fees, Deposits, and Penalties,
And Repealing Resolution No. 3679

Findings

- A. The City of Newport operates a water utility that diverts, stores, treats, and delivers water to customers within the City and to its customers outside the City.
- B. The Newport Municipal Code Chapter 5.10 governs the operation and use of the City's water utility. NMC Section 5.10.200 specifically authorizes the City Council to set charges, fees, deposits, and penalties for water utility users.
- C. The rates established by this resolution are calculated to cover the costs of water service, including amounts to pay for the operation, maintenance, repair, necessary replacement, and improvement, but do not generate revenue above what is needed for sound operation and management of the water system.

Based on these findings, the City of Newport resolves as follows:

Section 1. Connection Fee and Street Opening Fee

- A. The fee for a new connection to the water system is based on the size of service. The fees for new connections are:

Service Size	Connection Fee
5/8" x 3/4"	\$1,725.00
1 inch	\$2,007.00
Larger than 1 inch	Actual cost plus 10%

- B. If cutting and restoration of asphalt streets is necessary, actual costs of the repair plus 10% will be added to the above costs.

Section 2. Deposit

The amount of deposit required under NMC 5.10.020 is based upon meter size and is generally equal to 2 months of average usage. Deposits will not be refunded prior to discontinuation of service except in extenuating circumstances and then only by authorization by the city Finance Director. Deposits for new utility accounts are:

Service Size	Deposit
5/8" x 3/4"	\$240.00
1 inch	\$295.00
1 1/4" x 1 1/2"	\$1,145.00
2 inch	\$1,500.00
3 inch and larger	\$2,215.00

Section 3. Miscellaneous Charges

- A. The charge for a normal reconnection or additional connection is \$20.00, in addition to any connection fee established under Section 1.
- B. The reconnection fee following a for-cause (delinquent payment or other cause) disconnect is \$44.00.
- C. The charge for opening a connection in violation of NMC Chapter 5.10 is \$100.00.
- D. The fee for late payment is \$20.00.
- E. The fee for a non-payment notice is \$20.00.

Section 4. Rates for Water Service within the City Service Area

The rates in this Section 4 apply to all service areas.

The minimum monthly charge shall be based on the size of each meter except as otherwise defined within this section.

The minimum charge for unmetered fire suppression systems shall be based upon the size of the service line entering the property.

- A. The charges in this Section 4.A apply within the City of Newport.

Meter Size	Usage included with minimum charge	Minimum Charge	Cost per 1,000 Gallons in excess of included amount
5/8" x 3/4"	1,000 gallons	\$ 20.85	\$3.85
1 inch	1,000 gallons	\$ 27.70	
1 1/4" x 1 1/2"	1,000 gallons	\$ 42.20	
2 inch	1,000 gallons	\$ 72.25	
3 inch	1,000 gallons	\$ 107.85	
4 inch and over	1,000 gallons	\$ 179.25	

B. The charges in this Section 4.B apply outside the City of Newport.

Meter Size	Usage included with minimum charge	Minimum Charge	Cost per 1,000 Gallons in excess of included amount
5/8" x 3/4"	1,000 gallons	\$ 39.80	\$6.30
1 inch	1,000 gallons	\$ 54.20	
1 1/4" x 1 1/2"	1,000 gallons	\$ 75.35	
2 inch	1,000 gallons	\$ 132.85	
3 inch	1,000 gallons	\$ 197.70	
4 inch and over	1,000 gallons	\$ 324.80	

Section 6. Temporary Service through Fire Hydrant

Fire Hydrant Installation	\$265.00
Monthly charge (no usage included)	\$197.70
Usage per 1,000 gallons	\$6.30

Section 7. Water Purchased and Privately Transported

The amount charged for water purchased and transported by the purchaser directly from any authorized city facility is \$6.30 per 1,000 gallons.

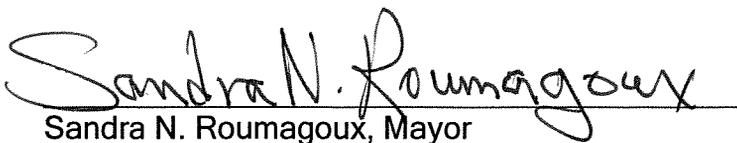

Section 8. This Resolution repeals Resolution No. 3679 in its entirety.

Section 9. Effective Date of Rates, Fees, Charges, and Penalties

The effective date of this resolution is July 1, 2015. As applied to monthly bills, the change shall be based on the date of billing, not the date of service.

Adopted by the Newport City Council on June 15, 2015.

CITY OF NEWPORT

RESOLUTION NO. 3721

A Resolution Setting Wastewater Utility Rates
and Repealing Resolution No. 3680

Findings

- A. The City of Newport operates a wastewater utility that collects and treats wastewater from properties within the city and to some properties outside of the city limits but within the city's urban growth area.
- B. Newport Municipal Code Chapter 5.15 governs the operation and use of the wastewater utility. NMC Section 5.15.070 authorizes the City Council to set rates for wastewater service by resolution.
- C. The rates established by this resolution are calculated to cover the costs of sewer service, including amounts to pay for the operation, maintenance, repair, necessary replacement, and improvement of the system, but do not generate revenue above what is needed for sound operation and management of the sewer system.

Based on these findings, the City of Newport resolves as follows:

Section 1. Metered Rates

The charges imposed in this Section 1 apply to properties that have sanitary sewer service.

A. Single-Family Residences and Duplexes within City Limits

The charge for sewer service for single-family dwellings and duplexes within city limits shall be \$22.90 per month, plus \$6.60 per 1,000 gallons of water usage. Sewer user charges for the months of June, July, August, and September shall not exceed the highest monthly sewer user charge for the first four months of the calendar year.

B. Multi-Family Residences, Commercial Properties, and Single-Family Residences and Duplexes outside of city Limits

The basic charge for service for residential properties with three or more dwelling units, for all commercial properties, and for single-family residences and duplexes outside of City limits shall be \$22.90 per month plus \$7.55 per 1,000 gallons of water usage.

An "Extra Strength Charge" of \$0.30 per pound of biochemical oxygen demand applies to commercial properties users when the biochemical oxygen demand exceeds 300 parts per million.

The charges for monitoring sewage discharge shall be \$15.80 per combined sample and \$8.25 per test.

Section 2. Individually Determined Rate

Commercial customers that are legally disposing of all or part of their processing wastewater to an acceptable waterway in conformance with applicable federal, state, and city laws, regulations and permits shall have a sewer user charge established by the City Manager based on an individual determination of the impact of the property on the sewer system. The City Manager shall take into account, when establishing the sewer rate, the estimated quantity in gallons, as well as, any adverse treatment or maintenance costs that may be incurred by the city handling extra strength wastewater that is being returned to the city sanitary sewers.

Section 3. Septage

The rate for disposal of septage at the city's wastewater treatment plant shall be \$0.18 per gallon.

Section 4. Class A Sludge Sales

Class A sludge manufactured at the city's wastewater treatment plant may be purchased for \$2.00 per cubic yard.

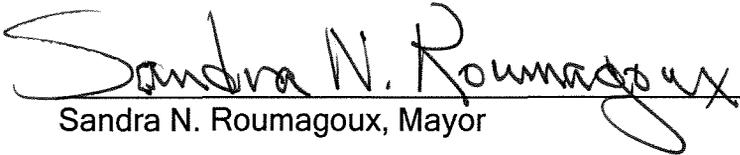

Section 5. This Resolution repeals Resolution No. 3680 in its entirety.

Section 6. Effective Date

The effective date of this resolution is July 1, 2015. As applied to monthly bills, the change shall be based on the date of billing, not the date of service.

Adopted by the Newport City Council on June 15, 2015.

CITY OF NEWPORT
RESOLUTION NO. 3722

A Resolution Setting Utility Infrastructure Improvement
Fees and Repealing Resolution No. 3681

Findings

- A. The City of Newport operates water, wastewater, and stormwater utilities that provide services to properties within the city and to some properties within the city's urban growth boundary.
- B. Newport Municipal Code Chapter 5.10 governs the operation and use of the water utility. NMC Section 5.10.200 authorizes the City Council to set charges for water service by resolution.
- C. Newport Municipal Code Chapter 5.15 governs the operation and use of the wastewater utility. NMC Section 5.15.070 authorizes the City Council to set charges for wastewater service by resolution.
- D. Newport Municipal Code Chapter 5.20 governs the operation and use of the stormwater utility. NMC Section 5.20.040 authorizes the City Council to set charges for stormwater service by resolution.
- E. The rates established by this resolution are calculated to cover the costs of water, wastewater, and stormwater maintenance, repair, necessary replacement, and improvement of the system, but do not generate revenue above what is needed for these improvements .

Based on these findings, the City of Newport resolves as follows:

Section 1. Utility Infrastructure Improvement Fee

- A. The charges imposed in this Section 1 apply to properties that have metered city water service.

Each customer shall pay a monthly infrastructure improvement fee. The fees are set as follows:

Water Meter Size	Monthly Infrastructure Improvement
¾"	\$ 6.95
1"	\$ 13.85
1 ½"	\$ 27.75
2"	\$ 48.35
3"	\$124.25
4"	\$193.20
5" and larger	\$441.70

Irrigation-only meters will be exempt from the Monthly Infrastructure Improvement Fee.

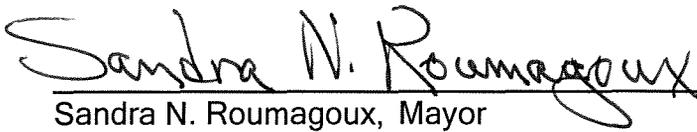

Section 2. This Resolution repeals Resolution No. 3681 in its entirety.

Section 3. Effective Date

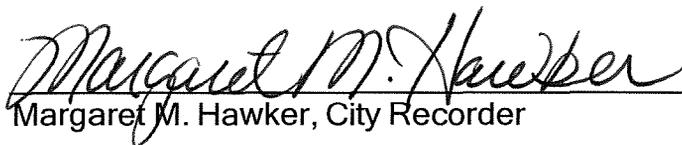

The effective date of this resolution is July 1, 2015. As applied to monthly bills, the change shall be based on the date of billing, not the date of service.

Adopted by the Newport City Council on June 15, 2015.

CITY OF NEWPORT
RESOLUTION NO. 3723

A Resolution Setting Stormwater Utility Fees
And Repealing Resolution No. 3682

Findings

- A. The City of Newport operates stormwater utilities that provide services to right-of-ways and properties within the city and to some right-of-ways and properties within the city's urban growth boundary.
- B. Newport Municipal Code Chapter 5.20 governs the operation and use of the stormwater utility. NMC Section 5.20.040 authorizes the City Council to set charges for stormwater service by resolution.
- C. The rates established by this resolution are calculated to cover the costs of stormwater service, including amounts to pay for the operation, maintenance, repair, necessary replacement, and improvement of the system, but do not generate revenue above what is needed for sound operation and management of the stormwater system.

Based on these findings, the City of Newport resolves as follows:

Section 1. Stormwater Utility Fee

- A. The charges imposed in this Section 1 apply to properties that have metered city water service.

Each customer shall pay a stormwater utility fee. The fees are set as follows:

Water Meter Size	<u>Monthly Stormwater Utility Fee</u>
All meter sizes	\$7.90

Irrigation-only meters will be exempt from the stormwater utility fee.

Section 2. This Resolution repeals Resolution No. 3682 in its entirety.

Section 3. Effective Date

The effective date of this resolution is July 1, 2015. As applied to monthly bills, the change shall be based on the date of billing, not the date of service.

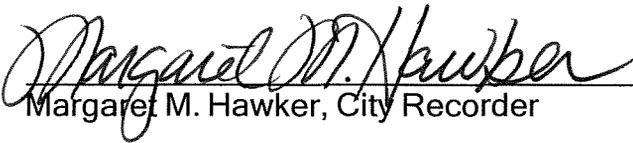

Adopted by the Newport City Council on June 15, 2015.

A public meeting of the Newport Urban Renewal Agency will be held on June 15, 2015 at 6:00pm at City of Newport Council Chambers, 169 SW Coast Highway, Newport, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2015 as approved by the City of Newport Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at City of Newport Finance Department, between the hours of 9:00 a.m. and 5:00 p.m. or online at www.newportoregon.gov. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

Contact: Mike Murzynsky

Telephone: 547-574-0610

Email: m.murzynsky@newportoregon.gov

FINANCIAL SUMMARY - RESOURCES			
TOTAL OF ALL FUNDS	Actual Amount 2013-14	Adopted Budget This Year 2014-15	Approved Budget Next Year 2015-16
Beginning Fund Balance/Net Working Capital	1,938,342	2,125,359	3,216,612
Federal, State and all Other Grants, Gifts, Allocations and Donations		417,629	358,857

Unappropriated Ending Balance and Reserved for Future Expenditure	2,160,717	2,121,755	2,503,359
Total Requirements	4,296,648	9,854,444	6,011,664

FINANCIAL SUMMARY - REQUIREMENTS AND FULL-TIME EQUIVALENT EMPLOYEES (FTE) BY ORGANIZATIONAL UNIT OR PROGRAM *			
Name of Organizational Unit or Program FTE for that unit or program			
Newport Urban Renewal fund	1,036,645	6,087,168	1,205,110
Newport Urban Renewal Debt Fund	4,296,648	3,767,276	4,806,554
Total Requirements	5,333,293	9,854,444	6,011,664

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING *
 The budget proposes to continue using \$5.4 million in bonded funds during this next fiscal year in order to pay for a number of major improvements in the South Beach area, particularly along the Highway 101 corridor, south of the Yaquina Bay Bridge.

STATEMENT OF INDEBTEDNESS		
LONG TERM DEBT	Estimated Debt Outstanding on July 1.	Estimated Debt Authorized, But Not Incurred on July 1
Other Borrowings	\$11,821,000	
Total	\$11,821,000	

NEWPORT URBAN RENEWAL AGENCY
RESOLUTION NO. 3712

A RESOLUTION ADOPTING THE 2015-2016 BUDGET,
MAKING APPROPRIATIONS AND DECLARING A TAX INCREMENT

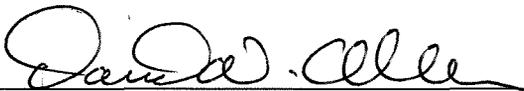

THE NEWPORT URBAN RENEWAL AGENCY RESOLVES that the Newport Urban Renewal hereby adopts the budget for the Fiscal Year 2015-2016 in the sum of \$6,011,664, now on file at City Hall.

THE NEWPORT URBAN RENEWAL AGENCY FURTHER RESOLVES that the amounts for the fiscal year beginning July 1, 2015, and for the purposes shown below are hereby appropriated as follows:

Newport Urban Renewal Operations	200,423
Contingency	704,687
Transfer out	300,000
Total operations	<u>1,205,110</u>
Newport Urban Renewal Debt	1,517,732
Total Debt Fund	<u>1,517,732</u>
Total Appropriations	<u>2,722,842</u>
UEFB - Debt Fund	2,503,359
Restricted reserve	785,463
Total non-appropriations	<u>3,288,822</u>
Total Uses of funds	<u>6,011,664</u>

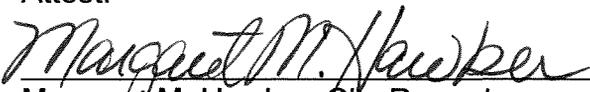

THE NEWPORT URBAN RENEWAL AGENCY FURTHER RESOLVES that the Agency will certify to the County Assessor or the South Beach Urban Renewal District a request for the maximum amount of revenue that may be raised by dividing the taxes under Section 1 Article IX of the Oregon Constitution, and no amount to be raised by the imposition of a special levy.

Adopted by the Newport Urban Renewal Agency on June 15, 2015.

David N. Allen, Chair

Attest:

Margaret M. Hawker, City Recorder

Check here if this is an amended form.

• Submit two (2) copies to the county assessor by July 15.

Notification

_____ authorizes its 20__ - ____ ad valorem tax increment amounts
(Agency name) _____
by plan area for the tax roll of _____
(County name)

(Contact person) _____ (Telephone number) _____ (Date submitted)

(Agency's mailing address) _____ (Contact person's e-mail address)

Yes, the agency has filed an impairment certificate by May 1 with the assessor (ORS 457.445).

Part 1: Option One Plans (Reduced Rate). [ORS 457.435(2)(a)]

Plan Area Name	Increment Value to Use*	100% from Division of Tax	Special Levy Amount**
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	_____
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	_____
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	_____
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	_____

Part 2: Option Three Plans (Standard Rate). [ORS 457.435(2)(c)]

Plan Area Name	Increment Value to Use***	100% from Division of Tax***	Special Levy Amount****
_____	\$ _____ OR		_____
_____	\$ _____ OR		_____
_____	\$ _____ OR		_____

Part 3: Other Standard Rate Plans. [ORS 457.445(2)]

Plan Area Name	Increment Value to Use*	100% from Division of Tax*	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	

Part 4: Other Reduced Rate Plans [ORS 457.445(1)]

Plan Area Name	Increment Value to Use*	100% from Division of Tax*	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	
_____	\$ _____ OR <input type="checkbox"/> Yes	<input type="checkbox"/> Yes	

Notice to Assessor of Permanent Increase in Frozen Value. Beginning tax year 2015-16, permanently increase frozen value to:

Plan Area Name	New frozen value
_____	\$ _____
_____	\$ _____

***All Plans except Option Three:** Enter amount of Increment Value to Use that is less than 100 percent or check "Yes" to receive 100 percent of division of tax.
Do NOT enter an amount of "Increment Value to Use" AND check "Yes."
****If an Option One plan enters a Special Levy Amount, you MUST check "Yes" and NOT enter an amount of "Increment to Use."**
*****Option Three plans enter EITHER an amount of "Increment Value to Use" to raise less than the amount of division of tax stated in the 1998 ordinance under ORS 457.435(2)(c) OR the "Amount from Division of Tax" stated in the ordinance, NOT both.**
******If an Option Three plan requests both an amount of "Increment Value to Use" that will raise less than the amount of division of tax stated in the 1998 ordinance and a "Special Levy Amount," the "Special Levy Amount" cannot exceed the amount available when the amount from division of tax stated in the ordinance is subtracted from the plan's Maximum Authority.**
