CRIMINAL JUSTICE CODE OF ETHICS

As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice. I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty. I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities. I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.

100.2 PEACE OFFICER POWERS

Peace officers are granted authority by Oregon Revised Statutes to prevent and deter crime; arrest offenders; issue citations in lieu of custody; take custody of evidence of a crime, contraband or recovered stolen property; control the flow of traffic and preserve the peace and safety of the public.

Sworn members of this [department/office] are peace officers pursuant to ORS 161.015. Peace officer authority extends to any place in the State of Oregon.

- (c) The peace officer shall inform the person to be arrested of the peace officer's authority and reason for the arrest, and, if the arrest is under a warrant, shall show the warrant, unless the peace officer encounters physical resistance, flight, or other factors rendering this procedure impracticable, in which case the arresting peace officer shall inform the arrested person and show the warrant, if any, as soon as practicable.
- (d) In order to make an arrest, a peace officer may use physical force as justifiable under 2020 Oregon Laws c. 3, § 7, 2020 Oregon Laws c. 3, § 8, and ORS 161.245.
- (e) In order to make an arrest, a peace officer may enter premises in which the peace officer has probable cause to believe the person to be arrested to be present.
- (f) If after giving notice of the peace officer's identity, authority, and purpose, the peace officer is not admitted, the peace officer may enter the premises, and by a breaking, if necessary.
- (g) A person may not be arrested for a violation except as provided by ORS 153.039 and ORS 810.410.

100.3 CONSTITUTIONAL REQUIREMENTS

All members shall observe and comply with every person's clearly established rights under the United States and Oregon Constitutions.

200.1 PURPOSE AND SCOPE

The organizational structure of this department is designed to create an efficient means to accomplish our mission and goals and to provide for the best possible service to the public.

200.2 DIVISIONS

The Chief of Police is responsible for administering and managing the Newport Police Department. There are three divisions in the Police Department as follows:

- Administration Division
- Operations Lieutenant Division
- Investigation Division

200.2.1 ADMINISTRATION DIVISION

The Administration Division is commanded by a Lieutenant, whose primary responsibility is to provide general management direction and control for the Administration Division. The Administration Division consists of Technical Services and Administrative Services.

200.2.2 PATROL DIVISION

The Patrol Division commanded by a Lieutenant whose primary responsibility is to provide general management direction and control for that Division. The Patrol Division consists of Uniformed Patrol and Special Operations, which includes Traffic, Bicycle patrol, Field Training, Community Service and Parking Enforcement.

200.2.3 DETECTIVE DIVISION

The Investigation Division is commanded by a Supervisor whose primary responsibility is to provide general management direction and control for the Investigation Division. The Investigation Division consists of the Investigations Division, and Crime Analysis Unit.

200.2.4 RECORDS DIVISION

The Records Division is commanded by a Supervisor whose primary responsibility is to provide general management direction and control for that Division. The Records Division consists of the Records Unit, Uniform Crime Reporting Unit and Property/Evidence Unit.

200.3 COMMAND PROTOCOL

200.3.1 SUCCESSION OF COMMAND

The Chief of Police exercises command over all personnel in the Department. During planned absences the Chief of Police will designate a supervisor to serve as the Acting Chief of Police.

Except when designated as above, the order of command authority in the absence or unavailability of the Chief of Police is as follows:

Newport Police Department

Organizational Structure and Responsibility

- (a) Patrol Lieutenant
- (b) On-duty Sergeant
- (c) On-call Sergeant

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g. K-9, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order which outwardly appears to be in direct conflict with any federal or state law, or local ordinance. If the legality of an order is in doubt the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with an order that is in conflict with a previous order, department policy, or other directive, shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the order is intended to countermand the previous order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting order after having given the issuing supervisor the opportunity to correct the conflict are not held accountable for disobedience of the order or directive that was initially issued.

The person issuing the countermanded order shall be notified in writing by the person issuing the second command of the action taken and the reason therefore.

200.4 ACCOUNTABILITY

Supervisors and managers shall be accountable for the performance of the members under their immediate control.

201.1 PURPOSE AND SCOPE

The purpose of this policy is to provide a broad statement of purpose for police existence, and the fundamental principles by which this organization will be managed.

201.2 POLICY

Governmental organizations are created to serve as an instrument of the people to perform those functions or services that individual citizens cannot do for themselves. It is, therefore, essential that all members of the Department be cognizant of our basic purpose and the objectives to accomplish that purpose.

The Chief of Police and the supervisors can lead and manage best when everyone on the Department team contributes ideas, recommendations, cooperation, and energy. These behaviors are good for employees, the Department, and the community. The best solutions and innovations often originate from within a healthy organization. Participatory management is not analogous to a democracy, however. A democracy affords equal vote and decision by majority. Participatory management encourages input from all members in order to influence and reach a better decision, particularly if those members have an expertise in an area, or are affected by the decision to be made. The final authority and responsibility, however, will always rest with the Chief of Police.

201.3 POLICE OBJECTIVES

Often, because there are no other public or private agencies available, the public relies upon the police for assistance and advice in the many routine and emergency situations that develop in an urban society. For this reason, and because there is frequently a potential for crime, the Department regularly responds to incidents where it is not contemplated that an arrest will be made.

Saving lives, aiding the injured, locating lost persons, keeping the peace, and providing many other miscellaneous needs, are basic services of the Department. To satisfy these requests, the Department responds to calls for service, and renders such aid or advice as is necessitated or indicated by the situation.

201.3.1 PREVENTION OF CRIME

Peace in a free society depends on voluntary compliance with the law. The primary responsibility for upholding the law, therefore, lies not with the police, but with the people. Since crime is a social phenomenon, crime prevention is the concern of every person living in society. Society employs full-time professional police to prevent and deter crime, and, when that fails, to apprehend those who violate the law.

Crime is a symptom of ills within society that are not the responsibility of the Department to cure. The Department is responsible, however, for interacting with the community to generate mutual understanding so that there may be public support for crime prevention. Community involvement

Newport Police Department

Newport PD Policy Manual

Police Administration

is essential to facilitate a free flow of information between the public and the Department in order to assist in the identification of problem areas, and to inform the public of crime statistics and trends. The success of any police department's crime prevention efforts is directly proportional to the citizens' knowledge and acceptance of their individual responsibilities in a free society. Citizens' knowledgeable of their civic duties is more acute in their neighborhoods and communities, and far less tolerant of crime or conditions there that encourage criminality.

Knowledge of the community is necessary so that each Department employee may be instilled with a sense of concern for the crime problems and law enforcement needs in his/her assigned area of responsibility.

201.3.2 DETERRENCE OF CRIME

While there are certain crimes that cannot be deterred, crimes committed against property and innocent victims in public places are reduced by police patrol. Street crime is curbed by the potential criminal's fear of immediate apprehension, or by the increased likelihood of his detection. The deterrence of crime requires the investigation of behavior that reasonably appears to be criminally directed. In deploying patrol forces to deter crime and to inspire public confidence in its ability to ensure a peaceful environment, the Department must strike a balance between the desirable deterrent effect of visible patrol, and any undesirable appearance of oppression. In the long run, however, it must be the people, not the Department, who determine the limitations on their freedom.

201.3.3 APPREHENSION OF OFFENDERS

The administration of criminal justice consists of the identification, arrest, prosecution, punishment, and rehabilitation of a law violator. It has as its objective the voluntary compliance with the law as an alternative to punishment. Once a crime has been committed, it is the duty of the Department to initiate the criminal justice process by identifying and arresting the perpetrator, obtaining necessary evidence, and cooperating in the prosecution of the case.

As the certainty of swift and sure punishment serves as an effective deterrent to crime, the Department must diligently strive to solve all crimes, and to bring the perpetrators to justice.

201.3.4 RECOVERY AND RETURN OF PROPERTY

The actual costs of crime are difficult to measure. There cannot be a dollar value assigned to the broken bodies, ruined lives, and human misery that are the by-products of crime. However, it is possible to observe the steadily-mounting costs of lost and stolen property. This loss, as well as the other costs of crime, must ultimately be borne by its victims. To minimize the losses due to crime, the Department makes every reasonable effort to recover lost or stolen property, to identify the owners, and to ensure its prompt return.

201.3.5 MOVEMENT OF TRAFFIC

To facilitate the safe and expeditious movement of traffic, the Department must enforce traffic laws, investigate traffic crashes, and direct traffic. To enforce compliance with traffic laws, and to develop driver awareness of the causes of traffic crashes, the Department appropriately warns,

Newport Police Department

cites, or arrests traffic law violators. Traffic crashes are investigated to protect the rights of the involved parties, to care for the injured, and to determine the causes of accidents so that methods of prevention may be developed. When a traffic law violation is discovered, the Department will gather the necessary evidence to prosecute the violator.

201.3.6 PUBLIC SERVICE

Often, because there are no other public or private agencies available, the public relies upon the police for assistance and advice in the many routine and emergency situations that develop in an urban society. For this reason, and because there is frequently a potential for crime, the Department regularly responds to incidents where it is not contemplated that an arrest will be made.

Saving lives, aiding the injured, locating lost persons, keeping the peace, and providing many other miscellaneous needs, are basic services of the Department. To satisfy these requests, the Department responds to calls for service, and renders such aid or advice as is necessitated or indicated by the situation.

201.4 GENERAL PROVISIONS

Department administration involves the efficient and economic management of a complex organization that performs its functions through the acts of its employees. Department functions involve the interaction of people, not only within its ranks, but also in all personal contacts between its employees and members of the public. Department administration is, therefore, occupied to a large extent with improving the ability of its employees to properly perform the police task, and with strengthening the relationship that exists among all employees and the public they serve. Recognition of the human factor is an administrative challenge in the Department's effort to provide a consistent and professional police response to the community's law enforcement needs.

Department personnel are required to make decisions involving the public and other employees in response to both administrative and operational problems. The decision process involves more than loyalty; it requires insight into the objectives and purposes of the Department, duty under the law and to the people, and the manner and means by which the task is to be performed and the objectives achieved. The decision must be a balance of involved interests, considering what is best for the public, the Department, and any individual involved. That decision must then result in effective action directed toward the accomplishment of the Department's objectives. The requirement that such insight be exercised is implicit in all decision-making, and it is the thread that binds the complex and difficult law enforcement tasks into a coordinated and effective force.

201.5 SUPERVISORY RESPONSIBILITY

Supervisors have a responsibility to maintain professional and community contacts as they relate to their team. As a representative of the Department, supervisors must take an active role in the community, and participate in identifying and providing for its law enforcement needs.

Newport Police Department

Newport PD Policy Manual

Police Administration

201.5.1 COMMAND CONCERN FOR EMPLOYEE WELFARE

The nature of command is such that there must be a coexisting loyalty to the management of the Department and to subordinates. The resolution of those loyalties in a manner that benefits both the Department and the individual, and avoids conflicts between the two interests, requires the exercise of leadership. An interest in employees and their welfare is a responsibility of command that may extend beyond morale problems and their effect upon an individual's performance. The interest in employees and their welfare includes concern for the personal problems, desires, and interests of employees, and positive assistance in resolving those problems or in achieving their goals. However, supervisors should be cautious to avoid interfering where assistance is not required or desired.

201.5.2 COMMUNITY LIAISON BY SUPERVISORS

Supervisors have a responsibility to maintain professional and community contacts as they relate to their team. As a representative of the Department, supervisors must take an active role in the community, and participate in identifying and providing for its law enforcement needs.

201.6 UNITY OF COMMAND

When members of the different units are engaged in a single operation, the Patrol Supervisor at the scene shall be in charge, except in the case of a major crime scene or search. In those situations, the Operations Lieutenant or detective may assume command of the scene. The Chief of Police may assume command at any time, regardless of the type of incident. When patrol and investigations personnel are at the same scene simultaneously, the patrol unit shall be in charge, except in the case of a major crime scene or search. In those situations, investigations shall be in command. Non-sworn supervisors present at a field operation may not assume command, even in the absence of other supervisors.

201.6.1 STRUCTURE

Each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. However, any supervisor may direct any subordinate, regardless of who the subordinate's regular supervisor is, as operational necessities dictate.

Each organizational component shall be under the direct command of only one supervisor at any given time.

Except in an emergency, no supervisor shall be responsible for more than ten employees at a time.

201.6.2 ON SCENE COMMAND

When members of the different units are engaged in a single operation, the Patrol Supervisor at the scene shall be in charge, except in the case of a major crime scene or search. In those situations, the Operations Lieutenant or detective may assume command of the scene. The Chief of Police may assume command at any time, regardless of the type of incident. When patrol and investigations personnel are at the same scene simultaneously, the patrol unit shall be in charge, except in the case of a major crime scene or search. In those situations, investigations shall be in

Police Administration

command. Non-sworn supervisors present at a field operation may not assume command, even in the absence of other supervisors.

201.7 AUTHORITY AND RESPONSIBILITY

Consistent with the principles of sound supervisory practices, all supervisory personnel will be held accountable for the performance of their subordinates. To facilitate this end, training for supervisory personnel is provided.

Each employee within the organization has clearly articulated duties and responsibilities. Each employee is hereby delegated the authority necessary to effectively execute those responsibilities. Each employee will also be held accountable for the appropriate application of that delegated authority.

201.8 PLANNING RESPONSIBILITY

Reports, findings, and conclusions of research and planning projects will be distributed to any and all personnel affected, or to any personnel who could benefit by the information. One copy will be filed by the Chief of Police for future research purposes by any Department member.

201.8.1 SCOPE OF PLANNING

While each plan differs according to the need for which it is developed, each plan should define its need, objective scope and purpose, the method for its implementation, and a means of evaluating its effectiveness.

201.8.2 USE OF TASK FORCE FOR PLANNING

When a need develops for a single-use plan affecting more than one unit, or when it is necessary to develop a major project within a limited time, it may be appropriate to assemble a task force. When a task force is assembled, it must be structured with clearly defined objectives, organization, responsibility, and authority. It should be placed under the control of an existing organizational unit.

201.8.3 COMPLETED STAFF WORK

The result of an effort to research a problem and develop a solution, leaving nothing for the final authority to do except approve or disapprove, is traditionally known as "completed staff work." In such projects, it is essential that original instructions include identification of the problem, direction, desired scope of endeavor, and the time limit for completion. Direction should clearly indicate what is desired by way of the project. The project should include adequate research to accurately define the problem, and to examine all reasonable solutions. The assigned employee should include in his/her report a recommendation and a summary of the findings supporting the conclusion. In completed staff work, a final step, prior to obtaining concurrence, is notification of the findings, and recommendations of the project, to involved organizational components.

201.8.4 DISTRIBUTION

Reports, findings, and conclusions of research and planning projects will be distributed to any and all personnel affected, or to any personnel who could benefit by the information. One copy will be filed by the Chief of Police for future research purposes by any Department member.

201.9 DEPARTMENT DIRECTIVES

In an organization such as the Police Department, it is essential that directives communicate desired information to concerned employees as accurately as possible. Directives should be well researched, properly drafted, and subjected to staff review for concurrence. A supervisor may issue a directive as long as it affects his/her command only, and does not conflict with Department directives regarding policies and procedures. Ordinarily, where there is more than one unit affected, directives will be issued by the Chief of Police.

201.10 CHAIN OF COMMAND

The Chief of Police must necessarily limit the number of persons who report to him/her. Therefore, to ensure the unity of command, clearly defined lines of authority must be drawn so that a structural relationship exists between each employee and the Chief of Police. Each employee must be aware of his/her relative position in the organization, the person to whom he/she is immediately responsible, and the persons who are accountable to him/her. Employees should strive at all times to operate within the chain of command, and to keep their supervisors informed of their activities. The Chief of Police is available to any member of the organization who wishes to have a discussion or meeting. Employees needing official action by the Chief of Police in order to effect police operations should make an appointment with the Chief of Police to discuss the issues.

201.11 INSPECTION AND CONTROL

Inspection and control are necessary to ascertain that policies and procedures are adequate and being followed, to determine that Department resources are adequate and being properly utilized, and to evaluate the overall performance, attitude, and appearance of the Department. It is the responsibility of each supervisor to continually conduct inspections within his/her area of responsibility in order to ensure the proper performance of assigned personnel, and the most efficient use of assigned equipment, material, and facilities. Merely finding fault is not inspecting. Therefore, a supervisor's responsibility does not end with discovering a deficiency or inadequacy; it includes taking positive measures to correct the problem.

201.12 PERSONNEL

The vitality of the Department is not maintained by promoting those with the longest tenure track, but rather through the selection and promotion of the most qualified personnel to position of increased responsibility. The Department, through its supervisors, must help in the selection process by accurately rating and evaluating employees for promotion, by developing, reviewing, and actively participating in the promotion process, and by advancing the most qualified.

201.12.1 RECRUITMENT

To obtain the highest possible caliber of candidates, it is essential that the Department participate in the recruitment process. To this end, the Department assists in an active, formal recruitment program by involving its members in the creation and implementation of the selection process, including, but not limited to, all oral examinations and background investigation review panels whose decision on qualified candidates will be reported directly to the Chief of Police. Additionally,

Newport Police Department

Newport PD Policy Manual

Police Administration

officers in their daily contact with the public become the Department's best recruiters. By their demeanor and enthusiasm, they favorably impress and attract the type of individual that the police service needs. Because of their experience and knowledge, they are able to counsel persons who show an interest in law enforcement careers, and to encourage applications by those who appear qualified.

201.12.2 OATH OF OFFICE

All employees of the Police Department who are empowered with the authority to take enforcement action that may deprive a citizen of their freedom, is required to take an Oath of Office immediately upon appointment to that position. The Oath of Office will obligate the individual to support the Constitution of the United States of America, the Constitution and law of the State of Oregon, the laws and ordinances of this City, and the policies and procedures of this Police Department.

201.12.3 DUTY ASSIGNMENTS

Allocation of personnel to specific assignment is made with the aim of establishing optimum effectiveness within the Department, while recognizing the needs, ability, and preference of individual employees.

201.12.4 ADVANCEMENT

The vitality of the Department is not maintained by promoting those with the longest tenure track, but rather through the selection and promotion of the most qualified personnel to position of increased responsibility. The Department, through its supervisors, must help in the selection process by accurately rating and evaluating employees for promotion, by developing, reviewing, and actively participating in the promotion process, and by advancing the most qualified.

201.13 CIVILIAN EMPLOYEES

Law enforcement professionalism is enhanced when officers perform only those tasks where there is an identified need for police knowledge and skills. To this end, the Department employs civilians in those positions where there is no such demonstrated need. In addition to releasing officers for more traditional tasks, the use of non-sworn personnel makes it possible to hire employees for their specialized skills, resulting in greater Departmental efficiency.

201.14 BUDGETING

The budgetary process is an essential planning tool that enables the Department to organize its financial resources in a directed effort to derive the maximum return for the tax dollars expended.

The Department budget represents an evaluation of relative needs within the Department, based upon quantitative and qualitative data. It involves a decision regarding objective priorities, with consideration given to the volume and type of work required, and the costs involved.

Budgeting is a continuous process. It involves the identification of objectives, and the determination of organizational needs based upon a reasonable evaluation of future requirement.

206.1 PURPOSE AND SCOPE

The City has prepared an Emergency Operations Plan Manual for use by all employees in the event of a major disaster or other emergency event. The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated (ORS 401.305).

All employees shall receive annual refresher training on the details of the Newport Emergency Operations Plan.

206.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Operations Plan can be activated in a number of ways (Refer to EOP Section 4.3.1). For this Department, the Chief of Police or the highest ranking official on duty may activate the Emergency Operations Plan in response to a major emergency.

206.2.1 RECALL OF PERSONNEL

Incident Command

207.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures for the planning, response to, and control of unusual occurrences and disaster situations.

207.2 POLICY

It shall be the policy of this agency to utilize the Incident Command System as a means of coordinating and controlling complex situations.

When an event occurs or is scheduled which appears, by its nature or scope, to represent a potential to escalate beyond local resource ability to control, the officer in command has the option of initiating the Incident Command System.

207.3 INCIDENT COMMAND

The Incident Command System may be initiated at any emergency, large or small, involving law enforcement response. One person must be in command: assessing the situation and available resources, determining an appropriate incident action plan, monitoring the plan's effectiveness, and continually modifying the plan to meet the realities of the situation.

Responsibility - The Chief of Police or his designate is responsible for planning responses to unusual occurrences and disaster situations.

- (a) Situations involving incidents of local scope may be delegated by the Chief to a team level supervisor, who will devise an incident plan.
- (b) Situations of a disastrous nature, whether civil, man made, or natural, will involve implementation of an Emergency Operations Plan.

The Chief of Police or his designate shall ensure that the Emergency Operations Plans are reviewed on an annual basis, and that current copies are accessible to all Department members.

Elements of an Effective Emergency Incident Command System - To be effective, an incident command system must be suitable for use regardless of the type of jurisdiction or agency involvement. These may include single jurisdiction/single agency, single jurisdiction/multi-agency, and multi-jurisdiction/multi-agency involvement. The organizational structure must be adaptable to any incident, applicable and acceptable to users throughout a community or region, readily adaptable to new technology, and capable of logical expansion from the initial response to the complexities of a major emergency.

The Incident Command System has four major functional areas that are addressed in the Department Local Incident Plan for unusual occurrences, and Department Emergency Operations Plan for disaster situations.

- Command

Incident Command

- Operations
- Planning
- Logistics

207.4 INCIDENT COMMAND: LOCAL INCIDENT PLANS

The Department Local Incident Plan shall set forth the requirements for response to unusual events at a local level. This plan shall be used as a checklist and operational base for individual incidents.

Unusual occurrences handled at a local level may be either planned events that occur at a given or scheduled time and place, or unplanned events that occur spontaneously and are unpredictable.

Planned events - Included in this category are annual events and activities that are scheduled with enough lead time to adequately assess and plan, which may include such events as:

- Fourth of July fireworks
- Labor disputes or strikes
- Visiting dignitaries
- Seafood & Wine Festival
- Loyalty Days Celebration/parade

Unplanned events - Includes incidents that escalate disproportionately, natural phenomena, or unplanned events requiring immediate multi-agency resource response, including but not limited to:

- Spontaneous civil disturbances
- Escapes or disturbances at the correctional facility
- Aircraft emergencies
- Active Shooter incidents
- Hostage/barricaded suspect
- Bomb threats
- Hazmat events
- Fire coverage
- Natural phenomena such as storms, floods, tsunamis, or earthquakes

Responsibility - Planned events are generally handled by the Patrol component as a directed patrol strategy. The Chief of Police may elect to delegate the supervision and coordination to a team supervisor.

Newport Police Department

Newport PD Policy Manual

Incident Command

Plan Development - The officer assigned as supervisor and coordinator for the event shall develop a written plan, based on any Departmental plans for the event, that shall be routed to the Chief of Police. The Department plan shall include, at a minimum, provisions for addressing the following on an individual event level:

- Command - Establishment of a unified command structure capable of coordinating and controlling agency components. The command function must be capable of, in addition, expanding to coordinate outside agencies and resources, if applicable, and the deployment of special operations personnel, if needed.
- Operations - The operations function is responsible for the development and implementation of a personnel schedule based on information received from the planning function, to include: identifying resources by name, agency, task, and location; and scheduling appropriate resources by date and hours of duty.
- Planning - The planning function must create an incident overview, that provides a synopsis of the incident with estimates of expected law enforcement and resource concerns to include:
 - expected criminal or gang problems
 - traffic and crowd control problems
 - projected personnel needs
 - contingency plans for dealing with special circumstances created by the incident.
- Logistics - The logistical function establishes projected logistical needs for the incident, facilitates the deployment of special operations or resources if needed, and deals with contingencies for ingress and egress to the incident.

207.5 INCIDENT COMMAND: EMERGENCY OPERATIONS PLAN

The Departmental Emergency Operations Plan shall set forth the requirements for response to major incidents and disaster situations that exceed the capabilities of local resources.

The Department Emergency Operation Plan shall include a mobilization plan for responding to disasters, whether natural or man made, and include contingencies for escalation or de-escalation of the situation, inter-departmental and multi-agency response, civil disturbances and mass arrests, and post-incident duties.

Responsibility - The most senior officer initially available shall initiate the Emergency Operations Plan, and maintain command and control until relieved by a more senior officer. Upon arrival, the Chief of Police or his designee shall assume responsibility for command and control of the incident.

Plan Development - The Department Emergency Operations Plan shall include, at a minimum, provisions for addressing:

- Command - The command function should ensure that the key personnel designations for functions are staffed and coordinated. Chain of command at a multi-agency level

Newport Police Department

Newport PD Policy Manual

Incident Command

shall be initiated as soon as possible, with designated command posts established. The command function shall additionally perform the necessary functions in liaison and public information/media briefings.

- Operations - The operations function is responsible for designating alert stages and establishing communications with the other functions. Additionally, operation of primary and alternate assembly areas, law enforcement activities, scene control, and physical security are operations functions.
- Planning - The planning function is responsible for creating an incident overview that provides a synopsis of the incident with estimates of expected law enforcement and resource concerns. The planning function utilizes rehearsals prior to an event, and after action reports in a post incident mode to prepare the other functions, and establishes de-escalation criteria.
- Logistics - The logistics function is responsible for the distribution of equipment throughout the scope of the incident, at a multi-agency level. Additionally, the logistics function is responsible for transportation requirements, food, water, sanitation, and medical supplies.

In addition, the Department provides criminal investigation services and other public safety services. It is the policy of the Department to have a staffing level of sufficient strength to provide all of these services and to provide a level of safety for the patrol officers. It is the intent of the Department to allow members to use their accrued vacation, compensatory time, Kelly Day or sick leave, as needed or requested, whenever possible.

216.2 NORMAL PATROL SHIFTS

216.2.1 HOURS

Day shift hours are 0700 to 1900 and Night Shift hours are 1900 to 0700. Depending on availability and need, hours may be adjusted to include lap shift, which would start in either day or night shift and end in the opposite shift.

216.2.3 FRIDAY - SATURDAY

216.3 DETECTIVE SHIFTS

Officers assigned to the Detective Unit will normally work a shift that covers the hours of 0700 to 1700, Monday through Friday. The hours may vary from time to time depending on assignments and call out activity.

- (f) If there is an answering machine, a brief message should be left explaining the call. There will be no 'wait' time for calls to be returned.
- (g) Should the supervisor exhaust the list of eligible officers for a 'voluntary' call back, the supervisor will re-contact the least senior officer previously contacted and direct that individual to report for duty.
- (h) Should there be no officer available, the supervisor may contact an eligible sergeant.
- (i) Once the shift has been covered, the supervisor will forward the completed form to the Chief of Police via the Operations Lieutenant. The form will be maintained for a period of time as indicated in the Oregon Public Records Law.

The Chief of Police may issue an identification card for LEOSA purposes to any qualified former officer of this department who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this department as an officer.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.

- (d) Has not entered into an agreement with this department where the officer acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.

220.6 QUALIFICATION PROCESS

The retired Newport Police Officer should contact the Firearms Supervisor to set an appointment for weapons qualification. The time for qualification should be set so the firearms instructor is on-duty, as overtime is not approved exclusively for qualification of retired personnel. The retired member will need to supply his or her own ammunition. The firearms instructor will take the retired member to the Newport Police Firearms Range and present the qualification course to him/her. Chapter 3 - General Operations

Force Response

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable force response. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this [department/office] is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The force response by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

Newport Police Department

Newport PD Policy Manual

Force Response

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force (2020 Oregon Laws, c.5, § 2).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (2020 Oregon Laws, c.5, § 2).

300.2.2 STATE REPORTING REQUIREMENTS

A report of another member using excessive force must be made to a supervisor no later than 72 hours after the misconduct was witnessed (2020 Oregon Laws, c.5, § 2).

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this [department/office]. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

Newport Police Department

Newport PD Policy Manual

Force Response

300.3.1 USE OF FORCE - JUSTIFICATION

An officer is justified in using force upon another person only when and to the extent that the officer reasonably believes it necessary (2020 Oregon Laws c. 3, § 7):

- (a) To make an arrest or to prevent the escape from custody of an arrested person unless the officer knows that the arrest is unlawful; or
- (b) For self-defense or to defend a third person from what the officer reasonably believes to be the use or imminent use of force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

Newport Police Department

Force Response

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed [department/office]-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following:

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.
- (c) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Newport Police Department for this specific purpose.

Force Response

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers shall use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.3.7 VERBAL WARNING PRIOR TO USE OF FORCE

Prior to using physical force, if reasonable to do so, officers shall give a verbal warning that physical force may be used and provide a reasonable opportunity to comply (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.3.8 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk (2020 Oregon Laws c. 3, § 8):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.
- (c) An officer may use deadly force to make a lawful arrest when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.
- (d) An officer may use deadly force to prevent a person from escaping custody when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may

Newport Police Department

Newport PD Policy Manual

Force Response

also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this [department/office] shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the [Department/Office] may require the completion of additional report forms, as specified in [department/office] policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

Newport Police Department

Newport PD Policy Manual

Force Response

300.5.2 NOTIFICATION OF INSURANCE CARRIER

Whenever a force response situation results in an injury that requires medical treatment beyond first aid, the supervisor shall immediately notify the chain of command of the incident. The Chief of Police shall notify the Department's insurance carrier (CIS) no later than the next business day.

300.5.3 ANNUAL REVIEW

Each January the Operations Lieutenant will ensure that an annual review of all Use of Force Reports for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of force that might suggest training or equipment needs, or policy modification. Specific detail including such items as officer names, case numbers, and location of occurrence are not needed for this purpose; they will not be part of this process.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

Force Response

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall review each force response by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

Newport Police Department

Newport PD Policy Manual

Force Response

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.9 USE OF FORCE ANALYSIS

At least annually, the Operations Lieutenant Operations Lieutenant should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Threshold Incidents

301.1 PURPOSE AND SCOPE

We live in a litigious society where litigation is out of control. People today are less willing to accept responsibility for their actions. Distrust in governmental services, including public safety, has developed. There has been a gradual erosion of government-supplied immunities. A well-informed, well-educated public is our absolute best ally; however, we have neither a well-educated nor a well-informed public.

Elimination of civil liability is a two-pronged process. First, an officer must do the job right. Second, the officer must be able to prove it. The first leg of "proof" is proper pre-incident record keeping by all the officers and the Department with respect to the Five Pillars of Success (People - Policy - Training - Supervision - Discipline). The second leg of "proof" is incident documentation. Excellent incident documentation is not necessary for each and every encounter. IT IS NECESSARY WHEN REQUIRED BY LAW OR POLICY, OR WHEN AN OFFICER IS INVOLVED IN A THRESHOLD INCIDENT.

301.2 POLICY

It is the policy of the Newport Police Department to completely document those incidents involving crimes and those incidents where civil liability is a possibility, i.e. threshold incidents.

301.3 DEFINITIONS

Threshold incidents are not limited to the following:

- (a) Any injury to person, regardless of how slight; deprivation of liberty, regardless of how short; damage to property, regardless of how trivial; or damage to interest in property caused by us, (including when an individual informs us of such damage).
- (b) Any death or major injury, requiring hospitalization where an officer is at the scene or governmental property is involved.
- (c) An individual states "I'll sue!" or any derivation thereof; an individual informs us of an injury they sustained, and a supervisor feels the situation warrants documentation. A supervisor may use discretion in determining of an event to be a 'threshold event'. However, the supervisor must be mindful of the possibility of a loss of crucial documentation if action is not immediately taken.

301.4 DOCUMENTATION

Reports documenting threshold incidents should not be written for prosecution only. The elements the prosecutor needs for criminal prosecution may be different from the elements the City's Defense Counsel needs to prove an officer did the job right.

Newport Police Department

Newport PD Policy Manual

Threshold Incidents

301.4.1 INCIDENT

- (a) Reports (CCP - Complete, Consistent, Policy). A complete report is a report that enables a reader, five (5) years from the date of the incident, to answer very specific questions with very specific answers. There is only one opportunity to prepare this type of document; it must be done correctly.
- (b) Witnesses - particularly civilians.
- (c) Evidence - What is needed to prove what really happened. Juries view the loss, destruction or failure to gather exculpatory evidence with extreme suspicion. Never gather evidence for the prosecutor only. Gather all the evidence that will show what really happened.
- (d) Photographs - A picture is worth a thousand words. Photograph all 'threshold events.'
- (e) Electronic documentation - E-mail, phone tapes, radio tapes, MDT transmissions, computer logs, audiotapes, etc.

301.4.2 NOTIFICATION

The Chief of Police should be immediately notified when there is a major threshold incident. For minor incidents, the Incident Notification Form (RWM 2.01) shall be used.

301.5 DISCRETIONARY TIME

Every moment that passes after a threshold incident makes it more difficult to prove what happened. Cases are lost because of failure to document the incidents that ultimately end up causing legal problems. Many losses occur not because of bad conduct, but because of poor or nonexistent incident documentation. Incomplete or sloppy documentation allows the other side to make up any story they want. There is no excuse for poor incident documentation because, in reality, all that is required is proper use of discretionary time.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Newport Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The Newport Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Operations Lieutenant will convene the Use of Force Review Board as necessary. It will be the responsibility of the Operations Lieutenant or supervisor of the involved employee to notify the Chief of Police of any incidents requiring board review. The involved employee's supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD

The Operations Lieutenant should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Operations Lieutenant

Newport Police Department

Newport PD Policy Manual

Use of Force Review Boards

- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be

Newport Police Department

forwarded to the involved employee's Operations Lieutenant for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Arrests

305.1 PURPOSE AND SCOPE

Apprehension and arrest of those who violate the law is one of the primary functions of law enforcement. The manner in which Department members carry out their responsibilities in this area is extremely important. Officer performance affects the safety of citizens and their property. It also affects the safety of other officers. Finally, it affects the reputation and civil liability of the Department and its members. This procedure provides guidelines on how to handle arrests, bookings, and citations.

305.2 POLICY

The administration of criminal justice consists of the identification, arrest, prosecution, punishment, and rehabilitation of those who violate the law. It has as its objective voluntary compliance with the law as an alternative to punishment. Once a crime has been committed, it is the duty of the Department to initiate the criminal justice process by identifying and arresting the perpetrator, obtaining necessary evidence, and cooperating in the prosecution of the case. As the certainty of swift and sure punishment serves as an effective deterrent to crime, the Department must diligently strive to solve crime and bring perpetrators to justice. Officers are expected to take appropriate action within the procedures of the Department in response to violations of the laws and ordinances when violations come to their attention.

305.3 DEFINITIONS

: There exists a substantial objective basis for believing that, more likely than not, an offense has been committed, and the person to be arrested has committed it.

: The taking of a person into custody, either physically or constructively, so that the person can be charged with an offense.

305.4 RESPECT FOR CONSTITUTIONAL RIGHTS

Individuals may not be deprived of their constitutional rights merely because they are suspected of committing a crime. An officer who lawfully acts within the scope of authority does not deprive persons of their civil liberties. Officers may, within the scope of their authority, make reasonable inquiries, conduct investigations, and arrest on probable cause.

305.5 CRITERIA

Officers are empowered with a great deal of discretion in dealing with matters of booking and incarceration of offenders. However, certain criteria must be adhered to in determining the disposition of enforcement action.

Newport Police Department

Newport PD Policy Manual

Arrests

305.5.1 FELONY OFFENDERS

Persons accused of felony crimes will be booked, photographed, fingerprinted, and incarcerated. Arrestees of specific Class C Felonies, designated by the District Attorney's Office, may be cited to appear, and released after booking, photographing, and fingerprinting.

305.5.2 MISDEMEANOR OFFENDERS

Persons accused of misdemeanor offenses may be incarcerated, or may be cited to appear and released after booking, photographing, and fingerprinting have been obtained, depending on the severity of the offense, and with due consideration for any hazard they may pose. In all cases where an arrest has been made, or a citation to appear has been issued, the officer will obtain a case number and complete a report.

305.5.3 JUVENILE OFFENDERS

Juveniles accused of misdemeanor or felony offenses may be incarcerated, or may be cited to appear and released after booking, photographing, and fingerprinting have been obtained, depending on the severity of the offense and with due consideration for any hazard they may pose. In all cases where an arrest has been made or a citation to appear has been issued, the officer will obtain a case number and complete an arrest report. Juvenile offenders will be incarcerated only at the direction of the Juvenile Department.

305.6 DISCRETION AND ALTERNATIVES TO ARREST

Discretion is the freedom to act. Every member uses discretion to resolve situations the member confronts. Members may use discretion to select an appropriate response when dealing with traffic offenses, violations, requests for public records, and certain criminal offenses of a minor nature. The more significant or serious an incident, the less discretion is authorized. Members' discretion is limited by training, education, experience, laws, ordinances, Department directives, and supervisors' instructions.

Once a violator has been identified, it is the function of the Department to initiate the criminal process; however, there are circumstances when a crime may occur and the Department will not make a physical arrest. There may be a report written and an application for a complaint made; or, in some cases when the offense is of a minor nature, a verbal warning or other direction may be given. The decision to not make an arrest will be guided by Department policy and the factual situation involved, not by the personal feelings of the officer.

305.6.1 DISCRETION CONCERNING ISSUANCE OF MISDEMEANOR CITATIONS

ORS 133.045 allows the use of a citation in lieu of custody for all violations, most misdemeanors, and some felony charges, which may be deemed a misdemeanor after sentence is imposed. A citation in lieu of custody is authorized if the officer determines:

- (a) The arrest is made without an arrest warrant (unless the warrant specifically authorizes a citation in lieu of custody), and is not an arrest under the Family Abuse Prevention Act;

Newport Police Department

Newport PD Policy Manual

Arrests

- (b) The crime is a non-violent misdemeanor or a non-violent felony (i.e., crime against property) committed within the City or while the officer was assisting another agency; or
- (c) The suspect does not appear to pose an immediate threat to the victim, community, or self, and does not appear to pose a high risk of fleeing the area.

305.6.2 DUII ARREST

In general, persons arrested for DUII will be taken into custody and delivered to the Lincoln County Jail, unless this is not possible due to medical reasons. Persons arrested for DUII will be issued a Traffic Citation for DUII, and cited to appear into Lincoln County Circuit Court.

305.6.3 RESTRICTIONS ON DISCRETION

A police officer shall not use a misdemeanor citation in lieu of custody for valid arrest warrants, or during domestic disturbance incidents that meet the requirements of ORS 133.055, except when specifically authorized by that statute.

When appropriate, members are authorized to use written warnings to resolve minor traffic violations, and verbal warnings for criminal violations.

305.7 AUTHORITY TO ARREST

ORS 133.235 empowers all Oregon peace officers to make arrests for offenses, pursuant to ORS 133.310, anywhere within the boundaries of the State of Oregon. Department policy recognizes this authority, and recommends discretion on the part of each officer.

305.7.1 ON-DUTY ARREST

On-duty arrests may be made outside the boundaries of the City in cases of hot and/or fresh pursuit, while following up on crimes committed within the City, or while assisting another agency.

305.7.2 OFF-DUTY ARREST

Officers observing criminal activity should effect an arrest only when an imminent risk to life or property exists, and a reasonable opportunity does not exist to contact the police agency that has primary jurisdiction. In such situations, the involved officer shall clearly identify himself as a police officer.

305.8 TREATMENT OF INDIVIDUALS UNDER ARREST

In making an arrest, officers must treat individuals with respect. Officers will not physically mistreat or verbally harass any individual. If a person taken into custody is ill or injured, medical treatment will be provided.

305.9 ADVISE OF RIGHTS

Once in a police custodial situation, and prior to any questioning, an arrested individual shall be advised of his/her constitutional rights.

Newport Police Department

Newport PD Policy Manual

Arrests

Officers are responsible for advising suspects of their constitutional rights in the proper manner outlined in 305.9.3. Officers must observe legal requirements and Department procedures at all stages of an investigation and arrest. A suspect shall be advised of rights prior to custodial interrogation, or the taking of any oral or written statements likely to be incriminating. After custody or arrest, the officer shall document all admonishments of rights prior to the taking of statements.

305.9.1 ACCESS TO COUNSEL

In accordance with this policy, persons arrested shall be granted access to counsel, if requested, prior to any further custodial interrogation. Access may be by telephone or in person, depending on the existing conditions.

305.9.2 VOLUNTEERED AND SPONTANEOUS STATEMENTS

Volunteered and spontaneous statements are not barred, and no warning need be given preceding them. However, questioning initiated by the police officer thereafter, in clarification or amplification of the volunteered or spontaneous statements, should be preceded by a Miranda warning.

305.9.3 DOCUMENTATION OF RIGHTS

The fact that a prisoner who gives a statement was so advised or admonished should be included at the beginning of any written statement, or included in the police report if the statement was obtained verbally.

The following is a recommendation for advising Miranda:

- (a) Advice of Constitutional Rights should be read directly from the Rights card.
- (b) The officer should sign the card in the designated location, indicating who gave the rights advisement to the suspect, the date and time of the advisement, and the suspect's voluntary signature that indicates they understand and have no questions about their rights.
- (c) The card will be completed even if the suspect refuses to sign. The advising officer will write "REFUSED" in the suspect's signature space.
- (d) A separate card will be used for each suspect.

It may be necessary that the officer testify in court as to the precise language used to warn the suspect of their rights, and the precise language by which the suspect waived these rights.

305.10 SEARCH INCIDENT TO ARREST

All persons in custody shall be searched incident to their arrest.

305.10.1 SEARCHES

Officers will conduct all searches in a legal manner consistent with Department guidelines.

305.10.2 SEARCHES OF PERSONS IN CUSTODY

Every prisoner shall be searched once they are placed in restraints, and prior to being placed in the vehicle for transport.

Newport Police Department

Newport PD Policy Manual

Arrests

Searches shall include, but are not limited to, a pat-down of all outside body surfaces, a search of all clothing pockets, shoe tops, and any other location where a weapon can be secured and readily accessible. If available, an officer of the same gender as the prisoner should conduct the search. Members shall touch and search prisoners or suspects of the opposite sex only as is necessary to take them into physical custody, and/or to determine that weapons or evidence are not being concealed. In such cases, if possible, another officer or witness should be present.

Custody searches should also include a cursory review of valuable items such as the contents of wallets, purses and similar items. Subjects arrested that have a wallet, purse or similar item shall have their property transported to the jail with them and released to the Corrections staff.

A prisoner shall be searched each time an officer turns custody over to another officer.

The officer shall seize all weapons and articles that could be used as a weapon or an escape instrument. No knives or any kind of sharp instruments or items, ie: screws, nails or scissors, etc. can be lodged with the prisoner's property at the jail. Any article that could be used as a weapon but that is not evidence, shall be placed in the Department Evidence section for safekeeping.

All evidence or contraband shall be seized and treated according to Department evidence procedures.

305.11 TRANSPORTATION

Persons in custody shall be attended to at all times, and will be transported to the appropriate detention facility without delay.

305.11.1 TRANSPORTATION OF PRISONERS

Without unnecessary delay, an officer making an arrest will transport the arrested individual, or cause them to be transported, to the correctional or holding facility to be booked. All persons detained in a correctional facility or juvenile detention center will be accompanied by a booking sheet and probable cause statement, if applicable. The paperwork will be turned over to, and signed by, the booking officer.

The vehicle shall also be inspected before and after transporting a prisoner to ensure that the prisoner has not hidden evidence or weapons in the seat cushions or under the seat.

305.12 ARREST WARRANTS

305.12.1 WITHIN THE STATE OF OREGON

An officer may arrest a person for a felony or misdemeanor on an arrest warrant issued by any judge or magistrate within the State of Oregon, as long as the warrant is serviceable within Lincoln County.

An officer may make an arrest when the officer has been notified by electronic means of communication that an arrest warrants exists, but is held by an officer from another agency.

Newport Police Department

Newport PD Policy Manual

Arrests

305.12.2 OUTSIDE THE STATE OF OREGON

An officer may arrest a person on a felony warrant issued outside the State of Oregon, pending confirmation that the warrant is serviceable within Oregon.

Warrant arrests can only be made following confirmation of the validity of the warrant, as well as a determination that the arrestee is, in fact and beyond any reasonable doubt, the person named in the warrant.

305.12.3 ARREST FOR VIOLATION OF A RESTRAINING ORDER

An officer may make an arrest for violation of a restraining order or stalking order issued by a judge or magistrate in Oregon, per the terms of such orders as outlined by the court.

305.12.4 VIOLATION OF A CIVIL ORDER

A police officer may not make an arrest for violation of a civil court order issued in or outside Oregon.

305.13 JUVENILES

Response to crimes involving juveniles will not differ from the response to crimes involving adults.

305.14 ESTABLISHING IDENTITY

Officers may exercise discretion when a violator cannot, or will not, provide satisfactory identification. If a citation-in-lieu-of-custody is issued, the officer should, to the extent possible, obtain information for the execution of an arrest warrant in the event the violator fails to appear for arraignment.

305.15 SICK OR INJURED PERSONS

When officers are confronted with a situation involving a sick or injured suspect or prisoner, officers will render any first aid necessary, and obtain medical help if needed. Decisions to be made by the officer in the field regarding emergency hospitalization of injured persons shall be based on the seriousness of the injury, and the pending charge against the arrested person. Whenever hospitalization of an injured person who is under arrest is necessary, the arresting officer must report the situation to a supervisor as soon as possible.

305.15.1 SICK OR INJURED PRISONERS

Prisoners who are unconscious, or who have a serious illness or injury, shall be transported to the hospital by ambulance.

Officers shall accompany the ambulance to the hospital, and remain on prisoner guard duty until properly relieved. At the request of ambulance personnel, or if the prisoner constitutes a risk of violence or escape, officers may accompany the prisoner in the ambulance.

If a prisoner is critically injured, and the need for a dying declaration is present, the officer shall accompany the prisoner in the ambulance.

Newport Police Department

Newport PD Policy Manual

Arrests

Prisoners with minor illness or injury requiring hospital treatment, may, with supervisory approval, be transported to the hospital in a patrol vehicle.

Prisoners whose illness or injury can be treated with first aid before being transported directly to the Lincoln County Jail facility, should be treated before being transported.

305.16 CITIZEN ARREST

Citizens should not be encouraged to take a suspect into custody. In the event of a citizen arrest, the citizen's responsibility is to surrender the arrestee, without delay, to a peace officer. The officer must independently review the circumstances surrounding the arrest.

Custody of the arrestee should be maintained only after the officer has determined that the arrest is valid. The citizen making the arrest shall inform the arrestee that he/she is under arrest, and state the charge. If the arrest is valid, and the arrestee is taken into custody, the matter will be processed by the officer as a regular arrest report. The arrest report shall state that the arrest was initiated by a citizen, and set for the relevant facts and circumstances.

If the arrest is not accepted because of a question of probable cause, the officer shall document the incident in the report. A copy of the report shall be forwarded to the District Attorney's Office for review.

305.17 JAIL DETENTION

Adult arrestees meeting incarceration criteria will be lodged in the Lincoln County Jail for arraignment in the proper court on the next available court date. If the arrestee does not meet the jail's criteria for lodging, but there is an articulated reason the person should be photographed and fingerprinted, the arrestee will be transported to the Lincoln County Jail for this process. Thereafter the person will be given a citation to appear, and then be released.

305.17.1 NOTIFICATION PROCEDURES FOR SECURITY RISK

In the event that the arrestee is combative, has a history of being combative, or is a suicide risk, the jail will be notified prior to arrival to the jail. Corrections Officers should be requested to be present upon arrival to the jail, so they may assist in taking the arrestee to the booking area.

305.18 ESCAPE OF ARRESTEE

In the event that an arrestee escapes from an officer's custody, the officer shall immediately notify dispatch of the situation and request additional officers to respond to the area. A supervisor should respond to coordinate a search for the suspect. Depending on the seriousness of the crime involved, additional law enforcement resources may be called upon to assist. The Patrol Lieutenant and/or the Chief of Police should be contacted so they can handle media notification, if needed.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Newport Police Department authorizes the use of restraint devices in accordance with this policy, the Force Response Policy and Department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Newport Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Newport Police Department

Newport PD Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the [Department/Office]. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.

Handcuffing and Restraints

Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only [department/office]-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the [Department/Office] shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Newport Police Department

Newport PD Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

306.9 TRAINING

Subject to available resources, the Operations Lieutenant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the [Department/Office].
- (b) Response to complaints of pain by restrained persons.

Newport Police Department

Newport PD Policy Manual

Handcuffing and Restraints

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Interviews, Interrogations and Confessions

307.1 PURPOSE AND SCOPE

The purpose of this policy is to provide officers with legally sound procedures for conducting custodial interrogations.

307.2 POLICY

Custodial interrogations of suspects, and the statements and confessions that are elicited, are vitally important in the preparation of criminal cases. However, to be admissible as evidence, statements and confessions must be given freely and voluntarily, and with due consideration for the suspect's right to silence and right to counsel. Therefore, it is the policy of this law enforcement agency that all officers observe due process, the rights of suspects, and guard against any charges of police coercion or intimidation during interrogation.

307.3 DEFINITIONS

: A custodial situation exists when an officer tells a suspect that he is under arrest. A functionally equivalent situation exists when a "reasonable person" in the suspect's position would feel that his freedom of action has been restricted to the same degree as a formal arrest.

: Interrogation includes direct questioning of a suspect about a crime or suspected crime, as well as any words, statements, or actions by officers that the officers should know are reasonably likely to elicit an incriminating response from the suspect.

307.4 INTERVIEWS AND INTERROGATIONS, GENERALLY

There are two different methods of obtaining verbal and non-verbal information from victims, witnesses, and suspects: interviews and interrogations.

307.4.1 INTERVIEWS

Interviews are usually the main source of information in an investigation. Interviews are usually conducted with victims and witnesses, and are sometimes conducted with suspects, depending upon their level of cooperation. The purpose of an interview is to determine the facts and to identify people who are being deceptive.

Officers are able to use interviews to enhance their investigation by observing and interpreting verbal and non-verbal responses to specific questions.

Interviews are conducted in a non-threatening manner. All victims and witnesses should be contacted and interviewed to ensure the officer is receiving all facets of the incident. It may be necessary for the people involved to be interviewed more than once. The officer will always be courteous and act within the Department's standards. Interviews may be conducted either at the time of the initial contact on the scene, or may be scheduled at a later time, convenient to both parties, if possible.

Newport Police Department

Newport PD Policy Manual

Interviews, Interrogations and Confessions

During the initial investigation, the officer should explain to the victim the procedures involved in the prosecution of their case, and the victim's possible role in those proceedings.

307.4.2 INTERROGATIONS

Interrogations can be a useful tool in the investigation process. Suspects are interrogated when the investigating officers has obtained information that causes the officer to believe the person is the suspect or one of the suspects. The purpose of an interrogation is to obtain a confession or, if that is not possible, to obtain a statement that can be proven false.

Suspects can be interrogated in both the field and the Police Department. However, the preferable location is in an interview room at the Department. The officer should have as much control over the location and suspects as possible. There should be minimal distractions. When possible, all interrogations at the Department shall be held in the interview rooms set aside for that purpose. Any recordings of interviews and interrogations will comply with state and federal laws.

During the interview, the officer may choose to employ the tactic of using evidence gathered at the scene to elicit further information from the suspect. Coercion, threats, and violence will not be used any interview or interrogation. Constitutionally guaranteed rights against self-incrimination will be adhered to according to state and federal guidelines.

During the investigation process, the officer should compare the suspect's M.O. to check if the suspect may have committed other crimes.

307.5 PROCEDURES

307.5.1 CUSTODIAL STATEMENTS AND CONFESSIONS

Constitutional Rights warnings are required, and shall be administered prior to "custodial interrogation", as defined above.

The following represent examples of situations that are "custodial", and do not require issuance of Constitutional Rights warnings:

- (a) Investigatory stop and frisk.
- (b) Questioning during a routine traffic stop or for a minor violation, to include driving while under the influence of intoxicants (DUII) stops until a custodial interrogation begins.
- (c) During routine questioning at the scene of an incident or crime when the questions are not intended to elicit incriminating responses.
- (d) During voluntary appearances at the police facility.
- (e) When information or statements are made spontaneously, voluntarily, and without prompting by police. (Note: Follow-up questions that exceed simple requests for clarification of initial statements may require Constitutional Rights warnings.)

Newport Police Department

Newport PD Policy Manual

Interviews, Interrogations and Confessions

307.5.2 ADMINISTERING CONSTITUTIONAL RIGHTS WARNINGS

Constitutional Rights warnings shall be read from the card containing this information by officers to all persons subjected to custodial interrogation. Freelancing, recitation from memory, or paraphrasing the warnings is prohibited, as it precludes officers from testifying in court as to the precise wording used.

Officers shall ensure that suspects understand their right to remain silent and their right to an attorney. Suspects may be interrogated only when they have knowingly and intelligently waived their rights. Threats, false promises, or coercion to induce suspect statements are prohibited.

- Waivers of the Constitutional Rights warning rights must be performed affirmatively.
- Oral waivers are often sufficient, but written waivers, particularly in felony charges, are preferred and should be obtained, whenever possible, on the appropriate agency form.

Officers arresting deaf suspects shall notify their immediate supervisor, and make arrangements to procure the assistance of an interpreter in accordance with the agency's policy, and state and federal law.

307.5.3 INVOKING THE RIGHT TO SILENCE

When a suspect invokes his right to remain silent, all interrogation shall terminate immediately.

Suspects who are not represented by an attorney may not be interrogated after invoking their right to silence, unless the suspect:

- (a) Indicates a desire to talk to officers, and
- (b) The desire is in no way coerced, and
- (c) The officers then re-administer the Constitutional Rights warnings, and
- (d) The suspect affirmatively waives his rights.

307.5.4 INVOKING THE RIGHT TO COUNSEL

When a suspect makes reference to counsel, but his intentions are unclear, officers may question the suspect further to clarify his intentions.

When a suspect invokes his right to counsel, all interrogation shall cease immediately. The suspect may not again be interrogated about the crime for which is charged, about other crimes, or by other officers (from this or other agencies) unless:

- (a) The suspect's attorney is present at the questioning, or
- (b) The suspect initiates new contact with the police. In this latter case, the Constitutional Rights warning must again be administered, and a waiver obtained, before any questioning may take place. Officers shall also document and, if possible, obtain written verification that the suspect initiated the communication.

Officers shall cooperate in any reasonable way with efforts by counsel to contact or meet with suspects in custody.

Interviews, Interrogations and Confessions

307.5.5 DOCUMENTING STATEMENTS AND CONFESSIONS

The circumstances surrounding the conduct of interrogations and recording of confessions shall be fully documented. This includes, but is not necessarily limited to:

- Location, date, time of day, and duration of interrogation;
- The identities of officers or others present;
- Constitutional Rights warnings given, suspect responses, and waivers provided, if any, and
- The nature and duration of breaks in questioning provided the suspect for food, drink, use of lavatories, or for other purposes.

Investigative officers are encouraged to use this agency's video and audio taping capabilities for purposes of recording statements and confessions, in an overt or covert manner, consistent with state law.

The lead investigative officer may decide in which cases audio or video tape recordings may be appropriate, and whether covert or overt procedures may be used. Tape recordings designated as evidence shall be handled in the following manner.

- (a) Original tape recordings shall be duplicated, and each copy stored separately.
- (b) The tab on the tape housing of both the original and duplicate copies shall be removed to preclude the possibility of erasure or tampering.
- (c) Tape recordings shall be stored in a secure location under controlled access, as designated by the officer-in-charge of criminal investigations.
- (d) All tape recordings shall be inventoried on a routine basis.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Newport Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual [Department/Office] members to use specific control devices.

308.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this [department/office] only if the device has been issued by the [Department/Office] or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed [department/office]-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

308.4 RESPONSIBILITIES

308.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal, or against barricaded suspects based on the circumstances.

Only the Shift Supervisor, Incident Commander, or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

Control Devices and Techniques

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle, or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This [department/office] is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE

Only [department/office]-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.

Newport Police Department

Newport PD Policy Manual

Control Devices and Techniques

- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others (2021 Oregon Laws, HB 2928 § 2).

308.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not in use, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES

The Operations Lieutenant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot

Newport Police Department

Newport PD Policy Manual

Control Devices and Techniques

demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Force Response Policy.

308.12 CROWD CONTROL GUIDELINES

Chemical incapacitants as defined by 2021 Oregon Laws, HB 2928 § 2 shall not be used for crowd control except in circumstances that constitute a riot and the officer using the chemical incapacitant reasonably believes that the use is necessary to terminate the riot (2021 Oregon Laws, HB 2928 § 2).

A riot is when a person commits the crime of riot if while participating with five or more other persons, the person engages in tumultuous and violent conduct and thereby intentionally or recklessly creates a grave risk of causing public alarm (ORS 166.015; 2021 Oregon Laws, HB 2928 § 2).

308.12.1 ADDITIONAL CROWD CONTROL CONSIDERATIONS

Officers may not use a sound device for crowd control except to make announcements. When possible, announcements shall be made both audibly and visually (2021 Oregon Laws, HB 2928 § 2).

After deploying chemical incapacitants, kinetic impact projectiles, or sound devices, and when it is possible to do so safely, officers shall (2021 Oregon, HB 2928 § 2):

- (a) Attempt to take injured individuals to safety or allow them to seek medical help.
- (b) Allow emergency medical personnel to reach injured individuals.
- (c) Take reasonable action to accommodate individuals with disabilities when issuing or enforcing orders to disperse.

Conducted Energy Device

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASERs.

309.2 POLICY

The TASER is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASERS

Only members who have successfully completed department-approved training may be issued and carry the TASER.

TASERs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER in the driver's compartment of their vehicle.

Members carrying the TASER should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER in a weak-side holster on the side opposite the duty weapon.

- (a) All TASERs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER.
- (c) Officers shall be responsible for ensuring that their issued TASER is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER at the same time.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER may be deployed.

Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER in the related report.

309.5 USE OF THE TASER

The TASER has limitations and restrictions requiring consideration before its use. The TASER should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE EMDTDEVICE

The TASER may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

Newport Police Department

Newport PD Policy Manual

Conducted Energy Device

- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER

Officers should apply the TASER for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. The expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

Newport Police Department

Newport PD Policy Manual

Conducted Energy Device

309.5.6 DANGEROUS ANIMALS

The TASER may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASERs while off-duty.

Officers shall ensure that TASERs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Officers shall document all TASER discharges in the related arrest/crime report and the TASER report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

309.6.1 TASER DEVICE FORM

Items that shall be included in the TASER report form are:

- (a) The type and brand of TASER and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of TASER activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the TASER was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Operations Lieutenant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Operations Lieutenant should also conduct audits of data downloads and reconcile TASER report forms with recorded activations. TASER information and statistics, with identifying information removed, should periodically be made available to the public.

Newport Police Department

Newport PD Policy Manual

Conducted Energy Device

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER probes from a person's body. Used TASER probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER.

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER may be used. A supervisor should respond to all incidents where the TASER was activated.

Conducted Energy Device

A supervisor should review each incident where a person has been exposed to an activation of the TASER. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING

Personnel who are authorized to carry the TASER shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASERs should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Operations Lieutenant. All training and proficiency for TASERs will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER training as appropriate for the investigations they conduct and review.

Officers who do not carry TASERs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Operations Lieutenant is responsible for ensuring that all members who carry TASERs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASERs during training could result in injury to personnel and should not be mandatory for certification.

The Operations Lieutenant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER.

Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

310.2 POLICY

The policy of the Newport Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers.
- (d) A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Newport Police Department would control the investigation if the suspect's crime occurred in Newport.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this [department/office] is involved, the criminal investigation will include at least one investigator from another law enforcement agency (ORS 181A.790).

Requests made of this [department/office] to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved NPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the [Department/Office] or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

310.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved NPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any NPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Supervisor and WVCC. If feasible, sensitive information should be communicated over secure networks.
 - (d) Take command of and secure the incident scene with additional NPD members until properly relieved by another supervisor or other assigned personnel or investigator.
 - (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved NPD officer should be given an administrative order not to discuss the incident with other involved officers or NPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

310.5.3 SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Operations Lieutenant.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

310.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigation Operations Lieutenant

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) Any request for legal representation will be accommodated.
 - 1. Involved NPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-NPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be confidential only as to the discussion of non-criminal information.
- (d) A mental health professional shall be provided by the [Department/Office]. The [Department/Office] shall pay for at least two sessions with a mental health professional for each involved NPD officer. The sessions shall take place within six months of the incident, and an involved officer shall attend at least one session. As it relates to this mandatory session, "involved officer" means (ORS 181A.790):
 - 1. An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
 - 2. An officer whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.
- (e) A mental health professional may also be provided to any other affected NPD members, upon request.
 - 1. Interviews with a mental health professional will be considered privileged.
 - 2. An interview or session with a mental health professional may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.

- (f) Communications with peer counselors are confidential (except threats of suicide or admissions of criminal conduct) and may not be disclosed by any person participating in the peer support counseling session (ORS 181A.835). To be considered confidential communications under the statute, the peer counselor must:

 - 2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

310.5.6 DUTY ASSIGNMENT RESTRICTIONS

The [Department/Office] should not return an involved officer to a duty assignment in which the officer may have to use deadly force for at least 72 hours after an incident where the application of deadly force resulted in the death of a person. The [Department/Office] shall maintain the regular pay and benefits for any involved officer whose assignment is adjusted pursuant to this section (ORS 181A.790). As it relates to this duty assignment restriction, "involved officer" means (ORS 181A.790):

- (a) An officer whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
- (b) An officer whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.

310.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this [department/office] may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) NPD supervisors and Operations Lieutenant personnel should not participate directly in any voluntary interview of NPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED NPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this [department/office] shall retain the authority to require involved NPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved NPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved NPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the [Department/Office].

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Section supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. [Department/Office] investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related [department/office] reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Section supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Operations Lieutenant.

310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this [department/office] will conduct an internal administrative investigation of involved NPD officers to determine conformance with [department/office] policy. This investigation will be conducted under the supervision of the Operations Lieutenant and will be considered a confidential officer personnel file.

Interviews of members shall be subject to [department/office] policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Operations Lieutenant shall compile all relevant information and reports necessary for the [Department/Office] to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.8 CIVIL LIABILITY RESPONSE

A member of this [department/office] may be assigned to work exclusively under the direction of the legal counsel for the [Department/Office] to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

310.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Newport Police Department

Newport PD Policy Manual

Officer-Involved Shootings and Deaths

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

310.10 DEBRIEFING

Following an officer-involved shooting or death, the Newport Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

310.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administration Operations Lieutenant is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the [Department/Office] directly involved in the incident, which can include support personnel (e.g., dispatcher, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the [Department/Office], including supervisory and Operations Lieutenant personnel.

310.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.11 REPORTING

If the death of an individual resulted from an officer use of deadly force and occurred in the Newport Police Department jurisdiction, the Operations Lieutenant Operations Lieutenant will ensure that the Operations Lieutenant is provided with enough information to meet the reporting requirements to the Department of Justice (ORS 181A.790).

310.12 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and [department/office] representative responsible for each phase of the investigation. Releases will be available to the Shift Supervisor, Investigation Operations Lieutenant and Chief of Police or designee in the event of inquiries from the media.

No involved NPD officers shall make any comment to the media unless he/she is authorized by the Chief of Police or a Operations Lieutenant.

Newport Police Department

Officer-Involved Shootings and Deaths

[Department/Office] members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

312.4 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least once a year. Training and qualifications must be on an approved range course.

312.4.2 FAILURE TO QUALIFY WITH FIREARM(S)

This section shall apply to handgun, rifle and shotgun qualifications. It may apply to other qualifications at the discretion of the Chief of Police or designee. In order to maintain the integrity of the firearms qualification program with regard to non-qualifying members, the following shall be observed:

(a) First Day - Unable to Qualify

1. If a member is not able to qualify on the first attempt (3 total), then he/she shall be dismissed from the firing line and given remedial training. This remedial training shall take place at the range, and, at least should include a thorough review of shooting basics.
2. If unable to qualify with a second set of three attempts (6 total), the member shall be dismissed from the range and suspended from carrying a firearm on duty. A Work Performance Documentation shall be written, including a description of the remedial training provided earlier. Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.5.2 INJURED ANIMALS

312.5.3 WARNING AND OTHER SHOTS

The range shall remain operational and accessible to department members during hours established by the Department.

Newport Police Department

Newport PD Policy Manual

Firearms

The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Operations Lieutenant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

Newport Police Department

- (a) The officer shall carry his/her Newport Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.9 EQUIPMENT

312.9.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Newport Police Department

Newport PD Policy Manual

Firearms

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.9.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

312.9.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.9.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

312.10 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.

Newport Police Department

Newport PD Policy Manual

Firearms

- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

312.10.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

312.10.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

312.10.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

Vehicle Use Policy

313.1 PURPOSE AND SCOPE

The Department utilizes City-owned motor vehicles in a variety of situations by multiple personnel. In order to maintain a system of accountability, and ensure City-owned vehicles are used appropriately, regulations relating to the use of City-owned vehicles have been established. The term "City-owned," as used in this section, also refers to any vehicle leased or rented by the City.

Refer to Chapter 706 - Vehicle Assignment Policy

313.2 DEFINITIONS

- (a) Normal or Routine Driving - Vehicle speed is consistent with the normal flow of traffic, obedience to vehicle laws and posted signs, adherence to commonly-understood "rules of the road," and courtesy.
- (b) Pursuit Driving - The pursuit and apprehension of a violator or violators in a motor vehicle. Pursuits are conducted using emergency visual and audible equipment. Pursuit driving shall also be defined when a violator is using evasive action to avoid police contact.
- (c) Emergency Driving - In response to a life-threatening or other serious incident (based on available information) that requires emergency equipment in operation.
- (d) Emergency Equipment - Flickering, steady, blinking, or alternating emergency lights, and a siren, whistle, or air horn designed to give intermittent signals.
- (e) True Emergency - A situation in which there is a probability of death or serious injury to an individual, or significant property loss, and in which the actions of the emergency vehicle operator may reduce the seriousness of the situation.
- (f) Due Regard - Actions that a reasonable prudent law enforcement officer would perform in the same manner under similar circumstances and with similar information.
- (g) Pursuit Termination Devices - Instruments designed for use on road surfaces that will intentionally puncture tires, thereby permitting controlled deflation of air.

313.3 POLICY

All personnel operating Department vehicles shall exercise due regard for the safety of all persons. No task, call, or incident justifies disregard of public safety. The public expects its law enforcement officers to demonstrate exemplary driving behavior. All Department personnel who operate law enforcement vehicles will comply with safe driving procedures outlined herein, with particular attention to responding to calls for service or engaging in pursuits.

Emergency warning devices shall be judiciously used, consistent with both legal requirements and the safety of the public and law enforcement personnel.

Newport Police Department

Newport PD Policy Manual

Vehicle Use Policy

Pursuits are extremely dangerous to the employee, the suspect, and the public. All employees operating agency vehicles shall exercise due regard for the safety of all persons when engaging in pursuits.

Roadblocks are a last resort in stopping suspects, and can only be engaged with prior approval of a supervisor, with the utmost caution, and consistent with legal considerations.

313.4 CONSIDERATION FOR OPERATING CITY VEHICLES

- (a) All agency vehicles will be driven safely and in full compliance with all traffic laws and regulations. Law enforcement vehicles are conspicuous symbols of authority on the streets where the actions of law enforcement drivers are observed by many. Each law enforcement driver must set an example of good driving behavior and habits. Drivers of marked police vehicles are reminded that their vehicles are a visible representation of Newport Police and, as such, they will be kept clean, organized, and in good working order.
- (b) Under certain emergencies defined below, Oregon Revised Statute 820.300 exempts emergency vehicles from traffic laws. However, both the operator and the agency are not released from liability for failure to use reasonable care in such operation. Improper driving may subject each law enforcement driver to civil and/or criminal prosecution, while inflicting harm or injury to the driver, other law enforcement personnel or citizens, or causing property damage as well as damage to the image of the agency and law enforcement generally. Oregon Revised Statutes 820.300 is not a defense to the law enforcement driver of an emergency vehicle in an action brought for criminal negligence or reckless conduct. This policy, along with Oregon Revised Statute 820.300, does not relieve the law enforcement driver of an emergency vehicle from the duty to comply with Oregon Revised Statute 811.155, Failure to Stop for Bus Safety Lights.

313.4.1 ROUTINE OPERATION

- (a) Department vehicles shall be driven by Department employees. Department employees shall drive their assigned vehicle unless circumstances dictate otherwise, and it is approved by a supervisor. City-owned vehicles assigned to personnel as "take home vehicles" may be used to transport the employee to and from their residence for work-related purposes. This vehicle shall not be used for personal errands or transport. The assignment of vehicles is at the discretion of the Chief of Police. Assigned vehicles may be changed at any time, and/or permission to take home a vehicle may be withdrawn at any time.
- (b) Department personnel operating City-owned vehicles shall not permit persons other than City employees, persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as a passenger in their vehicle (see Ride Along Policy).

Newport Police Department

Newport PD Policy Manual

Vehicle Use Policy

An employee under a personnel contract that permits exclusive use of a vehicle is exempted.

- (c) In case of a crash or damage to any law enforcement vehicle, the driver will immediately contact a supervisor. The supervisor will assign an officer to conduct a crash investigation. In instances of extensive damage, serious injury, or other extenuating circumstances, the supervisor may request an outside agency to handle the investigation. The report should be immediately documented on a state traffic crash investigation report. The Chief's designee will review all such reports, and recommend appropriate action to the Chief of Police.
- (d) Vehicles used in routine or general patrol service will be conspicuously marked. Conspicuous marking increases safety, serves as a warning to potential violators, and provides citizens with a feeling of security.
- (e) Unmarked cars shall not be used for continuous pursuit, but may be used for patrol with prior approval of the respective unit supervisor. They may be used to stop vehicles, provided they are equipped with suitable mounted emergency warning devices.
- (f) Standard lighting equipment on marked vehicles may include, but is not limited to, hazard warning lights, spotlights, alley (side) lights, a rooftop light bar, and deck lights. Alley lights, take-down lights, and spotlights may be used when the vehicle is stationary or moving, and shall generally not be used in a manner that will blind or interfere with the vision of operators of approaching vehicles. Unmarked police vehicles will utilize concealed hazard warning lights to the front and rear of the vehicle.
- (g) Seat belts and shoulder straps shall be worn by all passengers during vehicle operation. Prisoners shall be strapped in with seat belts whenever possible. A law enforcement officer may disengage the seatbelt upon an to any scene of an incident or service call where the law enforcement officer believes a rapid departure from the vehicle may be required.
- (h) The security of City-owned vehicles is important. Employees who take home vehicles shall ensure that they are locked when not attended. All firearms and kinetic impact weapons shall be removed from the interior of the vehicle and placed in the trunk, or properly secured in the residence, when the vehicle is not attended. When the employee is on vacation, leave, or out of the area in excess of one week, the vehicle shall be stored at the Department, or in the garage of the employee, if available. All vehicle keys shall be kept in a secure place; if lost, it shall be promptly reported in writing through the employee's supervisor.
- (i) Officers shall not become involved in enforcement actions outside this jurisdiction when driving an assigned vehicle to and from work, except in circumstances where a potential threat to life or serious property damage exists. Officers may render public assistance, e.g., to a stranded motorist, when deemed prudent. Officers driving Department vehicles shall be armed at all times.

313.4.2 INSPECTIONS

- (a) Employees assigned to an agency vehicle shall perform a daily vehicle inspection to check the cleanliness, general operability of equipment, tires, and fluid levels (oil, brake fluid, gas).
- (b) At the beginning and end of their shifts, employees shall examine their vehicles for damage, and immediately report any damage to their supervisor.
- (c) At the beginning and end of their shifts, employees shall search their vehicles for evidence, contraband, or property discarded by prisoners or others.
- (d) A vehicle inspection form shall be completed by each officer at the beginning of their work week, and submitted to their supervisor. The form will be forwarded to the Fleet Supervisor.
- (e) Employees shall make certain that the vehicle has been fueled and has a full tank for the oncoming shift.
- (f) If, in the opinion of the Chief of Police, vehicle damage resulted from abuse or neglect caused by an employee, disciplinary action may result.

313.4.3 DRIVING RULES

- (a) Circumstances permitting, the driver shall check the safety features of the vehicle before commencing operation. The check should include all lights, brakes, siren, horn, and steering.
- (b) No driver shall modify, remove, deactivate, add, or otherwise tamper with any part of a City-owned vehicle.
- (c) During periods of inclement weather when agency vehicles cannot be washed regularly, the driver must assure that headlight and taillight lenses are kept clean, insofar as circumstances permit.
- (d) No vehicle shall be operated that is deemed unsafe by the supervisor.
- (e) Agency vehicles shall not be left unattended with its engine in operation. In all cases the vehicle will be locked when left unattended.
- (f) The driver must recognize the variable factors of weather, road surface conditions, road contour, and traffic congestion, all of which directly affect the safe operation of any motor vehicle, and shall govern the operation of the vehicle in accordance with these variables.
- (g) The nature of certain crimes in progress may require the siren to be discontinued upon close approach to the location of the occurrence. Although such action is permitted by authority of this order, vehicle operations under these conditions require and compliance with all Oregon Revised Statutes.

Newport Police Department

Newport PD Policy Manual

Vehicle Use Policy

- (h) Emergency driving to the scene of a law enforcement incident is permissible when there is believed to be a probability that an emergency continues to exist.
- (i) Upon approaching a controlled intersection or other location where there is a greater possibility of collision, the driver who is responding under emergency conditions shall reduce the speed of the vehicle and control it to avoid collision with another vehicle or pedestrian, stopping completely, if necessary, before entering and traversing the intersection. When faced with a red traffic signal, the officer shall slow or stop the vehicle and assure by careful observation that the way is clear before proceeding through the intersection.
- (j) At the scene of a crime, a motor vehicle crash, or other law enforcement incident, a law enforcement vehicle shall be parked in such a manner as to protect the scene, yet minimize obstacles or hazards to other traffic. The emergency lights should always be used to warn other drivers approaching the location.
- (k) Operators of law enforcement vehicles must bear in mind that traffic regulations requiring other vehicles to yield the right of way to any emergency vehicle do not relieve the emergency vehicle operator from the duty to drive with due regard for the safety of all persons using the highways.

313.5 CONSIDERATIONS FOR EMERGENCY DRIVING

No fixed rule can apply to every circumstance that may arise regarding emergency driving. The agency, however, imposes on the employees the duty to drive with due regard for the safety of all persons.

Protection of human life is paramount. The responding employee must remember the objective is to get to the location of the occurrence safely, as soon as possible, and without danger to one's self or others.

313.5.1 LAW ENFORCEMENT OFFICER'S RESPONSE TO CALLS

- (a) Upon arrival at the scene of a call, the responding employee should rapidly evaluate the situation and determine whether additional units are still needed, or whether other units responding using emergency lights and siren may be slowed or canceled.
- (b) All units responding to robbery and burglary in-progress calls may, before coming within hearing distance, discontinue the use of the emergency warning devices.
- (c) In situations requiring silent response, e.g., alarm response or prowler calls, officers will respond as rapidly as possible, driving with appropriate care.

313.5.2 LAW ENFORCEMENT OFFICER'S INITIATED RESPONSE

- (a) Emergency warning devices may be activated when, in the opinion of the employee, an emergency exists or is imminent, or activation of emergency warning devices is

Newport Police Department

Newport PD Policy Manual

Vehicle Use Policy

necessary to protect life or render the necessary law enforcement service. Examples include, but are not limited to, the following:

- (a) At the scene of any incident where the use of emergency lights constitutes a necessary warning for the safety of life (such as scenes of fires, crashes, or disasters)
- (b) As a visual signal to attract the attention of motorists stopped for traffic violations, or to warn motorists of imminent danger
- (c) Responding to a call where the employee has previous or additional information that justifies an emergency response.
- (d) When the employee determines that emergency operating conditions are essential in order to provide an appropriate law enforcement response, due to location, distance to be traveled, or traffic conditions
- (e) In response to a law enforcement officer request for emergency assistance.

313.5.3 DAMAGE, ABUSE, AND MISUSE

- (a) Any damage to a vehicle not caused by a traffic collision shall immediately be documented in memorandum format and forwarded to the shift sergeant and Fleet Supervisor.
- (b) An administrative investigation will be conducted to determine vehicle abuse and misuse. If it is determined that misuse or abuse was a result of negligent conduct or operation, appropriate disciplinary action may result.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 POLICE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.1.2 FAILURE TO YIELD

Refers to the actions of a vehicle operator who fails to stop or respond to the emergency light(s) and siren of a law enforcement vehicle. Generally, the vehicle operator continues to travel forward at or below the speed limit, observes applicable rules of the road and does not change the direction of travel in an evasive manner.

314.2 OFFICER RESPONSIBILITIES

While engaging in a vehicle pursuit Officers must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, officers are generally not required to follow the rules of the road (ORS 820.300). This exemption only applies to emergency vehicles using

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

emergency lights and sirens (ORS 820.300; ORS 820.320). This following policy is established to provide Officers with guidelines for driving with due regard and caution for the safety of all persons, as required by ORS 820.300(2).

314.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing officer's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) The emergency equipment present on the vehicles used in the pursuit.
- (j) Vehicle speeds.
- (k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (l) Availability of other resources such as helicopter assistance.
- (m) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoners in the police vehicle.

Vehicle Pursuits

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspects' escape.

The factors listed in WHEN TO INITIATE A PURSUIT are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term terminate shall be construed to mean discontinue or to stop chasing the fleeing vehicles.

In addition to the factors listed in the When to Initiate a Pursuit subsection of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicles is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Directed by a supervisor.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Whether the pursuit speeds are unsafe for the surrounding conditions.
- (b) Whether the speeds being reached are beyond the driving ability of the officer.
- (c) Whether the speeds are beyond the capabilities of the police vehicle thus making its operation unsafe.

Vehicle Pursuits

314.3 PURSUIT UNITS

Pursuit units should be limited to two vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1 VEHICLES WITHOUT OVERHEAD LIGHT BARS

Absent a reasonable alternative, and then only when human life is in immediate danger, department vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers driving units without an overhead light bar should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by ORS 820.300 do not apply to officers using vehicles which do not qualify as emergency vehicles under ORS 801.260.

314.3.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to themselves or other persons.

Notify WVCC that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

In order to concentrate on pursuit driving the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit as soon as practical to a secondary unit or aircraft joining the pursuit, unless practical circumstances indicate otherwise.

314.3.3 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise

314.3.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspects.
 - 4. Notifying the Oregon State Police and/or other jurisdictional agency when it appears the pursuit may enter that jurisdiction.
- (d) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.3.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved, during or at the termination of the pursuit, unless directed by a supervisor.

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

Non-pursuing personnel assigned to assist at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.7 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft are requested if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage NPD units when a pursuit enters another jurisdiction.
- (j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.4.1 SHIFT SUPERVISOR RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Supervisor shall review all pertinent reports for content and forward to the Operations Lieutenant.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, WVCC will:

- (a) Clear the channel on which the pursuit is being broadcast.
- (b) Coordinate pursuit communications of the involved units and personnel.
- (c) Notify and coordinate with other involved or affected agencies as practical.
- (d) Ensure that a field supervisor is notified of the pursuit.
- (e) Assign an incident number and log all pursuit activities.
- (f) Broadcast pursuit updates as well as other pertinent information as necessary.
- (g) Notify the Shift Supervisor as soon as practical.

Vehicle Pursuits

314.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and the assistance of this agency is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this agency shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider the following additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practical, a supervisor or the Shift Supervisor should review a request for assistance from another agency. The Shift Supervisor or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable it or forcibly position it such that further flight is not possible or practical.

314.7.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

Blocking or Vehicle Intercept - A very low speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a slow moving or stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle. This tactic is also often referred to as a roadblock, barricade or blockade.

Pursuit Intervention Technique (PIT) - is a low speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit

Vehicle Pursuits

Spikes or Tack Strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

- (d) As with all intervention tactics, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public. Any roadblock implemented should include reasonable line-of-sight distance permitting the suspect to recognize, react to and stop before striking the roadblock.

314.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Newport Police Department

Newport PD Policy Manual

Vehicle Pursuits

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit . Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.8 REPORTING REQUIREMENTS

The following reports should be completed to comply with appropriate local and state regulations:

- (a) The primary officer shall complete appropriate crime/arrest reports
- (b) A field supervisor shall complete an Incident Notification in Guardian Tracker . The Incident Notification shall minimally contain the following information:
 - 1. Date and time of pursuit.
 - 2. Length of pursuit.
 - 3. Involved units and officers.
 - 4. Initial reason for pursuit.
 - 5. Starting and termination points.
 - 6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable.
 - 7. Injuries and/or property damage.
 - 8. Medical treatment.
 - 9. Name of supervisor at scene.
 - 10. A preliminary determination, simply stating whether or not the pursuit appears to be in compliance with this policy.
 - 11. Determine the need for any additional review and/or follow up.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.8.2 POLICY REVIEW

Each member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.8.3 ANNUAL REVIEW

During the first calendar quarter of each year, Operations Lieutenant Operations Lieutenant will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is

Newport Police Department

Vehicle Pursuits

conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations, whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS

Officers shall proceed immediately to calls that are of an emergency nature. A Code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Officers responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to 820.300 and 820.320. Officers shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to 735-110-000(8) and 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

820.320(2) allows officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, officers who fail to use appropriate warning equipment are not exempt from following the rules of the road (820.300).

Officers responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.2.1 DEFINITIONS

Code Zero - Emergency responses, field unit in immediate danger. Used to indicate an officer is being physically assaulted or threatened with bodily harm.

Code One - Code One responses are used for calls of a routine nature. The response speed should be at the speed limit for the area. Traffic stops for vehicle code violations or other citizen contacts may be made while responding to a Code 1 call. Personal observation of a more serious matter would justify postponement of a Code 1 call, but would not relieve the assigned officer of call responsibility unless he/she specifically requests the call be reassigned.

Code Two - Code Two responses are urgent in nature and require that officers go directly to the scene while obeying all traffic regulations. Minor traffic violators should not be stopped. Observation of serious traffic offenses, crashes, or crimes in progress would warrant stopping and requesting reassignment of the call. The use of emergency equipment would be authorized only in moving through traffic-congested areas when arrival at the location of the call is of such nature that delay would have a detrimental effect on persons or property.

Newport Police Department

Newport PD Policy Manual

Officer Response to Calls

The use of emergency lights and siren are not authorized on Code 1 calls, and on Code 2 calls only when moving through congested traffic or when deemed necessary by the officer. The officer must then be able to articulate a valid justification for emergency equipment use.

Code Three - Code Three is defined as driving an emergency vehicle in an emergency situation using emergency lights and siren. Code 3 responses are emergency in nature and require immediate response. Officers may use emergency lights and siren at their discretion when there is information provided, or an assessment of available information is used, to determine the following circumstances:

- An officer is in actual "pursuit"
- There is imminent danger to a citizen, and the immediate presence of a police officer might save lives or prevent injuries
- A police officer requires immediate assistance to control a volatile situation
- A felony situation where there is reliable, direct information regarding "crime in progress"
- There has been a crash with suspected or known injuries

Code Four - Situation is under control/return to service. Used by field unit or field supervisor to report that a situation is under control.

Code Five - Stay clear of the area. Used in conjunction with surveillance to advise marked units to remain away from an area.

Code Six - Cover Alarm. Used by dispatch to check on status of a field unit when dispatch receives an automatic emergency signal, and to dispatch assistance. Upon receipt of alarm, the dispatcher will call the number of the unit sending the alarm and ask "Unit ###, CODE 6?" If the unit does not state "Code 4" the dispatcher will announce: "For all units, Unit ### CODE 6 at (location)." Normal response will be CODE 3. Can also be used by field units when they are in need of a cover unit. Normal response would be CODE 2 unless specified differently by a field supervisor.

Code Seven - Lunch Break

Code Seven - Charlie - Non-lunch break (coffee)

Code Eight - Confidential Information. Indicates information is available, but it is undesirable to allow the subject with the field unit to overhear. Also used by a field unit to advise they do not wish to receive information at the present time due to the presence of the subject.

Code Eight - Delta - Confidential information relating to a subject's driving record; if subject is revoked, suspended or has a partial reinstatement.

Code Eight - Golf - Used for motorcycle gang affiliates.

Code Eight - Whiskey - Confidential information relating to stolen vehicles or subject(s) with any type of warrant.

Newport Police Department

Newport PD Policy Manual

Officer Response to Calls

Code Nine - Emergency in Progress. Keep the air clear for emergency transmission. Radio transmissions should be limited to information essential to the emergency.

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify LinCom.

If circumstances permit, the requesting officer should give the following information:

- Unit number
- Location
- Reason for the request and type of emergency
- Number of units required.

316.3.1 NUMBER OF UNITS ASSIGNED

Normally only the number of units anticipated to be needed shall respond to an emergency call Code 3 unless the circumstances dictate more are needed, or the Shift Supervisor authorizes an additional unit(s).

316.4 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to respond Code 3 is at the discretion of the officer. If, in the officer's judgment, the roadway conditions, weather conditions, or traffic congestion do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren and at the legal speed limit. In such an event, the officer should immediately notify Dispatch (WVCC). An officer shall also discontinue the Code 3 response when directed by a supervisor.

Upon determining a Code 3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

When transmitting over the radio, officers shall use the approved WVCC phonetic alphabet.

316.5 COMMUNICATIONS RESPONSIBILITIES

A Code 3 response is an officer requesting emergency assistance, or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. The dispatcher is expected to:

- (a) Attempt to assign the closest available unit to the location requiring assistance

Newport Police Department

Newport PD Policy Manual

Officer Response to Calls

- (b) Immediately notify the Shift Supervisor or On-call Supervisor
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary, and monitor the situation until it is stabilized or terminated
- (f) Control all radio communications during the emergency, and coordinate assistance under the direction of the Shift Supervisor

316.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code 3 response. In all cases the officer shall notify LinCom of the equipment failure so that another unit may be assigned to the emergency response.

Canines

318.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 POLICY

It is the policy of the Newport Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.2.1 PREPARATION FOR UTILIZING A CANINE

Prior to the use of a canine to search for drugs or other contraband, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to the following:

- (a) Content of the search warrant, if applicable
- (b) Nature of the exigent circumstances
- (c) Any potential danger to the public and/or other officers at the scene if the canine is released
- (d) Any hazards facing the canine or handler

A canine handler shall have the ultimate authority not to deploy the dog. The handler will evaluate each situation and determine if the use of a canine is technically feasible. Generally, the decision to deploy the dog shall remain with the handler; however, a supervisor sufficiently apprised of the situation may decide not to deploy the dog.

318.2.2 USE OF DRUG-DETECTION CANINES

A drug-detection-trained canine may be used in accordance with current law under the following circumstances:

- (a) To assist in the search for controlled substances during a search warrant service
- (b) To obtain a search warrant by using the detection canine in support of probable cause
- (c) To search vehicles, buildings, bags, and any other articles deemed necessary
- (d) A drug-detection canine will not be used to search a person for controlled substances

318.2.3 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances,

Newport Police Department

Newport PD Policy Manual

Canines

it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

- (a) Absent a change in circumstances which presents an imminent threat to officers, the canine or the public, such applications should be conducted on leash or under such conditions that will minimize the likelihood that the canine will bite or otherwise injure the individual.
- (b) Throughout the deployment of the canine in such circumstances, the handler should consider giving periodic verbal assurances that the canine will not bite or hurt the person.
- (c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.
- (d) Once the individual has been located, the canine should be placed in a down stay or otherwise secured as soon as it becomes reasonably practicable.

318.2.4 REPORTING CANINE USE, BITES AND INJURIES

Whenever a canine is deployed and intentionally bites or otherwise causes injury to a suspect, a supervisor shall be promptly notified and the injuries documented in an Incident Notification. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by the canine during deployments, operations, training, presentations or under any other circumstances, either on- or off-duty, shall be promptly reported to the Operations Lieutenant. Unintended bites or injuries caused by the canine should be documented in an administrative report, in addition to an Incident Notification entry.

The Supervisor shall submit a NPD Incident Notification. The canine handler shall notify the local public health administrator immediately should any canine develop abnormal behavior within 10 days of biting a person (OAR 333-019-0024).

318.2.5 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the Operations Lieutenant.

Medical care for any injured canine should follow the protocol established in the Medical Care of the Canine section of this policy.

The injury will be documented on an Incident Notification.

318.2.6 ASSIGNMENT OF CANINES

The canine teams shall be assigned to the Patrol Division to supplement and assist Patrol.

318.3 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Operations Lieutenant or the authorized designee.

Newport Police Department

Newport PD Policy Manual

Canines

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

318.4 SELECTION OF CANINE HANDLERS

The following are the minimum qualifications for the assignment of canine handler:

- (a) Newport Police Department officer (currently off probation) and be in current good standing with the Department.
- (b) Reside in an adequately fenced, single-family residence with an approved kennel area, approved by the canine unit coordinator.
- (c) Meet the residence requirements as outlined in NPD policy.
- (d) Agree to be assigned to the position for a minimum of three years
- (e) Must be physically able to maintain and care for the canine.

Officers are assigned as a canine handler on a voluntary basis. An officer who desires to become a handler must submit a letter of interest through their chain of command and will participate in an interview with a panel.

Some desirable traits of the applicant include good police patrol skills, desire/ability to work with a dog, willingness to undergo extensive initial, and on-going training to become familiar with narcotic canine work and procedures, the ability to perform under high stress situations, and above average work ethic as well as the willingness (of the officer and his/her family) to care for and house the canine at the handler's residence in such a way that will create and maintain a strong bond between the officer and the canine.

318.4.1 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine, and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

Newport Police Department

Newport PD Policy Manual

Canines

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all Department equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Newport Police Department facility.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes, as well as their canine vehicle to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time, and under the direct supervision of the handler
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator, or shift supervisor
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or shift supervisor
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made
- (k) Handlers should not tether a canine in a manner that would violate ORS 167.325(1), ORS 167.330(1), and/or ORS 167.343.

318.4.2 AVAILABILITY

The handler shall be available for call out under the conditions specified by the unit coordinator, and the Handler's Collective Bargaining Agreement. The handler will be provided with a Department issued cellular telephone, or other communications device approved by the unit coordinator.

318.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine.

Newport Police Department

Newport PD Policy Manual

Canines

318.5.1 PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of accidental ingestion of these controlled substances by the canine, the following procedure shall be strictly followed:

- (a) Only the Dog Handler and Unit Coordinator will have access to the vault containing the training aids. The Unit Coordinator will respond immediately and take custody of the training aids if the handler is unable to maintain custody due to accident, injury, or other reasons deemed necessary to include leaves of absences or extended vacation time of the Handler.
- (b) As provided in Policy § 318.9 (d), narcotics may be obtained from the US Drug Enforcement Agency. Upon receiving the DEA narcotics, verification of initial weight will be obtained by the Handler or Unit Coordinator. Once this is accomplished, the Handler may repackage the controlled substances as needed for training. The Handler and Unit Coordinator will weigh the entire supply of controlled substance training aids every three (3) months. The handler and Evidence personnel or Unit Coordinator will sign/date the master record noting the exact gross weight of the training aids including those narcotics assigned to the handler and those secured in the evidence room. The Handler will maintain an inventory of all training aids assigned to him/her.
- (c) An additional method of obtaining controlled substance training aids may be through the Newport Department Property/Evidence room. These controlled substances must be verified by testing at the Oregon State Police Crime Laboratory. Once the weight of the training aids are verified by the Handler and Evidence Custodian, the Handler may then repackage the controlled substances as needed for training. The entire supply of training aids will be weighed every three (3) months, and this weight verified by the Unit Coordinator. The Handler and Evidence Custodian will sign/date the master record noting the exact gross weight of the training aids. The Handler will maintain an inventory of all training aids assigned to him/her.
- (d) Any person handling controlled substance training samples per this policy shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
 - (a) The Handler responsible for the training aids will be the only key holder to the drug vault mounted in his/her vehicle. This key will remain in the possession of the handler at all times. A second key will be securely maintained in the Newport Police Department evidence room.
- (e) The Unit Coordinator assigned to supervise the Handler will maintain a master record of training aids. This record will contain documentation of the receipt, verification, processing into training aids, and return for destruction of all controlled substances. The date, time, amount of controlled substances, and signatures of all persons receiving controlled substances will be documented in the master record.
- (f) All controlled substance training samples issued to handlers will be stored separately in clearly labeled containers inside a locked vault at all times, except during training. The locked vault shall be secured in the trunk or cargo storage area of the canine handler's assigned patrol unit. When stored in the Newport Police Department evidence room, all training aids will be in a locked storage locker. The key will be

maintained by the handler. There are no exceptions to this procedure. The containers should be labeled as follows:

- (a) Marijuana
- (b) Cocaine
- (c) Heroin
- (d) Methamphetamine
- (g) The Handler will keep a copy of the inventory of assigned training aids inside the vault with the training aids along with a photocopy of the DEA Registration.
- (h) The Canine Unit Coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take necessary action.
- (i) If the controlled substance training aids are damaged, lost, or stolen, the handler will immediately notify the Unit Coordinator and report the incident. If the Unit Coordinator is unavailable, the Handler will immediately notify the Lieutenant and then the Police Chief. The handler will complete a report prior to going off-duty.
- (j) The training aids will be periodically replaced with a fresh supply as needed. The old training aids will be submitted to the Newport Police Property/Evidence room for disposal. The Handler and Evidence Custodian or Unit Coordinator will weigh the controlled substance training aids and test them for purity.
- (k) The handler shall request a case number for training aid destruction and enter the training aids into the evidence storage using the Newport Police Department Policy. The actual destruction/disposal of the narcotics shall be conducted per the Newport Police Department Evidence Policy. The handler will write a non-narrative report documenting what training aids are being placed into the evidence room, their beginning weight at time of issue, their ending weight at time of return, and the reason for entering the training aids for destruction.

318.5.2 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Supervisor, or Canine Unit Coordinator, and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

Canines

318.5.3 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

318.5.4 CANINES IN PUBLIC AREAS

All canines shall be kept on a leash when in areas that allow access to the public. Exceptions would include specific police operations for which the canines are trained.

- (a) Canines shall not be left unattended in any area to which the public may have access.
- (b) When the canine unit is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also insure that the unattended unit remains inhabitable for the canine.

318.5.5 HANDLER COMPENSATION

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the dog as provided in the Fair Labor Standards Act. The compensation shall be prescribed in the employee's Collective Bargaining Agreement.

318.5.6 HANDLER UNIFORM

The canine handler shall report to duty in the standard canine handler uniform when working with the canine. This uniform will be a BDU type shirt and pants or comparable one-piece suit. The shirt shall be marked with NPD shoulder patches, cloth badge patch and name tag. No specialty patches or devices shall be worn with the exception of an approved canine patch.

The shirt will be tucked into the pants at all times. The bottoms of the pants may be either cleanly pressed or bloused. The sleeves of the uniform shirt may be either long or short sleeved; long sleeves may be rolled up using a military style three inch cut-off, as long as the cuff does not obstruct the shoulder patch. Handlers may elect to wear a Department approved jacket or windbreaker when called out to a deployment during off-duty hours.

The handler may elect to wear a nylon type duty belt and associated gear including drop-style holsters in lieu of the regulation leather gear.

318.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

Newport Police Department

Newport PD Policy Manual

Canines

- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

Newport Police Department

Newport PD Policy Manual

Canines

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

318.6.2 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current [department/office] evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

If the local public health administrator has exempted this [department/office] from the requirement to hold the canine after a bite, the canine handler shall notify the local public health administrator immediately should the canine develop any abnormal behavior within 10 days of biting a person (OAR 333-019-0024).

318.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

Newport Police Department

Newport PD Policy Manual

Canines

- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

318.7.1 CONTINUED TRAINING

Each canine team shall thereafter be re-certified to current Oregon Police Canine Association (OPCA) standards (as applicable), or other accredited and recognized animal handling organization, on an annual basis. Additional training considerations are as follows:

- (a) Canine teams shall train on a weekly basis and with other NPD canine handlers, or canine teams from other departments whenever possible.
- (b) Canine handlers are encouraged to engage in additional training with approval of the unit coordinator
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is contrary to the policies of the Newport Police Department
- (d) All canine training should be conducted while on-duty unless otherwise approved by the unit coordinator or Shift Supervisor

318.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

318.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.

Newport Police Department

Newport PD Policy Manual

Canines

- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

318.8 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

318.9 RETIREMENT OF CANINE

In the event the City owned canine is permanently retired, the most recent handler shall have the option to purchase the canine from the City for one (1) dollar, as is. The purchase of the dog shall include an indemnification and hold harmless agreement signed by the purchasing officer releasing the City from all future liability including veterinary care, maintenance, and other costs relating to the future care of the canine.

All medical and pedigree records shall be provided to the adopting handler without charge.

In the event the canine has had more than one handler, and the most recent handler of that canine chooses not to purchase the canine, the next most recent handler shall have the same purchase option. If no prior handlers choose to purchase the dog, any officer may have the option for the purchase. If no employee chooses to make the purchase, the City has the option and authority to euthanize the dog.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this [department/office] to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY

The Newport Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this [department/office] to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Newport Police Department

Newport PD Policy Manual

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Section in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

Newport Police Department

Newport PD Policy Manual

Domestic Violence

320.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the [department/office]'s domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).

Domestic Violence

320.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.8.1 SERVICE OF COURT ORDERS

Officers should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any officer serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).

Newport Police Department

Newport PD Policy Manual

Domestic Violence

320.8.2 SERVICE OF EMERGENCY PROTECTIVE ORDERS

An officer who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The officer who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the officer shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the officer shall notify the court (ORS 133.035).

If an officer receives a termination order from the court, the officer shall ensure that the order is promptly removed from LEDS (ORS 133.035).

320.9 STANDARDS FOR ARREST

- (a) Officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).
- (b) Dual arrests are not required (ORS 133.055). Officers shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, an officer shall consider:
 - 1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
 - 2. If reasonably ascertainable, the history of domestic violence between the persons involved.
 - 3. Whether any alleged crime was committed in self-defense.
 - 4. The potential for future assaults.
- (c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Officers have no authority to release the arrested person.
- (d) Officers shall arrest and take a suspect into custody when the officer has probable cause to believe that a restraining order or emergency protective order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

320.10 REPORTS AND NOTIFICATIONS

Officers should document in their report that they provided each domestic violence victim with a copy of the [department/office]'s domestic violence victim information handout (ORS 133.055).

Newport Police Department

Newport PD Policy Manual

Domestic Violence

Reporting officers should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

320.10.1 EMERGENCY PROTECTIVE ORDERS

The Operations Lieutenant shall ensure that a system is in place that provides officers at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Newport Police Department personnel to consider when dealing with search and seizure issues.

322.1.1 DOJ SEARCH AND SEIZURE MANUAL

The Department has adopted the Oregon Department of Justice 2012 Search and Seizure Manual as an up-to-date reference for such matters. A copy can be found on the shared drive: Y://NPD/Shared/Publications/2012 Search and Seizure Manual.

322.2 POLICY

It is the policy of the Newport Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation

Newport Police Department

Newport PD Policy Manual

Search and Seizure

according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Newport Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; ORS 419B.152):

- (a) An imminent threat of severe harm to the child exists.
- (b) The child poses an imminent threat of severe harm to self or others.
- (c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.
- (d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other [department/office] member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

Newport Police Department

Newport PD Policy Manual

Temporary Custody of Juveniles

- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY

The Newport Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Newport Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Newport Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Newport Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

Newport Police Department

Newport PD Policy Manual

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Newport Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Newport Police Department without authorization of the arresting officer's supervisor or the Shift Supervisor.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Newport Police Department (ORS 419B.160; ORS 419C.130).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Newport Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; ORS 419B.152). Juvenile non-offenders may not be held in secure custody (34 USC § 11133; ORS 419B.160).

Prior to releasing a non-offender to the noncustodial parent, officers shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

Newport Police Department

Newport PD Policy Manual

Temporary Custody of Juveniles

An officer shall take a juvenile into custody when the officer has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Generally, an officer may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the Newport Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

324.4.4 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS

A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

- (a) The court has issued a warrant of arrest for the juvenile.
- (b) The officer has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
- (c) When the officer has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the officer shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

324.5 NOTIFICATION TO PARENT OR GUARDIAN

As soon as practicable after a juvenile is taken into custody, the officer taking the juvenile into custody shall notify the juvenile's parent, guardian or other person responsible for the juvenile of the following (ORS 419B.160; ORS 419C.097):

- (a) Reason the juvenile was taken into custody
- (b) Location where the juvenile is being temporarily detained
- (c) Intended disposition
- (d) Time and place of any hearing

324.6 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Newport Police Department shall ensure the following:

- (a) The Shift Supervisor should be notified if it is anticipated that a juvenile may need to remain at the Newport Police Department more than four hours. This will enable the

Newport Police Department

Newport PD Policy Manual

Temporary Custody of Juveniles

Shift Supervisor to ensure no juvenile is held at the Newport Police Department more than five hours.

- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

324.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the [Department/Office] (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

Newport Police Department

Newport PD Policy Manual

Temporary Custody of Juveniles

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Newport Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

324.8 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Newport Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

324.9 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Newport Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Newport Police Department.

324.10 SECURE CUSTODY

Only juvenile offenders 14 years or older may be placed in secure custody. Shift Supervisor approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this [department/office] should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Newport Police Department

Newport PD Policy Manual

Temporary Custody of Juveniles

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

324.11 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Shift Supervisor will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Newport Police Department. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Detective Section supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City Attorney.
- (e) Evidence preservation.

324.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. (See the Investigation and Prosecution Policy.)

324.13 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile taken into custody under ORS 419C.080 shall be photographed and fingerprinted (ORS 419A.250(2)).

- (b) According to laws concerning adults if the juvenile has been transferred to criminal court for prosecution.
- (c) Upon consent of both the juvenile and the juvenile's parent after being advised that they are not required to give such consent.
- (d) By order of the juvenile court.

Fingerprints and photographs of juveniles must be kept separate from those of adults. Fingerprints and photographs of juvenile offenders shall be sent to the central state depository in the same manner as fingerprint and photograph files or records of adults. Fingerprints and photographs of other juveniles should not be sent to any central state or federal depository (ORS 419A.250).

324.14 RECORDS

Fingerprint and photograph files or records of juveniles must be kept separate from those of adults (ORS 419A.250).

Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6.1 DHS ASSISTANCE

An officer shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the officer believes that there is reasonable cause that a crime has been committed and an emergency exists that requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

326.7 INTERVIEWS

326.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

Newport Police Department

Newport PD Policy Manual

Adult Abuse

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Section supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Section supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

Newport Police Department

Newport PD Policy Manual

Adult Abuse

326.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Section supervisor so an interagency response can begin.

326.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

326.10.1 RECORDS SECTION RESPONSIBILITIES

The Records Section is responsible for:

- (a) Providing a copy of the adult abuse report to DHS as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

326.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORS 124.090; ORS 430.763; ORS 441.671).

326.11 TRAINING

The [Department/Office] should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent [department/office] members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to [department/office] elected officials (ORS 243.319).

328.2 POLICY

The Newport Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The [Department/Office] will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The [Department/Office] will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the [Department/Office] may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS

Definitions related to this policy include:

328.3.1 DISCRIMINATION

The [Department/Office] prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or [department/office] equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to the [department/office] policy and to a work environment that is free of discrimination.

Newport Police Department

Newport PD Policy Manual

Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT

The [Department/Office] prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or [department/office] rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES

This policy applies to all [department/office] members, who shall follow the intent of these guidelines in a manner that reflects [department/office] policy, professional standards, and the best interest of the [Department/Office] and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the HR Manager, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Newport Police Department

Newport PD Policy Manual

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment, or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
 - 1. Unless a member objects in writing, a supervisor designated by the Chief of Police shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (ORS 243.321).
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the HR Manager in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the [Department/Office] and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

Newport Police Department

Newport PD Policy Manual

Discriminatory Harassment

328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the HR Manager, or the City Manager for further information, direction, or clarification.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the [Department/Office] that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

328.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the HR Manager, or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the [Department/Office]. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that

Newport Police Department

Newport PD Policy Manual

Discriminatory Harassment

proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager, or the HR Manager, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

328.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

328.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the [Department/Office].

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

328.8 ADDITIONAL REQUIREMENTS

The HR Manager should consult with the City Human Resources manager to ensure that all required notifications regarding unlawful employment discrimination are available to all employees.

When any member complains about discriminatory harassment, the person receiving the complaint should provide a copy of this policy to the member (ORS 243.319).

A member may file a complaint with the Bureau of Labor and Industries and also may have other legal remedies under Oregon law (ORS 243.319).

- (a) Administrative complaints regarding federal discrimination claims must be filed within 300 days of the alleged unlawful employment practice (42 USC §2000e-5(e)(1)).
- (b) Administrative complaints regarding state discrimination claims must be filed within five years of the alleged unlawful employment practice (ORS 659A.820(3)).
- (c) A civil lawsuit alleging state discrimination claims must be filed within five years of the alleged unlawful employment practice (ORS 659A.875).
- (d) A civil lawsuit alleging federal discrimination claims must be filed within 90 days of the receipt of a right to sue letter from the Bureau of Labor and Industries and/or the EEOC (42 USC §2000e-16(c)).

Newport Police Department

Newport PD Policy Manual

Discriminatory Harassment

- (e) The statute of limitations periods for crimes related to sexual harassment vary from two to 12 years.
- (f) Claims made against the Newport Police Department require advance notice pursuant to ORS 30.275 (ORS 243.319).

A member may file a complaint with the [Department/Office] within four years from the date of the alleged incident or within the time limitation specified in ORS 659A.875, whichever is greater (ORS 243.321).

A member who believes the member has been subjected to workplace harassment may access available community services and any support services provided by the [Department/Office], such as the employee assistance program (ORS 243.321).

No member will be required or coerced into a nondisclosure (confidentiality) or nondisparagement (an agreement not to say anything negative about the Newport Police Department or its members in any form of communication) agreement. A member may voluntarily enter into an agreement that contains a nondisclosure or nondisparagement provision and has a minimum of seven days to revoke said agreement (ORS 243.321).

Child Abuse

330.1 POLICY

The Newport Police Department will investigate all reported incidents of alleged criminal child abuse and ensure that DHS is notified as required by law.

330.2 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Newport Police Department members are required to notify the Department of Human Services (DHS) of suspected child abuse.

330.2.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency (ORS 419B.010).

330.3 MANDATORY NOTIFICATION

Members of the Newport Police Department shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

For purposes of notification, abuse of a child includes but is not limited to assault or physical injury of a non-accidental nature; rape, sexual abuse, or sexual exploitation, including contributing to the sexual delinquency of a minor; threatened harm; negligent treatment or maltreatment; buying or selling a child; unlawful exposure to a controlled substance or to the unlawful manufacturing of a cannabinoid extract; permitting a child to enter or remain in or upon premises where methamphetamines are manufactured; or any other act described in ORS 419B.005(1)(a).

330.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (OAR 413-015-0305):

- (a) Verbal notification to DHS shall be made immediately to the Oregon Child Abuse Hotline when the officer determines that the report of alleged abuse or neglect requires an immediate joint response.
- (b) Verbal, electronic transmission, or hand-delivered notification to DHS of all other reports of child abuse or neglect shall be made by the end of the next business day.
- (c) Notification, when possible, should include:

Newport Police Department

Newport PD Policy Manual

Child Abuse

1. The name and contact information of the confidential reporter.
2. The name, address, and age of the child.
3. The name and address of the child's parents or other person who is responsible for care of the child.
4. The nature and extent of the abuse or neglect, including any evidence of previous abuse or neglect.
5. The explanation given for the abuse or neglect.
6. Where the abuse or neglect occurred.
7. Identity and whereabouts of the alleged perpetrator.
8. Any other information that the person making the report believes might be helpful in establishing the cause of the abuse or neglect and the identity and whereabouts of the perpetrator.
9. The name and contact information for the assigned DHS worker and officer.

When the abuse occurs at a facility or by a person from a facility that requires a state license from the Oregon Employment Department, Child Care Division (e.g., child care facility), notification shall also be made to that agency. If the alleged child abuse occurred in a school or was related to a school-sponsored activity, notification shall be made to the Department of Education (ORS 419B.020).

330.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

330.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, an officer shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

Newport Police Department

Newport PD Policy Manual

Child Abuse

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

- (a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.
- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).
- (c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating officer must ensure that the child is evaluated by an available physician.

330.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator

Child Abuse

is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating officer shall be advised of the child's disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this [department/office] should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When there is reasonable cause to believe any of the following:
 - 1. An imminent threat of severe harm to the child exists
 - 2. The child poses an imminent threat of severe harm to self or others
 - 3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody
- (c) When it reasonably appears that the child has run away from home

330.6.1 NOTICE TO PARENTS

When an officer takes a child into protective custody, if possible, the officer shall:

Newport Police Department

Newport PD Policy Manual

Child Abuse

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

330.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 30 days old at an authorized facility, including this [department/office], as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this [department/office], members of the Newport Police Department shall follow the provisions set forth in ORS 418.017.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

Newport Police Department

Newport PD Policy Manual

Child Abuse

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE

When an officer is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Section supervisor should:

Public Alerts

334.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for alerting the public to important information and soliciting public aid when appropriate.

334.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. 334.3.1 EMPLOYEE RESPONSIBILITIES

Employees of the Newport Police Department should notify their supervisor, Shift Supervisor or Detective Section Supervisor as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

- (d) The information in the press release should also be forwarded to the dispatch center so that general broadcasts can be made to local law enforcement agencies.
- (e) Consideration should be given to whether to utilize the following resources:
 - (a) Federal Bureau of Investigation (FBI Local Office)
 - (b) National Center for Missing and Exploited Children 800-843-5678

The FBI and NCMEC will have received notification of the AMBER Alert via the NCIC computer entries. If needed, the Oregon State Police Missing Children Clearinghouse is available to assist agencies with any additional notifications or to serve as the liaison with NCMEC.

Standards of Conduct

340.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Newport Police Department and are expected of all [department/office] members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this [department/office] or a member's supervisors.

340.2 POLICY

The continued employment or appointment of every member of the Newport Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

340.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any [department/office] supervisor or person in a position of authority, absent a reasonable and bona fide justification.

340.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or [department/office] policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, [department/office] policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Newport Police Department

Newport PD Policy Manual

Standards of Conduct

The person countermanning the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

340.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Oregon constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

340.4.1 DUTY TO INTERVENE AND REPORT MISCONDUCT

An officer who observes another officer engaging in misconduct shall intervene to prevent or stop the conduct unless the officer cannot intervene safely. An officer who witnesses such conduct shall report the misconduct to a supervisor as soon as practicable, but not later than 72 hours after witnessing the misconduct (2020 Oregon Laws, c.5, § 2).

Failure to intervene or report the misconduct is grounds for discipline by the [Department/Office] or suspension or revocation of the officers certification by the Department of Public Safety Standards and Training (2020 Oregon Laws, c.5, § 2).

Misconduct means (2020 Oregon Laws, c.5, § 2):

Definitions related to this policy include:

Computer system - All computers (on-site and portable), electronic devices, hardware, software, and resources owned, leased, rented or licensed by the Newport Police Department that are provided for official use by its members. This includes all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the Department or department funding.

Hardware - Includes, but is not limited to, computers, computer terminals, network equipment, electronic devices, telephones, including cellular and satellite, pagers, modems or any other tangible computer device generally understood to comprise hardware.

Software - Includes, but is not limited to, all computer programs, systems and applications, including shareware. This does not include files created by the individual user.

Temporary file, permanent file or file - Any electronic document, information or data residing or located, in whole or in part, on the system including, but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs or videos.

342.2 POLICY

It is the policy of the Newport Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

342.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.

Newport Police Department

Newport PD Policy Manual

Information Technology Use

Employees may not be asked for or required to provide their username, password or other means of authentication that provides access to their personal social media accounts unless otherwise allowed under ORS 659A.330.

342.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Shift Supervisors.

Members shall not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

342.4.1 SOFTWARE

Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company's copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

342.4.2 HARDWARE

Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

Information Technology Use

342.4.3 INTERNET USE

Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information shall be limited to messages, mail and data files.

342.4.4 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

342.5 PROTECTION OF AGENCY SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

342.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Cellular Phones

343.1 PURPOSE AND SCOPE

The Newport Police Department recognizes that officers need a variety of types of communications to effectively conduct day-to-day business. To that end the Department issues cellular telephones to each member. It is the intent of the Department that these telephones are used primarily for conducting official police business.

343.2 PROCEDURE

343.2.1 ISSUED CELLULAR PHONES

The Department will issue the following employees or positions cellular telephones:

- (a) All sworn officers
- (b) Evidence Custodian
- (c) Parking Enforcement Officer
- (d) Community Service Officer
- (e) Department Chaplain

343.2.2 USE OF THE CELLULAR TELEPHONE

Cellular phone usage, both incoming and outgoing calls, including text messaging, is intended to be used for Departmental business only. However, a minimal number of personal calls may be allowed in extenuating circumstances. The cellular telephone may be used as a tool for handling complaints on the street where either parents, friends or those involved in a complaint need to be contacted, and to also avoid having to return to the office when requested to contact individuals in reference to Departmental business.

343.2.3 PERSONAL USE WHILE ON DUTY

Personal calls may be allowed in limited instances of family emergencies, including but not limited to:

- (a) Illness/injury
- (b) Unanticipated changes in work schedule
- (c) Emergency childcare issues
- (d) Other emergencies as approved by the on-duty supervisor

Should personal use become an issue, the employee will be responsible for reimbursing the City for those calls.

Newport Police Department

Newport PD Policy Manual

Cellular Phones

343.2.4 OFF-DUTY PERSONAL USE

Department assigned cellular phones shall not be used during off-duty times except when contacting the department or for bona fide law enforcement business.

343.2.5 ACCOUNTABILITY

Supervisors will be responsible for the use of the cellular phones assigned to their respective officers or employees.

343.2.6 GENERAL USE

Every call made from or received by a cellular phone carries with it a specific charge by the minute, even though there may be a certain number of minutes, which are "free". If the base pool of minutes are used then each minute logged thereafter is billed in addition to the normal monthly charge. Therefore, to minimize airtime costs, members shall adhere to the following guidelines:

- (a) Directory assistance calls shall not be placed
- (b) Calls will not be placed on hold--terminate the call if necessary
- (c) Calls will not be sent calls while inside the Department or in the department parking lot
- (d) While on duty and outside the Department, cellular phones shall be activated at all times unless the member is investigating an incident in which the phone ringing could create officer safety issues, or when attending meetings or in public places where the noise would be disruptive or annoying to others
- (e) Officers shall not utilize the cellular telephone to communicate with dispatch unless out of radio range or the informational exchange is of a sensitive or confidential nature. Employees are to use the two-way radio capability whenever possible.

343.2.7 CELLULAR PHONE USE WHILE DRIVING

As of January 1, 2010, the use of cellular phones while driving is prohibited. There are several exemptions, which include:

- (a) Operating a motor vehicle while providing public safety services or emergency services as a volunteer
- (b) Operating a motor vehicle while acting in the scope of the person's employment as a public safety officer, as defined in ORS 348.270
- (c) Using a hands-free device if age 18 years or older

Although Department members are exempt from the cellular phone use prohibition, members should not use the cellular phone when driving unless using a hands-free device. A positive example needs to be provided to the public. Department members shall not use personal cellular phones when driving.

A study on cellular phone-related vehicle crashes revealed that those using cellular phones while driving were four times more likely to have a crash than those not using phones. Moreover, the study showed that the risk remained the same regardless of whether the cellular phone was

Newport Police Department

Newport PD Policy Manual

Cellular Phones

"hands-free" or "hand-held." As a result of the study findings, and the necessity to reduce employer liability, cellular phone use while driving is discouraged.

If possible, pull off the roadway and stop before using the cellular phone.

343.2.8 OPERATION OF THE CELLULAR TELEPHONE

Department members are responsible for the proper care of the cellular phone and accessories issued to them. The member will insure that the cellular phone remains in serviceable condition at all times.

Users should inform the caller that they are either clear to talk, need to relocate or to standby.

Users must always remember that when they are in a public place or in a private meeting that inappropriate conversation may jeopardize embarrass or reflect poorly on the professionalism of the Newport Police Department.

343.2.9 BILLING AND ACCOUNTABILITY

Every member is responsible for their assigned cellular phone.

Each cellular phone bill may be reviewed. If personal calls are made, the member may have to pay for the times used in addition to any long distance/roaming fees. Reimbursement for personal cell phone calls will be at the contracted rate per minute.

The department is provided with an itemized bill for each month for each cellular phone's history. As needed, the Chief of Police will forward copies of the bill to supervisors for review.

Supervisors are responsible for auditing their group's cellular phone bills for compliance with this order. Reimbursement for personal calls will be forwarded to the office of the Chief of Police and payments collected will be forwarded to the City's finance department.

If it is determined cellular phone use is not in compliance with this order, the involved member(s) may have cellular privileges revoked and/or face disciplinary action.

When cellular phone costs exceed the department's budget allocation, cellular phone usage may be suspended or restricted.

The Chief of Police will annually review all cellular phone assignments to determine if continued issuance of the equipment is justified.

If the cellular phone becomes lost, stolen, or damaged, the incident shall be reported to the member's immediate supervisor.

Without undue delay, members shall contact the contracted cellular phone company and cancel the phone number for phones that are lost or stolen.

343.3 PERSONAL CELLULAR PHONES

Personal use of personally owned cellular phones while on-duty is generally discouraged.

Excessive personal use may lead to the termination of approval for on-duty use.

Newport Police Department

Newport PD Policy Manual

Cellular Phones

Officers will have personally-owned cellular phones turned off when answering service calls or during investigations.

The department will not provide repair or replacement should the personally owned cellular phone be lost, stolen, or damaged.

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

344.1.2 CONFIDENTIAL REPORTS

On occasion, there are instances that an investigation is sensitive and should not be placed in the Records Management System. With the approval of a supervisor, an officer should obtain a case number from WVCC. The main page of the report should be submitted with generic information as an active case. All narrative reports should be prepared in hard copy form only. The pages should be marked 'Confidential' and the case file be kept secure with the Operations Lieutenant.

When the investigation is completed a determination should be made if the person information, and other details for IBERS, be added to the Records Management System. The location of the case file should either be placed in the Records file system, or remain secure in an appropriate location. The Chief of Police, lead RMS Records Clerk and Operations Lieutenant will make these determinations.

344.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

Newport Police Department

Newport PD Policy Manual

Report Preparation

344.2.1 CRIMINAL ACTIVITY REPORTING

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

- (e) All misdemeanor crimes where the victim desires a report

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved alternative reporting method (e.g., a dispatch log). This can be done by entering information into the CAD screen.

344.2.2 NON-CRIMINAL ACTIVITY

The following incidents shall be documented using the appropriate approved report:

- (a) Any time an officer points a firearm at any person
- (b) Any use of force against any person by a member of this department (see the Use of Force Policy)

Newport Police Department

Newport PD Policy Manual

Report Preparation

- (i) Suspicious incidents that may place the public or others at risk
- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor

344.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with Death Investigations Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths
- (b) Suicides
- (c) Homicide or suspected homicide
- (d) Unattended deaths (No physician or qualified hospice care during the period immediately preceding death)

Reports shall be taken if an injury occurs that is a result of an act of a City employee. Additionally, reports shall be taken involving damage to City property or City equipment.

344.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.2.6 ALTERNATE REPORTING FOR VICTIMS

Reports that may be submitted by the public via online or other self-completed reporting processes include:

- (a) Lost property.
- (b) Misdemeanor thefts of property, other than firearms or materials that threaten public safety, when there is no suspect information, serial number or ability to trace the item.

Newport Police Department

Newport PD Policy Manual

 - (e) Stolen vehicle attempts with no suspect information or evidence.
 - (f) Annoying telephone calls with no suspect information.
 - (g) Identity theft without an identifiable suspect.
 - (h) Online or email fraud solicitations without an identifiable suspect and if the financial loss classifies the crime as a misdemeanor.
 - (i) Hit-and-run vehicle collisions with no suspect or suspect vehicle.
 - (j) Supplemental property lists.

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. Members may refer victims to online victim assistance programs (e.g., Federal Communications Commission (FCC) website for identity theft, Internet Crime Complaint Center (IC3) website for computer crimes).

344.3 NON-NARRATIVE REPORTS

There are certain times when a CR1 level report is required but the full narrative statement is not. These types of reports may have the narrative of the event documented within the summary filed of the CR1.

These types of reports include:

- (a) A hit and run vehicle collision when the reporting party is requesting a case number for insurance purposes only. There must be no suspect or investigative leads for this to a non-narrative report.
- (b) Found property with no suspicious circumstances associated with the property.
- (c) A vehicle car clout without suspect(s) or investigative leads. (Damage and stolen property must still be logged)
- (d) Trespass warning letter issued to a person.
- (e) Lost property reports.
- (f) K9 Deployment (for statistical purposes)
- (g) A criminal mischief report with no suspect(s) or investigative leads. (e.g.. graffiti)

All other types of non-narrative reports must be approved by a supervisor. Supervisors are responsible for ensuring non-narrative reports are being completed per policy during the review /approval phase.

Newport Police Department

Newport PD Policy Manual

Report Preparation

344.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should send the report back to the submitting officers for corrections. Supervisors should state the reasons for rejection. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

345.1 PURPOSE AND SCOPE

The purpose of this policy is to augment the CJIS Security Policy to ensure adequate security is provided form criminal justice systems while (1) under the control or management of a private entity, or (2) connectivity to FBI CJIS Systems has been provided to a private entity (contractor). Adequate security is defined in Office of Management and Budget Circular A-130 as “security commensurate with the risk and magnitude of harm resulting from the loss, misuse, or unauthorized access to, or modification of, information”.

The intent of this Security Addendum is to require that the Contractor maintain a security program consistent with federal and state laws, regulations, and standards (including the CJIS Security Policy in effect when the contract is executed), as well as with policies and standards established by the Criminal Justice Information Services (CJIS) Advisory Policy Board (APB).

345.2 POLICY

This Security Addendum identifies the duties and responsibilities with respect to the installation and maintenance of adequate internal controls within the contractual relationship so that the security and integrity of the FBI's information resources are not compromised. The security program shall include consideration of personnel security, site security, system security, data security, and technical security.

The provisions of this Security Addendum apply to all personnel, systems, networks, and support facilities supporting and/or acting on behalf of the government agency.

345.3 DEFINITIONS

Contracting Government Agency (CGA): the government agency, whether a Criminal Justice Agency or a Noncriminal Justice Agency, that enters into agreement with a private contractor subject to this Security Addendum.

Contractor: a private business, organization or individual that has entered into an agreement for the administration of criminal justice with a Criminal Justice Agency, or a Noncriminal Justice Agency.

345.4 RESPONSIBILITIES OF THE CONTRACTING GOVERNMENT AGENCY

The CGA will ensure that each Contractor employee receives a copy of the Security Addendum, and the CJIS Security Policy, and executes an acknowledgement of such receipt, and of the contents of the Security Addendum. The signed acknowledgements shall remain in the possession of the CGA, and be available for audit purposes. The acknowledgement may be signed by hand, or via digital signature.

345.5 RESPONSIBILITIES OF THE CONTRACTOR

The Contractor will maintain a security program consistent with federal and state laws, regulations, and standards (including the CJIS Security Policy in effect when the contract is executed, and all

subsequent versions), as well as with policies and standards established by the Criminal Justice Information Services (CJIS) Advisory Policy Board (APD).

345.6 SECURITY VIOLATIONS

- (a) The CGA must report security violation to the CJIS System Officer (CSO), and the Director, FBI, along with indications of actions taken by the CGA and Contractor.
- (b) Security violation can justify termination of the appended agreement.
- (c) Upon notification, the FBI reserves the right to:
 - 1. Investigate or decline to investigate any report of unauthorized use;
 - 2. Suspend or terminate access and services, including telecommunications links. The FBI will provide the CSO with timely written notice of the suspension. Access and services will be reinstated only after satisfactory assurances have been provided to the FBI by the CJA and Contractor. Upon termination, the Contractor and services will be reinstated only after satisfactory assurances have been provided to the FBI by the CJA and Contractor. Upon termination, the Contractor's records containing CHRI must be deleted, or returned to the CGA.

345.7 AUDIT

The FBI is authorized to perform a final audit of the Contractor's systems after termination of the Security Addendum.

345.8 SCOPE AND AUTHORITY

- (a) This Security Addendum does not confer, grant, or authorize any rights, privileges, or obligations on any persons other than the Contractor, CGA, CJA (where applicable), CSA, and FBI.
- (b) The following documents are incorporated by reference, and made part of this Agreement:
 - 1. The Security Addendum;
 - 2. The NCIC 2000 Operating Manual;
 - 3. The CJIS Security Policy; and
 - 4. Title 28, Code of Federal Regulations, Part 20. The parties are also subject to applicable federal and state laws and regulations.
- (c) The terms set forth in this document do not constitute the sole understanding by and between the parties hereto; rather they augment the provision of the CJIS Security Policy to provide a minimum basis for the security of the system and contained information. It is understood that there may be terms and conditions of the appended Agreement that impose more stringent requirements upon the Contractor.
- (d) This Security Addendum may be modified only by the FBI, and may not be modified by the parties to the appended Agreement without the consent of the FBI.

345.9 CERTIFICATION

I hereby certify that I am familiar with the contents of (1) the Security Addendum, including its legal authority and purpose; (2) the NCIC Operating Manual; (3) the CJIS Security Policy; and (4) Title 28, Code of Federal Regulations, Part 20, and agree to be bound by their provisions.

I recognize that criminal history record information and related data, by its very nature, is sensitive and has potential for great harm if misused. I acknowledge that access to criminal history record information and related data is therefore limited to the purpose(s) for which a government agency has entered into the contract incorporating this Security Addendum. I understand that misuse of the system by, among other things: accessing to without authorization; accessing it by exceeding authorization; accessing it from an improper purpose; using, disseminating, or re-disseminating, the information received for another purpose other than execution of the contract also constitutes misuse.

I further understand that the occurrence of misuse does not depend upon whether or not I receive additional compensation for such authorized activity. Such exposure for misuse includes, but is not limited to, suspension or loss of employment and prosecution for state and federal crimes.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

351.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Newport Police Department shall notify his/her supervisor or the Shift Supervisor and WVCC as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

Mutual Aid and Outside Agency Assistance

351.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

351.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Supervisor.

351.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Operations Lieutenant or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to WVCC and the Shift Supervisor to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Operations Lieutenant should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

355.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Newport Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the [Department/Office] will disseminate information and respond to public inquiries for information about registered sex offenders.

355.2 POLICY

It is the policy of the Newport Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

355.3 REGISTRATION

The Detective Section Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process (OAR 257-070-0100).

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 163A.035 and OAR 257-070-0100.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

355.3.1 CONTENTS OF REGISTRATION

Registrants shall (ORS 163A.010; OAR 257-070-0110):

- (a) Provide the information to complete the sex offender registration form and sign it.
- (b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.
- (c) Submit to fingerprinting, if required.

355.4 MONITORING OF REGISTERED OFFENDERS

The Operations Lieutenant supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.

Newport Police Department

Newport PD Policy Manual

Registered Offender Information

- (b) Review of information on the State of Oregon Sex Offender Inquiry System.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to Oregon State Police.

The Operations Lieutenant supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Newport Police Department personnel, including timely updates regarding new or relocated registrants.

355.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (<http://sexoffenders.oregon.gov/>), or the Newport Police Department's website.

The Operations Lieutenant shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 163A.215; ORS 163A.225; ORS 192.311 to ORS 192.499).

355.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register, who are in compliance with the offender registration laws and who the law permits to be included.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The information on the registry may not reflect the entire criminal history of a registered offender.
- (e) Anyone who uses information contained in the registry to harass or discriminate against registrants or commit any crime may be subject to criminal prosecution and/or civil action.

The Shift Supervisor shall attempt to make the notifications as soon as practicable. Notification should be made during off-duty hours by calling the home telephone number first and then by cellular telephone.

Death Investigation

359.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent, and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

359.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations.

359.2.1 MEDICAL EXAMINER NOTIFICATION

Oregon Revised Statutes 146.090 requires that a medical examiner must be notified in the following circumstances. Any death:

- (a) Apparently homicidal, suicidal or occurring under suspicious or unknown circumstances
- (b) Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents
- (c) Occurring while incarcerated in any jail, correction facility, or in police custody
- (d) Apparently accidental or following an injury
- (e) By disease, injury or toxic agent during or arising from employment
- (f) While not under the care of a physician during the period immediately previous to death
- (g) Related to disease which might constitute a threat to the public health
- (h) In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community

The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner, medical-legal death investigator or the District Attorney (ORS 146.103).

A Medical Examiner, medical-legal death investigator or District Attorney, in conjunction with the Newport Police Department and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death (ORS 146.103).

The members of the Newport Police Department will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.

Newport Police Department

Newport PD Policy Manual

Death Investigation

359.2.2 SEARCHING DEAD BODIES

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Officers must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the officer must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Officers must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

359.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Upon identifying the body, investigators shall attempt to locate the next of kin or responsible friends to obtain the designation of a funeral home to which the deceased is to be taken.

359.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.

359.2.5 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

359.2.6 RELEASE OF BODY

The body may be released to the mortuary once approval has been received from the Medical Examiner and the District Attorney's Office.

359.3 MEDICATIONS

- (a) Any illegal substances / paraphernalia found at the scene must be inventoried and taken into evidence. A copy of the inventory should be sent with the body.
- (b) Any prescribed controlled substance known to have potential for abuse must be inventoried, packaged and sealed, including unmarked pill bottles and pill boxes.

Pharmaceutical Disposal Program

360.1 PURPOSE AND SCOPE

The City of Newport Pharmaceutical Disposal Program is a public service offering the citizens of Newport a convenient method to properly dispose of expired or unwanted pharmaceuticals through our participating local law enforcement agency. The Pharmaceutical Disposal Program is designed to offer an environmentally correct alternative to flushing pills or medicinal liquids into the wastewater stream or placing them in municipal landfills. Simultaneously, the program addresses law enforcement issues centered on the dangerous, recreational use of pharmaceuticals by our youth. The program also addresses public health and safety concerns by reducing avoidable poisonings from the unintentional use of wrong or expired prescriptions by people of all ages. The program operates year round and legally accepts all prescribed medications, including those defined as controlled substances.

360.1.1 DEPOSIT VERIFICATION

This is a voluntary, anonymous disposal program for the public. Department members will not verify any disposal made, nor make any report documenting a disposal by a member of the public.

360.2 DUTIES AND RESPONSIBILITIES

The responsibility of the Newport Police Department is to maintain the Pharmaceutical Disposal Collection Box, to remove the contents periodically, and to dispose of the materials. Due to controlled substances being deposited for disposal, it is critical to maintain security and control on these materials up to the point of destruction.

- (a) The collection box shall be opened and inspected once a week. If more frequent inspections are required due to the amounts of materials being deposited, such inspection shall be performed.
- (b) The Evidence Custodian, or in his/her absence, any on-duty police officer will be designated by the Chief of Police or his designee to perform these inspections, remove the contents, replacement of the collection receptacle, and place the container of pharmaceuticals for disposal into the Property and Evidence room of the Department.
- (c) The key to the collection box shall be retained in a locked key box located in the Evidence room. The Chief of Police will also maintain a key for emergency access to the collection box. The key will be kept in a sealed envelope in the Department safe.
- (d) The Evidence Custodian shall be responsible to retrieve and return the key to this collection box.
- (e) The pharmaceutical materials to be disposed of shall be sealed in a cardboard box double lined with plastic trash liners. The liners will be zip-tied at the top. A line will be drawn thru the zip-tie and initialed by both parties. The bag will be placed in a cardboard box and secured with evidence tape, also initialed by both parties.

Newport Police Department

Newport PD Policy Manual

Pharmaceutical Disposal Program

- (f) The member performing the collection shall then replace the collected cardboard box with a new one lined with a plastic liner type bag and secure the collection box.
- (g) The member performing the collection shall document in the Pharmaceutical Drop Off Log that one box of unknown pharmaceuticals was collected, noting the date, witness name, location of box, and weight of box. Place the box into the property and evidence room to be held for destruction per current policy governing destruction of abandoned property.
- (h) When the box(es) of collected pharmaceuticals is (are) destroyed, a case number will be obtained, and a non-narrative report written to document that the box was destroyed.

360.3 SAFETY INFORMATION AND REQUIREMENTS

- (a) Zip lock type bags will be available at the drop box for the public to place items into.
- (b) If spillage of items occurs inside the collection box that missed the cardboard box, the employees managing the retrieval of the box shall ensure those materials are placed in the cardboard box.
- (c) Should any unpackaged syringes be found, they should be disposed of in a Sharp's container.
- (d) Should a spill of any materials occur, a clean up "kit" may be provided to members of the public who spilled the material.
- (e) Should a member of the public be unable to clean a spill they create, then the Department shall ensure that the area of the collection box or the box itself is cleaned of any spills. Note: Any items used for clean-up of a liquid or powder spill should be considered contaminated, and disposed of with the pharmaceuticals in the cardboard box with plastic liner.

360.3.1 CLEAN-UP PROCEDURE

- Keep away from mouth, nose, eyes and skin (do not touch any spill with bare hands)
- Keep all people away from spill except those performing clean-up.
- Contain the spill to prevent spreading
- Put on impervious gloves
- Wear an N-95 type mask while cleaning up the spill
- Wipe up liquids with dry paper towels
- Wipe up powders with wet paper towels; do not generate dust
- Clean the inside of the collection receptacle with damp paper towels if necessary

Identity Theft

361.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or defraud, obtains, possesses, transfers, creates, utters, or converts to the person's own use the personal identification of another individual (165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

361.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this Department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - (a) For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency, or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides.
 - (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this Department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
 - (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
 - (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service, and DMV) with all known report numbers.
 - (e) Following supervisory review and Departmental processing, the initial report should be forwarded to the appropriate detective for follow-up investigation, coordination with other agencies, and prosecution as circumstances dictate.

Limited English Proficiency Services

367.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

367.1.1 DEFINITIONS

Definitions related to this policy include:

- A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.
- The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.
- Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.
- A member of the Newport Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.
- The replacement of written text from one language (source language) into an equivalent written text (target language).

367.2 POLICY

It is the policy of the Newport Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

367.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Operations Lieutenant or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Newport Police Department's LEP services to LEP individuals.

Newport Police Department

Newport PD Policy Manual

Limited English Proficiency Services

- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor and Communications Manager. The list should include information regarding the following:
 - (a) Languages spoken
 - (b) Contact information
 - (c) Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

367.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

Newport Police Department

Newport PD Policy Manual

Limited English Proficiency Services

- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

367.5 TYPES OF LEP ASSISTANCE AVAILABLE

Newport Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

367.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

367.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

367.7.1 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

Newport Police Department

Newport PD Policy Manual

Limited English Proficiency Services

367.8 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

367.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

367.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Newport PD Policy Manual

Limited English Proficiency Services

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

367.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

367.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Newport Police Department will take reasonable steps and will work with the City Human Resources Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

367.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in WVCC, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

Newport Police Department

Newport PD Policy Manual

Limited English Proficiency Services

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

367.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

367.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Newport Police Department

Newport PD Policy Manual

Limited English Proficiency Services

367.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

367.13.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

367.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

367.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

367.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

367.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Operations Lieutenant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Operations Lieutenant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

367.17.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Operations Lieutenant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

369.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

369.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

369.2 POLICY

It is the policy of the Newport Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

369.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Lieutenant Operations Lieutenant or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Newport Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Newport Police Department

Newport PD Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

369.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

Newport Police Department

Newport PD Policy Manual

Communications with Persons with Disabilities

369.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Newport Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

369.6 TYPES OF ASSISTANCE AVAILABLE

Newport Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Newport Police Department

Newport PD Policy Manual

Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

369.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

369.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

369.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Newport Police Department

Newport PD Policy Manual

Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

369.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

369.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

369.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

Newport Police Department

Newport PD Policy Manual

Communications with Persons with Disabilities

369.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

369.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

369.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

Newport Police Department

Newport PD Policy Manual

Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

369.14.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

369.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

369.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

Newport Police Department

Communications with Persons with Disabilities

369.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

369.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Operations Lieutenant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Operations Lieutenant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Stalking

375.1 PURPOSE AND SCOPE

This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

375.2 POLICY

Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the Newport Police Department to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

375.3 UNIFORM STALKING COMPLAINT

The [Department/Office] will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Officers will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, officers shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney's Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

375.4 UNIFORM STALKING CITATION

If after investigating a stalking complaint the officer has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the officer shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

375.4.1 SERVICE OF STALKING CITATIONS

If the Uniform Stalking Citation is served on a respondent, the District Attorney's Office will initiate the hearing process. Officers should:

- (a) Advise the respondent of the following:
 1. The court date and time and location of appearance
 2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation
 3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
 4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest

Newport Police Department

Newport PD Policy Manual

Stalking

- (b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

If there is probable cause to issue a citation, but the citation is not served, officers should:

- (a) Document attempts to serve the respondent.
- (b) Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
 1. A private attorney
 2. Legal Aid
 3. The District Attorney's office Victim Assistance Unit

Emergency Action Plan

376.1 PURPOSE AND SCOPE

Safety of Department personnel and the public is paramount. In the event of a fire or other event affecting the Police building, evacuation of all persons may be required. This policy deals with procedures in the event of an emergency at the Newport Police Department

376.2 REPORTING AN EMERGENCY

Depending on the type of emergency, there are three ways to notify WVCC for assistance in an emergency.

- (a) From any Department telephone dial 9-1-1. (This is the preferred means.)
- (b) From the police radio in Records or any portable police radio, notify WVCC or on-duty patrol officers.
- (c) If danger exists and immediate evacuation of the building is needed, pull and activate the fire alarm. Fire alarm boxes are located throughout the building and at exits.

376.3 BUILDING EVACUATION

Upon the sounding of the fire alarm or being personally notified, leave the building from the closest exit. Personnel on the main floor should leave by way of the Records door, then out through the Police Entrance to City Hall. Personnel on the ground floor should leave by way of the rear patrol door. Personnel should advise members of the public they encounter of the closest exit and may assist them as necessary.

376.3.1 SECURITY

Prior to leaving the following actions should be taken:

- (a) The Evidence Storage Rooms shall be locked and the intrusion alarm set.
- (b) The Records Storage Room shall be closed and locked.
- (c) If time permits, computers should have access locked.

376.3.2 EVACUATION POINT

All personnel evacuating the Police building shall meet in front of the Newport Senior Activity Center. The most senior person present will take count of personnel present, and account for those who were in the building.

376.4 TRAINING

The Records Section will designate an employee to assist in the safe emergency evacuation of other employees on the first floor. All Department members should be aware of the need to assist other City employees who are on the ground floor.

Minor In Possession

378.1 PURPOSE AND SCOPE

The purpose of the Newport Police Department Minor in Possession policy is to support the County wide effort in reducing underage drinking and the resulting impact to the community.

It is the policy of the Newport Police Department to enforce a "zero tolerance" for all persons engaged in underage drinking. Furthermore, officers will utilize all resources available to enforce Minor in Possession, including the use of Portable Breath Testing devices, deploying the EUDL (Enforcing Underage Drinking Laws) volunteers and working with other agencies within the County on enforcement of underage drinking projects.

378.2 COUNTY WIDE RESPONSE PROCEDURE

The Lincoln County 'Local Alcohol and Drug Abuse Planning Committee' has developed a 'Coordinated Community Response Procedure for Minors in Possession of Alcohol and other Drugs.' The Newport Police Department is a signer to this procedure as are other law enforcement, criminal justice and county agencies.

378.3 PORTABLE BREATH TESTING DEVICES

A tool available to officers for MIP investigations is the Portable Breath Testing Device (PBT). Officers should make observations regarding the use of alcohol that include an odor, impaired speech and motor skills along with admissions.

378.3.1 USE OF PBT

- (a) Prior to using a PBT in the field, officers should first familiarize themselves with its operation by reviewing the related training bulletin.
- (b) Press the on/off button and the device will beep and the lights will cycle through the various colors.
- (c) The device will be ready to use when the Wait/Ready light turns from red to green.
- (d) Have the subject blow into the device by holding the end of it about an inch from their mouth. There will be an audible beep when enough sample has been received.
- (e) There are three readings as indicated by the light: Green - Zero Alcohol; Amber - Low Alcohol; Red - High Alcohol.
- (f) Turn off the device when done.
- (g) It is recommended to wipe the mouth piece clean after each use.

378.3.2 REPORTING

All observations shall be documented in a crime report along with the results of the PBT test.

Newport Police Department

378.3.3 PBT DEMONSTRATIONS

During an investigation the PBT should not be displayed to show its functioning or accuracy.

378.3.4 PBT STORAGE

When not in use, the PBT will be kept secure in the patrol car and stored in such a manner to protect it from theft, the elements and/or damage.

378.3.5 OTHER INVESTIGATIONS

The PBT shall not be used in Driving Under the Influence investigations.

Child and Dependent Adult Safety

379.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

379.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Newport Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

379.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Newport Police Department

Newport PD Policy Manual

Child and Dependent Adult Safety

379.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

379.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Newport Police Department

Newport PD Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

379.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

379.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

379.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Service Animals

381.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Newport Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

381.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

381.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (OAR 839-006-0345).

381.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Newport Police Department

Newport PD Policy Manual

Service Animals

381.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Newport Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

385.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

385.2.3 LIABILITY COVERAGE

Liability coverage for covered volunteers will be pursuant to City provisions.

385.3 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Off-Duty Law Enforcement Actions

387.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Newport Police Department with respect to taking law enforcement action while off-duty.

387.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

387.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

387.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Newport Police Department

Newport PD Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

387.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Newport Police Department officer until acknowledged. Official identification should also be displayed.

387.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

387.4.3 CIVILIANNONSWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

387.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

387.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Shift Supervisor as soon as practicable. The Shift Supervisor shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY

It is the policy of the Newport Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

406.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to execute and enforce lawful orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (ORS 433.156).

406.7 OPERATIONS LIEUTENANT RESPONSIBILITIES

The Operations Lieutenant is responsible for:

- (a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.
- (b) Establishing procedures for collecting, processing and preserving physical evidence in the field.
- (c) Establishing procedures for photographing, video-recording and other imaging used to collect and preserve evidence.
- (d) Establishing procedures for processing, developing, lifting and labeling fingerprints.
- (e) Establishing procedures for the safe collection, storage, transportation and submission of biological and other evidence for DNA testing and evaluation.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this Department.

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See 453.005(7) for a complete list.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance.

412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Chief of Police. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

Newport Police Department

Newport PD Policy Manual

Hazardous Material Response

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if an injury is diagnosed 656.265. If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete an incident report indicating the circumstances of the event and the potential of an exposure.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the Newport Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.2.1 NON-NEGOTIABLE ITEMS

In any barricaded or hostage-taking situation, the following are considered to be non-negotiable:

- (a) A police officer should never surrender to a hostage-taker to gain the release of a hostage
- (b) No other person shall be allowed to surrender themselves to gain release of a hostage
- (c) No person should intentionally place themselves in a position to be taken hostage in a barricaded situation
- (d) Alcohol or drugs are not given to the perpetrator
- (e) Weapons are not given to the perpetrator.

414.2.2 CRISIS NEGOTIATING

Officers who respond first to a scene may be called upon by necessity or circumstance to make contact with a barricaded subject or hostage-taker. Officers who find themselves in this circumstance should:

- (a) Utilize active listening skills

Hostage and Barricade Incidents

- (b) Try to identify what has precipitated the event
- (c) Obtain pertinent information about the hostage-taker, the hostages, hostage site or barricaded subjects
- (d) Make no agreements or commitments to future actions
- (e) Work to minimize the situation in the mind of the perpetrator
- (f) Never acknowledge that the perpetrator has committed a homicide or other serious crime

When trained negotiators arrive at the scene, any officer who has had contact with the perpetrator should work with the Crisis Negotiating Team (CNT) to develop information, personality profile or other information as requested.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than officers or other designated individuals (ORS 165.549).

414.3.2 ACTIVE SHOOTERS

An active shooter incident is a dynamic situation that needs immediate attention. The first officer on the scene of an active shooter incident must wait for additional officers. During that waiting time, the officer should assess the situation, and develop a plan to address the threat. Once there are three or more officers on-scene, tactics should be used to reduce or eliminate the threat.

414.3.3 REQUEST FOR SWAT

The supervisor may request the Special Weapons and Tactics Team (SWAT) for assistance if necessary. The supervisor, upon assuming Incident Command, should consider requesting SWAT in any incident where:

- (a) It could be reasonable anticipated that there is a more than normal risk to regular uniformed officers
- (b) Special weapons or tactics need to be employed

Newport Police Department

Newport PD Policy Manual

Hostage and Barricade Incidents

- (c) Trained negotiators are needed to communicate with the subject of the incident
- (d) The situation could potentially become protracted
- (e) In any situation or incident where it is the supervisor's assessment that the additional resources SWAT can provide are needed.

414.3.4 SWAT RESPONSE

SWAT response is governed by inter-agency agreements. The decision to activate SWAT is at the discretion of the SWAT commander or his/her designee. If the SWAT commander elects not to respond to the situation, the supervisor will handle the situation as a patrol function utilizing any necessary Departmental resources so as to bring the situation to a proper conclusion. These resources may include but are not limited to:

- (a) Non-lethal options such as bean bag shotguns, taser, OC, etc.
- (b) Departmentally trained negotiators
- (c) Tactical retreat

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

Newport Police Department

Newport PD Policy Manual

Hostage and Barricade Incidents

- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police or designee.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

Newport Police Department

Newport PD Policy Manual

Hostage and Barricade Incidents

- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Chief of Police or designee.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

Newport Police Department

Newport PD Policy Manual

Hostage and Barricade Incidents

- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or WVCC.
- (i) Identify a media staging area outside the outer perimeter and have the department Chief of Police or designee or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

414.6 DEBRIEFING AND INCIDENT REVIEW

A debriefing of the incident shall be conducted within a reasonable amount of time from the occurrence. All involved police, fire and EMS personnel should attend. This debriefing may be conducted by a Critical Incident Stress Manager (CISM) or other professional as determined by the Chief of Police.

414.7 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the SWAT Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

414.8 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Active Shooter Tactical Response

415.1 PURPOSE AND SCOPE

Over the past several years our nation has experienced a growing trend of mass violence committed by individuals. These episodes have come to be termed "active shooter" incidents, and are unique in that the suspect(s) generally arrive at a location and begin to shoot at numerous people without warning. The motives for these behaviors can range from vengeance to mental dysfunction. The behavior is goal-oriented -- to cause as much destruction and as many deaths as possible in a short period of time.

Incidents across the country suggest that the typical police response involving containment, isolation, and negotiation are not adequate. Any time lapse from notification of responders to intervention will result in a higher casualty rate. Unlike most criminals, active shooters continue to use deadly physical force until intervention occurs.

The active shooter concept represents a shift in patrol response, equipment needs, and command protocol. These situations require the initial police responders arriving on scene to have the authority and the capability to take action without waiting for supervisors, or for the arrival of specialty units such as SWAT. This policy contains the following information concerning active shooter incidents:

1. Definition of term "Active Shooter"
2. Characteristics of Active Shooters
3. LCLE Response Goals for Active Shooter Incidents
4. Standard Operating Procedures for Active Shooter Incidents
5. Guidelines for Development of Tactic for Use Against Active Shooters

415.2 DEFINITION OF ACTIVE SHOOTER

An active shooter is an armed person who has used deadly physical force on other persons, and continues to do so while having unrestricted access to additional victims.

415.3 CHARACTERISTICS OF AN ACTIVE SHOOTER

The following is a list of characteristics commonly associated with active shooter suspects. The list is compiled from descriptions of past active shooters, and is not meant to be a comprehensive list describing all active shooters. Each active shooter situation is unique.

1. Active shooters usually focus on assaulting persons with whom they come into contact. Their intention is usually an expression of hatred or rage rather than commission of a crime.
2. An active shooter is likely to engage more than one target. Active shooters may be intent on killing a number of people as quickly as possible.

Active Shooter Tactical Response

3. Generally, the first indication of the presence of an active shooter is when he/she begins to assault victims.
4. Active shooters often go to locations where potential victims are close at hand, such as schools, theaters, concerts, or shopping malls. Active shooters may act in the manner of a sniper, assaulting victims from a distance. Active shooters may also engage multiple targets while remaining constantly mobile.
5. Tactics such as containment and negotiation, normally associated with stand-off incidents, are not adequate in active shooter events. Active shooters typically continue their attack despite the arrival of emergency responders.
6. Active shooters are often better armed than the police, sometimes making use of explosives, booby traps, and body armor. Active shooters are not limited to the use of firearms in accomplishing their attacks on victims. They may use bladed weapons, vehicles, or any tool that, in the circumstances in which it is used, constitutes deadly physical force.
7. Active shooters may have a planned attack, and be prepared for a sustained confrontation with the police. Historically, active shooters have not attempted to hide their identity or conceal the commission of their attacks. Escape from the police is usually not a priority of the active shooter.
8. Active shooters may employ some type of diversion.
9. Active shooters may be indiscriminate in their violence, or they may seek specific victims.
10. Active shooters may be suicidal, deciding to die in the course of their actions, either at the hand of others, or by self-inflicted wound.
11. Active shooters usually have some degree of familiarity with the building or location they choose to occupy.
12. Active shooter events are dynamic, and may go in and out of "active" status. A static incident may turn into an active shooter event, or an active shooter may go "inactive", such as by going to a barricaded status without access to victims.

415.4 POLICE INTERVENTION GOAL FOR ACTIVE SHOOTER INCIDENTS

The following goal has been developed for the purpose of focusing police efforts at an active shooter event. An assessment made on scene by the officer or supervisor assuming incident command will determine how this goal will be accomplished. The Newport Police Department intervention goal for active shooter incidents is the following:

The goal of police intervention in active shooter incidents is to neutralize the threat(s) by preventing access to potential victims, and rescuing injured persons by various means, up to and including the use of deadly physical force.

Newport Police Department

Newport PD Policy Manual

Active Shooter Tactical Response

415.5 STANDARD OPERATING PROCEDURES

The following six tenets set general response guidelines for active shooter incidents. Again, these incidents are sufficiently unique that their effectiveness cannot be reduced totally to procedures.

The significant factors regarding these tactics are that they represent additional means of intervention available to officers, and that there is the potential of elevated risk to bystanders and officers. The risk is acceptable in light of the potential these tactics have for saving lives. Another significant aspect of the active shooter tactical doctrine is that officers arriving at the scene of an active shooter incident are authorized to intervene

415.5.1 GOAL

The overall purpose of these tactics is to save lives and prevent serious injuries. The goal for police response at an active shooter event is neutralization by denying access to additional victims, rescuing injured victims, and/or rescuing potential victims.

415.5.2 ASSUME TACTICAL RESPONSIBILITY

One initial responder must take charge of the active shooter incident. Assumption of tactical responsibility may be based on rank, seniority, expertise, or consensus. However, it must be made immediately clear, to both dispatch and other responders, who is in charge. Any change in incident command will be made known to dispatch and other responders.

415.5.3 PRO/CON ANALYSIS

The officers taking charge must, based on all information available, make an analysis of the situation. The analysis will be continuous, taking into account new information from dispatch and observations from officers or citizens. The analysis must lead to a decision as to whether the situation is an active shooter event, whether an opportunity exists for an immediate intervention leading to accomplishment of one of the goals listed above, and how responding resources should be deployed at the scene.

415.5.4 INCIDENT COMMAND

No action will be taken that is unplanned or without controls. Command will be assumed by a first responder who will initiate the situation analysis, and determine initial deployment of responding resources. Whenever possible, one person possessing all available information on tactical plans will establish the command post, and brief arriving personnel.

415.5.5 FIRST RESPONDER TACTICAL INTERVENTION

When responding to active shooter incidents, the concept of the first responder tactical interventions is endorsed. It is critical that all officers and supervisors are familiar with the definition of an active shooter, as well as the tactics deemed appropriate for active shooter response. The traditional uniform response of contain, isolate, evacuate, and wait for SWAT and crisis negotiators is not adequate in an active shooter incident.

A. Intervention

Newport Police Department

Newport PD Policy Manual

Active Shooter Tactical Response

First responder intervention will be based on opportunity. Intervention may be in the form of a team of officers with an identified team leader. Team movement will be in a controlled and disciplined tactical action under the control and direction of the team leader. Intervention teams may act upon an opportunity to neutralize the threat by:

1. Taking a transition point. The target location will be assessed for safe access and transition points (e.g., stairwells, hall junctures, and intersections) in an attempt to limit suspect(s) movement and access to additional victims.
2. Engaging a shooter. Acting upon an opportunity, the team leader or individual officer(s) may move toward engaging the active shooter.
3. Securing a location for evacuation of injured/potential victims. Evacuations may be conducted from areas believed to be relatively inaccessible to the shooter.
4. Containment. Site containment will be left to the discretion of the initial responder who assumes incident responsibility, and initiates the situation assessment.

415.5.6 ACTIVE SHOOTER SITE SECURITY

Officers assigned to security functions will maintain position until properly relieved.

Individual officers arriving on scene may enter and address an active shooter only after notifying other responders and dispatch of their intended entry point and expected contact location. Additional arriving officers are expected to also assess and respond in similar fashion. Once any threat has been neutralized by containment or use of deadly force, the contact officer will remain at that location and advise other responders.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Newport Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY

It is the policy of the Newport Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

416.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

416.4.1 NEWPORT POLICE FACILITY

If the bomb threat is against the Newport Police Department facility, the Shift Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Newport Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.

Newport Police Department

Newport PD Policy Manual

Response to Bomb Calls

416.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Newport, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 1. No evacuation of personnel and no search for a device.
 2. Search for a device without evacuation of personnel.
 3. Evacuation of personnel without a search for a device.
 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.5.1 ASSISTANCE

The Shift Supervisor (or on-call supervisor) should be notified when police assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Newport Police Department

Newport PD Policy Manual

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

416.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Supervisor (or on-call supervisor) including:
 - 1. The time of discovery.

Newport Police Department

Newport PD Policy Manual

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

416.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

416.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

416.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

Newport Police Department

Newport PD Policy Manual

Response to Bomb Calls

416.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Civil Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (ORS 426.228).

418.2 POLICY

It is the policy of the Newport Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

418.3 AUTHORITY

An officer may take a person into custody when the officer has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The officer shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

418.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Newport Police Department

Newport PD Policy Manual

Civil Commitments

418.3.2 EXTREMELY DANGEROUS PERSONS

An officer may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the officer, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

- (a) An officer has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
- (b) The person presents a serious danger to others because of a mental disorder
- (c) The person is in need of immediate care, custody or treatment
- (d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The officer shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions (e.g., information from LEDS).
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 FOREIGN NATIONALS

If an officer takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the officer shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)).

418.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have WVCC notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Civil Commitments

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Supervisor approval is required before transport commences.

418.5.1 CLEARANCE REQUIRED

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from a licensed independent practitioner who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 REQUIREMENTS

Officers shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and telephone number of the community mental health director.

418.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

Newport Police Department

Newport PD Policy Manual

Civil Commitments

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation Releases

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Newport Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

420.2 RELEASE

A suspected offender may be released on issuance of a criminal citation if the officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055). The suspect(s) should still be taken to the jail for photos and fingerprints.

420.2.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize an officer to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

420.3 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The officer has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The officer has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 1. Any officer encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

420.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

Newport Police Department

Newport PD Policy Manual

Citation Releases

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

420.5 POLICY

The Newport Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

Foreign Diplomatic and Consular Representatives

422.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Newport Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

422.2 POLICY

The Newport Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

422.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

422.4 ENFORCEMENT ACTION

- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Newport Police Department relating to immigration and interacting with federal immigration officials.

428.2 POLICY

It is the policy of the Newport Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this [department/office] in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Oregon constitutions.

428.4 DETENTIONS

This [department/office] does not participate in routine immigration investigation and enforcement activities (ORS 181A.820).

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Newport Police Department

Newport PD Policy Manual

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

An officer should notify a supervisor as soon as practicable whenever an individual is being detained or arrested for a criminal immigration violation.

428.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

428.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

428.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this [department/office] should be directed to a supervisor. The [Department/Office] may provide available support services, such as traffic control or peacekeeping efforts.

428.7 INFORMATION SHARING

No member of this [department/office] will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in [department/office] records
- (c) Exchanging such information with any other federal, state, or local government entity

428.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a

Newport Police Department

Newport PD Policy Manual

Immigration Violations

warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

428.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

- (a) The person's address
- (b) The person's workplace or hours of work
- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address, or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time, or location of a person's hearings, proceedings, or appointments with the [Department/Office] that are not matters of public record

428.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Section supervisor assigned to oversee the handling of any related case. The Detective Section supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner (ORS 147.620).
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.8.1 DENIAL OF CERTIFICATION

If certification is denied, the Detective Section supervisor shall inform the petitioner in writing regarding the reason for the denial as provided in ORS 147.620. A copy of the notice shall be kept

Newport Police Department

for a minimum of three years and in accordance with the established records retention schedule (ORS 147.620).

428.8.2 TIME FRAME FOR COMPLETION

Except under circumstances where there is good cause for delay, the Detective Section supervisor shall process the certification for the U visa or T visa within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received (ORS 147.620).

428.8.3 U VISA AND T VISA DOCUMENTATION

The Detective Section supervisor shall collect written documentation regarding the number of certification forms that are (2019 Oregon Laws, c. 472, § 2):

- (a) Requested by a victim.
- (b) Granted.
- (c) Denied, with the reason for denial.

The Detective Section supervisor or the authorized designee should ensure that the information collected regarding certification forms is transmitted in a timely manner to the Records Section for annual reporting to the Oregon Criminal Justice Commission.

428.9 TRAINING

The Operations Lieutenant should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by WVCC.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for utility emergencies is maintained by WVCC.

430.2 TRAFFIC SIGNAL MAINTENANCE

The City of Newport contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of Oregon.

430.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise WVCC of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Officers have the responsibility address any hazard caused by malfunction of any inoperative or malfunctioning signal.

Aircraft Accidents

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide [department/office] members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY

It is the policy of the Newport Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Newport Police Department

Newport PD Policy Manual

Aircraft Accidents

433.5 NOTIFICATIONS

When an aircraft accident is reported to this [department/office], the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

433.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this [department/office] will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene [department/office] supervisor should ensure the accident is still appropriately investigated and documented.

433.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

Newport Police Department

Newport PD Policy Manual

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

433.8 DOCUMENTATION

All aircraft accidents occurring within the City of Newport shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of NPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

433.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.9 MEDIA RELATIONS

The Chief of Police or designee ([PIO]) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should

Newport Police Department

Newport PD Policy Manual

Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The [PIO] should coordinate with other involved entities before the release of information.

Obtaining Air Support

437.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

437.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made to the U.S Coast Guard.

437.2.1 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

A helicopter may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

437.2.2 COMMUNICATIONS WITH AIRCRAFT

Use Marine Channel 22 to coordinate ground activity with the USCG pilot.

Contacts and Temporary Detentions

439.1 POLICY

The Newport Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

439.2 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

439.2.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

Newport Police Department

Newport PD Policy Manual

Contacts and Temporary Detentions

439.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Newport Police Department to strengthen community involvement, community awareness, and problem identification.

439.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in the area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

439.4 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a stopped person may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Newport Police Department

Newport PD Policy Manual

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

439.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

439.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

439.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

Newport Police Department

Newport PD Policy Manual

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

439.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

439.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by [department/office] members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

441.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Newport Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS

Definitions related to this policy include:

- Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY

The Newport Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Operations Lieutenant may not purge such documents without the approval of the designated supervisor.

441.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

441.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Property Section, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, WVCC records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

Criminal Organizations

441.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Operations Lieutenant to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS

The Detective Section supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with criminal street gangs.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING

The Operations Lieutenant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

Newport Police Department

Newport PD Policy Manual

Criminal Organizations

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Supervisors

443.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each shift.

443.2 UNAVAILABILITY OF SHIFT SUPERVISOR

When a Sergeant is unavailable for duty as Shift Supervisor, in most instances the senior officer may assist with immediate situations until the on-call supervisor can be contacted.

443.3 DESIGNATION AS ACTING SUPERVISOR

Should a shift supervisor be absent for an extended period of time, the Chief of Police may designate an officer as an Acting Sergeant. Compensation will be handled pursuant to the Collective Bargaining Agreement.

Mobile Audio Video

445.1 PURPOSE AND SCOPE

The Newport Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

445.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

445.2 POLICY

It is the policy of the Newport Police Department to use mobile audio and video technology to more effectively fulfill the [department/office]'s mission and to ensure these systems are used securely and efficiently.

445.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the [Department/Office] any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Newport Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and [department/office] operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

Mobile Audio Video

445.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record. Whenever the audio portion is activated, officers should, whenever possible, advise all persons present that they are being recorded in accordance with ORS 165.540(5)(c).

445.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DWI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify WVCC
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls
 - 3. Offenses involving violence or weapons

Newport Police Department

Newport PD Policy Manual

Mobile Audio Video

- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

445.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

445.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this [department/office] may surreptitiously record a conversation of any other member of this [department/office] except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

445.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of WVCC.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 1. The tracking number of the MAV system media.
 2. The date it was issued.
 3. The law enforcement operator or the vehicle to which it was issued.
 4. The date it was submitted.
 5. Law enforcement operators submitting the media.
 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, [department/office]-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as

evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

445.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the [Department/Office]. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the [department/office] MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of conduct
- (c) By a supervisor to assess performance
- (d) To assess proper functioning of MAV systems
- (e) By [department/office] investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By [department/office] personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Supervisor. Approved requests should be forwarded to the MAV technician for processing.

Mobile Audio Video

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

445.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

445.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

445.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

445.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense or to a potential claim against the officer or against the Newport Police Department shall indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

445.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

Newport Police Department

Newport PD Policy Manual

Mobile Audio Video

- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

445.9 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Body Worn Cameras

446.1 PURPOSE AND SCOPE

This policy is intended to provide officers with instructions on when and how to use body-worn cameras (BWCs) so that officers may reliably record their contacts with the public in accordance with the law.

The Newport Police Department has equipped Officers with body-worn cameras (BWCs) to provide records of events and assist officers in the performance of their duties. BWCs include all recording systems, whether body-worn, hand held, or integrated into portable equipment. This policy provides guidance on the use of these systems.

BWCs allow accurate documentation of police-public contacts, arrests, and critical incidents. They also serve to enhance the accuracy of officer reports and testimony in court.

Audio and video recordings also enhance this Department's ability to review probable cause for arrest, officer and suspect interaction, evidence for investigative and prosecutorial purposes and additional information for officer evaluation and training.

446.1.1 DEFINITIONS

Definitions related to this policy include:

Officer – Defined as a sworn Police Officer and/or a Community Service Officer

Activate - Any process that causes the BWC to transmit or store video or audio data in an active mode.

BWC technician - Personnel certified or trained in the operational use and repair of BWCs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

Evidence.com Dock – Uploads data from the BWCs to the Evidence.com cloud computing website as well as simultaneously recharges the BWC and ensures evidence handling is secure and not altered.

Evidence.com – An online, web-based digital media storage facility that stores digitally encrypted data (photographs, audio and video recordings) in a highly secure environment. The recordings are accessible to authorized personnel based upon a security clearance.

File – For the purpose of this policy, the term “file” refers to all sounds, images, and associated metadata.

Newport PD Policy Manual

Body Worn Cameras

446.2 POLICY

It is the policy of the Newport Police Department that officers shall activate the BWC when such use is appropriate to the proper performance of his or her official duties, where the recordings are consistent with this policy and law. This policy does not govern the use of surreptitious recording devices used in undercover operations.

446.3 PROCEDURE FOR BWC USE

- (a) Only officers that have completed approved training will be allowed to operate the BWC.
- (b) Officers shall inspect the BWC system for any physical damage, and ensure the device is in working order at the beginning of their shift. Any problems will be reported immediately to their
- (c) Officers who are assigned BWC equipment must use the equipment, unless otherwise authorized by a supervisor.
- (d) Officers shall activate the BWC to record all contact with citizens in the performance of official duties as they relate to section 447.4.1 REQUIRED ACTIVATION OF BWC in this policy.
- (e) If an Officer fails to activate the BWC, fails to record the entire contact, or interrupts the recording, the Officer shall document why a recording was not made, was interrupted, or was
- (f) Police personnel shall use only BWCs issued by this Department. The BWC equipment and all data, images, video, and metadata captured, recorded, or otherwise produced by the equipment is
- (g) Care of BWC equipment is the responsibility of individual officers and will be used with reasonable care to ensure proper functioning. Equipment malfunctions shall be brought to the attention of
- (h) Officers shall not edit, alter, erase, duplicate, copy, share, or otherwise distribute in any manner BWC recordings without prior written authorization and approval of the Chief of Police, or
- (i) Officers are encouraged to inform their supervisor of any recordings that may be of value for training purposes.
- (j) If an officer is suspected of wrongdoing or involved in an officer-involved shooting or other serious Force Response, the Department reserves the right to limit or restrict Department members from reviewing the video file.
- (k) Officers shall not incidentally arrest or related reports that recording were made during incident in question. However, BWC recordings are not a replacement for written reports
- (l) Civilians shall not be allowed to review the recordings at a scene.

446.4 ACTIVATION OF BWCS

This policy is not intended to describe every possible situation in which the BWC may be used, although there are many situations where its use is appropriate. An Officer may activate the BWC any time the employee believes it would be appropriate or valuable to document an incident.

Officers shall notify all parties to the conversation that a recording is being made unless, pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7), and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasoned, certain felony drug offenses, felonies that endangers human life (ORS 165.540))

Officers should remain sensitive to the dignity of all individuals being recorded, and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the Officer that such privacy may outweigh any legitimate law enforcement interest in recording.

Requests by members of the public to stop recording should be considered using the same criterion. Recording should resume when privacy is no longer at issue, unless the circumstances no longer fit the criteria for recording.

At no time is an Officer expected to jeopardize his or her safety in order to activate a BWC or change the recording media. However, the recorder should be activated as soon as practicable in situations described in section 447.4.1.

446.4.1 REQUIRED ACTIVATION OF BWCS

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the situation. However, the audio portion of BWC recording may be valuable evidence.

The BWC should be activated in any of the following situations:

- (a) All field contact involving actual or potential criminal conduct within video or audio range:
 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 2. Priority responses
 3. Vehicle pursuits
 4. Suspicious vehicles
 5. Arrests
 6. Vehicle searches
 7. Physical or verbal confrontations or Force Response
 8. Pedestrian checks or Field interviews
 9. DWI/DUI investigations including field sobriety tests
 10. Consensual encounters
 11. Crimes in progress
 12. Response to an in-progress call

- (b) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls
 - 3. Offenses involving violence or weapons
- (c) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.
- (d) Any other circumstances where the officer believes that a recording of an incident would be appropriate.

446.5 OFFICER RESPONSIBILITIES

Prior to going into service, each officer assigned BWC equipment will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for downloading any recordings, used media, and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Newport Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the BWC's operation in accordance with manufacturer specifications and Department operating procedures and training. Each BWC has as a unique serial number that is registered to each Officer during the initial setup phase. This unique serial number is logged into Evidence.com each time the Officer uploads the BWC data at the conclusion of his/her patrol shift. If the system is malfunctioning, the officer shall take the BWC out of service and notify their supervisor.

446.6 CESSATION OF RECORDING

Once activated, the BWC should remain on until the Officer's direct participation in the incident has concluded, or the situation no longer fits the criteria for activation. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported, and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

446.7 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 154.543.

446.7.1 RESTRICTIONS ON USING THE BWC

BWCs shall be used only in conjunction with official law enforcement duties. The BWC shall not generally be used to record:

- (a) Communications with other police personnel without the permission of the Chief of Police or his/her designee;

- (b) Encounters with undercover officers or confidential informants;
- (c) When on break or otherwise engaged in personal activities; or
- (d) In any location where individuals have a reasonable expectation of privacy, such as a restroom or locker room.

446.8 STORAGE OF BWCS DATA

- (a) All files shall be securely downloaded periodically, and no later than the end of each shift. Each file shall contain information related to the incident date, BWC identifier, and assigned officer;
- (b) All images and sounds recorded by the BWC are the exclusive property of this Department. Accessing, copying, or releasing files for non-law enforcement purposes is strictly prohibited;
- (c) All access to BWC files must be specifically authorized by the Chief of Police or his/her designee; and all access is to be audited to ensure that only authorized users are accessing the data for legitimate and authorized purposes;
- (d) Files should be securely stored in accordance with Oregon Revised Statute 131.125, and Oregon Secretary of State Archives Division records retention laws and no longer than useful for purposes of training or for use in an investigation or prosecution. In capital punishment prosecutions, recordings shall be kept until the offender is no longer under control of a criminal justice agency.

446.9 REVIEW OF BWCS RECORDINGS

All recording media, recorded images, and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed, or otherwise inserted into any device not approved by the Department BWC technician. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) When preparing reports or statements
- (b) By a supervisor investigating a specific act of conduct
- (c) By a supervisor to assess performance
- (d) To assess proper functioning of BWC systems

- (g) By whomever is captured on, or referenced, in the video or audio data, and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process, or with permission of the authorized designee
- (i) By the media through proper process, or with permission of the authorized designee
- (j) To assess possible training value
- (k) If a recording is to be shown for training purposes, the involved Officer shall be notified. If the involved Officer objects to showing a recording, his/her objection will be submitted to the Chief of Police (or his/her designee) to determine if the training value outweighs the officer's objection. Employees desiring to view any previously uploaded or archived BWC recordings will submit a written request to the Shift Supervisor. Approved requests will be forwarded to the BWC technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

446.10 SUPERVISOR RESPONSIBILITIES

Supervisory personnel shall ensure that officers equipped with BWC devices utilize them in accordance with policy and procedures defined herein.

At reasonable intervals, supervisors will randomly review BWC recordings to ensure the equipment is operating properly, and that officers are using the devices appropriately and in accordance with policy, and to identify any areas in which additional training or guidance is required.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, Department-involved collisions), a supervisor shall respond to the scene to ensure that the appropriate supervisor, BWC technician, or crime scene investigator properly retrieves the recorded media. The recorded media may need to be treated as evidence, and should be handled in accordance with current evidence procedures for recorded media.

446.11 DOCUMENTING BWC USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the Records copy of the citation indicating that the incident was recorded.

446.12 RETENTION OF RECORDINGS

Any time an Officer records any portion of a contact the officer reasonably believes constitutes evidence in a criminal case, the officer shall record the related case number, transfer the file in accordance with current procedure for storing digital files, and document the existence of the

Newport Police Department

recording in the related case report. Transfers should occur at the end of the member's shift, or any time the storage capacity is nearing its limit.

446.13 COPIES OF ORIGINAL RECORDING MEDIA

Copies of original recording media shall not be used for any purpose other than initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Copies of original recording media may only be released only in response to a court order, or upon approval by the Chief of Police, or his/her designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.14 TRAINING

All Department members who are authorized to use the BWC system shall successfully complete an approved course of instruction prior to use.

Mobile Digital Computer Use

447.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and WVCC.

447.1.1 POLICY

It is the policy of the Department that city owned Mobile Data Computers will be used for official law enforcement business only. All communications via the MDC will be professional and conducted in a business-like manner. The transmission of sexist, racist, vulgar, derogatory, or discriminatory messages is strictly prohibited. Nothing in this policy is intended to prohibit or limit the employee from making safety conscious decisions. If there is a compromise of safety in a particular situation related to the use of the MDC, employees are expected to use voice communications. The MDC is a job enhancement tool and is not intended to replace all voice communications.

447.1.2 DEFINITIONS

LINCS - Lincoln Interagency Networked Computer System (LINCS) is the primary Records Management System for the Newport Police Department and the Lincoln County Sheriff's Office, and incorporates wireless access to the Computer Aided Dispatch system at the communications center.

MDC Messaging - Any message sent or received from one computer to another, such as car-to car, car to communications center, communications center to car, office computer to car or interface with LEDS.

Priority 1 Calls - Urgent, in progress, must be handled immediately, involving incidents that are life threatening.

Priority 2 Calls - In progress incidents where there is the potential for injury or involves a major property crime.

Priority 3 Calls - Incidents that do not involve an immediate danger to person or property.

Priority 4 Calls - All other reported incidents that are routine in nature.

447.2 POLICY

Newport Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

447.2.1 MDC LOG-ON, OPERATION, LEDS/NCIC QUERIES

(a) Officers should bear in mind that their first priority is operating their patrol vehicle in a safe and prudent manner. Officers should avoid multiple keystroke entries while the vehicle is moving. This

Newport Police Department

Newport PD Policy Manual

Mobile Digital Computer Use

does not preclude a passenger Officer from entering information into the MDC while the vehicle is in motion.

1. At the beginning of each duty shift and prior to briefing, each Officer will log into the MDC using their name and password. Officers will notify dispatch they are in-service, and will advise dispatch of their assigned district.
2. Upon logging onto the MDC, and during his/her shift, Officers shall view the MDC for pending calls pertinent to themselves and their assigned district. Officers will continue to monitor activities of other field units that might be relevant to field activities.
3. At the conclusion of the assigned shift, the Officer will make sure that he/she is completely logged out of the system.

(b) Traffic Stops

1. Traffic stops will be conducted via voice communication. Activities such as field interviews (FI), ordinance violations, potential enforcement actions or other activity where an event or case number will be generated shall be done by voice communications.

(a) Exceptions include unit status changes (i.e. enroute to calls, clearing from calls, clearing from self-initiated activities, putting self out on break etc..). These may be conducted via the MDC, consistent with officer safety and safe vehicle operation.

(c) Self-Initiated Activities

1. If time and circumstances permit and the MDC can be safely used, self-initiated activities and field contacts may be conducted via the MDC.

(a) If the dispatcher or a field unit believes there are safety issues involved, voice radio communications are appropriate.

(b) Routine activities such as breaks, lunch, or non-emergent contacts should be conducted via the MDC.

(c) Officers may occasionally make general information requests to dispatch via the MDC. However, these requests are viewed as general information requests and unless otherwise flagged will be handled on a low priority basis.

(d) Officers are allowed to write their police reports, and shall make notes to CAD entries, via the MDC, consistent with officer safety. However, Officers are encouraged to write lengthy reports at the office.

(b) When an Officer receives a warrant hit, stolen articles or guns, the Officer will verbally notify the communications center of the situation and if a cover unit is needed.

1. The communications center will dispatch the appropriate cover unit. The officer will also advise the communications center if confirmation is needed.

Newport Police Department

Newport PD Policy Manual

Mobile Digital Computer Use

(c) When an Officer receives a stolen vehicle hit via the MDC the Officer will provide the communications center with their location, the license plate, description of the vehicle, whether or not the vehicle is occupied, and if the vehicle is mobile or parked.

1. The communications center will run the plate and confirm stolen status.

(d) Any LEDS reporting requirements, which are the result of a field unit MDC inquiry involving corrections offenders, sex offenders or gang member hits, will be the responsibility of the communications center;

1. Unless the Officer responds to the LEDS requirement via the MDC according to LEDS regulations.

2. The Officer will provide the communications center with the necessary information for handling the notification.

447.2.2 DISPATCHING CALLS FOR SERVICE

(a) The following procedure for dispatching of police calls for service are guidelines and are not meant to replace good judgment.

1. When a call that would normally be dispatched by MDC only contains details, which would warrant additional voice dispatch, voice dispatch will be provided.

- (a) All calls that may involve officer safety information will be dispatched by voice regardless of priority.

(b) Supervisors are responsible for reviewing pending calls in CAD via their MDC. Should the supervisor have instructions for dispatch on how the call should be handled, they will notify dispatch by MDC or voice communication.

(c) Officers will follow department protocol for handling calls as a primary unit or cover unit. Officers are expected to remain in assigned districts and handle calls within the district unless otherwise directed by a supervisor.

(d) All Priority 1 and Priority 2 calls will be dispatched via the MDC with simultaneous voice broadcast.

1. When an Officer notifies the communications center that he/she is en route by voice communication, the communications center will acknowledge the Officer by voice communication and enter the information into CAD.

2. When an Officer notifies the communications center that he/she is en route by MDC, the communications center will acknowledge the Officer by voice communication.

3. When an Officer notifies the communications center of his/her arrival on scene by voice communication, the communications center will acknowledge the Officer by voice communication and enter the unit on scene into CAD.

4. When an Officer notifies the communications center of his/her arrival on scene via MDC, the communications center will acknowledge by voice communication.

Newport Police Department

Newport PD Policy Manual

Mobile Digital Computer Use

5. The Officer will request a case number prior to clearing the call.

(e) Priority 3 calls will be dispatched via the MDC with a short broadcast over the air announcing the dispatch. For example;

1. "Unit (radio number) dispatched by MDC to a cold assault".

(a) The Officer should verbally acknowledge the announcement.

(b) When the Officer places him/herself enroute, the call is considered acknowledged.

(c) The Officer will be responsible for placing him/herself enroute and arrived, unless unable to do so.

(d) If a case number is required the Officer will notify the communications center prior to clearing the call.

(f) Priority 4 calls will be dispatched via MDC and confirmed by the communications center via voice communication.

1. The Officer will be responsible for placing themselves enroute and arrived, unless unable to do so.

2. If a case number is required, the Officer will notify the communications center prior to clearing the call.

447.2.3 USE WHILE DRIVING

Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs. Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.2.4 DOCUMENTATION OF ACTIVITY

MDC's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required: All contacts or activity shall be documented at the time of the contact. Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher. Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDC.

447.2.5 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the police radio or through the MDC system. Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident. Other changes in status may be entered by depressing the appropriate keys on the MDC's.

Newport Police Department

Newport PD Policy Manual

Mobile Digital Computer Use

447.2.6 CAD, LINCS AND CAR-TO-CAR MESSAGING

(a) MDC messaging, CAD messages, CAD calls and CAD access via LINCS shall have a reasonable communicative purpose and must be authored in a professional business-like manner, which would be considered acceptable as public record.

1. Non-urgent communications to the communications center or car-to-car are permitted only after the needs of the citizens, members and co-workers are met and content is in keeping with the professionalism dictated by Police Department policies.
2. Communications shall not be used to harass, annoy or alarm any recipient or third party.
3. Communications shall not contain language, acronyms or symbols representing language that would be considered offensive or obscene to a reasonable person.
4. Content of any communication shall not bring discredit to any public safety employee (including coworkers) or the public safety agency.
5. Content shall not bring unwarranted discredit to a member of the public.
6. Communications shall not contain any home address or telephone number of law enforcement personnel unless that employee has given express permission to transmit the information.
7. Communications shall not contain any slanderous statements toward any group, organization or individual.

(b) In the event that an MDC fails or the entire system fails, Officers will revert to voicecommunications until such time as the system or unit is brought back on line.

(c) All unit or system failures shall be reported to a supervisor at the earliest opportunity.

(d) The MDC will ordinarily be left secured in the vehicle to which it is assigned.

1. In instances where the MDC fails, the vehicle will be placed out of service and reported as with any other vehicle maintenance problem.

447.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

447.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Supervisors.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the

Newport Police Department

Newport PD Policy Manual

Mobile Digital Computer Use

business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

447.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

447.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Newport Police Department

Newport PD Policy Manual

Mobile Digital Computer Use

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

447.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure the Shift Supervisor is notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

447.6 EQUIPMENT CONSIDERATIONS

447.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify WVCC. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

447.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

449.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this [department/office] while in the performance of their duties. Portable audio/video recording devices include all recording systems whether hand held or integrated into portable equipment (ORS 133.741).

This policy does not apply to body worn cameras, mobile audio/video recordings, interviews or interrogations conducted at any Newport Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

449.2 POLICY

The Newport Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the [Department/Office] by accurately capturing contacts between members of the [Department/Office] and the public.

449.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any [department/office]-issued device at any time, and any recording made while acting in their official capacity of this [department/office], regardless of ownership of the device it was made on, shall remain the property of the [Department/Office]. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

449.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the [Department/Office], and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, NPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

Newport Police Department

Newport PD Policy Manual

Portable Audio/Video Recorders

449.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify WVCC
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Unless there are exigent circumstances or concerns for the safety of the member or any other person, body-worn cameras shall be activated whenever the officer has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7) and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endangers human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

449.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another [department/office] member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

Newport Police Department

Newport PD Policy Manual

Portable Audio/Video Recorders

449.5.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

449.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

449.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using [department/office]-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with [department/office]-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate [department/office] business purposes. All recordings shall be retained at the [Department/Office] or by any [department/office]-approved third-party vendor.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Supervisor. Any member who uses a personally owned recorder for [department/office]-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

449.6.1

449.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.

Newport Police Department

Newport PD Policy Manual

Portable Audio/Video Recorders

- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

449.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the [Department/Office] who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

449.9 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.

449.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Recordings made from body-worn video cameras no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (ORS 133.741).

449.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

449.10.2 STORAGE OF DATA BY VENDORS

Any contract with a third-party vendor for data storage of recordings from body-worn video cameras must state that all recordings are the property of the Newport Police Department, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Newport Police Department (ORS 133.741).

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks, and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475B.791).

451.2 POLICY

It is the policy of the Newport Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475B.785). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Newport Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the [Department/Office].

451.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations related to patient cardholders.
- (c) Investigations related to patient non-cardholders.

451.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

451.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS

Officers shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Officers shall not take enforcement action against a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475B.907).

Newport Police Department

Newport PD Policy Manual

Medical Marijuana

Cardholders are required to possess a RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates, or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475B.837). However, officers should treat a person without a RIC in his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

451.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS

Officers should not take enforcement action against a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient meets all of the following (ORS 475B.913):

- (a) Is engaged in the medical use of marijuana
- (b) Possesses, delivers, or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Officers should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers, or manufactures marijuana at or below statutory possession quantities or below statutory grow site quantities; and the person's medical use claim appears genuine under the circumstances (ORS 475B.913).

451.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Grow sites are regulated in the following manner (ORS 475B.810):
 - 1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
 - 2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.
- (b) An officer who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475B.831).
- (c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Newport Police Department

Newport PD Policy Manual

Medical Marijuana

4. Any other relevant factors exist, such as limited available [department/office] resources and time constraints.
- (d) Before proceeding with enforcement related to grow sites, a marijuana producer, or processing sites officers should consider conferring with appropriate legal counsel, the Oregon Health Authority, and/or Oregon Liquor Control Commission (ORS 475B.831; ORS 475B.136).
- (e) Registration or proof of registration under ORS 475B.785 to ORS 475B.949 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475B.922).
- (f) As a licensing authority, the Oregon Liquor Control Commission may assist with related questions regarding recreational marijuana (ORS 475B.070).

451.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475B.910):

- (a) Drives under the influence of marijuana as provided in ORS 813.010.
- (b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view, or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).
- (c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.
- (d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If an officer knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475B.545 to ORS 475B.429), the officer shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475B.300).

451.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be registered with the Oregon Department of Agriculture (ODA) to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be registered with the ODA (ORS 571.281). Officers may contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.

Newport Police Department

Newport PD Policy Manual

Medical Marijuana

451.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

451.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor shall ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected, or injured. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants (ORS 475B.922).

Marijuana should not be returned to any person unless authorized by the Detective Section supervisor and upon advice of [city/county] counsel. Any court order to return marijuana should be referred to [city/county] counsel.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Section supervisor.

Foot Pursuits

457.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

457.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

457.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, officers should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

Newport Police Department

Newport PD Policy Manual

Foot Pursuits

- (e) Air support
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

457.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders them incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.

Newport Police Department

Newport PD Policy Manual

Foot Pursuits

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

457.5 RESPONSIBILITIES IN FOOT PURSUITS

457.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officers unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting media aid as needed for officers, suspects or members of the public.

Foot Pursuits

457.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officers who are in a position to intercept a fleeing suspect, or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

457.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

457.6 REPORTING REQUIREMENTS

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.
- (i) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

Newport Police Department

Newport PD Policy Manual

Foot Pursuits

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Bicycle Patrol Unit

459.1 PURPOSE AND SCOPE

The Newport Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas, and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

459.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize officers' mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Shift Supervisor.

459.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a request to the Patrol Lieutenant thru the chain of command. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BPU supervisor, and second person to be selected by the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

Final selection will be based upon recommendations by the BPU supervisor, and made by the Patrol Division Commander.

459.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Patrol Division Commander or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining the inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.

Newport Police Department

Newport PD Policy Manual

Bicycle Patrol Unit

- (d) Evaluating performance of bicycle officers.
- (e) Coordinating activities with the Patrol Division.
- (f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

459.3.2 EXPECTATIONS

All officers assigned to the Mountain Bike detail will be expected to ride as frequently as possible. During the months between November and March, each officer will be required to log a minimum of (12) hours per month actual ride time. For the months of April to October, at least (18) hours of total ride time will be logged. The only exception to this requirement will be for periods of extended illness or injury or for officers assigned to the Field Training Team when they are actually involved with a recruit.

When an officer is deployed on the Mountain Bike, they will be expected to make frequent citizen and business contacts, become involved in other law enforcement activities and/or work or participate in community activities. Such activity may include, but is not limited to, security checks, traffic enforcement, community events such as organized bike events, parades, and marathons or other runs or educational opportunities at the schools.

Activity logs will be completed and submitted to supervisors prior to securing from duty anytime an officer has dressed down and ridden during a regular duty shift or special events. Blank activity logs will be kept in the bike room, and in the Department forms bin. Supervisors will initial receipt of the activity log and forward them to the Bike Team supervisor.

459.4 TRAINING

Participants in the program must complete an initial Department-approved bicycle training course after acceptance into the program. Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health, and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment, including the helmet and riding gloves.

459.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

Newport Police Department

Newport PD Policy Manual

Bicycle Patrol Unit

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

459.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries, and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color, with a Police decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front lights, and a horn satisfying the requirements of § 815.280(2).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls, including report writing, vehicle storage, and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information, and user manuals.

Each bicycle shall be equipped with a flashing blue warning light that is visible from the front, sides, or rear of the bicycle. Unless the patrol bicycle is equipped with an emergency light and siren meeting the requirements set forth in the Oregon Revised Statutes and Oregon Administrative Rules, it does not qualify as an emergency vehicle and operators are not exempt from the rules of the road.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly, to be performed by a Department-approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Newport Police Department

Newport PD Policy Manual

Bicycle Patrol Unit

Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Except in the event of an emergency, officers shall not remove or add components, or modify the patrol bicycle without the expressed approval of the bicycle supervisor.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Except when emergency circumstances preclude doing so, patrol bicycles should be properly secured when not in the officer's immediate presence.

459.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the Oregon Revised Statutes. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Homeless Persons

463.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that [department/office] members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the [department/office] member appointed to act as a liaison to the homeless, and details the need for special protection and services for homeless persons.

463.2 POLICY

It is the policy of the Newport Police Department to protect the rights, dignity, and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Newport Police Department will address the needs of homeless persons in balance with the overall mission of this [department/office].

Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

463.3 LIAISON TO THE HOMELESS COMMUNITY

The Chief of Police shall designate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Operations Lieutenant Operations Lieutenant or the authorized designee.

The responsibilities of the liaison include but are not limited to:

- (a) Maintaining and making available to all [department/office] members a list of assistance programs and other resources that are available to homeless persons.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless community.
- (c) Maintaining a list of the areas within and near the jurisdiction of this [department/office] that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with homelessness, including property rights. This will include the following:
 1. Proper posting of notices of trespass and clean-up operations.
 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
- (e) Being present during any clean-up operation conducted by this [department/office] that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.

Newport Police Department

Newport PD Policy Manual

Homeless Persons

- (f) Developing training to assist members in understanding current legal and social issues relating to the homeless.
- (g) Reviewing any [city/county] policies regarding homeless individuals camping on public property (ORS 203.077).

463.4 FIELD CONTACTS

Officers are encouraged to contact a homeless person to render aid, offer assistance, or to check the person's welfare. Officers also will take enforcement action when information supports a reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

When encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

463.4.1 CONSIDERATIONS

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness, or suspect is homeless can, however, require special considerations for a successful investigation and prosecution. When handling investigations involving victims, witnesses, or suspects who are homeless, officers should consider:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Documenting locations the person may frequent.
- (c) Providing victim/witness resources, when appropriate.
- (d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.
- (e) Whether the person may be an adult abuse victim and, if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates no desire for prosecution.

463.5 HOMELESS CAMPS ON PUBLIC PROPERTY

Prior to removing homeless individuals from an established campsite on public property, officers shall (ORS 203.079):

Newport Police Department

Newport PD Policy Manual

Homeless Persons

- (a) Post the area with required written notice of pending removal at all entrances reasonably identifiable. Notice should be in English and Spanish and include all required information under ORS 203.079 (e.g., location of unclaimed property, required contact information for questions regarding location of property storage).
 - 1. Notice shall be posted at least 72 hours prior to removal except in certain circumstances (e.g., camping at cemeteries).
- (b) Once notice is posted, notify the local agency that delivers social services to homeless individuals as to where the notice has been posted.

The 72-hour warning notice requirement is not necessary if officers reasonably believe that illegal activity unrelated to the camping is occurring at an established camping site or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, a public health emergency, or other immediate danger to human life or safety (ORS 203.079).

463.6 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting, and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure any personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed, and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the [department/office] Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community, or is the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

463.6.1 STATE LAW ON UNCLAIMED PERSONAL PROPERTY

When a homeless individual is removed pursuant to a [city/county] policy, any unclaimed personal property stored by this [department/office] shall be stored in an orderly fashion, keeping items that belong to an individual together to the extent that ownership can reasonably be determined. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual from the camp site (ORS 203.079).

Newport PD Policy Manual

Homeless Persons

Weapons, controlled substances, and items that appear to be either stolen or evidence of a crime shall be stored pursuant to [department/office] protocols and the Property and Evidence Policy.

463.7 MENTAL HEALTH ISSUES

When mental health issues are evident, officers should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Officers should consider detaining the person under civil commitment when facts and circumstances reasonably indicate such a detention is warranted (see the Civil Commitments Policy).

463.8 ECOLOGICAL ISSUES

Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or City departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.

Public Recording of Law Enforcement Activity

464.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

464.2 POLICY

The Newport Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

464.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

464.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Newport Police Department

Newport PD Policy Manual

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

464.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

464.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to

Newport Police Department

Newport PD Policy Manual

be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Suspicious Activity Reporting

465.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

465.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

465.2 POLICY

The Newport Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

465.3 RESPONSIBILITIES

The Investigation Operations Lieutenant and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for [department/office] participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Operations Lieutenant include, but are not limited to:

- (a) Remaining familiar with those databases available to the [Department/Office] that would facilitate the purpose of this policy.

Newport Police Department

Newport PD Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the [Department/Office].
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the [Department/Office] conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

465.4 REPORTING AND INVESTIGATION

Any [department/office] member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

465.5 HANDLING INFORMATION

The Records Section will forward copies of SARs, in a timely manner, to the following:

- Detective Section supervisor
- Crime Analysis Unit
- Other authorized designees

Crisis Intervention Incidents

466.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

466.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

466.2 POLICY

The Newport Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

466.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

466.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Operations Lieutenant to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

466.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Newport Police Department

Newport PD Policy Manual

Crisis Intervention Incidents

466.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

466.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

466.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Crisis Intervention Incidents

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Operations Lieutenant.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

466.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

466.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

466.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

Newport Police Department

Newport PD Policy Manual

Crisis Intervention Incidents

466.11 EVALUATION

The Operations Lieutenant designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

466.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

First Amendment Assemblies

467.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

467.2 POLICY

The Newport Police Department respects the rights of people to peaceably assemble. It is the policy of this [department/office] not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

467.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe [department/office] members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Newport Police Department

Newport PD Policy Manual

First Amendment Assemblies

467.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating [department/office] performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

467.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to WVCC, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

467.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

467.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Newport Police Department

Newport PD Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

467.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles, and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
 1. The plan shall include officer identifiers affixed to the uniform and helmet that comply with 2021 Oregon Laws, c. 306 § 2.
 - (a) An officer shall not intentionally obscure any part of a uniform or helmet identifier.
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.

Newport Police Department

Newport PD Policy Manual

First Amendment Assemblies

- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

467.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

467.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

467.7 FORCE RESPONSE

Force Response is governed by current department policy and applicable law (see the Force Response, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal

Newport Police Department

Newport PD Policy Manual

First Amendment Assemblies

or arrest of those acting in violation of the law). Control devices and TASER devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any force response by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

467.8 ARRESTS

The Newport Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

467.9 MEDIA RELATIONS

The Chief of Police or designee should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

Newport Police Department

Newport PD Policy Manual

First Amendment Assemblies

467.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

467.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, WVCC records/tapes
- (g) Media accounts (print and broadcast media)

467.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

467.12 PUBLIC REQUEST OF OFFICER IDENTIFICATION

Officers shall provide their name, identification number, or unique identifier assigned by the [Department/Office] to a person when requested if it is practical, safe, and tactically sound to do so at the time of request (2021 Oregon Laws, c. 306 § 3).

The request may be satisfied by providing a [department/office]-issued business card.

467.12.1 INVESTIGATION OF OFFICER IDENTIFICATION

Upon request by a member of the public, the [Department/Office] shall conduct an investigation to identify an officer as follows (2021 Oregon Laws, c. 306 § 3):

The member of the public has provided the following:

Newport Police Department

Newport PD Policy Manual

First Amendment Assemblies

- The member of the public has provided the following:
 - A partial name
 - A full or partial badge number, or other identifying number
 - A photo of the officer
 - A full or partial license plate, or other identifying number from a police vehicle
 - A physical description
 - The location, date, and time when the officer was present

Within seven days of receiving the request, the [department/office] shall confirm to the requester receipt of the request.

- Within 14 days after receiving the request, the [department/office] shall provide the requester:
 - The name and the number assigned to the officer by the Department of Public Safety Standards and Training; or
 - An explanation of why the identification could not be performed.
- If the requester provided a full badge number, the [department/office] shall provide the name of the officer within 14 days after receiving the request.

Identification shall not be provided if the officer is participating in an undercover law enforcement operation (2021 Oregon Laws, c. 306 § 3).

467.13 TRAINING

[Department/Office] members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The [Department/Office] should, when practicable, train with its external and mutual aid partners.

Medical Aid and Response

468.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

468.2 POLICY

It is the policy of the Newport Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

468.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact WVCC and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide WVCC with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Newport Police Department

Newport PD Policy Manual

Medical Aid and Response

468.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

468.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

468.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

468.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are

Newport Police Department

Newport PD Policy Manual

Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Operations Lieutenant Operations Lieutenant should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the [Department/Office] should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One [department/office] member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

468.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

An AED should only be used by members who have completed a course with published standards and guidelines for CPR and the use of an AED.

468.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in [department/office] vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Operations Lieutenant who is responsible for ensuring appropriate maintenance.

Newport Police Department

Newport PD Policy Manual

Medical Aid and Response

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact WVCC as soon as possible and request response by EMS.

468.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

468.8.3 AED TRAINING AND MAINTENANCE

The Operations Lieutenant should ensure appropriate training is provided to members authorized to use an AED.

The Operations Lieutenant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

468.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocols specified by the physician who prescribed the overdose medication for use by the member.

468.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Operations Lieutenant.

Any member who administers an opioid overdose medication should contact WVCC as soon as possible and request response by EMS.

468.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Operations Lieutenant will ensure that the Operations Lieutenant is provided enough information to meet applicable state reporting requirements.

468.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Operations Lieutenant should ensure training is provided to members authorized to administer opioid overdose medication.

468.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the

Newport Police Department

Newport PD Policy Manual

Medical Aid and Response

officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

468.11 ADMINISTRATION OF EPINEPHRINE

In an emergency situation when a licensed health care professional is not immediately available, members who have successfully completed educational training for severe allergic responses may administer epinephrine (ORS 433.825).

468.11.1 EPINEPHRINE USER RESPONSIBILITIES

Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Operations Lieutenant.

Any member who administers epinephrine should contact WVCC as soon as possible and request response by EMS.

468.11.2 EPINEPHRINE REPORTING

Any member administering epinephrine should detail its use in an appropriate report.

468.11.3 EPINEPHRINE TRAINING

The Operations Lieutenant should ensure that training is provided to members authorized to administer epinephrine (ORS 433.815; ORS 433.817; OAR 333-055-0030).

468.12 FIRST AID TRAINING

Subject to available resources, the Operations Lieutenant should ensure officers receive periodic first aid training appropriate for their position.

Civil Disputes

469.1 PURPOSE AND SCOPE

This policy provides members of the Newport Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Oregon law.

469.2 POLICY

The Newport Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

469.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

469.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

469.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

469.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

469.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This [department/office] provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Newport Police Department. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This [department/office] does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in Newport Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

Newport Police Department

Newport PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to ORS 810.410.

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

Newport Police Department

Newport PD Policy Manual

Traffic Function and Responsibility

500.5 HIGH-VISIBILITY VESTS

The Newport Police Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of [department/office] members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A high-visibility vest is issued to each officer. The officer is required to carry the vest with him/her when on patrol and to maintain the vest in a serviceable condition.

A supply of high-visibility vests will be maintained for the volunteers.

Professional Traffic Stops

501.1 PURPOSE AND SCOPE

The purpose of this policy is to unequivocally state that racial and ethnic profiling in law enforcement are totally unacceptable, to provide guidelines to prevent such occurrences, and to protect our officers when they act within the dictates of the law and policy from unwarranted accusations.

A fundamental right guaranteed by the Constitution of the United States to all who live in this nation is to equal protection under the law. Along with this right to equal protection is the fundamental right to be free from unreasonable searches and seizures by government agents. Citizens are free to walk and drive our streets, highways, and other public places without police interference so long as they obey the law. They also are entitled to be free from crime, and from the depredations of criminals, and to drive and walk our public ways safe from the actions of reckless and careless drivers.

This law enforcement agency is charged with protecting these rights, for all, regardless of race, color, ethnicity, sex, sexual orientation, physical handicap, religion, or belief system.

Because of the nature of their business, law enforcement officers are required to be observant, to identify unusual occurrences and law violations, and to act upon them. It is the proactive enforcement that keeps our citizens free from crime, our streets and highways safe to drive upon and that detects and apprehends criminals.

This policy is intended to assist law enforcement in accomplishing this total mission in a way that respects the dignity of all persons and yet sends a strong deterrent message to actual and potential lawbreakers, that if they break the law, they are likely to encounter police.

501.2 POLICY

It is the policy of the this department to patrol in a proactive manner, to aggressively investigate suspicious persons and circumstances, and to actively enforce the motor vehicle laws, while insisting that all citizens will only be stopped or detained when there exists reasonable suspicion to believe they have committed, are committing or are about to commit an infraction of the law.

501.3 DEFINITIONS

Racial profiling: the detention, interdiction, or other disparate treatment of any person on a basis of their racial or ethnic status or characteristics.

Reasonable suspicion: also known as articulable suspicion. Suspicion that is more than a mere hunch, but is based on a set of articulable facts and circumstances that would warrant a person of reasonable caution in believing that an infraction of the law has been committed, is about to be committed, or is in the process of being committed, by the person or persons under suspicion. This can be based on the observations of a police officer combined with his or her training and experience, and/or reliable information received from credible outside sources.

Newport Police Department

Newport PD Policy Manual

Professional Traffic Stops

501.4 PROCEDURE

- (a) The Department's efforts will be directed toward assigning officers to those areas where this is likelihood that crime will be prevented through proactive patrol.
- (b) Officers receive initial and ongoing training in proactive enforcement tactics, including training in officer safety, courtesy, cultural diversity, the laws governing search and seizure, and interpersonal communications skills.
- (c) Training programs emphasize the need to respect the rights of all citizens to be free from unreasonable government intrusion or police action.
- (d) Traffic enforcement will be accompanied by consistent, ongoing supervisory oversight to ensure that officers do not go beyond the parameters of reasonableness in conducting such activities.
- (e) Motorists and pedestrians shall only be subjected to stops, seizures or detentions upon reasonable suspicion that they have committed, are committing, or are about to commit an infraction. Each time a motorist is stopped, the officer shall radio to the dispatcher the reason for the stop, the location of the stop, the description of the person and/or vehicle description so this information can be logged.
- (f) The department recognizes that with experience, individual officers may develop individualized approaches that they find work best for them in minimizing conflict during officer/violator contacts. Given some better approach, the following is recommended, in the order specified below:
 - (a) Give a greeting, such as " Good morning ma'am", " Good evening sir", etc.
 - (b) Identify yourself. Ex: " I am officer Smith of the Newport Police Department.
 - (c) State the reason why the person is being stopped or detained. Ex: " I stopped you because I saw your vehicle come through a stop sign at the last intersection without coming to a complete stop." (Describing the actions of the vehicle rather than personalizing the action to the driver tends to reduce tension.) Enforcement It
 - (d) It may defuse tension to ask a motorist if there was some reason for the violation. This giving them the opportunity to " have their say", often leads to an admission that the violator realized that they were in violation and precludes the defendant from offering a different excuse at trial. If you choose not to ask but the motorist wishes to give you a reason or excuse, listen politely and give them ample opportunity to tell their story.
 - (e) Politely ask for identification and any required documents. Ex: " May I please see your license, registration and proof of insurance?"

Newport Police Department

Newport PD Policy Manual

Professional Traffic Stops

- (f) After completing any necessary paperwork, inform the driver or pedestrian, as to what action is being taken and what, if any action the person must do as a result, such as how to pay any fine involved, obtain a traffic court hearing, etc.
- (g) Give an appropriate closing. For example, if the motorist was cooperative, "Thank you for your cooperation" may be in order. Do not use the trite expression, "Have a nice day", which would be inappropriate in these circumstances. "Please drive carefully, your safety is important to us" is more appropriate.
- (h) Make sure the driver is able to merge safely back into the traffic stream.
- (g) Appropriate enforcement action should always be completed, generally in the form of a warning, citation or arrest. The proper form must be filled out by the officer, and shall include the gender, race or ethnicity of the person stopped, if this information can reasonably be ascertained by physical appearance or from the driver's license or other documents provided by the individual. No motorist, once cited or warned, shall be detained beyond the point where there exists no reasonable suspicion of further criminal activity and no person or vehicle shall be searched in the absence of a warrant, a legally recognized exception to the warrant requirement, or the person's voluntary consent. In each case where a search is conducted, this information shall be recorded, including the legal basis for the search, and the results thereof. It is strongly recommended that consent searches only be conducted with written consent, using the proper department form. If the individual indicates that they will consent to a search but are refusing to sign the form, fill out the form anyway and indicate "consented to search but refused to sign", inserting initials and the signature of any witness in the signature block.
- (h) If the police cruiser is equipped with a video camera, the video and sound shall be activated prior to the stop, to record the behavior of the vehicle or person, and shall remain activated until the person is released and resume their journey.
- (i) In the absence of a specific, credible report containing a physical description, a person's race, ethnicity, gender or sexual orientation or any combination of these shall not be a factor in determining probable cause for an arrest or reasonable suspicion for a stop.
- (j) The deliberate recording of any misleading information related to the actual or perceived race, ethnicity, gender or sexual orientation of a person stopped for investigative or enforcement purposes is prohibited and a cause for disciplinary action up to and including dismissal.
- (k) If the department provides public information pamphlets to officers regarding the purpose of proactive enforcement, officers may distribute the pamphlet to each person subjected to such activities, whenever appropriate.

501.5 COMPLAINTS OF RACIAL/ETHNIC PROFILING

- (a) Any person may file a complaint with the Department if they feel they have been stopped or searched based on racial, ethnic, or gender based profiling, and no person shall be discouraged, intimidated, or coerced from filling such a complaint, or discriminated against because they have filed such a complaint.
- (b) Any officer contacted by a person who wishes to file such a complaint, shall provide the citizen with a copy of a citizen complaint form, which may be mailed or delivered in person to headquarters, and shall record the person's name, address, and telephone number and report the contact to the officers supervisor prior to the end of shift.
- (c) Supervisors receiving such a report shall forward it to the Chief of Police. All complaints shall be reviewed, the complaint acknowledged to the complainant in writing, and the complaint shall be informed of the results of the department's review within a reasonable period of time. The report and the reviewer's conclusion shall be filed with the Chief of Police, and shall contain findings and suggestions for disciplinary action or changes in policy, training, or tactics.
- (d) On an annual basis, the department shall create a statistical summary of all profiling complaints for the year, including findings to whether they were sustained, not sustained or exonerated.
- (e) Supervisors, shall review profiling complaints, periodically review a sampling of in-car video tapes of stops, reports filed on stops by officer, and respond at random to backup officers on vehicle stops, and shall take appropriate action whenever it appears that this policy is being violated, being particularly alert to any pattern or practice of possible discriminatory treatment by individual officers or teams.
- (f) The Records Department will inform the sergeants what data is available on the race of persons stopped, and after consultation with the sergeants, produce periodic reports on traffic stops by race and gender.

Traffic Collision Reporting

502.1 PURPOSE AND SCOPE

The Newport Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY

The Shift Supervisor will be responsible for proper investigation and reporting of motor vehicle crashes. Traffic crashes will be documented using the Oregon Police Traffic Crash Report and/or the Department's Information Exchange form. The Operations Lieutenant will receive all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING

The type of documentation of a crash is determined by the level of the incident: Exchange of information when there is a property damage only crash where the estimated damage amount is less than \$2,500.00. An Oregon Police Traffic Crash Report shall be completed when an officer responds to the scene of a crash and the damage amount to a single vehicle is more than \$2,500.00, damage to the property other than a vehicle is over \$2500.00 or an occupant of any vehicle is injured, or the investigating officer intends to take enforcement action. A full investigation, including scale diagram, shall be completed when there are major life threatening injuries and/or a fatality.

502.3.1 HIT AND RUN CRASHES

When one of the drivers in a crash fails to perform the duties of a driver and leaves the scene, the investigating officer will conduct a criminal investigation and complete a crime report. Should the crash meet the criteria of Policy 502.3, a Traffic Crash report will also be completed.

502.3.2 DUI INVOLVED CRASH

Should a driver be found to be impaired due to alcohol and/or drugs, the investigating officer will conduct a criminal investigation and complete a crime report. A Traffic Crash Report will be completed in all cases.

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic crash investigation reports shall be taken when a publicly owned vehicle is involved in a traffic crash upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic crash report at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there

Newport Police Department

Newport PD Policy Manual

Traffic Collision Reporting

is damage to a City vehicle, a City of Newport Vehicle Accident Report form shall be completed and forwarded to the Chief of Police.

Photographs of the collision scene and vehicle damage shall be taken.

502.4.2 TRAFFIC COLLISIONS INVOLVING DEPARTMENT EMPLOYEES

When an employee of this Department, either on-duty or off-duty, is involved in a traffic collision within the City limits of Newport resulting in a serious injury or fatality, the Shift Supervisor may notify the Oregon State Police for assistance.

The term "serious injury" is defined as any injury that results in hospitalization.

502.4.3 TRAFFIC COLLISIONS INVOLVING OTHER CITY EMPLOYEES OR OFFICIALS

The Operations Lieutenant or Shift Supervisor may request assistance from the Oregon State Police for the investigation of any traffic collision involving any Newport official or employee where a serious injury or fatality has occurred.

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or an officer issues a citation for a traffic violation. A Miscellaneous Report may be taken at the discretion of any supervisor.

502.4.6 LATE REPORTED TRAFFIC CRASHES

Late reported traffic crashes are those where an officer was not on the scene to investigate the crash. Should an involved individual wish to have the crash documented, an officer may document the crash with a brief statement on a Crime Report.

502.4.6 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in the Vehicle Towing policy.

Vehicle Towing

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Newport Police Department.

510.2 RESPONSIBILITIES

The responsibilities of those officers impounding a vehicle are as follows.

510.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION

Officers may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway (ORS 819.120 (2)(b)).

Officers should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Officers impounding a vehicle shall complete a vehicle impound report. A copy is to be given to the tow truck operator and the original is to be submitted along with the incident report to the Records Section as soon as practicable after the vehicle is stored.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle impound report is approved and forwarded to the Records Section, it shall be placed into the auto-file at the front desk to be immediately available for release or for information should inquiries be made.

510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in WVCC.

If the owner is incapacitated, or for any reason it is necessary for the [Department/Office] to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a no preference towing company. The officer will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Impound form.

Newport Police Department

Newport PD Policy Manual

Vehicle Towing

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Police [Department/Office] should not be driven by police personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.4 DISPATCHERS RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

If the request is for no preference towing, the dispatcher shall call the firm whose name appears next on the No Preference Towing Service log and shall make appropriate entries on that form to ensure that the next firm is called on the next request.

510.2.5 NOTICE TO OWNERS

Once the vehicle is impounded, records personnel shall mail a copy of the impound report along with information describing the location of the vehicle and the procedures for its release to the legal and registered owners of the stored vehicle within 48 hours after it has been stored, not including Saturdays, Sundays or holidays, unless the vehicle has been previously released (ORS 819.180). The notice shall include:

- (a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.
- (b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
- (c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges.
- (d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
- (e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.
- (f) The time within which a hearing must be requested and the method for requesting a hearing.
- (g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

Vehicle Towing

510.3 TOWING SERVICES

The City of Newport periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When a vehicle is being held as evidence in connection with an investigation
- (b) When it is otherwise necessary to impound a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations

Nothing in this policy shall require the [Department/Office] to tow a vehicle.

510.3.1 NO PREFERENCE TOW SERVICES

Upon proper application, the [Department/Office] may approve qualified towing services to be called when a citizen needs towing but has no preference as to which service to call.

Any complaint alleging a violation of the agreement or other misconduct by a no preference operator shall be referred to the police [department/office] for investigation. The [department/office] may periodically review the performance of each authorized no preference operator.

The [Department/Office] will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, one of the authorized firms shall be called in rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

510.4 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS

Officers should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law requires the impounding officer to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537).

Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence. If a recovered stolen vehicle is towed, the officer shall share the owner's contact information, including the person's home address and telephone number, with the towing service that assumes control of the vehicle (ORS 98.857).

510.5 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this [department/office] to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine, reasonably suggests that the vehicle should be stored (e.g., the vehicle would

Newport Police Department

Newport PD Policy Manual

Vehicle Towing

present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).

While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee's vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the [Department/Office] will not be responsible for theft or damages.

510.6 VEHICLE INVENTORIES

The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
 1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers.
 2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the

Newport Police Department

Newport PD Policy Manual

Vehicle Towing

vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.

- (c) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.
- (d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of \$10, valuables or a hazardous material.
- (e) Any valuables, to include cash in excess of \$10 or property valued at more than \$200, located during the inventory process will be listed on a property receipt and stored in this agency's property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.
- (f) The inventory is not a search for evidence of a crime, however, officers shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.
- (g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the [Department/Office] against fraudulent claims of lost, stolen, or damaged property.

510.7 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and an officer's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, officers should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

510.8 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the officer should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

Newport Police Department

Newport PD Policy Manual

Vehicle Towing

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.9 RELEASE CRITERIA

A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

- (a) Proof that a person with valid driving privileges will be operating the vehicle.
- (b) Proof of compliance with financial responsibility requirements for the vehicle.
- (c) Payment of the Newport Police Department administrative fee and any towing and storage charges.
- (d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.

This policy provides the procedure for seizing a vehicle under the Lincoln County DUII Vehicle Forfeiture ordinance 2.3000.

511.1.1 FORFEITURE OF MOTOR VEHICLE BEING DRIVEN BY PERSON WHO IS UNDER THE INFLUENCE OF INTOXICANTS

A motor vehicle is a nuisance and is subject to civil forfeiture if the motor vehicle is being driven by a person who is under the influence of intoxicants in violation of ORS 813.010 and the person:

- (a) Has previously been convicted of, or forfeited bail or security for, driving while under the influence of intoxicants, or its statutory counterpart in any jurisdiction, within ten years before the date of the commission of the present offense;
- (b) Has a charge of driving while under the influence of intoxicants, or its statutory counterpart in any jurisdiction, pending on the date of commission of the present offense;
- (c) Has previously participated in a driving while under the influence of intoxicants diversion program, or any similar alcohol or drug rehabilitation program in this state or any other jurisdiction, within ten years before the date of commission of the present offense;
- (d) Is participating in a driving while under the influence of intoxicants diversion program, or any similar alcohol or drug rehabilitation program in this state or in any other jurisdiction, on the date of commission of the present offense;
- (e) Has previously been convicted of, or forfeited bail or security for, murder, manslaughter, criminally negligent homicide, or assault that resulted from the operation of a motor vehicle in this state, or in any other jurisdiction, within ten years before the date of the commission of the present offense; or
- (f) Has a charge of murder, manslaughter, criminally negligent homicide, or assault that resulted from the operation of a motor vehicle in this state, or in any other jurisdiction, pending on the date of commission of the present offense.

511.2 PROCEDURES AND LIMITATIONS APPLICABLE TO FORFEITURE PROCEEDINGS BROUGHT UNDER LCC 2.3000

If the suspect meets the criteria for a DUII seizure, the Police Officer will request a non-preference tow for the vehicle to be towed to the Lincoln County Impound Yard.

The vehicle will be impounded and inventoried according to Policy 510.

The Police Officer will promptly serve a Notice to Potential Claimant form upon the arrested driver (prior to release from jail) and all registered owners of the vehicle, and promptly forward a copy of the police report and seizure notice to Lincoln County County Counsel.

Newport Police Department

Newport PD Policy Manual

Vehicle Forfeiture

Nor withstanding LCC chapter 10, forfeiture proceedings under LCC 2.3000 shall be subject to the procedures and limitations set forth in ORS Chapter 475A and the Oregon Constitution, Article XV, Section 10.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those [department/office] members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Newport Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Operations Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Oregon or another jurisdiction.

514.4 FIELD TESTS

The Operations Lieutenant should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS

A person implies consent under Oregon law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORS 813.100):

- (a) The arresting officer has reasonable grounds to believe that the person was DUI.

Newport Police Department

Newport PD Policy Manual

Impaired Driving

- (b) The person is arrested for DUI and takes a breath test that discloses a blood alcohol content of less than 0.08 percent (ORS 813.131).
- (c) The person is arrested for DUI and was involved in an accident resulting in injury or property damage (ORS 813.131).
- (d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting officer has reasonable grounds to believe that the person was DUI.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 BREATH SAMPLES

The Operations Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Operations Lieutenant.

514.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

Newport Police Department

Newport PD Policy Manual

Impaired Driving

514.5.4 STATUTORY NOTIFICATIONS

Prior to administering any tests, the person shall be informed of the rights and consequences for DUI and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

514.5.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

An officer may not request that a person submit to a urine test unless the officer is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The officer must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of cannabis, psilocybin, a controlled substance, an inhalant, or any combination of cannabis, psilocybin, an inhalant, a controlled substance, and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

514.5.6 ADDITIONAL TESTING

An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is an issue or of the person's blood or urine if the presence of cannabis, psilocybin, a controlled substance, or an inhalant in the person's body is an issue (ORS 813.150).

514.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ORS 813.100).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency

Impaired Driving

can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when legal and practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in his/her blood, the investigating officer shall cause the following items to be

Newport Police Department

Newport PD Policy Manual

Impaired Driving

forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form
- Any confiscated license or permit belonging to the person
- A copy of the written report that complies with ORS 813.120

An officer confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

514.7.2 OFFENSE FOR REFUSAL

If a person refuses to submit to a breath or urine test, the arresting officer may charge the person with a separate offense (ORS 813.095).

514.8 RECORDS SECTION RESPONSIBILITIES

The Operations Lieutenant will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.9 ADMINISTRATIVE HEARINGS

The Operations Lieutenant will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

514.10 TRAINING

The Operations Lieutenant should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Operations Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from an officer or recipient to dismiss a citation shall be referred to a supervisor for a review of the circumstances involving the issuance of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied, shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation.

516.3 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to Records.

516.4 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and an integral part of the citation is in need of correction, the officer issuing the citation shall submit a "Motion to Amend" form to the court. Integral parts of a citation include the defendant's name, date/time of offense, location of offense, and the offense.

Officers also may make a motion to amend the citation in court, prior to the start of the case.

516.5 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with the this department, all employees issued traffic citations books shall return any unused citations to the Records Section.

516.6 JUVENILE CITATIONS

For traffic offenses, there is an automatic waiver to adult court for juveniles 15 years or older. Should a juvenile not fall into this category, the juvenile shall be cited into Juvenile Court. The date/time of appearance should be listed as "To Be Notified".

72-Hour Parking Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the ORS or Newport City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of ORS 819.110.

524.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Newport 72-Hour Parking Ordinance shall be marked and noted on the Newport Police Department Marked Vehicle Card. No case number is required at this time.

- (a) A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. An abandoned Tow “Green Sticker” shall be prominently attached to a window in a manner that does not block a driver’s visibility.
- (b) All Marked Vehicle Cards shall be submitted to the Records Division for computer data entry.
- (c) If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Records Division.
- (d) Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

524.2.1 MARKED VEHICLE FILE

The Records Division shall be responsible for maintaining a file for all Abandoned Vehicle Cards.

The Parking Enforcement Officer, the Community Service Officer, or patrol officers shall be responsible for the follow-up investigation of all 72-hour parking violations noted on the Abandoned Vehicle Cards.

524.2.2 VEHICLE IMPOUND

Officers will be detailed to check on abandoned tows by the Records Division. If the vehicle is still in place, the officer will notify the Records Division who will order a tow for the vehicle.

When the tow company notifies the Records Section that the vehicle has been towed, Records personnel shall enter the vehicle into LEADS.

Newport Police Department

Newport PD Policy Manual

72-Hour Parking Violations

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Division to determine the names and addresses of any individuals having an interest in the vehicle. Records personnel shall mail to the legal and registered owners of the stored vehicle a certified letter which contains information describing the location of the vehicle, the procedures for its release, and the owner's right to a hearing, (ORS 819.180(1)).

Vehicles Impounded under this section may be subject to hearing procedures outlined in Policy Manual § 512.

524.3 VEHICLE DISPOSAL

If, after 30 days from the custody, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a vehicle impound hearing has been made, the Department may provide the lien holder storing the vehicle with authorization to dispose of any vehicle which has been appraised at a value of \$500 or less.

If the vehicle is appraised at more than \$500, the vehicle and contents shall be sold at public auction (ORS 819.210).

524.3.1 APPRAISAL

Vehicles disposed of under this policy must be appraised by an appraiser certified by the Department of Transportation (ORS 819.215).

524.4 IMPOUND HEARING

When a vehicle is stored under this section by any member of the Newport Police Department, a hearing will be conducted upon the timely request of any person who reasonably appears to have an interest in the vehicle.

524.4.1 HEARING PRIOR TO IMPOUNDMENT

If an interested person requests a hearing prior to the impoundment of the vehicle, the vehicle will not be towed until the hearing is held, unless it constitutes a hazard.

Radar Reader Board

527.1 PURPOSE AND SCOPE

It is the policy of the Newport Police Department to utilize the Reader Board as much as possible during the daylight hours. It has proven to be a useful piece of equipment in the education of drivers as to their actual speeds.

527.2 DEPLOYMENT

The Radar Reader Board is a valuable piece of equipment. If it were damaged to any great extent, we may not have sufficient budgetary support or allowance to make repairs. This would be a direct loss to our Department and may affect overall efficiency and the effectiveness of this Department.

In order to make the best use of the Reader Board, it is necessary to assign responsibility for its use.

- (a) It is the responsibility of the sergeant who is working the day shift to make sure that the Reader Board is displayed in the morning, and for checking it during the day.
- (b) It is the responsibility of the sergeant work nights to make sure that the Reader Board is returned to the Department, parked, and plugged in for overnight charging.

The Radar Reader Board is not to be left out overnight, unless it is being used as part of a special enforcement effort.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 POLICY

It is the policy of the Newport Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor. When required, the Department will coordinate investigations with the Lincoln County Major Crime Team.

600.2 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 1. An initial statement from any witnesses or complainants.
 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 5. Collect any evidence.
 6. Take any appropriate law enforcement action.
 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Newport Police Department

Newport PD Policy Manual

Investigation and Prosecution

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.3.3 INTERVIEWS OF CHILD WITNESSES

The Investigation Operations Lieutenant or the authorized designee is responsible for the development of child witness interview procedures that include parental notification and account for child safety. For purposes of this subsection, a child witness is an unmarried person who is under the age of 18 and who is not the victim of, suspect in, or related to the suspect in a child welfare, criminal, or delinquency investigation (2021 Oregon Laws, c.335).

600.4 MAJOR CRIME / INCIDENT INVESTIATIONS

600.4.1 MEMBERSHIP IN TEAMS

The Newport Police Department will participate and be a full member in the Lincoln County Major Crime Team and the Lincoln County Major Crash Team. The Department will participate in other teams or task forces on an as needed bases to benefit the Department and community.

Department members will follow the guidelines in the various agreements for these teams.

600.4.2 RESPONCE AVAILABILITY

The Operations Lieutenant will ensure that Department members assigned to the Major Crime Team and the Major Crash Team will be available to respond to call outs on a 24 hour - 7 day a week basis.

600.5 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).

600.6 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.6.1 AUDIO/VIDEO RECORDINGS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707 (ORS 133.400).

Newport Police Department

Newport PD Policy Manual

Investigation and Prosecution

A custodial interview of a person 17 years of age or under involving an investigation into a misdemeanor or a felony or an allegation that the juvenile being interviewed committed an act that would be a misdemeanor or a felony if committed by an adult shall be recorded, absent good cause not to record the interview, if (ORS 133.402):

- (a) The interview is conducted at a courthouse or at any law enforcement agency authorized to detain juvenile offenders; or
- (b) The interview is conducted anywhere else and the officer is wearing a body-worn camera.

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Section supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.7 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

Newport Police Department

Newport PD Policy Manual

Investigation and Prosecution

- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.8 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this [department/office]. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using [department/office] equipment.

Information obtained via the internet should not be archived or stored in any manner other than [department/office]-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.9.1 ACCESS RESTRICTIONS

Information that can be accessed from any [department/office] computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses,

Newport Police Department

Newport PD Policy Manual

Investigation and Prosecution

requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.10 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Operations Lieutenant or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Case Management

601.1 PURPOSE AND SCOPE

Case management is a system to manage investigative resources. The process involves regulating case flow, monitoring investigative activities, assessing individual performance, and providing victims of crime with information regarding their case.

Regulating case flow insures that investigative resources are applied to those cases and investigations that can most benefit from expenditure of investigative resources. This is done by case screening and assignment using solvability factoring, establishing deadlines of reporting investigative progress, and managing investigative caseloads.

601.2 POLICY

It is the policy of the Newport Police Department to maximize the effectiveness of investigative resources by assigning to them only those cases that have a high probability of solution, or those cases that require specialized skills.

601.3 PRELIMINARY INVESTIGATIONS

- (a) Initial Response - Uniformed patrol officers will normally respond to each crime reported to the Newport Police Department. Many times the most important factor in solving a crime is the information supplied to the first responding officer by a victim or witness. A responding patrol officer will generally conduct the preliminary investigation of most crimes, and will be responsible to call for any other assistance that may be needed. The shift supervisor may request, through the Detective Sergeant, that a detective respond when a non-uniformed response is necessary or more appropriate.
- (b) Preliminary Investigations - Preliminary investigations begin when the officer arrives at the scene of an incident, first makes contact with the complainant, or becomes aware that a crime has been or is being committed. The officer initially assigned will be responsible to conduct the preliminary investigation to its final conclusion, or until there is a transfer of responsibility of the case.
- (c) The nature of certain incidents may require the immediate assignment of a detective:
 - (a) Deaths of a violent or suspicious nature;
 - (b) Felony sex crimes of a violent nature;
 - (c) Felony assaults involving serious injury;
 - (d) Armed robberies;
 - (e) Arson in the First Degree;
 - (f) Any crime requiring the expertise of a detective.

Newport Police Department

Newport PD Policy Manual

Case Management

Many times the preliminary investigation is carried to a successful conclusion with the arrest of a suspect. At this point, the case will be considered closed by arrest.

- Citizen Report Forms- Citizens that walk up to the Records counter, call in by phone, or access our website may be given or mailed a self-reporting form to fill out. This may be done at the Records counter and assigned a case number at that time, or may be mailed to Records for processing. Normally, this form will be used for those reports of minor incidents such as thefts, car clouts, vandalism, etc., where there are no suspects, no evidence to indicate who the suspect is, or any other leads to follow up.

601.4 FOLLOW UP INVESTIGATIONS

Follow up investigations may be completed by the initial responding officer, or assigned to the Detective Unit. The Detective Sergeant, using the guidelines of solvability factoring and case screening, determines follow up assignments.

- (a) Case Screening - Case screening is the manner of deciding whether or not to continue an investigation. Case screening is designed to provide sufficient information about a case at the earliest possible point in the investigative process to permit a decision on the desirability of investing additional resources. Screening on the basis of potential solvability maximizes Department resources by eliminating cases that are of low priority and unlikely to be solved. Case screening helps manage and supervise officers and detectives by providing them with realistic expectations, and dedicates resources to solving cases that will result in the probability of clearance by arrest.
- (a) Case screening begins when the initial responding officer completes his/her initial report. The officer should then complete a Case Solvability Factoring form that will accompany the police report to the Records Division. Case Solvability factoring contains objective factors that have been shown in studies (the Rand Study, Stanford Research Institute Report) to be the factors that determine whether or not a case is solved. In other words, if one of the factors is not present, there is little chance of the crime being solved. The factors are assigned a point value by answering the factor question positively. The factors are:
 - (a) Can the suspect be named? 10
 - (b) Is the suspect known? 7
 - (c) Can the suspect be identified? 4
 - (d) Can the suspect be described? 2
 - (e) Was there a witness to the crime: 3
 - (f) Can the suspect vehicle be identified? 5
 - (g) Is stolen property traceable? 2

Newport Police Department

Newport PD Policy Manual

Case Management

- (b) The maximum possible aggregate point total for a crime is 36 points. All cases with an aggregate point value of ten (10) or more points will be assigned for follow up investigation.
- (b) Assigning Follow Up Investigations - After the officer completes his/her report, the report will be submitted to the Report Approval basket, if in paper form, or by computer for supervisory approval. After a supervisor approves the report and the accompanying Case Solvability Factoring form, they will be forwarded to the Records Division. Records personnel will then review the Case Solvability Factoring form to determine which cases and accompanying Case Solvability forms will be copied and placed in the case assignment basket to be assigned by the case assignment sergeant for follow up investigation. Cases may be assigned to patrol personnel or to Detectives, based on their type and nature as determined by the case assignment sergeant. Most property crimes and minor crimes against persons will be assigned to patrol, usually to the original investigation officer. Serious crimes against persons, and in extreme cases serious property crimes, will usually be assigned to detectives.
 - (a) To a great extent, the Detective Unit serves the patrol officers. The patrol officers handle much of the investigative load. A detective may be called to assist a patrol officer on a case only if a Patrol Sergeant or Detective Sergeant determines the need for investigative resources according to the following criteria:
 - (a) The detective has special knowledge or expertise, including interviewing skills, that would materially enhance the investigation.
 - (b) A suspect is known, but is not in custody, and there is a need for an immediate follow up and apprehension.
 - (c) The nature of the investigation precludes patrol officers from completing the investigation due to unusual constraints, including investigation out of the city.
 - (d) A suspect is known and in-custody, and is providing information that would be valuable in clearing other serious offenses.
 - (e) Other unusual situations that have been approved by the Detective Sergeant.
 - (f) The Chief of Police has been notified of any call-out for a serious crime, or when overtime will be required to conduct the follow up investigation.

Newport Police Department

Newport PD Policy Manual

Case Management

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

The Newport Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Section supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Newport Police Department

Newport PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Eyewitness Identification

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Newport Police Department

Newport PD Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Newport Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The Newport Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Newport Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The [Department/Office] will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the [department/office] case file.

Newport PD Policy Manual

Brady Material Disclosure

612.4 DISCLOSURE OF REQUESTED INFORMATION

If a member of this [department/office] is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and [department/office] member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or [department/office] counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

612.5 INVESTIGATING BRADY ISSUES

If the [Department/Office] receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

[Department/Office] personnel should receive periodic training on the requirements of this policy.

612.7 BRADY PROCESS

The Chief of Police shall select a member of the [Department/Office] to coordinate requests for *Brady* information. This person shall be directly responsible to the Administration Operations Lieutenant or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

Newport Police Department

Newport PD Policy Manual

Brady Material Disclosure

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating the list whenever potential *Brady* information concerning any [department/office] member becomes known to the [Department/Office] or is placed in a personnel or internal affairs file.

Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means. For the purpose of this policy, a UAS includes a drone, as defined by ORS 837.300.

613.2 POLICY

A UAS may be utilized to enhance the [department/office]'s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current (OAR 738-080-0045).
- Ensuring that all authorized operators and required observers have completed all required FAA and [department/office]-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

Newport Police Department

Newport PD Policy Manual

Unmanned Aerial System (UAS) Operations

Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence is accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Ensuring that the UAS is registered with the Oregon Department of Aviation (ORS 837.360).
- Developing protocols for storage, security, and access to data collected by the UAS (ORS 837.362).
- Developing protocols if a third party is used for the storage of data, including handling, security, and access to the data by the third party (ORS 837.362).
- Developing protocols for disclosing data collected by the UAS through intergovernmental agreements (ORS 837.362).
- Publishing the [department/office] policies and procedures regarding the use, storage (including third party storage), accessing, sharing, and retention of data collected by the UAS, including the text of ORS 192.345 on the [department/office] website or other publicly accessible system (ORS 837.362).

613.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Newport Police Department

Newport PD Policy Manual

Unmanned Aerial System (UAS) Operations

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

The UAS shall only be operated by the [Department/Office] (ORS 837.320; ORS 837.330; ORS 837.335):

- (a) Pursuant to a valid warrant authorizing its use.
- (b) When there is probable cause to believe that a person has committed a crime, is committing a crime or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.
- (c) With written consent of an individual for the purpose of acquiring information about the individual or the individual's property.
- (d) As part of search and rescue activities, as defined in ORS 404.200.
- (e) When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual.
 1. A report shall be prepared documenting the factual basis for the belief.
 2. Within 48 hours of the emergency, a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of the UAS.
- (f) During a state of emergency declared by the Governor, if:
 1. The UAS is used for preserving public safety, protecting property or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion or contamination.
 2. The UAS is operated only in the geographical area specified in the Governor's proclamation.
- (g) For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment, that is related to a specific investigation, as provided by ORS 837.340.
- (h) For the purpose of training in the use and acquisition of information, as provided in ORS 837.345.

613.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Newport Police Department

Unmanned Aerial System (UAS) Operations

- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized (ORS 837.365).

The UAS shall not be used in any way that causes interference with an aircraft that is in the air, taking off, or landing (ORS 837.374).

613.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule (ORS 837.362).

613.8 REPORTING

The Records Section supervisor shall ensure that an annual report is provided to the Oregon Department of Aviation that summarizes the frequency of UAS use and the purpose for the use, and indicates how the public can access the [department/office]'s policies and procedures regarding the use of data resulting from the use of UAS as required by ORS 837.360.

Warrant Service

614.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this Department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

614.2 POLICY

It is the policy of the Newport Police Department to balance the safety needs of the public, the safety of Department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 OPERATIONS LIEUTENANT

The Operations Lieutenant (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The Operations Lieutenant will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

614.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

Warrant Service

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

614.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded with notice to all parties to a conversation that

Newport Police Department

Newport PD Policy Manual

Warrant Service

a recording is being made unless otherwise permitted in the warrant or ORS 133.726 (ORS 165.540).

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

614.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Force Response Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

Newport Police Department

Newport PD Policy Manual

Warrant Service

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Newport Police Department are utilized appropriately. Any concerns regarding the requested use of Newport Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If officers intend to serve a warrant outside Newport Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Newport Police Department when assisting outside agencies or serving a warrant outside Newport Police Department jurisdiction.

614.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

614.12 TRAINING

The Operations Lieutenant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

615.2 POLICY

It is the policy of the Newport Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS LIEUTENANT

The Operations Lieutenant will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The Operations Lieutenant will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The Lieutenant will also have the responsibility for coordinating operations that are categorized as high risk.

615.4 RISK ASSESSMENT

615.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Newport Police Department

Newport PD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and Operations Lieutenant shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS

If the Operations Lieutenant, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. SWAT
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

Operations Planning and Deconfliction

8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

615.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

615.6 OPERATIONS PLAN

The Operations Lieutenant should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

615.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Newport Police Department

Newport PD Policy Manual

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The Operations Lieutenant shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the Operations Lieutenant for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the Operations Lieutenant to ensure that WVCC is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by WVCC, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

615.8 SWAT PARTICIPATION

If the operations director determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

615.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

615.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

Sexual Assault Investigations

616.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

616.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally composed of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

616.2 POLICY

It is the policy of the Newport Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

616.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

Sexual Assault Investigations

616.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

616.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Section supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

616.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

616.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to WVCC, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

Newport Police Department

Newport PD Policy Manual

Sexual Assault Investigations

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

616.7.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

616.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the officer shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

616.8.1 COLLECTION AND TESTING REQUIREMENTS

A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the [Department/Office] that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the [Department/Office] receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (ORS 181A.325).

Newport Police Department

Newport PD Policy Manual

Sexual Assault Investigations

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (ORS 181A.325).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

616.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

616.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Section supervisor.

Classification of a sexual assault case as unfounded requires the Detective Section supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

616.10 CASE REVIEW

The Detective Section supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Operations Lieutenant, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

700.3.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

Personnel from another agency may intentionally or unintentionally cause damage to the real or personal property of the City of Newport or of another person while performing their duties within the jurisdiction of this department. It shall be the responsibility of the department member present or the member responsible for the property to report the damage as follows:

- (a) A verbal report shall be made to the member's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Operations Lieutenant which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

Inventory Management and Control

701.1 PURPOSE AND SCOPE

To ensure that procedures are in place for accounting for Department-owned property, equipment, and other assets. Department-owned property is defined as assets valued at \$5,000 or more, all weapons, radios, electronic/computer equipment, uniforms, and other property deemed essential to police operations. Items of a consumable nature, e.g., ammunition, paper, inc, etc., are not considered "assets" in the context of this policy.

701.2 POLICY

It is the policy of the Newport Police Department to maintain a system of accountability for its real property, all equipment, vehicles, and expendable property. The Department will utilize a computerized inventory database that includes a bar code system to track the Department's property, equipment, and other assets as defined above. The Department may also use a less sophisticated system to document the control of significant expendable supplies that are easily transportable, and of common or extraordinary value, e.g., new tires, badges, etc.

701.3 PROCEDURE

Responsibility for monitoring and maintaining inventory of the Department owned property is assigned to the Executive Assistant to the Chief of Police (EAC)

The EAC will be the central receiving point when property is delivered to the Department. Asset inventory bar code numbers will be affixed prior to the property being delivered to the appropriate member of the Department. Equipment that should display a bar code label include, but are not limited to, officer furniture; electronic equipment (cameras and camera equipment); electronic surveillance equipment; computer equipment (monitors, CPUs, scanners, printers, laptops, and related equipment); office equipment (copy machines, fax machines, shredders, adding machines) miscellaneous equipment (power tools) any other equipment designated by the Chief of Police.

Due to the construction characteristics of certain pieces of equipment (e.g., weapons, flashlights, protective vests, etc.), affixing an inventory bar code label may be impractical or impossible. They may be tracked by the manufacturer's serial number, an assigned radio identifier, or other possible methods.

701.4 ANNUAL INVENTORY

Each supervisor will conduct an annual physical inventory of those items assigned to their respective divisions or teams. A summary of the inventory's results will be forwarded to the Chief of Police by the EAC.

701.5 MAINTENANCE OF ISSUED EQUIPMENT

Employees are responsible for maintaining their issued equipment in a state of operational readiness. They will promptly report any deficiency, malfunction, or loss to their immediate

supervisor. Defective or worn equipment will be returned to the EAC prior to issuance of the replacement item.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Newport Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

702.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Newport Police Department

Newport PD Policy Manual

Personal Communication Devices

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Newport Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved

Newport Police Department

Newport PD Policy Manual

Personal Communication Devices

off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

Newport Police Department

Newport PD Policy Manual

Personal Communication Devices

- (c) Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORS 811.507). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

Vehicle Use

706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Newport to provide assigned take-home vehicles.

706.2 POLICY

The Newport Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.3 USE OF VEHICLES

City-owned vehicles shall only be used for official business and, when approved, for commuting to allow members to respond to department-related business outside their regular work hours.

Members shall not operate a City-owned vehicle at any time when impaired by drugs and/or alcohol.

Any member operating a vehicle equipped with a two-way communications radio, MDC and/or a GPS device shall ensure the devices are on and set to an audible volume whenever the vehicle is in operation.

706.3.1 SHIFT ASSIGNED VEHICLES

Members who use a fleet vehicle as part of their work assignment shall ensure that the vehicle is properly checked out and logged on the daily shift roster, according to current procedures, prior to taking it into service. If for any reason during the shift the vehicle is exchanged, the member shall ensure that the exchanged vehicle is likewise properly noted on the daily shift roster.

All vehicles used in patrol operations are equipped with a police radio and emergency equipment as defined by ORS 816.250 and OAR 735-110-0010 through OAR 735-110-0050. Vehicles with defective emergency equipment should be promptly reported to a supervisor and not used for patrol duties.

706.3.2 UNSCHEDULED USE OF VEHICLES

Members utilizing a City-owned vehicle for any purpose other than their regularly assigned duties shall first notify the Shift Supervisor of the reason for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. This section does not apply to members permanently assigned an individual vehicle (e.g., command staff, detectives), who regularly use the vehicle on an unscheduled basis as part of their normal assignment.

Newport Police Department

Newport PD Policy Manual

Vehicle Use

706.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

706.3.5 MOBILE DIGITAL COMPUTER

Members assigned to vehicles equipped with a Mobile Digital Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify WVCC. Use of the MDC is governed by the Mobile Digital Computer Use Policy.

706.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Operations Lieutenant approval.

Newport Police Department

Newport PD Policy Manual

Vehicle Use

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

706.3.8 AUTHORIZED PASSENGERS

Members operating department vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

706.3.9 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

706.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

706.3.11 ACCESSORIES AND/OR MODIFICATIONS

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

706.3.12 NON-SWORN MEMBER USE

Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

706.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

Newport Police Department

Newport PD Policy Manual

Vehicle Use

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

706.4.2 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

- (a) The circumstances are unplanned and were created by the needs of the Department.
- (b) Other reasonable transportation options are not available.
- (c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Newport City limits.
- (d) Off-street parking will be available at the member's residence.
- (e) Vehicles will be locked when not attended.
- (f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

706.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Newport is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Newport may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Operations Lieutenant gives authorization.

Newport Police Department

Newport PD Policy Manual

Vehicle Use

- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:
 - 1. In circumstances when a member has been placed on call by the Chief of Police or Operations Lieutenants and there is a high probability that the member will be called back to duty.
 - 2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or traveling to or from a work-related activity or function.
 - 3. When the member has received permission from the Chief of Police or Operations Lieutenants.
 - 4. When the vehicle is being used by the Chief of Police, Operations Lieutenants or members who are in on-call administrative positions.
 - 5. When the vehicle is being used by on-call investigators.
- (d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.
 - 1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
 - 2. All weapons shall be secured while the vehicle is unattended.
 - 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).
- (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.
 - 1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
 - 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (i) The member is responsible for the care and maintenance of the vehicle.

706.4.4 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Newport Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
- (d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
- (e) All weapons shall be removed from any vehicle left for maintenance.
- (f) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

706.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also be recorded with the Shift Supervisor on the shift assignment roster.

706.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Newport Police Department

Newport PD Policy Manual

Vehicle Use

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Shift Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

706.7 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Float Vests

707.1 PURPOSE

The purpose of the Department float vest policy is to provide an extra degree of safety for its officers when they are operating in and around waterways or the ocean.

707.2 POLICY

It is the policy of the Newport Police Department to provide its officers an extra measure of safety in the event they find themselves in the water and in need of safety flotation.

707.3 USE

Officers are encouraged to use the float vests whenever they anticipate being around water in such areas as the Port Docks, ocean beaches, City reservoir, or any other body of water. The use of the float vests will be solely at the discretion of the officer.

707.4 MAINTENANCE

Each vehicle utilized by the Newport Police Department will be equipped with an automatic float vest. It will be stored in a "dry bag" in the trunk of the vehicle.

707.5 INSPECTION

Each officer will check the condition of the vest prior to going on duty. The officer will report any damage or inflation of the vest to their Sergeant as soon as practical. Any damaged or inflated vest will be taken out of service.

Automatic External Defibrillators

709.1 PURPOSE

The purpose of the Newport Police Automatic External Defibrillator (AED) policy is to provide immediate first aid action to victims of cardiac arrest. Department members on patrol may arrive at the scene of a possible cardiac arrest prior to the arrival of emergency medical services. When a cardiac arrest occurs, seconds and minutes may mean the difference between life or death. The issued AEDs may be used to assist the revival and recovery of victims.

709.2 POLICY

It is the policy of the Newport Police Department to assist its officers in using the provided AEDs and maintain them in a ready and useful manner. The Department will also provide training in the use of the AEDs and in CPR.

709.3 PROCEDURES

709.3.1 TRAINING

All members of the Newport Police Department will receive American Red Cross AED training and familiarization by an approved American Red Cross trainer.

709.3.2 MAINTENANCE

Prior to each shift, each officer shall check the AED to make sure the unit battery level is sufficient. Officers should replace pads and other supplies as soon as possible after use. If an AED has failed to function in any manner, it should be taken out of service, and a Sergeant notified as soon as practical so the unit can be repaired and returned to service. The Sergeant will check the unit to see what, if any, malfunction has occurred, and return the unit to service if applicable, or return the unit to the manufacturer for repairs.

709.3.3 DEPLOYMENT

Each patrol officer/sergeant shall check out an AED unit at the beginning of the duty shift. The unit will be placed in the trunk of their patrol vehicle. Officers equipped with AEDs are expected to bring the unit to any scene where it can be reasonable anticipated that AED use would be appropriate.

709.3.4 OPERATOR

Only officers that have received approved training should operate the AED. The AED will be used only as instructed in training, and in appropriate circumstances.

709.3.5 INSPECTION

Each officer shall inspect the AEDs daily by checking for:

- (a) Cleanliness
- (b) Proper operation

Newport Police Department

Newport PD Policy Manual

Automatic External Defibrillators

- (c) Damage
- (d) Proper battery charge
- (e) Expiration of dated materials
- (f) Missing equipment

709.3.6 REPORTING

Should an AED actually be used, and a shock delivered, the unit should be given to the officer's sergeant as soon as practical. Anytime an AED is attached to a patient, it is considered to be an AED use, regardless of whether or not a shock is delivered.

a. The information stored in the unit will then be downloaded to a data base. The Sergeant will download the information from the AED into the Department's computer system in the LEDOCS folder.

b. The officer will then prepare a memorandum reporting the circumstances of the use and disposition of the patient, and whether or not the AED actually delivered a shock.

Thermal Imaging

711.1 PURPOSE

The purpose of this policy is to outline the appropriate use of the thermal imaging devices by Newport Police Department officers.

711.2 POLICY

It shall be the policy of the Newport Police Department to use thermal imaging devices only as directed by Department policy, and state and federal law. Equipment will be utilized only by personnel trained in its use, and in applications acceptable by the Department.

711.3 DEFINITIONS

: A structure existing for the purpose of trade or commerce.

: The area immediately surrounding a residence that "harbors the intimate activity associated with the sanctity of a person's home and the privacies of life." In determining curtilage, officers should consider:

- The distance from the home to the place claimed to be curtilage (the nearer the area to the home, the more likely it will be found to lie with the curtilage);
- Whether the area claimed to be the curtilage is included within an enclosure surrounding the home (inclusion within a common enclosure will make it more likely that a particular area is part of the curtilage);
- The nature of use to which the area is put (if it is the site of domestic activities, it is more likely to be a part of the curtilage); and
- The steps taken by the resident to protect the area from observation by people passing by (areas screened from view are more likely to be a portion of the curtilage).

: An area having no restricted access, and open to public view.

: A passive, non-intrusive system designed to detect heat variation among the objects in front of it, so as to produce an image indicating the presence of the heat-producing source. Thermal imaging devices are most useful in late night or early morning situations because of the absence of alternate heat/light sources.

711.4 AUTHORIZATION FOR USE

Officers who have been trained in the basic operation of the equipment are authorized to use thermal imaging equipment.

Only those officers who have received specialized certification "Level I" or above are authorized to use thermal imaging equipment in the following circumstances:

- (a) Structure profiles or underlying building structure.

Thermal Imaging

- (b) Known or assumed instances requiring testimony related to the equipment's operation or capabilities.

In all instances, officers utilizing thermal imaging equipment will refer to section 711.7 "Legal Considerations" of this chapter. Any further questions should be directed to a Supervisor or the Chief of Police.

711.5 REQUESTS FOR USE

Requests for use of equipment that originate outside the City must be approved by the on-duty supervisor prior to Newport Police personnel being dispatched to the location. Approval will be based on:

- Nature of the incident
- Availability of personnel

711.6 APPROVED LAW ENFORCEMENT APPLICATIONS

: Due to the fact that the human body gives off heat in the form of infrared energy, thermal imaging devices can be used to locate lost persons.

: Use of thermal imaging may permit search personnel to determine the location of an offender without necessitating a "blind" sweep of an area. Enough officers can be deployed to the location to safely effect the arrest of a criminal.

: Thermal imaging equipment may be used to track a vehicle that had attempted to flee. Officers may be able to locate the now parked vehicle by detection of the heat emitted from the vehicle engine, tires, and brakes.

: Profiling a structure or curtilage through the use of thermal imaging is NOT allowed by this Department, except with a search warrant. (*Kyllo v. U.S.*, 00-8508)

: This technology can be used to conduct non-destructive surveys of walls or floors of structures that are suspected of containing money, drugs, or other contraband. Detection is made based on the variation of the thermal absorption characteristics of building materials. This same principle applies to the detection of secret compartments in houses, or the detection of materials buried in recently disturbed soil.

: It has been found that toxic waste, oil spills, the residue of clandestine drug laboratories, and other pollutants generate heat differentials that are detectable by thermal imaging. These materials can be detected from long distances, even at night.

: The thermal imaging device can be utilized to establish a perimeter surveillance system a much reduced cost of manpower.

: The equipment may be used to locate suspects or other obstacles that could create a danger to police personnel. Officers are to be mindful of personal safety when using the vision-limiting viewfinders of the imagers.

Thermal Imaging

: The equipment may be used to conduct non-destructive surveys of vehicles, or containers attached to a vehicle, that may contain false or hidden compartments suspected of transporting illegal contraband.

: Once solar effects are no longer a factor, internal building heat will be detected based on the amount of heat and degree of insulation in the target structure.

- Nearby highly reflective materials, such as a car or trailer near the target building, may affect surveillance efforts.
- Do not attempt thermal surveillance of a building during daylight hours, or in the early evening.

: Trees and plants can cause a nearby wall or roof of a structure to become warmer since the tree/plant absorbs the heat during the day, and slowly radiates the heat at dusk and early evening.

- Since cool air sinks to low-lying areas, identical buildings at different elevations may exhibit different thermal images due to outdoor temperature inversion conditions.

: The thermal imaging of a suspect structure, and other similar structures for reference purposes, should be performed from the same direction. South and West walls absorb more solar heat.

- If the orientation of the thermal image cannot be held constant, the surveillance should be conducted very late at night, or very early in the morning.

: Different building materials will emit heat at varying rates.

- Differing radiation rates occur due to wall and roof color. These color differences should be noted in the daylight, even though most thermal imagery surveys are conducted in the late night or early morning hours.

: Conditions such as fog, clouds, rain, or snow present the thermal imager with numerous small surfaces (water droplets) between the imager and the structure being viewed. The imager will measure the heat from these small surfaces rather than the target object.

- High winds will significantly affect the cooling of building surfaces, both of radiated and the internal emitted heat.
- Thermal imagers are extremely useful in a smoke-filled environment for the detection of the fire's heat source, or in locating persons.

711.6.1 SEARCH AND RESCUE

Due to the fact the human body gives off heat in the form of infrared energy, thermal imaging devices can be used to locate lost persons.

711.6.2 LOCATING FUGITIVES

Use of thermal imaging may permit search personnel to determine the location of an offender without necessitating a "blind" sweep of an area. Enough officers can be deployed to the location to safely effect the arrest of the criminal.

Newport Police Department

Newport PD Policy Manual

Thermal Imaging

711.6.3 VEHICLE PURSUITS

Thermal imaging equipment may be used to track a vehicle that had attempted to flee. Officers may be able to locate the now parked vehicle by detection of the heat emitted from the vehicle engine, the tires, and the brakes.

711.7 LEGAL CONSIDERATIONS

Thermal imaging systems can be used to survey open fields, and other property open to the public. The officer must conduct the observation from a public vantage point where the operator has a right to be (such as public property, navigable airspace, or private property with the owner's permission).

711.8 TRAINING

Training on all thermal imaging equipment will be done by shift supervisors during briefing sessions.

711.9 ANNUAL TESTING

All thermal imaging equipment will be tested and inspected annually by a supervisor. Any repair or adjustments will be made.

711.10 REPORTING

When thermal imagers are used for specific needs with specific law enforcement goals, these uses will be documented. A memorandum will be completed and submitted to the officer's supervisor after each use. The completed form should be maintained and periodically checked to assist in using imagers in the most effective way possible.

711.11 STORAGE AND MAINTENANCE

The imagers will be stored in the same locked cabinet as the Taser equipment. This locker will be kept locked at all times. Due to the high cost of the thermal imaging equipment, it will be treated with the utmost care. Any damage, misuse, or repair needs will be immediately reported to the user's immediate supervisor.

Personal Protective Equipment

712.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the [Department/Office] as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

712.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

712.2 POLICY

The Newport Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

712.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

712.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 29 CFR 1910.95 and OAR 437-002-0080.

712.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the

Newport Police Department

Newport PD Policy Manual

Personal Protective Equipment

prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in OAR 437-002-0134.

712.6 HEAD AND BODY PROTECTION

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

712.7 RESPIRATORY PROTECTION

The Administration Operations Lieutenant is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; OAR 437-002-0120):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

712.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall

Newport Police Department

Newport PD Policy Manual

Personal Protective Equipment

reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; OAR 437-002-0120):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

712.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; OAR 437-002-0120):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per [department/office]-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

712.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; OAR 437-002-0120).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.

Newport Police Department

Newport PD Policy Manual

Personal Protective Equipment

- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.
- (d) The expiration date on the cartridges or canisters has been reached.

712.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

712.7.5 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; OAR 437-002-0120).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; OAR 437-002-0120):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

712.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

No member shall be issued respiratory protection that forms a complete seal around the face until (29 CFR 1910.134; OAR 437-002-0120):

- (a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
- (b) A physician or other licensed health care professional has reviewed the questionnaire.
- (c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

712.8 RECORDS

The Operations Lieutenant is responsible for maintaining records of all:

- (a) PPE training.

Newport Police Department

Newport PD Policy Manual

Personal Protective Equipment

- (b) Initial fit testing for respiratory protection equipment.
- (c) Annual fit testing.
- (d) Respirator medical evaluation questionnaires and any subsequent physical examination results.

1. These records shall be maintained in a separate confidential medical file.

The records shall be maintained in accordance with the [department/office] records retention schedule, 29 CFR 1910.1020 and OAR 437-002-0360.

712.9 TRAINING

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132; OAR 437-002-0120).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (29 CFR 1910.134; OAR 437-002-0120).

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Oregon Department of Transportation
- Oregon Traffic Safety Commission

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the

Newport Police Department

Newport PD Policy Manual

Crime Analysis

development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Property and Evidence

804.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

804.2 DEFINITIONS

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

Property - Includes all items of evidence items taken for safekeeping, and found property.

Safekeeping - Includes the following types of property:

- Property obtained by the [Department/Office] for safekeeping, such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

804.3 PROPERTY HANDLING

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

804.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Newport Police Department

Newport PD Policy Manual

Property and Evidence

- (a) Complete the property form describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.
- (b) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
- (c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
- (d) Place the case number in the upper right-hand corner of the bag.
- (e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.
- (f) When the property is too large to be placed in a locker, the item may be retained in the processing room. Submit the completed property record into a numbered locker indicating the location of the property.

804.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs (including paraphernalia as defined by ORS 475.525(2)) shall be booked separately using a separate Property Record.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker, and appropriate entry documented in RMS.

804.3.3 EXPLOSIVES/HAZARDOUS SUBSTANCES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Shift Supervisor. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives. In the event of military ordnance, the closest military unit shall be notified and will be responsible for removal of the device.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The property and evidence technician is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

804.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker.
- (b) License plates found not to be stolen or connected with a known crime should be released directly to the property and evidence technician or placed in the designated

Newport Police Department

Newport PD Policy Manual

Property and Evidence

container for return to the Department of Motor Vehicles. No formal property booking process is required.

- (c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the property and evidence technician or placed in the bicycle storage area.
- (d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking officer and the supervisor. The Shift Supervisor shall be contacted for cash in excess of \$1,000 for special handling procedures.

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

804.3.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence, it is important that such evidence be collected, handled, and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The property and evidence technician will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

804.3.6 COLLECTION AND PRESERVATION OF SAFE KITS

Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The Newport Police Department will collect and maintain the chain of evidence for all Oregon State Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE Kits from anonymous victims shall be handled by the Investigation Division, which shall assign a detective to ensure their proper collection and preservation. When a medical facility notifies this [department/office] that evidence of a sexual assault has been collected and a SAFE Kit is available, the assigned detective shall be responsible for the following:

- (a) Respond promptly to the medical facility to retrieve the evidence.
- (b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.

Newport Police Department

Newport PD Policy Manual

Property and Evidence

- (c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.
- (d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

A SAFE Kit collected for a victim whose identity is not disclosed should be maintained in the same manner as other SAFE Kits, but should not be opened until or unless the victim reports the assault. Opening SAFE Kits may compromise the admissibility of evidence in the event of a prosecution.

804.3.7 REPORTS

A written report will be prepared which details how the evidence/property came into the officer's possession, specifically describing each item of property obtained.

804.3.8 STORAGE OF SURRENDERED WEAPONS

Officers shall accept and store any weapons and ammunition from an individual who has been ordered by a court pursuant to an extreme risk protection order (ORS 166.527) or a protection order or judgment of conviction subject to the provisions of ORS 166.255 to surrender weapons and ammunition. The officer receiving the surrendered items shall prepare a property receipt and provide the individual with a copy. The officer should promptly forward the original receipt to the Operations Lieutenant for timely filing with the court (ORS 166.537).

804.4 PACKAGING OF PROPERTY

Certain items require special consideration and shall be booked separately as follows:

- (a) Narcotics and dangerous drugs
- (b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible.
- (c) Property with more than one known owner
- (d) Paraphernalia as described in ORS 475.525(2)
- (e) Fireworks and other hazardous materials
- (f) Contraband

804.4.1 PACKAGING CONTAINER

Employees shall package all property in a suitable container available for its size. Knife boxes should be used to package knives. All packages containing evidence must be sealed with evidence tape, initialed, and dated across the seal.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Property Room; however, when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

A property tag shall be securely attached to the outside of all items or group of items packaged together.

Newport Police Department

Newport PD Policy Manual

Property and Evidence

804.4.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker, accompanied by two copies of the property record. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking officer shall initial the sealed envelope and the initials covered with evidence tape. Narcotics and dangerous drugs shall not be packaged with other property.

A completed property tag shall be attached to the outside of the container. The chain of evidence shall be recorded on the back of this tag.

804.4.3 EXTRA SECURITY MEASURES

The Property Custodian will segregate firearms, narcotics and cash from general evidence. Firearms and narcotics will be stored in a separate secured room and all cash will be stored in a safe.

804.4.4 BIOHAZARD MATERIAL

Any evidence or property that has been contaminated with any bio-hazardous material shall be packaged in leak proof container. Clothing will probably need to be dried first in the secure dryer. All packages/containers will be marked with the universal bio-hazard label.

804.5 RECORDING OF PROPERTY

The property and evidence technician receiving custody of evidence or property shall record where the property will be stored in the RMS.

A property number shall be obtained for each item or group of items. This number shall be recorded on the property tag and will match the RMS.

Any changes in the location of property held by the Newport Police Department shall be noted in the RMS.

804.6 PROPERTY ROOM SECURITY

Access to the Property Room is limited to property and evidence technicians unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Property Room must be accompanied at all times by a property and evidence technician.

Annual independent audits will be completed of the Property Room function with an audit report to the Chief of Police.

804.6.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry on the evidence package shall be completed to maintain the chain of possession. No evidence is to be released without first receiving written authorization from the assigned investigator or his/her supervisor.

Newport Police Department

Newport PD Policy Manual

Property and Evidence

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the property and evidence technician. This request may be filled out any time after the booking of property or evidence.

804.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The transporting employee will check the evidence out of property, indicating the date and time on the property control card and the request for laboratory analysis.

The property and evidence technician releasing the evidence must complete the required information on the property control card and the evidence. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the officer will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Section for filing with the case.

804.6.3 STATUS OF PROPERTY

Each person receiving property will make the appropriate entry to document the chain of custody. Temporary release of property to officers for investigative purposes, or for court, shall be noted in the Property Room module of the CRIMES RMS, noting the date, time and to whom released.

The Property / Evidence Custodian shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to the Property Room, or properly released to another authorized person or entity.

The return of the property shall be recorded in the Property module of the CRIMES RMS indicating the date, time, and person who returned the property.

804.6.4 RELEASE OF PROPERTY

Property may be released to a verified owner at the discretion of the property and evidence technician without further authorization. A property and evidence technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered in the RMS, the release form will be filed in the case file.

All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation. Property not claimed within 30 days after notification of owner of its availability for release will be auctioned, destroyed, or disposed of in accordance with these procedures and existing law.

Unless the owner is known, found property and property held for safekeeping will be held for at least 90 days.

Newport Police Department

Newport PD Policy Manual

Property and Evidence

804.6.5 RELEASE OF EVIDENCE

Evidence may only be released with the authorization of the DA's office and the officer or detective assigned to the case.

Once a case has been adjudicated or passed the statute of limitations for prosecution, a property and evidence technician will request a disposition authorization from the DA's office and the assigned officer or detective. Care should be taken to ensure there are no outstanding warrants for suspects or additional defendants for the same case prior to authorizing release.

Release of evidence shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the assigned officer or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Once evidence has been authorized for release and is no longer needed for any pending criminal cases, it shall be considered property and released or disposed of in accordance with those procedures.

804.6.6 DISPUTED CLAIMS TO PROPERTY

Occasionally more than one party may claim an interest in property being held by the Newport Police Department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Newport Police Department may wish to file an interpleader to resolve the disputed claim (Oregon Rules of Civil Procedure § 31) .

804.6.7 CONTROL OF NARCOTICS & DANGEROUS DRUGS

The Property/Evidence Custodian will be responsible for the storage, control, and destruction of all narcotics and dangerous drugs coming into custody of this Department.

804.6.8 RELEASE OF DEADLY WEAPONS IN EXTREME RISK PROTECTION ORDER MATTERS

If an extreme risk protection order is terminated or expires without renewal, a deadly weapon or concealed handgun license that was surrendered pursuant to the order shall be returned to the person after (ORS 166.540):

- (a) Confirming through a background check, if the deadly weapon is a firearm, that the person is legally eligible to own or possess the firearm under federal and state law; and
- (b) Confirming that the extreme risk protection order is no longer in effect.

If a third party claims lawful ownership or rightful possession to a deadly weapon that was surrendered pursuant to an extreme risk protection order, the [Department/Office] may return the weapon to the third party if the third party provides proof of ownership and affirms by sworn affidavit that (ORS 166.537(5)):

Firearms and ammunition that remain unclaimed shall be disposed of in accordance with [department/office] policies and procedures for disposal of deadly weapons (ORS 166.540).

804.7 DISPOSITION OF PROPERTY

All property not held for evidence in a pending criminal investigation or proceeding, and held for 90 days or longer (60 days or more, plus 30 days after notice), where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The property and evidence technician shall request a disposition or status on all property that has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective. ORS 98.245 and ORS 98.336 govern the disposition of property held by law enforcement agencies.

804.7.1 DEFINITIONS

As set out in ORS 98.245, the following definition applies to the disposition of property by law enforcement agencies:

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

808.2 PROCEDURE

Any firearm coming into the possession of the Newport Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

The Property / Evidence Custodian receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

Newport Police Department

Newport PD Policy Manual

Restoration of Firearm Serial Numbers

808.2.3 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.4 FIREARM TRACE

After the serial number has been restored or partially restored by the criminalistics laboratory, the Property / Evidence Custodian will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or the data may be entered into the ATF system.

808.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to digitize and compare unique markings made by a firearm on bullets and cartridge casings recovered from crime scenes.

Protected Information

812.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Newport Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

812.4.1 ACCESS TO OREGON STATE POLICE OFFENDER INFORMATION

Access to Oregon State Police (OSP) criminal offender information may be granted when the information is to be used for the administration of criminal justice, employment, or the information is required to implement a federal or state statute, local ordinance, Executive Order, or administrative rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct, or other demonstrated and legitimate needs (OAR 257-010-0025).

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Operations Lieutenant for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the [Department/Office] may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other [department/office] members or the public is at risk. In those instances, cell phones should be used if possible. The transmission should be limited to essential details only, with maximized use of law enforcement codes (10 or 12 code), concealing information identifying individuals and offenses as much as possible. Plain text transmission of an entire record (summary or full) is prohibited.

Animal Control

820.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

820.2 [ANIMAL CONTROL] RESPONSIBILITIES

Animal control services are generally the primary responsibility of [Animal Control] and include the following:

- (a) Animal-related matters during periods when [Animal Control] is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that [Animal Control] is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

820.3 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation and determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding personnel generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.

Chapter 9 - Custody

Custodial Searches

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Newport Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Custody Search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

900.3 FIELD AND TRANSPORTATION SEARCHES

900.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Newport Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

900.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Newport Police Department identification number and information regarding how and when the property may be released.

Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

900.4.3 RECEIPT FOR PROPERTY OR MONEY

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

900.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Shift Supervisor authorization and only in exceptional circumstances, such as when:

903.4 INITIATING TEMPORARY CUSTODY

The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the City jail or the appropriate mental health facility.

The officer should promptly notify the Shift Supervisor of any conditions that may warrant immediate medical attention or other appropriate action. The Shift Supervisor shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

903.4.1 CONSULAR NOTIFICATION

Consular notification may be mandatory when certain foreign nationals are arrested. The Operations Lieutenant Operations Lieutenant will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to [department/office] members. Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The [department/office]'s employee performance evaluation system is designed to record work performance for both the [Department/Office] and the employee, providing recognition for good work and developing a guide for improvement.

1002.2 POLICY

The Newport Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The [Department/Office] evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Newport Police Department

Newport PD Policy Manual

Evaluation of Employees

1002.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered in the Reserve Officers Policy.

1002.4 FULL TIME PROBATIONARY PERSONNEL

Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed monthly for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly and monthly during the probationary period.

1002.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

- Completed on the employee's date of hire anniversary date.
- If an employee is transferred from one assignment or shift to another, an evaluation shall be completed by the immediate supervisor before the transfer is made. A copy of the evaluation will be forwarded to the new supervisor.
- A special evaluation may be completed any time the rater or the rater's supervisor feels one is necessary because employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (work plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1 RATING DEFINITIONS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Is actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Exceeds Standards - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

Meets Standards - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Newport Police Department

Newport PD Policy Manual

Evaluation of Employees

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1002.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the employee comments section of the performance evaluation report.

1002.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Operations Lieutenant). The Operations Lieutenant shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Operations Lieutenant shall evaluate the supervisor on the quality of ratings given.

1002.8 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to City City Human Resources.

Grievance Procedure

1006.1 PURPOSE AND SCOPE

It is the policy of this [department/office] that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. This [department/office]'s philosophy is to promote a free verbal communication between employees and supervisors.

1006.1.1 GRIEVANCE DEFINED

For the purposes of this procedure a grievance is any difference of opinion concerning terms or conditions of employment, or a dispute involving the interpretation, or application of any [department/office] policies or City rules and regulations covering personnel practices or working conditions, by the affected persons.

Grievances may be brought by an individually affected employee or by a group representative.

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any [department/office] employee that, if true, would constitute a violation of [department/office] policy federal, state, or local law, as set forth in the Personnel Complaints Policy.

1006.1.2 DUPLICATE PROCEDURES

The grievance procedures set forth in this policy shall not be used in addition to other grievance procedures as may be in effect through the governing jurisdiction or the eligible employee's collective bargaining agreement.

Under no circumstances shall more than one administrative process be used to redress the same grievance, although use of this or other procedures does not preclude employees from seeking legal remedies as appropriate.

1006.2 PROCEDURE

If an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Operations Lieutenant of the affected division or division.
- (c) If a successful resolution is not found with the Operations Lieutenant, the employee may request a meeting with the Chief of Police.

Newport Police Department

Newport PD Policy Manual

Grievance Procedure

- (d) If the employee and the Chief of Police are unable to arrive at a mutual solution, then the employee shall proceed as follows:
 - 1. Submit in writing a written statement of the grievance and deliver one copy to the Chief of Police and another copy to the immediate supervisor and include the following information:
 - (a) The basis for the grievance (i.e., what are the facts of the case?)
 - (b) Allegation of the specific wrongful act and the harm done.
 - (c) The specific policies, rules or regulations believed to have been violated.
 - (d) What remedy or goal is sought by this grievance.
- (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.
- (f) The Chief of Police will receive the grievance in writing. The Chief of Police and the City Manager will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the City Manager is considered final.

1006.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1006.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

1006.5 ANNUAL REPORT OF GRIEVANCES

The Administration Operations Lieutenant will create a report to the Chief of Police no later than January 15 of every year that lists the grievances filed within the calendar year. The report will include the basis of the grievances, the findings of the grievances, and an analysis to determine trends or patterns of issues that could be remedied through training, policy modification, or correction of personnel performance.

The report should not contain any identifying information from any individual grievance. The Operations Lieutenant should promptly notify the Chief of Police if the report identifies any policy manual content that may warrant a critical revision.

1007.2 POLICY

It is the policy of the Department to have plans and systems in place to ensure its members are up-to-date on inoculations, such as hepatitis. Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1008.2 POLICY

The Newport Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1008.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City HR Manager.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1008.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING

Oregon law protects employees who disclose or threaten to disclose information that the employee reasonably believes is evidence of (ORS 659A.203):

- (a) A violation of federal, state, or local law, rule, or regulation.
- (b) Mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health and safety.

Employees are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

1008.8 RECORDS RETENTION AND RELEASE

The Operations Lieutenant shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Hepatitis B Vaccinations

1009.1 PURPOSE AND SCOPE

Even with sound adherence to the specified exposure prevention practices, exposure incidents can occur. As a result, the Department provides Hepatitis B Vaccinations and procedures for post-exposure evaluation and follow-up, should exposure to blood borne pathogens occur.

1009.2 VACCINATION PROGRAM

To protect employees as much as possible from the possibility of Hepatitis B infection, the Department has implemented a HBV vaccination program. This program is available, at no cost, to all employees who have occupational exposure to blood borne pathogens. The vaccination program consists of a series of three inoculations over a six-month period.

As a part of blood borne pathogens training, all employees who risk exposure in their work receive information regarding Hepatitis vaccination, including its safety and effectiveness. Employees who elect to have inoculations must make an appointment with the SPCH Occupational Medicine Clinic and obtain a signed authorization from the Chief of Police prior to each vaccination.

Vaccinations are performed under the supervision of a licensed physician or other health care professional through the SPCH Occupational Medicine Clinic. Confidential employee medial records documenting HBV vaccinations and titer testing or an employee's declination of vaccinations are kept in the City of Newport Human Resources office, in a file separate from the employee's personnel file.

To ensure that all employees are aware of the vaccination program, it will be thoroughly discussed in blood borne pathogen training. This discussion is also incorporated into new employee orientation for those employees whose jobs place them at exposure risk.

Reporting of Arrests, Convictions, and Court Orders

1010.1 POLICY

The Newport Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the [Department/Office].

1010.2 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Newport Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1010.3 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.255; ORS 166.270; ORS 166.527).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

OAR 259-008-0300 prohibits any person convicted of a felony and certain other crimes from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this [department/office] may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1010.5 REPORTING

All members and all retired officers with identification cards issued by the [Department/Office] shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers)

Newport Police Department

Newport PD Policy Manual

Reporting of Arrests, Convictions, and Court Orders

in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending, or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the [Department/Office] shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if they become the subject of a domestic violence restraining order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable DPSST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1010.6 DEPARTMENT OF PUBLIC STANDARDS AND TRAINING (DPSST) NOTIFICATION

An officer or dispatcher who is arrested or who receives a criminal citation to appear, or its equivalent, shall notify DPSST in writing within five business days of the following (OAR 259-008-0010; OAR 259-008-0011):

- (a) The date of the arrest or citation
- (b) The location of the arrest or citation
- (c) The reason for the arrest or citation

1011.1.1 POLICY

It is the policy of the Newport Police Department to inform and educate employees regarding the threats and hazards associated with pathogens that may be encountered during the course and scope of their work. The Department will provide contemporary safety equipment and procedures that will minimize the risks of exposure and provide post-exposure reporting, evaluation, and treatment for personnel who may have been exposed to these diseases.

1011.1.2 EXPOSURE EVALUATION, VACCINATION AND TREATMENT

Any person who has physical contact with blood or other bodily fluids of another person while in the line of duty shall be considered to have been potentially exposed to a communicable disease, and should be closely examined by a qualified individual to determine if an actual exposure has occurred.

An occupational exposure is defined by the Center for Disease Control as: "a percutaneous injury (e.g., needle stick or cut with a sharp object) or contact of mucous membrane or non-intact skin (e.g., exposed skin that is chapped, abraded, or with dermatitis) with blood, saliva, tissue, or other body fluids that are potentially infectious."

If an occupational exposure occurs, a supervisor shall be contacted who shall complete appropriate on-duty injury forms, and shall document the circumstances under which the exposure occurred.

Immediately after exposure, the member of the Newport Police Department shall proceed to a designated hospital or health care facility for tests of evidence of infection and treatment of any injuries. The Newport Police Department shall ensure continued testing of the member for evidence of infection and provide psychological counseling as determined necessary by the health care official.

- (a) Unless disclosure to an appropriate Departmental official is authorized by the member of the Newport Police Department or by state law, the member's medical evaluation, test results, and any follow-up procedures shall remain confidential (Oregon Revised Statutes 433.045)
- (b) Any person responsible for potentially exposing a member of the Newport Police Department to a communicable disease shall be encouraged to undergo testing to determine if the person has a communicable disease

Newport Police Department

Blood Borne Pathogen Procedure

- (c) Any law enforcement officer, who in the performance of their official duties, come into contact with the body fluids of another person may seek to have the source person tested for HIV and hepatitis B or C by petitioning the circuit court for an order compelling the testing. The petition submitted to the court must set forth the facts and circumstances of the contact and the reasons the petitioner and a medically trained person representing the petitioner, if available, believes the exposure was substantial and the testing would be appropriate. The petition must also include information sufficient to identify the source person and their location
- (d) The person shall be provided with a copy of the test results, and a copy shall be provided to the exposed officer. The officer shall be informed of applicable state laws, and regulations concerning the disclosure of the identity and infectious status of the source individual
- (e) Criminal charges may be sought against any person who intentionally exposes a member of this agency to a communicable disease.
- (f) Any member of the Newport Police Department who has suffered an occupational exposure to a communicable disease shall be provided with the opportunity to receive the HBV vaccination series at no cost and within a reasonable time following the exposure
- (g) The vaccination shall be provided as desired only after the member has received required departmental training, has not previously received the vaccination series, and only if not contraindicated for medical reasons. A HBV booster may be required.
- (h) Members who have been exposed to or contract a disease as a result of a duty related event shall be treated according to existing health benefits, insurance coverage, and collective bargaining provisions
- (i) Members who test positive for HIV or HBV may continue working as long as they maintain acceptable performance and do not pose a safety and health threat to themselves, the public or other members of the Department
 - (a) The Newport Police Department shall make all decisions concerning the member's work status solely on the medical opinions and advice of the agency's health care officials
 - (b) The Newport Police Department may require a member to be examined by the department health care officials to determine if he/she is able to perform his/her duties without hazard to himself/herself or others
 - (c) All members of the Newport Police Department agency shall treat employees who have contracted a communicable disease fairly, courteously, and with dignity

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1012.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Newport Police Department

Newport PD Policy Manual

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the City Human Resources Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS

A supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon specific and articulable facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

Sick Leave

1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement (ORS 653.606; ORS 653.611).

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Oregon Family Leave Act, or leave related to protections because of domestic violence, harassment, sexual assault or stalking (29 USC § 2601 et seq.; ORS 659A.150 et seq.; ORS 659A.270 et seq.).

1014.2 POLICY

It is the policy of the Newport Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (ORS 653.616; OAR 839-007-0020).

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

1014.3.1 NOTIFICATION

All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts or as soon as practicable when there are extenuating circumstances. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (ORS 653.621; OAR 839-007-0040).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the [Department/Office] with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the [Department/Office] (ORS 653.621; OAR 839-007-0040).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Newport Police Department

Sick Leave

1014.4 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the HR Manager as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 1. Negatively affected the member's performance or ability to complete assigned duties.
 2. Negatively affected [department/office] operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1014.5 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

1014.6 REQUIRED NOTICES

The HR Manager shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

- (a) Accrued and unused sick time available at least quarterly.
- (b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of [department/office] members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Newport Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY

The Newport Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that [department/office] members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

Newport Police Department

Newport PD Policy Manual

Communicable Diseases

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Division (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or [department/office] vehicles, as applicable.
- (b) Wearing [department/office]-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Newport Police Department

Newport PD Policy Manual

Communicable Diseases

1016.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

Newport Police Department

Newport PD Policy Manual

Communicable Diseases

1016.5.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

[Department/Office] members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING

The [Department/Office] shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1016.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Newport Police Department

Newport PD Policy Manual

Communicable Diseases

1016.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Hearing Conservation Program

1019.1 PURPOSE AND SCOPE

The purpose of this policy is establish a hearing conservation program to protect all employees involved in weapons qualifications and/or other training or work where noise exposures equal or exceed 85 decibels on average during a 12-hour shift. This program will ensure compliance with OR-OSHA Noise and Hearing Conservation Regulations (OAR 437 Division 2-1910.95).

The policy of this Department is to protect the hearing of employees exposed to noise equal or exceeding 85 dBA, without the use of hearing protection, during a 12-hour shift. Noise surveys conducted at various law enforcement outdoor and indoor ranges show that the majority of officer noise exposure levels during weapons qualifications exceed Oregon OSHA's hearing conservation standard of 85 decibels on average (dBA) (without the use of hearing protection). The representative noise levels provided in this policy were used to determine the basic employee noise exposure. (See Attachment A to this policy.) This noise sampling will be provided to the professional conducting the Department's hearing testing and medical reviews of the results.

1019.2 HEARING TESTING

1019.2.1 BASELINE TESTING

Baseline Tests will be given to all new employees included in the hearing conservation program during their pre-employment physical examination, or following exposure to 85 dBA or above. Any employee with a hearing impairment that would be exacerbated or compromised will not be assigned to a hazardous noise area until further investigation is completed. Any hearing loss threshold will be noted in initial test records.

The baseline tests require that the employee NOT be in an occupational noise area for 14 hours prior to the test. This test will be the reference for further tests to determine if hearing levels change.

1019.2.2 ANNUAL TESTING

Annual Tests (i.e., between August 1st and September 30th) will be given and will be used to compare to the baseline tests. These tests may be given anytime during an employee's shift, or at another mutually agreed upon time.

Employees will be informed of any hearing loss and provided a copy of the information. A review of the degree of protection necessary by such a threshold shift will be made prior to any additional noise exposure above 85 dBA.

1019.2.3 TESTING RESULTS / FOLLOW-UP

- (a) Standard Threshold Shift (STS) criterion: The hearing loss criterion is a change in hearing threshold relative to the baseline audiogram of an average of 10 dB or more at 200, 300, and 4000 hertz (Hz) in either ear.

Newport Police Department

Newport PD Policy Manual

Hearing Conservation Program

- (b) The employee may be re-tested within 30 days and consider the results of the re-test to determine if a permanent shift has occurred, and/or referred to their private physician.
- (c) Employees will be informed in writing if their tests show significant changes in their hearing levels based on Oregon OSHA standards.
- (d) In all cases of hearing loss, the employee will be re-instructed on when and how to properly wear hearing protection. The supervisor and/or Rangemaster will follow up on all hearing tests that show a reduction in the employee's hearing from the baseline.
- (e) The contract audiologist will determine if additional follow-up tests are warranted. The status of the employee's hearing will be forwarded to the Head of Human Resources.

1019.3 HEARING PROTECTION

All employees included in this program shall wear proper hearing protection when exposed to noise 90 dBA or greater, and 85 dBA or greater for employees with an STS. Situations where communication with someone standing close by requires shouting or speaking loudly would necessitate hearing protection. Hearing protection will be worn at all times during weapons qualifications. The Department will provide both earmuffs and earplugs for hearing protection use at no charge to the employee. Employees are responsible for maintaining this equipment, or notifying their supervisor or Range Master if replacement protective equipment is needed.

1019.4 TRAINING

All employees included in our Hearing Conservation Program will receive annual training on hearing loss and the proper use of hearing protection.

A copy of the training materials is available to employees by contacting his/her supervisor, Rangemaster, or Safety Committee member.

A copy of the Oregon OSHA Noise and Hearing Conservation Rules are posted at the Firearms Range where employees are potentially exposed to hazardous noise levels, and in the Break Room.

1019.5 RECORD KEEPING

All record keeping as required by Oregon OSHA and related to the Department's Hearing Conservation Program is maintained by the Samaritan Pacific Communities Hospital Occupational Medicine Department. These records include, but are not limited to, noise exposure measurement, audiogram records, training records, and the OSHA 300 Log Record.

1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Newport Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1020.2 POLICY

The Newport Police Department takes seriously all complaints regarding the service provided by the [Department/Office] and the conduct of its members.

The [Department/Office] will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this [department/office] to ensure that the community can report misconduct without concern for reprisal or retaliation.

1020.2.1 COMPLAINANT NOTIFICATION

- (a) Upon receipt of a citizen's complaint, the Chief of Police will send a letter to the complainant acknowledging the receipt of the complaint.
- (b) When the investigation has been completed, the Chief of Police will send a letter to the complainant advising him/her of the investigation disposition.

1020.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of [department/office] policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate [department/office] policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the [Department/Office].

1020.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or

Personnel Complaints

referred to the Operations Lieutenant, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Operations Lieutenant, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- (b) Any [department/office] member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

1020.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the [department/office] website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1020.4.2 ACCEPTANCE

All complaints will be courteously accepted by any [department/office] member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1020.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the [Department/Office] should audit the log and send an audit report to the Chief of Police or the authorized designee.

1020.5.1 COMPLAINTS ALLEGING PROFILING

Complaints related to profiling should be clearly marked to assist in reporting as required in the Bias-Based Policing Policy (ORS 131.920).

1020.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Shift Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Operations Lieutenant or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the [Department/Office] receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Supervisor.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Supervisor and Chief of Police are notified via the chain of command as soon as practicable.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

- (e) Promptly contacting the City Human Resources and the Shift Supervisor for direction regarding the supervisor's role in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Shift Supervisor, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed.
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.
- (k) Providing the complainant with periodic updates on the status of the investigation, as appropriate.

1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Operations Lieutenant, the following applies to employees covered by the provisions of ORS 236.350 through ORS 236.360.

- (a) Interviews of an accused employee shall be conducted during reasonable (normal waking) hours and preferably when the employee is on-duty, unless the seriousness of the investigation requires otherwise. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Newport Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview.
- (e) Prior to any interview, an employee should be informed of the nature of the investigation and of facts reasonably sufficient to inform the employee of the circumstances surrounding the allegations under investigation.
- (f) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (g) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards, or other inducements be used to obtain answers.
- (h) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
 - (i) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview, and upon request any existing transcripts of the interview or reports describing the interview, shall be provided to the employee prior to any subsequent interview.
 - (j) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (k) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation.
 - (l) As soon as it is determined that the employee may be charged with a criminal offense, the employee shall be informed of the employee's right to consult with criminal defense counsel with respect to the criminal charge.
 - (m) All employees shall provide complete and truthful responses to questions posed during interviews.
 - (n) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Introduction - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve [department/office] members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.6.5 COMPLETION OF INVESTIGATIONS

The Administration Supervisor shall ensure that investigations are completed and peace officers are provided notification of intended discipline no later than six months from the date of the first interview. The Chief of Police or Administration Supervisor may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the [Department/Office] gives written notice explaining the reason for the extension to the peace officer and the peace officer's chosen representative and union representative, if any (ORS 236.360(6)(a)).

The above time limits do not apply when (ORS 236.360(6)(b)):

- (a) The investigation involves a peace officer who is incapacitated or unavailable.
- (b) The investigation involves an allegation of workers' compensation or disability fraud by the peace officer.
- (c) The peace officer, in writing, waives the limit.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

- (d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.
- (e) The investigation involves more than one peace officer and requires a reasonable extension of time.
- (f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.
- (g) The investigation involves a matter in civil litigation in which the peace officer is a named defendant or the peace officer's actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.
- (h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

1020.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1020.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the [Department/Office], the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any [department/office] badge, identification, assigned weapons and any other [department/office] equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1020.9 APPEAL PROCEDURES

Employees wishing to appeal the outcome of any internal investigation shall do so according to the grievance procedure established in the City of Newport Personnel Policies, unless the employee is a member of a collective bargaining unit that has agreed with the City on an alternative grievance procedure.

Personnel Complaints

1020.10 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Newport Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.11 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

1020.11.1 OPERATIONS LIEUTENANT RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Operations Lieutenant of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Operations Lieutenant may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Operations Lieutenant may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Operations Lieutenant shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.11.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Operations Lieutenant for further investigation or action.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the [Department/Office]. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1020.11.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (ORS 181A.830).

If the complaint is related to profiling, the complainant shall be notified in writing with a statement of the final disposition within a reasonable time after the conclusion of the investigation (ORS 131.920).

1020.11.4 NOTICE REQUIREMENTS

If an investigation of an officer of this [department/office] results from a complaint, the [Department/Office] may disclose to the complainant the disposition of the complaint and if necessary provide a written summary of the information obtained in the investigation (ORS 181A.830).

1020.12 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

Newport Police Department

Newport PD Policy Manual

Personnel Complaints

- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1020.13 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1020.14 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.

1020.15 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1020.16 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.

1020.17 ANNUAL REVIEW OF PERSONNEL COMPLAINTS

During February of each year, the Operations Lieutenant or his/her designee shall provide to the Chief of Police an annual report of personnel complaints from the preceding year. The report will focus on complaint trends, as well as training needs and needed policy changes. A copy of the report shall be maintained with each year's completed complaint file. Specific detail, including such

items as officer names, case numbers, and location of occurrence, is not needed for this purpose, and therefore will not be part of this process.

1020.18 DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING COMPLAINTS

Complaints received from the Department of Public Safety Standards and Training (DPSST) that involve officer or dispatcher will be investigated as outlined in this policy. The Chief of Police or the authorized designee is responsible for notifying DPSST of the disposition of the complaint (OAR 259-008-0400).

Safety Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Newport Police Department

Newport PD Policy Manual

Safety Belts

1022.5 POLICY

It is the policy of the Newport Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.6 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Newport Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Newport Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action, including high-risk, pre-planned incidents.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body

Newport Police Department

Newport PD Policy Manual

Body Armor

armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager or the Collective Bargaining Agreement that covers represented police employees.

1034.1.1 MEAL PERIODS

Sworn employees and Records personnel shall remain on duty and subject to call or contact during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Lactation Break Policy

1036.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child.

1036.2 POLICY

It is the policy of this [department/office] to provide reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her nursing child 18 months or younger in compliance with state law and the Fair Labor Standards Act (29 USC § 207 and ORS 653.077).

1036.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207; OAR 839-020-0051). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify WVCC or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt [department/office] operations.

Once a lactation break has been approved, the break should not be interrupted except in emergency or exigent circumstances.

1036.4 PRIVATE LOCATION

The [Department/Office] will make reasonable efforts to provide lactating members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from coworkers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other members should avoid interrupting a lactating member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1036.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the [Department/Office] shall clearly label it as such and shall remove it when the member's shift ends.

Overtime Compensation Requests

1039.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime by either payment of wages as agreed and in effect through the Collective Bargaining Agreement (CBA), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must log the overtime on his/her time sheet and request a supervisor to approve the overtime.

1039.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time for the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment; however, the employee may not accrue more than 60 hours of compensatory time.

1039.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1039.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid, (e.g., three hours for Court).

1039.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

1 to 15 minutes	.25 hour
16 to 30 minutes	.5 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1 hour

1039.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the

Outside Employment

1041.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for Departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval and continuance of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1041.1.1 DEFINITIONS

- Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.
- Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1041.2 OBTAINING APPROVAL

No member of this Department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must prepare a memorandum with the request which shall be submitted to the employee's immediate supervisor. The memorandum will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be notified by memorandum. Unless otherwise indicated in writing on the approval memorandum, a approval will be valid through the end of the calendar year in which the memorandum is approved. Any employee seeking to renew approval shall submit a new memorandum in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

1041.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's request for outside employment is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Collective Bargaining Agreement (CBA).

Outside Employment

1041.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment approval may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment. That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment approval.
- (b) Suspension or revocation of a previously approved outside employment approval may be included as a term or condition of sustained discipline
- (c) If, at any time during the term of a valid outside employment approval, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked
- (d) When an employee is unable to perform at a regular duty capacity due to an injury or other condition, any previously approved outside employment may be subjected to similar restrictions as those applicable to the employee's regular duties until the employee has returned to a regular duty status

1041.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any Outside Employment request submitted by an employee seeking to engage in any activity which, in its view, would:

- (a) Involve the employee's use of Departmental time, facilities, equipment, or supplies, and/or the use of the Department badge, uniform, prestige or influence for private gain or advantage
- (b) Involve the employee's receipt or acceptance of any money or other consideration from anyone other than this Department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this Department
- (c) Involve the performance of an act in other than the employee's capacity as a member of this Department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department
- (d) Involve time demands that would render performance of the employee's duties for this Department less efficient or render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular work hours.

Outside Employment

1041.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

No member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 - (a) The officer(s) shall wear the departmental uniform/identification.

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1041.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Operations Lieutenant, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1041.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

Outside Employment

1041.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest.

1041.5 MATERIAL CHANGES TO OUTSIDE EMPLOYMENT

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material should report the change.

1041.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their outside employment, a notice of revocation of the member's outside employment approval will be forwarded to the involved employee, and a copy attached to the original work request.

Criteria for revoking the outside employment include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Newport Police Department, a request (in writing) may be made to the Chief of Police to restore the approval.

Occupational Disease and Work-Related Injury Reporting

1043.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues and work-related injuries.

1043.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An accidental injury or any disease or infection arising out of and in the course of employment that requires medical services or results in disability or death. The occupational disease (including a mental disorder) must be caused by substances or activities to which the member would not ordinarily be subjected or exposed except during employment with the Newport Police Department (ORS 656.005(7); ORS 656.802).

1043.2 POLICY

The Newport Police Department will address occupational diseases, mental health issues and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (ORS 656.001 et seq.).

1043.3 RESPONSIBILITIES

1043.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate. The member may choose a medical service provider, attending physician or authorized nurse practitioner for medical care (OAR 436-060-0010).

1043.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate. The supervisor shall provide every injured member with a Report of Job Injury or Illness form (Form 801) immediately upon the request of the member or his/her attorney, or upon receiving notice or knowledge of an accident that may involve a compensable injury (ORS 656.265; OAR 436-060-0010).

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1043.3.3 OPERATIONS LIEUTENANT RESPONSIBILITIES

The Operations Lieutenant who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity and

Newport Police Department

Newport PD Policy Manual

Occupational Disease and Work-Related Injury Reporting

the Administration Operations Lieutenant to ensure any required Oregon Occupational Safety and Health Administration (OR-OSHA) reporting is made as required in the injury and illness prevention plan identified in the Illness and Injury Prevention Policy.

Claims shall be reported to the [department/office]'s insurer no later than five days after notice or knowledge of any claim or accident that may result in a compensable injury (OAR 436-060-0010).

1043.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the City Human Resources. Copies of the report and related documents retained by the [Department/Office] shall be filed in the member's confidential medical file.

1043.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Operations Lieutenant through the chain of command and a copy sent to the Administration Operations Lieutenant.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1043.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1043.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Employee Death or Serious Injury

1044.1 PURPOSE AND SCOPE

This policy is designed to prepare this agency for the event of an active duty officer's death in the line of duty, and to direct the agency in providing proper support for the deceased officer's family.

1044.2 POLICY

It is the policy of this agency to provide liaison assistance to the immediate survivors of an active duty officer who dies in the line of duty, and to provide tangible and emotional support to the surviving family during this traumatic period of readjustment. This policy may also be utilized in cases of off-duty deaths or serious injuries of employees.

1044.3 DEFINITIONS

: The death of an active duty officer by felonious or accidental means during the course of performing police functions while on- or off-duty.

: Immediate family members of the deceased officer, to include spouse, children, parents, siblings, fiancée, and/or significant other.

1044.4 PROCEDURES

1044.4.1 DEATH NOTIFICATION

The following procedures should be adhered to in case of line-of-duty deaths, and in cases of critically injured officers with poor prognosis of survival. These procedures should be followed whenever possible, with the understanding that the wishes of the family take precedence over the desires of the Department. Officers providing services and assistance to family members and survivors shall take all possible measures to accommodate their needs, wishes, and desires, but should not make promises to family members that they are not sure can be kept.

- (a) The name of the deceased officer shall not be released to the media or other parties before immediate survivors living in the area are notified.
- (b) The Chief of Police will normally inform the immediate family of an officer's condition or death, but may designate an officer to inform the immediate family of the officer's condition or death. If the Chief of Police is not immediately available, the senior ranking officer will make the designation.
- (c) Notification of the immediate family should be made as soon as possible, and, if possible, simultaneously with command notifications.
- (d) Notification of survivors in the immediate area shall be made in person and, whenever appropriate, with another person such as a law enforcement chaplain. Whenever the health of immediate survivors is a concern, emergency medical services personnel may be requested to stand by.

Newport Police Department

Newport PD Policy Manual

Employee Death or Serious Injury

- (e) If there is an opportunity to get the family to the hospital before the officer's death, notification officers shall inform the hospital that the family is on its way. In such cases, immediate transportation should be provided for survivors, rather than waiting for any other members of the Department's delegation to arrive. If the officer has died, notification should be made to the survivors in as forthright and empathetic manner as possible.
- (f) In order to avoid interception by the media or others, communication of information concerning the officer and the incident shall, whenever possible, be restricted to the telephone. Should the media obtain the officer's name prematurely, the ranking officer should request that the information be withheld until proper notification of survivors can be made.
- (g) The supervisor on duty shall be responsible for identification of additional survivors outside the area, and shall make any notifications as desired by the immediate family. Such notifications shall be made by contacting the law enforcement agency in that jurisdiction, and requesting that a personal notification be made.
- (h) The supervisor shall submit a written report to the Chief of Police, specifying the identity, time, and place of survivors notified.

1044.4.2 ASSISTING SURVIVORS AT THE HOSPITAL

Whenever possible, the agency's chief executive officer shall join the family at the hospital in order to emphasize the agency's support. A supervisor, or designated officer, shall be responsible for coordinating the arrival of immediate survivors, Department personnel, the media, and others, and assume the following responsibilities:

- (a) Arrange waiting facilities for immediate survivors, and a press staging area. The desires of the surviving family members should be followed with regard to their accessibility to other officers and friends.
- (b) Ensure that medical personnel provide pertinent medical information on the officer's condition to the family, before any other parties.
- (c) Assist family members, in accordance with their desires, in gaining access to the injured or deceased officer.
- (d) Provide hospital personnel with all necessary information on billing for medical services. The liaison officer should ensure that all medical bills are directed to the appropriate Department authority, and that they are not forwarded to the officer's family or other survivors.
- (e) Arrange transportation for the family and other survivors upon their departure from the hospital.
- (f) Ensure that immediate family members are provided with appropriate assistance at the hospital.

Temporary Modified-Duty Assignments

1057.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1057.2 POLICY

Subject to operational considerations, the Newport Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1057.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Oregon Family Leave Act (OFLA) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Newport Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1057.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

The Chief of Police or the authorized designee shall confer with the City Human Resources Department or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Supervisor or Operations Lieutenant, with notice to the Chief of Police.

Employee Speech, Expression and Social Networking

1061.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1061.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1061.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Newport Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1061.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Newport Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Newport Police Department

Newport PD Policy Manual

Employee Speech, Expression and Social Networking

- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Newport Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Newport Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Newport Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Criminal Justice Code of Ethics as adopted by the Newport Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).

Newport Police Department

Employee Speech, Expression and Social Networking

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Newport Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.
- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 1. When brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours).
 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1061.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Newport Police Department or identify themselves in any way that could be reasonably perceived as representing the Newport Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.

A notice of restrictions on political activities by employees will be posted and maintained by the Department in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized

bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1061.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1061.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

Line-of-Duty Deaths

1063.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Newport Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1063.1.1 DEFINITIONS

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1063.2 POLICY

It is the policy of the Newport Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1063.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Supervisor and WVCC.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Chief of Police or designee section of this policy).
- (b) The Shift Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Shift Supervisor or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve

the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1063.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Newport Police Department

Newport PD Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Newport Police Department members may be apprised that survivor notifications are complete.

1063.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1063.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include, but are not limited to:

- Arranging transportation for the survivors back to their residence.

Newport Police Department

Newport PD Policy Manual

Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

 4. The return of some personal effects may be delayed due to ongoing investigations.
- (f) Assisting with the return of department-issued equipment that may be at the deceased member's residence.

- (m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1063.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

The CISM coordinator should work with the Chief of Police or the authorized designee, liaisons, coordinators and other resources to make CISM and counseling services available to members and survivors who are impacted by a line-of-duty death.
